## GAZETTE NOTICE NO. 11845 THE NATIONAL ENVIRONMENTAL MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED POWER GENERATION PLANT MEDIUM SPEED DIESEL GENERATION PLANT RABAI KILIFI DISTRICT

The project consists of constructing and operating a 88.6 mW Power generation plant.  
The intake of the project is to be at Rabai area in Kilifi District, Coast Province.  
The project anticipates the following impacts and mitigation measures:

Possible impacts

1. Wastes

Mitigation measures

(a) A package sewage treatment plant will be installed at the facility and all wastewater will be treated before discharge into the sea.

(b) All wash water and sewage from the plant will be treated before discharge into the sea.

(c) A package plant will be installed at the facility and all wastewater will be treated before discharge into the sea.

(d) A package plant will be installed at the facility and all wastewater will be treated before discharge into the sea.

(e) A package plant will be installed at the facility and all wastewater will be treated before discharge into the sea.

(f) A package plant will be installed at the facility and all wastewater will be treated before discharge into the sea.

(g) A package plant will be installed at the facility and all wastewater will be treated before discharge into the sea.

### Possible impacts

(a) A general waste that cannot be reused or recycled should be stored temporarily in a centralized area and then transported regularly to the nearest sanitary landfill facility for disposal.

(b) All hazardous wastes that cannot be reused or recycled should be labelled correctly and stored in a secured area until collected for proper disposal.

(c) Chemical toilets could be used on the construction site and these would need to be emptied periodically and waste disposed of at a municipal sewage treatment facility.

(d) Water quality and resources in the buffer zone along the channel margin of the Tansu Stream should be demarcated and no movement of materials should occur within that margin so as to avoid damming on a change in direction of flow.

(e) Ensure the proper management of wastes such as grease, fuel, etc. are properly disposed of so as not to contaminate the stream.

(f) Ensure that a water use licence is in place before construction activities start to meet the construction demand.

(g) Water consumption could be reduced by the installation of low or dual flush toilets.

(h) The proposed will be laying an 8 inch pipeline from the existing Mombasa water supply line to meet the projects construction and operational water requirements.

(i) Construction activities and vehicle movement should be restricted to daylight hours.

(j) Construction vehicles and machinery should be maintained to a standard that the noise levels do not cause unnecessary and avoidable nuisance to the workforce and local community.

(k) Traffic calming and speed control measures should be instigated in consultation with District Roads Board and Local Authorities.

(l) All construction workers and service providers must be provided with appropriate Personal Protective Equipment (PPE) such as ear defenders or suitable plugs.

(m) Where possible, attenuation measures such as noise enclosure shields should be put in place to reduce noise at sources.

(n) An earth berm suitable sized must be constructed in appropriate areas within sound transmission pathways of the nearest receptors in order to mitigate the construction noise impacts.

(o) An environmental action plan must be developed which will be made available to the public and the relevant government agencies.

(p) Public and occupational health and safety

(q) An environmental action plan must be developed which will be made available to the public and the relevant government agencies.

### THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

#### ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED TANA INTEGRATED SUGAR PROJECT (TISP) IN TANA RIVER AND LAMU DISTRICTS

#### INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of proposed Tana Integrated Sugar Project (TISP) in Tana River and Lamu Districts.

The proposed project consists of irrigated sugarcane production through estate (16,000 HA) and out growers (4,000 HA), water supply to the project, a sugar factory and co-generation facility, an ethanol production plant and livestock supporting activities including fisheries.

The project is to be located in Lower Tana in Garsen Division of Tana River and partly within Lamu Districts on Letter of Allotment Plan Number 106798/33A.

The project anticipates the following impacts and mitigation measures:

#### Possible impacts

#### Mitigation measures

- |  |  |
|--|--|
| 1. Increase in ground water contamination. | <p>(a) All areas where spillage could take place are to be bunded.</p> <p>(b) All spillages from any potential ground water contaminants such as lubricants, hydrocarbon based fuels etc., must be safely and immediately removed to an appropriate disposal facility.</p> <p>(c) Bulk fuels storage containers shall be placed away from areas of intensive movement of machinery to prevent accidental damage to the containers.</p> <p>(d) Provide for a backup generator and alarms and cut-off switches as a contingency measure to prevent any spillage of diesel at the storage tank.</p>   |
| 2. Increased health and safety concerns.   | <p>(a) The abstract of the Factories and Other Places of Work Act must be well posted in prominent places in the premises.</p> <p>(b) Arrangements must be in place for the medical examination of all employees, before employment, during and after termination of employment.</p> <p>(c) Provision need to be in place to provide adequate and suitable sitting facilities for women and physically disabled workers.</p> <p>(d) Emergency plan and evacuation routes should be marked and communicated to the staff.</p> <p>(e) Provision for suitable overalls, safety footwear, dust masks, respirators, gloves, etc.</p> <p>(f) Chemical safety data sheet of the chemicals used to be kept on the record.</p> <p>(g) Containers filled with hazardous substances, not to be used should be</p> |

- labeled and properly closed. These substances must be collected by an approved contractor and disposed off at a licensed disposal site.
- (h) Provision must be in place for persons to be trained in first aid.
3. Disposal of excavated soil and soil erosion.
- (a) All material that is un-useable will be collected, transported and disposed off appropriately in designated areas or used for other alternative uses such as being used for dyke construction.
- (b) The contractor must implement soil erosion control measures to avoid soil erosion in areas prone to soil erosion. The measures must include the construction of cross drains and other appropriate measures.
- (c) Construction of soil conservation measures at stockpiled sites as well as during construction and road-building activities.
- (d) All excavated areas must be properly backfilled and compacted.
- (e) Avoid bare, disturbed surfaces for long periods and also undue storm-water concentration.
4. Alteration or destruction of wildlife or wildlife habitat.
- (a) Develop protection and management plans for wildlife sensitive areas and avoid such areas.
- (b) Establishment of compensatory parks of reserved areas for ecotourism community projects.
- (c) Have animal rescue and relocation.
- (d) Provision of corridors for movement.
- (e) Make provision to avoid interfering with natural fire regimes.
5. Increased storm water run-off and sedimentation.
- (a) Should it be deemed necessary by the Environmental Control Manager, storm water deflection berms or stone pitched channels shall be constructed at regular intervals, diagonally across new roads on slopes as directed by the ECM.
- (b) Creation of diversion channels to ensure that no water flows across rehabilitated areas until it is stable.
- (c) Minimize reduction of channel length and preserve some meanders of the Tana River.
- (d) Control the surface run-off by:
- (i) Divert run-off around the work areas
- (ii) Construction of sedimentation retention ponds (if necessary).
- (e) Filters should be added to all storm water inlets, and silt fences established where erosion of predicted.
- (f) Use of ample culverts.
- (g) Design drainage ditches to avoid affecting nearby lands.
- (e) Install sedimentation traps or screens to control run-off.
- Possible impacts*
6. Deterioration of ambient air quality and increased dust concentration.
- (a) WHO environmental air emission standards should always prevail controlling black smoke, suspended particles of matter, sulphur and nitrogen dioxide and other parameters.
- (b) Suitable wet expression techniques need to be utilized at all exposed areas.
- (c) Exposed areas not for farming or any other use must be re-vegetated at earliest time possible.
7. Loss of flood plain grazing land.
- (a) Development of water dams/pans and other livestock support facilities /services like cattle dips, diseases control around Galana ADC Ranch in the northern part of the proposed sugar project and around the project site.
- (b) Introduce zero grazing systems.
- (c) Introduce small scale feed lot systems based on local materials and sugar processing by-products like cane, molasses etc.
- (d) Reserve about 5000 ha of concession land for livestock.
8. Increase in generation of domestic and hazardous waste.
- (a) Proper waste handling facility must be provided on site and emptied daily.
- (b) Unavoidable wastes should be separated at source, recycled or re-used, combusted and disposed in sanitary landfills.
- (c) All waste must be removed from the site by a registered disposal company.
9. Dissatisfaction of local community with past projects in the TISP area.
- (a) Develop a well organized and community based Corporate Social Responsibility Strategy to provide services/facilities e.g. schools, health centres etc.
- (b) Quick rehabilitation of the existing Rice Irrigation Scheme.
- (c) Facilitate local land ownership through the adjudication process.

## GAZETTE NOTICE NO. 12096

## IN THE INDUSTRIAL COURT OF KENYA AT NAIROBI

CAUSE No. 27 OF 2007

TAILORS &amp; TEXTILE WORKERS UNION—(Claimants)

VERSUS

UNITED ARIAN (EPZ) LIMITED—(Respondents)

(BEFORE: CHARLES P. CHEMMUTTUT, J., O. A. WAFULA

AND 14 KILONZO MEMBERS.)

Issue in dispute:

## Recognition Agreement

(Mr. Charles N. Ngatia, Director of Industrial Relations and Research, for the Claimants (Hereinafter called the Union). Mr. K. K. Nyakundi, Advocate, holding brief for Mr. Charyl Omindo, Advocate, for Messrs. Kariuki and Co. Advocates, for the Respondents (Herein called the Company).

## FINDINGS

The Union was registered as such under Section 11 of the Trade Unions Act, Cap. 223 Laws of Kenya, to represent unionisable employees in the textile garments for export, was established under the Export Processing Zones Act, Cap. 517, Laws of Kenya. In January, 2004 the Union sought recognition from and forwarded the check-off forms to the Company on the following grounds:

- That in 2003, the Union recruited 1,373 out of 1,800, or 76.3% unionisable employees as its members; and
- That it is the sole and appropriate or rightful Union to represent the interests of the unionisable employees, and there is no rival union claiming representation or recognition (See App. 1A).

On 20th May, 2003 the Union also forwarded a model recognition agreement to the Company and requested for deduction of union dues, but the latter alleged that some names in the list were duplicated, while others were not its employees. (See App. 1B)

Minister for Labour on 9th July, 2003, in accordance with Section 4 of the Trade Dispute Act, Cap. 224 Laws of Kenya (which is hereinafter referred to as the Act) The Minister accepted the dispute and appointed Mr. P. M. Wamote of Ministry of Labour Headquarters as an Investigator. But his appointment was withdrawn and Mr. J. N. Ndiho of Nyayo House Labour Office was appointed to act instead or as such. On 6th July, 2006 the Minister released his report to the parties in which he found and recommended as follows:-

## "Findings"

(a) Facilitate local land

The Management deals with the production of garments for export..... The Union is the right organization constituted to represent the Industrial Interest of the employees in the employment of United Arian EPZ Ltd.

There arose a dispute on the authenticity of the employees who were recruited by the Union..... Out of 1,366 employees recruited, the Management was able to identify the names of 44 employees who were unknown to them and another 124 employees whose names had been duplicated.

Since the time the Union submitted the check-off list to the Management and after verification of the names, the Management had consistently asked the Union to submit employees' details such as the employment cards and the identity card numbers. Although it is not a requirement to provide the employees' details in the standard check-off list, the Management had the right of demanding the same with a view of establishing proof that only genuine employees join the Union. The failure by the Union to provide the details therefore leaves a lot to be desired.

Finally..... Out of 1,366 employees recruited 548 employees were either unknown or their names had been duplicated. The remaining balance 818 employees out of a total labour force of 2,235 constitutes 37% members which is less than the required simple majority.

## Recommendations

I recommend that the Claimant (Union) should not be accorded formal recognition until they attain the required simple majority."

The Minister finally appealed to the parties to accept the recommendation as a basis of settlement of the dispute, but it would appear that the Management of the Company accepted the recommendation, while the Union rejected it (See Apps. 3, 4, 5 & 6).

In view of the foregoing, the General Secretary of the Union, Mr. William M. Kareken, raised and forwarded, through the Minister for Labour, a Notification of Dispute, Form 'A', dated 30th June, 2006, to the Management of the Company for their counter-signature to enable the Court adjudicate and determine the matter. The Management of the Company declined and/or refused to countersign the notification of the dispute. This being the case, the Minister for Labour invoked his powers vested in, or conferred upon, him by Section 8 of the Act, and referred this dispute to Court for consideration and determination. The Minister's reference, together with the statutory certificate from the Labour Commissioner under Section 14(9) (e) of the Act, were received by the Court on 13th March, 2007. The Dispute was then listed for mention on 3rd April, 2007. And the parties were notified to attend. On this occasion, Mr. Ngatia appeared for the Union, but there was no appearance for the Company. Despite the absence of the letter, however, the parties were directed to submit or file their respective written Memoranda or statements on or before 19th April, and 9th May, 2007. Mr. Ngatia submitted his Memorandum, on behalf of the Union, on 20th April, 2007 and Mr. Omindo belatedly filed his reply statement on behalf of the company, on 29th May, 2007. Both Mr. Ngatia and Mr. Omindo appeared for the parties respectively, but on this day Mr. Ngatia applied for adjournment of the case to enable him peruse the reply statement of the company. Mr. Omindo concurred, and accordingly, the dispute was fixed for hearing and was in fact heard on 30th July, 2007.

Mr. Ngatia submitted that the Union actually recruited 1,412 out of 1,800, or 78.4% unionisable employees as its members, but the Company unnecessarily kept on demanding more particulars which are properly its (Company's) possession and also blatantly refused to deduct their Union dues, contrary to Section 45 of the Act, Part III of the Industrial Relations Charter, ILO Conventions Nos. 87 and 98 and Section 80 of the Constitution of Kenya. He maintained that the Union has complied with Section 5(2) of the Act because—

- it has recruited more than a simple majority of the unionisable employees of the Company, and
- there is no rival trade union claiming to represent such employees.

Also, during Mr. Ngatia's prayer that the Company accord formal recognition to the Union for the following reasons:

The learned counsel for the Company, Mr. Nyakundi, strongly opposed the demand for recognition, inter alia, on the following grounds:

- That the Union recruited 1,239 and not 1,373 unionisable employees of the Company as its members;

That out of the aforementioned 1,239 names, 78 were duplicated, 38 were not in the employment of the Company, and 152 were unknown. Therefore, after deducting the aforesaid number of the employees, the Union had a total of 977, or 39%, members in the employment of Company;

- That the Company could neither recognize the Union nor effect deduction of Union dues because it had not attained a simple majority of the unionisable employees in accordance with the provisions of Section 5(2) of the Act;

- That on demand the Union has failed to furnish the Company with the particulars of the alleged members of the Union, and

- That the Company did not fringe the provisions of the Labour Laws and the ILO Conventions.

In the circumstances, the learned counsel for the company prayed that the demand for recognition by the Union be rejected as premature, frivolous, vexatious and scandalous.

This matter was fully investigated and the Minister found that the Union was the appropriate one to represent the interest of the unionisable employees of the company, but the Union was denied

recognition allegedly for lack of a simple majority. In their submission to the Investigator, the Management stated that the Company had a "labour force of 2,235 employees.", but no evidence then and in these proceedings has been adduced by the Management of the Company to show that at the material time, i.e. in 2003, when the Union sought recognition, the Company had 2,235 employees in its establishment. Furthermore the report does not even categorize how many of Management cadre. The Minister's report is, therefore, unreliable and shoddy, and the Court rejects it.

On very careful consideration of the submissions by the parties, we have no doubt in our minds that in 2003, which was the relevant period for recognition, the Union fulfilled the requirements of Section 5(2) of the Act for recognition by the Company by recruiting 1,373 out of 1,800 or 76.3% unionisable employees as its members.

In the circumstances, we AWARD that the Company accord formal recognition to the Union as the sole and appropriate representative of its unionisable employees. We also order that parties should sign a Formal Recognition Agreement within two (2) months from the date of this award for purpose of Collective Bargaining.

**IMPORTANT NOTICE TO SUBSCRIBERS  
TO THE "KENYA GAZETTE"**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the notice is, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

**EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—***Kenya Gazette*

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish any communication received after that hour until the next subsequent issue of the *Gazette*.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect."

**SUBSCRIPTION AND ADVERTISEMENT CHARGES**

With effect from 19th August, 2005, subscription and advertisement fee for the *Kenya Gazette* are as follows:
