THE INDUSTRIAL COURT
CAUSE NO. 16 OF 1981

Parties:

Kenya Union of Commercial Food and Allied Workers
and
Kenya Cannery Ltd.

Issue in dispute:

Violation of the wages clause of the parties' collective agreement in accordance with the figures in job grading.

1. The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and the Kenya Cannery Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on 3rd and 22nd June, 9th July, 22nd October, 18th November, 14th and 15th December, 1981, and 24th February, 1982, and in addition to relying on their written and verbal submissions called the following witnesses to give evidence on oath:

Claimants:

C. Mwaluma.
P. Wambua.
C. Nyangau.

Respondents:

C. J. Dias.
J. M. Wandu.

AWARD

3. The Notification of Dispute Form "A" dated 6th September, 1980, duly signed by the parties was received by the Court on 25th March, 1981, together with the statutory certificate signed by the Labour Commissioner.

The Respondents employ approximately 6,000 workers out of which 2,000 work in their factory and offices at Thika. They have a collective agreement with the Claimants which they are alleged to have violated and which is the subject matter of this dispute. This collective agreement was signed on 4th January, 1979, and was registered by the Court on 16th January under RCA. 13/79. It was backdated to 1st October, 1978 and should have expired at the end of 31st October, 1981. The parties are in the process of negotiating a revised collective agreement.

Attached to this collective agreement as an appendix are the operative grades 1 to 8 with their job titles and their classification base rates. Similarly there are A to D grades for clerical staff with their job titles and classification base rates effective from 1st October, 1978, 1st October, 1979 and 1st October 1980.

It is not disputed that a job evaluation exercise was carried out by the parties who had asked David Richmond to do it on their behalf. This exercise was completed and further representations were made to Mr. Richmond to which he replied on 8th December, 1978. This was in relation to artisans who may not have been able in past years to enter into a formal apprenticeship or may only have Grade II or III Government trade test certificates. Mr. Richmond then proceeded to state as follows:

"First of all I wish to confirm that holders of Government Trade Test Certificate Grade I are to be treated as equal in grade to holders of Grade I certificates through completion of their apprenticeship. I enclose my assessment of points for Grade II and Grade III putting them into Company Grade V and Company Grade IV."

There is also no dispute that the exercise was based on a combination of points rating method and ranking method with the former being applied to the operative jobs while the latter to clerical and artisan jobs. There is no evidence that the parties attempted to describe any of the clerical jobs.

On the aforesaid basis the parties agreed on the operative and clerical grades which are embodied in the aforesaid collective agreement. This dispute concerns over 150 employees who are alleged by the Claimants to have been improperly graded and consequently improperly paid since 1st October, 1978. These employees are from engineering store, cannery department, production control section, personnel department, finance department, maintenance section, pipe fitters, electricians, cook room maintenance, warehouse maintenance, machine shop, carpenters, masons and also Mombasa branch clerical employees, carpenters, automechanics, panel beaters, spray painters, fitter welders, engineering garage, record clerks

warehouse, general stores, can checkers, fork lift drivers and canteen employee.

After hearing the parties' opening submissions the Court directed them to thoroughly analyse all the claims jointly and to examine the case of each individual on whose behalf the Claimants have lodged the dispute alleging that they had been wrongly graded as the Court was satisfied that the parties had not done so prior to appearing before the Court.

The parties accepted the Court's directive and held several meetings and were able to resolve the dispute regarding 44 employees leaving a balance of 123 and the hearing commenced in respect of those.

During the submissions in Court which followed, the Respondents accepted the Claimants' demand in respect of eight record clerks namely—

J. Kariuki,
C. Micheri,
J. Kinyanjui,
D. Kigia,
A. Ndeto,
A. W. Kendo,
A. Jomo,
L. M. Ngugi,

and two general stores personnel namely—

E. Wangeci, and
A. W. Gicharu.

Provided that these two were to be upgraded to clerical Grade A with effect from 1st July, 1979, the date when they were transferred to the tallyman/record clerk jobs.

The Claimants on the other hand withdrew their demand in respect of two Mombasa carpenters namely M. Mataka and B. Nyae.

At this stage of the hearing the Court decided that the Acting Chief Industrial Relations Officer, Mr. Mwashimba, should carry out spot investigations on behalf of the Court. He was to do this with the assistance of the Claimants' and the Respondents' representatives. Mr. Mwashimba completed his investigations and forwarded his report to the Court and the parties on 23rd February, 1982. When the parties made their final submissions they had this report with them.

The Respondents stated that with the additional concessions which they had made by upgrading 51 employees they would have to incur an expenditure of approximately Sh. 200,000 over and above their labour costs which they had incurred as a result of the relevant collective agreement period 1978 to 1981. They stressed that if the Claimants' demands were accepted for the remaining employees as well then this would push up the additional cost to two million shillings which they certainly could not afford and which in any case was not justified. They pointed out that no employees affected by the collective agreement had received a salary increase of less than 15 per cent for the first year followed by 10 per cent for the second year and 10 per cent for the third year.

After careful consideration of all the submissions and taking into consideration Mr. Mwashimba's report the Court makes the following award:

Engineering store

In view of the concessions which the Respondents have made after the commencement of the hearing the Court is satisfied that out of a list of 16 clerks six should have been placed in Grade C and the other nine have been properly graded now. The remaining one, J. W. Waiyaki, was properly graded in A but is no longer in the Respondents' employment.

Cannery department

The Respondents have accepted the Claimants' demand in respect of Joseph Wangari.

Production control section

The Court is satisfied that Mr. Obadiah was properly graded and that after the job evaluation his salary was raised to Sh. 750 p.m. and increase of Sh. 236.95 p.m. He certainly does not qualify to be graded in the production control clerk grade, i.e. Grade D. This claim certainly is misconceived and is rejected.

Mombasa branch

Here two employees, Crispus M. Mwaluma and Hilal S. Mohamed, are involved whom the Respondents have termed as port clerks. The Claimants have submitted that they are clearing and forwarding clerks and as such should be placed in Grade D at a rate of Sh. 1,600 with effect from 1st October, 1978; Sh. 1,760 with effect from 1st October, 1979; and

Sh. 1,936 with effect from 1st October, 1980. Mr. Mwashimba found, as confirmed by Mr. Dias who is the superintendent in charge of the Mombasa branch, that Mr. Mwaluma does clearing of import cargo by taking port release orders to ports accounts and gets them accepted, goes to see the cargo, verifies with customs officials, gets cargo released, gets transport and removes goods out of the port for Thika. He also keeps a register for imports and exports and compensation claims, calculates the totals per month and sends the figures, in addition he could do other jobs as and when assigned.

Mr. Mohamed hands over export cargo. When the cargo goes to port, cargo handling staff make a tally form which Mr. Mohamed attaches to export entries, takes them for custom release then to ports accounts for them to secure port charges and gives the documents to the cargo handling staff.

Mr. Mwashimba observed that both Mr. Mwaluma and Mr. Mohamed did the clearing of imports and handling over of export cargo for the company.

The Court has carefully considered the Respondents' submission that to promote these two glorified messengers to the highest clerical Grade D would be totally unacceptable but in view of Mr. Mwashimba's report the Court finds that these two clerks should be placed in Grade C which has the starting salary of Sh. 1,300 with effect from 1st October, 1978; Sh. 1,430 with effect from 1st October, 1979; and Sh. 1,573 from 1st October, 1980.

The next person at Mombasa whose grade is in dispute is Benson K. Mtangili but since he was employed on 1st September, 1980, at a starting salary of Sh. 1,100 p.m. (and is currently on Sh. 1,210 p.m.) and the collective agreement on which this dispute is based was signed on 4th January, 1979, the Court is of the view that it would not be proper in his case to interfere in the grade in which he has been placed by the Respondents. So the Court rejects the Claimants' demand made in respect of him.

The last person at Mombasa whose grading is being challenged is Ali Mutasiri who the Respondents said is a record clerk (warehouse) working in their Mombasa warehouse. His work involves keeping records of goods kept at the warehouse and goods leaving the warehouse and he prepares a monthly store inventory.

The Claimants, however, maintained that he is a stores clerk and pointed out that Mr. Mwashimba also found that his function were those of a stores clerk.

Keeping in mind Mr. Mwashimba's observation and his salary progression since 1st November, 1975, with the result that after job evaluation he was found to be already earning Sh. 869.60 which was above the minimum for his Grade A where the Respondents placed him and having been granted a wage increase of 15 per cent which took his salary to Sh. 1,000.05 and that he is currently earning Sh. 1,210 (which is Sh. 302.50 above the minimum for his grade) the Court feels that he should have been placed in Grade B because after all in this grade they have store record clerks albeit engineering. The Court directs that his salary should accordingly be adjusted to reflect a wage of Sh. 1,000 with effect from 1st October, 1978; Sh. 1,100 with effect from 1st October, 1979; and Sh. 1,210 with effect from 1st October, 1980.

Maintenance section

Pipe fitters, electricians, cook room maintenance, maintenance warehouse, machine shop, carpenters, masons, painters, auto-mechanics, panel beaters/spray painters, engineering fitter welders and engineering garage.

The parties' current collective agreement has classified artisans who are mainly concentrated at the Thika factory on the basis of skill as determined by the apprenticeship and/or Government trade test certificates as follows:

Untested Artisans Operative Grade 3.

Artisan G. Trade T. 2 Operative Grade 4.

Artisan G. Trade T. 2 Operative Grade 5.

Artisan G. Trade T. 1 Operative Grade 6.

The Respondents pointed out that the skilled differential was also the basis of grading of artisans in the previous collective agreement and that Mr. Richmond had after the job evaluation exercise given his clarification which has already been referred to hereinabove in the award. It was after this that the parties signed the collective agreement on which the dispute in respect of the remaining 80 artisans is based. The Court finds that in these circumstances the burden is clearly on the Claimants to satisfy the Court that there was an additional criteria for the classification of artisans other than as specified in the parties' collective agreement under the job titles and grades of the operatives. This the Claimants have failed to do and the Court

can't see how it can help them in placing these artisans who have not got the required qualifications to be placed in the grades where the entry is clearly based on those qualifications merely because such artisans through experience are able to do that work. This would amount to bringing in an additional criteria for classifying artisans. The Claimants would be perfectly within their rights to ask for such criteria to be included as and when the current collective agreement is revised but as the matters stand at present the Claimants' demand for the upgrading of these 80 artisans must fail. The Court has carefully studied minutely the detailed information which the Respondents produced in respect of these employees in their final submissions showing the number of employees involved and their earnings and finds that they have not been graded unfairly.

Mombasa carpenters

This was withdrawn by the Claimants.

Record clerks

The Claimants' demand regarding clerks has been accepted by the Respondents and the dispute over the records clerks is accordingly resolved.

General store

The Respondents have accepted the Acting Chief Industrial Relations Officer's observation that P. Kigia does clerical duties and should accordingly be promoted to clerical Grade A backdated to 1st January, 1978. As far as Eunice Wangechi and A. W. Gicharu are concerned since they were promoted to the position of record clerk/tallyman on 1st January, 1979, they should be promoted to clerical Grade A with effect from the same date.

Fork lift drivers

The Court has carefully considered this issue and notes that in 1979 all those employees who were eligible for promotion to fork lift drivers were offered training and were then tested by the training manager and those who passed were appointed fork lift drivers and paid arrears backdated to 1st October, 1978. Those who failed were given a second chance and were retested in July and August, 1979. Those who passed were immediately promoted on passing the test. Those who failed were assigned other duties. In these circumstances the Claimants' demand for payment of any arrears for the period 1st October, 1978, to the time of their promotion is obviously baseless and is rejected.

Given in Nairobi the 16th April, 1982.

Judge.

GAZETTE NOTICE No. 1072

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into

account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Application for Part B are distinguished by the letter B prefixed to the official number.
