REGIONAL CENTRE FOR SERVICES IN SURVEYING
MAPPING AND REMOTE SENSING, NAIROBI, KENYA

VACANCIES

THE Regional Centre for Services in Surveying, Mapping and Remote Sensing, which is an Inter-governmental organization established under the auspices of the U.N. Economic Commission for Africa, invites applications from suitably qualified persons for the following posts:

1. *Position title.*—DIRECTOR, Regional Remote Sensing Facility (Department) (one post).

Level.—P4 (US\$18,620 by 420 to 22,400).

The Remote Sensing Facility which is being developed into a full fledged department of the centre, is responsible for the transfer of remote sensing technology. The facility has been established to bring awareness and promote wide-spread use of the technology to policy-decision makers involved with natural resources development and environmental control and scientists engaged in both pure and applied research in the resources field. The facility, therefore, requires as its head, a highly qualified and experienced National of East and Southern African Member States of ECA/OAU, with a strong background in mathematical and earth sciences and a good knowledge in digital computer processes.

Qualifications and experience.—The candidate must possess the following qualifications—

- (a) a post graduate degree equivalent to a Ph.D. or M.Sc. in land surveying, photogrammetry, cartography, geology or a closely related scientific field, from a recognized university;
- (b) specialized training in remote sensing either as part of an under-graduate or post-graduate course;
- (c) a minimum of ten years post qualification experience which should include the application of remote sensing technology to resources projects, two to four years teaching experience at university level and proven record of strong leadership and good administrative ability.

Duties and responsibilities:

- (1) Supervision of expatriate and "local" staff assigned to remote sensing facility (department) and ensure its smooth day-to-day running.
- (2) Initiate and supervise the planning, design and implementation of training courses seminars and workshops conducted both at the centre and in countries of member states.
- (3) Organize and oversee demonstration projects at the request of member states.

VACANCIES OFFERED BY REGIONAL CENTRE FOR SERVICES IN SURVEYING, MAPPING AND REMOTE SENSING—(Contd.)

(4) Maintain close contact with remote sensing users in the centre's catchment area to ensure that information is disseminated and that remote sensing data are made readily available as needed.

(5) Ensure proper utilization of all equipment assigned to the remote sensing department including maintaining an up-to-date inventory, vehicle log books and proper maintenance, insurance and security of all equipment.

(6) Liaise regularly with international and bilateral development assistance organizations operating in the region to ensure collaboration on projects and training as appropriate.

(7) Exercise good financial management in accordance with approved regulations.

2. *Position title*.—MAPPING ADVISOR (one post).

Level.—P2 (US\$12,600 by 364 to 15,876).

This is a challenging job, which requires a versatile and mature person with sound academic background in cartographic draughtsmanship and many years of practical experience. The qualified person must be prepared to sit at the drawing table, "soil" his hands, work largely on his own to produce the required map compilations. The candidate must be able to impart knowledge of photomapping techniques to counterpart personnel from member states.

Qualifications and experience required.—A university degree or similar qualification in cartographic draughtsmanship from a recognized university. A sound knowledge of the "signatures" of the bands in the MSS system of data acquisition and techniques of geometric correction of satellite imagery. At least five years experience in map compilation using different compilation materials including MSS data and aerial photos.

Duties and responsibilities.—In very close collaboration with the Director-General and other staff members of the centre and the regional remote sensing facility as will be designated by the Director-General, the advisor will—

- (i) develop techniques of map compilation from MSS and RBV data;
- (ii) give on-the-job training to counterpart personnel in the techniques of photomapping;
- (iii) compile a manual on the techniques of photomapping. Such a manual shall contain texts and samples of products;
- (iv) prepare quarterly progress reports for evaluation of photomapping project progress.

3. *Position title*.—SURVEYOR (Geodetic) (one post).

Level.—P2 (US\$12,600 by 364 to 15,876).

Qualifications and experience required:

(1) A good honours degree in the field of surveying and mapping with strong inclination to geodesy; or a higher degree with specialization in geodesy.

(2) Evidence of extended field geodetic operations in terms of reports and publications.

(3) Familiarity with modern geodetic equipment used in EDM, EODM, doppler fixes, etc.

(4) Ability to handle computations, including adjustment of large geodetic networks, on a mainframe electronic computer.

(5) At least five years' post qualification experience.

Duties and responsibilities.—Under the overall supervision of the Director-General and other officers as may be detailed by him from time to time, the Surveyor (Geodetic) shall—

- (i) reconnoitre, undertake construction of and measure permanent high-precision calibration baselines for the repair, maintenance and calibration of electromagnetic and electro-optical distance measuring equipment using baseline equipment (e.g. Kern Mekometer) in the territories of the contracting parties;
- (ii) work, with other scientists of the centre, on multidisciplinary projects involving other activities within the approved work programme;
- (iii) undertake field work for strengthening and redefinition of the African Geodetic Networks;
- (iv) undertake any study as will be relevant to the work programme of the centre;
- (v) compile manuals, reports and technical papers in a bid to disseminate results of studies and operations undertaken by the centre to the contracting parties;

- (vi) take part in any activities that the Director-General will deem necessary for the development of the centre; and
- (vii) advise the contracting parties upon request on any problems arising in the field of surveying and geodesy.

4. *Position title*.—SURVEYOR (Geodetic Composition) (one post).

Level.—P2 (US\$12,600 by 364 to 15,876).

Qualifications and responsibilities.—A higher degree in geodesy preferably at doctoral level with demonstrable evidence in handling large data sets on a mainframe electronic computer, especially data pertaining to optimisation and adjustment of extended geodetic control networks, with a post qualification experience of at least five years.

Duties and responsibilities.—Under the overall supervision of the Director-General and other officers as may be detailed for that purpose from time to time, the Surveyor (Geodetic Computations) shall—

- (i) undertake studies to quantify the state of national geodetic control networks;
- (ii) code, in computer readable form, any geodetic data, pertaining to the redefinition of geodetic networks in Africa, with the aim of establishing a data base in a suitable bank;
- (iii) undertake the overall adjustment of geodetic control networks in a homogeneous manner so as to derive a realistic geodetic datum;
- (iv) liaise with national survey departments in coding geodetic data in computer readable form;
- (v) advise, upon request, the survey departments of contracting parties on geodetic problems;
- (vi) participate in any multidisciplinary projects within the approved work programme of the centre;
- (vii) prepare manuals, reports and technical papers in a bid to disseminate results of studies undertaken by the centre to the contracting parties; and
- (viii) take part in any activities that the Director-General may deem necessary for the development of the centre.

Other benefits in addition to the salaries shown above include housing, spouse, children (up to 6 of age not exceeding 18 years), educational allowance of 75 per cent of fee paid for non-Kenyans, post adjustment (40 per cent basic), provident/pension fund scheme 7 per cent of basic contributed by the employee and 14 per cent by the centre, gratuity 15 per cent of basic salary and 80 per cent of medical bills paid by the centre. All remunerations are tax-free. The usual privileges and immunities under the Act are enjoyed by the holder of the post. Leave accrues at the rate of 28 working days per annum, taken two-yearly.

Contractual period.—Two years subject to extension upon satisfactory performance.

Duty station.—The duty station for occupiers of the above posts will be Nairobi.

Applications.—Applications must be submitted on the application forms available from headquarters of national survey organizations and from the headquarters of the Regional Centre for Services in Surveying Mapping and Remote Sensing. Applicants must enclose copies of degrees/diplomas and supply the names of not less than three non consanguineous referees. In addition, applications from candidates in current employment must be routed through their employer. Applications which do not fulfil these conditions will not be considered.

All applications should be sent to.—The Director-General, Regional Centre for Services in Surveying, Mapping and Remote Sensing, P.O. Box 18118, Nairobi, Kenya, to reach him not later than 31st July, 1982.

GAZETTE NOTICE NO. 2038.

(1) Any dog that is suspected of having been bitten by or been in contact with a rabid animal may, if not destroyed, with the approval of a veterinary officer be secured in a place of isolation as hereinafter provided and kept under observation for a period of at least six months and shall be examined at least once a month by a veterinary officer during such period.

(2) A dog is deemed to have been in contact with an animal if it has been in the same building, kennel, field or other place as the animal.

4. For the purposes of paragraph 3, the dog shall be secured in a suitable place of detention in the immediate neighbourhood of the place where the dog is normally kept or in such other place as may be approved by the Director of Veterinary Services.

5. The place of detention shall comprise a kennel or other enclosure with sufficient adjoining space to provide for the full liberty of the dog in the open air, the whole being so enclosed as to prevent the escape of the dog therefrom or its contact with any other dog:

Provided that in the absence of such facilities the dog may, as a temporary expedient, be detained in such manner as may be approved by a veterinary officer or inspector.

6. A veterinary officer, or any person authorized by him in writing, may destroy any dog not controlled in accordance with the provisions of paragraphs 3, 4 and 5.

7. The carcass of an animal that has died from rabies or that has been destroyed on account of rabies shall be burned or buried by the owner or the person in charge of such animal.

8. No person shall move any dog or cause any dog to be moved, out of or into the area specified in the Schedule without the prior written permission of a veterinary officer.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplements* etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are therefore submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction into the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of a foolscap sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain a minimum of alterations.

Particular attention should be paid to the following points:

- (i) Signatures must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D.14.(1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 12 noon, on Tuesday of the week that publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*.

"(2) It will facilitate work at the Press if Permanent Secretaries will forward *Gazette* notices to the Government Printer when ready."

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
