GAZETTE NOTICE NO. 1456

THE COMPETITION ACT

(No. 12 of 2010)

PROPOSED ACQUISITION

IN EXERCISE of the powers conferred by section 46 (6) (a) (ii) of the Competition Act, the Competition Authority authorizes the acquisition of business and assets of Kenya Grange Vehicle Industries Limited (KGVIL) by Scania East Africa Limited.

Dated the 25th February, 2014.

WANG'OMBE KARIUKI,
Director-General.

GAZETTE NOTICE NO. 1457

THE COMPETITION ACT

(No. 12 of 2010)

EXEMPTION

IN EXERCISE of the powers conferred by section 42 (1) of the Competition Act, the Competition Authority excludes the proposed acquisition of the entire issued share capital of Media Edge Interactive Limited by Redhouse Group Limited due to the following reasons—

- (a) the merger will not affect competition negatively; and
 (b) the combined turnover of the acquiring and target undertaking for the preceding year is KSh. 371, 309,405 which is below the required merger threshold.

Dated the 25th February, 2014.

WANG'OMBE KARIUKI,
Director-General.

GAZETTE NOTICE NO. 1458

THE COMPETITION ACT

(No. 12 of 2010)

EXEMPTION

IN EXERCISE of the powers conferred by section 42 (1) of the Competition Act, the Competition Authority excludes the proposed purchase of 100% of the issued share capital of Castanya Investments Limited by Carol Oyugi and James Jalang'o due to the following reasons—

- (c) the merger will not affect competition negatively; and
 (d) the acquiring and target undertakings are not in business hence they have zero turnover which is below the required merger threshold.

Dated the 25th February, 2014.

WANG'OMBE KARIUKI,
Director-General.

GAZETTE NOTICE NO. 1459

THE COMPETITION ACT

(No. 12 of 2010)

EXEMPTION

IN EXERCISE of the powers conferred by section 42 (1) of the Competition Act, the Competition Authority excludes the proposed acquisition of the all shares of Abraham Habte Michael and Saba Abraham Michael in Hiwot Enterprise Limited by Negesti Abraham and Tony Stenning due to the following reasons—

- (e) the merger will not affect competition negatively; and
 (f) the turnover of the target undertaking for the preceding year is KSh. 24,173,554 which is below the required merger threshold for mandatory notification.

Dated the 25th February, 2014.

WANG'OMBE KARIUKI,
Director-General.

GAZETTE NOTICE NO. 1460

MESSAGE FROM THE CHAIRPERSON OF THE BOARD

This report is submitted to the county assembly of Turkana for the fulfilment of section 59(1) d, 59(1) f and 59(6) of the county government act of 2012. The report represents activities of the board and a summary of employment status of the county as from 14th August 2013 to 14th February 2014. Being the first report of its kind from the board, the preamble has been included as a chapter to provide information that specifies justification for the existence and exercises of the county public service board. During the period under review, the board was able to finalise 110 appointments across ministries and departments of the county government. In the same period, the number of jobs advertised was 400 most of which short listing has taken place. It is envisioned hereby that the county assembly will examine the report and advice, comment or seek clarifications where applicable and necessary. The board will be more than willing to respond to the matters that will arise out of the report.

Thanks

Joseph Meya Lotulya (PhD)

Board Chairperson- Turkana CPSB

MESSAGE FROM THE SECRETARY OF THE BOARD

I am greatly honoured to give a report on the Board's progress for the first six months in the office. This is the first time such a report, where so many decisions have been made that shape the history of this county is presented to County Assembly of Turkana. This report covers the period 14th of August 2013 to 14th February 2014.

The period under review is very significant in a number of ways. This includes; the swearing of the Board members, the recruitment and subsequent approval of 6 Chief Officers by the County Assembly and, selection and recruitment of staffs of other cadres. I am pleased to note that, we have so far done our best. We didn't do it alone of course. All along the way, we had a wonderful support of the executive arm of Government, the County Assembly and other stakeholders. Included in this report, are the trainings attended by the Board Members and other senior officers where we had an insight on the best practices.

I wish to mention that, we are committed to developing new structures for this county as required in the new constitution dispensation in line with our mandates, national values, principles of governance and values and principles of Public Service. To sum up, may I take this opportunity to thank the secretariat team for their selfless support, the Executive arm of the government, County Assembly of Turkana and the general public for their continued support.

Thanks

Ikaru Esther Kamaro

Ag. Board Secretary-Turkana CPSB

CHAPTER ONE: PREAMBLE**BACKGROUND**

Article 6(1) and the first schedule of the constitution of Kenya 2010 provides for the division of the national territory into counties. In view of the restructuring of the government from a centralized to a devolved system and the subsequent re-distribution of functions between the two levels of government, each county is in the process of implementing its functions and constitutional mandate as effectively as they could. This brief report is meant to show the status of implementation of the county public service activities as discharged by the County Public Service Board in accordance with part vii of legal notice number 17 of 2012 and the constitution of Kenya 2010.

1.1 JUSTIFICATION FOR THE EXISTENCE AND EXERCISES OF THE CPSB**1.1.1 Establishment and composition of CPSB**

Section 56 of the County Government act 2012 provides for the establishment of a County Public Service Board while section 58 specifies composition of its membership and modalities of appointment to the board. In view of this articles, the board has certified requirement of the law by having a vice chair and the chairperson of opposite genders and having all its members appointed by the Governor and approved by the County Assembly on 29th of July 2013 as provided for in section 58 (1) (a) and 58 (1)(b). The chairman and members of the board were sworn into office on 14th of August 2013.

In respect to qualifications, all board members have certified requirements of the county government act of 2012 section 58 (3) (a), (b), (c) and (d). However, the board is operationalising its administrative functions through an acting secretary since a secretary to the board is yet to be recruited.

1.1.2 Function and powers of CPSB

Section 59 (1) of the county government act 2012 specifies the functions and powers of the county public service board as acting on behalf of the county government in undertaking the following;

1. Establishing and abolishing offices in county public service.
2. Appointing persons to hold or act in offices in county public service including in the board of cities and urban areas within the county and to confirm appointments.
3. Exercising disciplinary control over and remove, persons holding or acting in those offices as provided for by the law.
4. Prepare regular reports for submission to the county assembly on the execution of the functions of the board.
5. Promote in the county public service the values and principles referred to in article 10 and 232.
6. Evaluate and report to the county assembly on the extent to which the values and principles referred to article 10 and 232 are complied with in the county public service.
7. Facilitate the development of coherent, integrated human resource planning and budgeting for personnel emoluments in counties.
8. Advise the county government on human resource management/development.
9. Advise county government on implementation and monitoring of the national performance management system in the counties.
10. Make recommendations to the SRC on behalf of the county government on selected issues for county public service employees.

1.1.3 REPORTING MODALITIES IN THE CPSB

The justification for preparation and presentation of reports by the CPSB is detailed in section 59 (3) and 59 (5) of the county government act of 2012. Section 56 (6) of the same act clearly specifies the primary recipient of the report to be the county assembly and the timeline that must be adhered to for publication of the report in the county or Kenyan Gazette. In respect to the said legal notices;

(a). The contents of the report shall provide details of;

1. Number of persons appointed to the county public service.
2. Gender representation of appointees to the public service.
3. Status representation of appointees to the public service. That is in terms of disability status, minority and marginalized status and youth representation.

(b). The timelines and modalities of presentation of the report should provide details of;

1. Delivery of the report by December of each year to the county assembly.
2. Analysis of all decisions and steps taken by the board.
3. Specific recommendations that require to be implemented.
4. Specific decision on particulars of persons or public bodies that have violated the values and principles and actions taken or recommended against them.
5. Impediments witnessed in the promotions and values and principles of public service.
6. The programs that the board is undertaking or has planned to undertake to promote values and principles of article 10 and 232 of the constitution of Kenya 2010.

In view of the above listed provisions, the county public service board of Turkana in compliance with provisions of the law has prepared this report for the 6-month period between August 2013 and January 2014.

CHAPTER TWO: REPORT OF EMPLOYMENT ACTIVITIES OF THE CPSB OF TURKANA**Introduction**

Pursuant to section 59 (5) and 62 (1), (2), (3) and (4), the status of employment in the county of Turkana for the six-months period from August 2013 to January 2014, is hereby summarized in the following sub headings; training and Human Resource Development report, public relations and communications report, Human Resource Audit Report and Recruitment and appointment reports.

2.1 Training and Human Resource Development Report

During the period under review, the board carried out capacity building and competencies developed by;

1. Availing training opportunities for staffs.
2. Group workshops and seminars

The table below provides the summary of trainings attended by the chairperson and members of the board for the period under review

No	Number Trained	Title Of Course/Workshop	Institution	Duration
1	6	Induction of CPSB	PSC- Kitale	3 days
2	6	Senior Management Course	KSOG- Nairobi	3 days
3	6	Safer recruitment practices, vetting and integrity testing	GCCD-Nairobi	4 days
4	1	Financial Management	KSMS- Nairobi	3 days
5	2	Pensions management	Laptrust- Nairobi	3 days
6	2	Management of wealth declaration exercise	Laptrust- Nakuru	3 days
7	1	Annual Lap trust meeting	Laptrust- Eldoret	3 days
8	6	National CPSBs consultative retreat	Laptrust- Mombasa	5 days
9	1	Delegate consultative forum for CPSB	Laptrust- Nairobi	3 days

In general, the workshops and trainings facilitated acquisition of the necessary skills and knowledge for operationalising the mandate of the Turkana County Public Service Board in respect to the following;

1. Effective selection and recruitment of employees to the CPSB.
2. Legal compliance in undertaking CPSB activities.
3. Liaison and interrelationship with other institutions/stakeholders.
4. Effective management of classified information.
5. Implementation of the constitutional requirements in respect to ethical compliance, gender and regional representation.

2.2 PUBLIC RELATIONS AND COMMUNICATIONS REPORT

The public relations and communications unit is responsible for enhancing relations with the internal and external publics. The unit also manages communication between the commission and its various publics. The unit aims to cultivate a strong positive image of the CPSB. It is a unit that was created and subsequently inaugurated on 3rd December 2013 in respect to the need to strengthen operations of the board when handling media and publicity issues. The unit is expected to work closely with the secretary to the board to facilitate implementation of programs that will lead to the following;

- Timely delivery of reports of the board to the county assembly and any other authority that may require the same.
- Benchmarking of activities of the board with those of the Public Service Commission of Kenya and other Public service boards.
- Initiating public communication programs like radio education for sensitizing the local population on board activities and processes.
- Facilitate information accessibility and information sharing among other activities.

The justification behind the creation of a PR unit was informed by the provisions of article 35 of the constitution of Kenya 2010 and sections 93 to sections 101 of the county government act of 2012.

2.3 Human Resource Audit Report

The aim of this section is to provide information on the status of;

1. Audit of employees whose functions and remuneration was devolved to the county.
2. Audit of employees of the defunct Municipal and County Council of Turkana.

In respect to employees whose functions and remuneration was devolved to the county, preliminary findings indicates that 159 employees of six different Ministries/Departments were present during physical head count as well as in the county payroll. However, a total of 45 employees across the six ministries were not captured during physical head count.

The tables below, specifies the ministry and the percentage of devolved employees to the county government whose details are available in the county payroll and were present during physical head county against those who are in the county payroll but were not present during headcount as of January 2013.

MINISTRY/DEPARTMENT	PERCENTAGE CAPTURED	PERCENTAGE NOT CAPTURED
PUBLIC HEALTH	79	21
PUBLIC WORKS	100	0
AGRICULTURE	74	26
LANDS	50	50
YOUTH AND SPORTS	100	0
DEVOLUTION AND PLANNING	100	0

The graphical representation of the same indicates that on average, only 16% of all these cadres of workers had not been captured during the physical head count against 84% who had been captured. The total number of employees in this set was 204 where 159 were present while 45 were absent. The CPSB is working with the office of the county human resource manager to authenticate this report and will be giving the final word on it in due process. It is suggested that directors in each ministry/departments involved will be consulted in the preparation of the final audit report.

In respect to employees of the defunct Municipal and County Councils of Turkana, preliminary findings indicates that 148 employees had designations but 104 were either casuals or had no designations at all. The information has been summarized by the table below;

DESIGNATION	TOTALS IN NUMBERS	TOTALS IN PERCENTAGE
COUNCIL ASKARIS	39	15.4
REVENUE COLLECTORS	36	14.3
CLEANERS	28	11.1
ACCOUNTANTS	8	3.1
DRIVERS	5	2
ITS	6	2.4
OFFICE MESSENGERS	2	0.8
CLERICAL OFFICERS	14	5.6
ADMINISTRATIVE OFFICERS	3	1.2
SUPERVISION OFFICERS	2	0.8
PRE-SCHOOL TEACHERS	2	0.8
SEWERMAN	1	0.4
WORKS OFFICER	1	0.4
SUPPLIES OFFICER	1	0.4
NO DESIGNATION/CASUALS	104	41.3
TOTALS	252	100

The CPSB of Turkana has undertaken a capacity assessment, audit of skills and actual headcount of the above set of employees. Appointments of these employees will be regularized on the basis of academic qualification, competencies and experience in due process.

2.4 Establishment, Recruitment and selection report

The aim of this report is to show;

1. Advertised vacancies which required competitive filling by the board.
2. Comment on the status of the selection and recruitment process.

The table below provides a summary of the status of all the recruitment and appointments from August 2013 to end of January 2014.

Ref No	Job Ref No.	Name Of The Post	Min/Dept	No Of Vacancies	J G	No Of Applicants	Gender		Pwd	Completion Status

THE PHYSICAL PLANNING ACT

(Cap. 286)

COMPLETION OF PART DEVELOPMENT PLAN

(PDP No. W1094/2013/01 for Chekalini Market Centre Development Plan; PDP No. W16/2014/01 for the Proposed Site for Kakamega County Governor's Residence)

NOTICE is given that the above-mentioned development plan has been completed.

The development plan relates to land situated within Kakamega County.

Copies of the part development plan has been deposited for public inspection at the offices of the County Physical Planning Officer, Kakamega and Sub-County Administrator's office, Lugari Sub-County and Town Manager's Office, Kakamega Town.

The copies so deposited are available for inspection free of charge by all persons interested at offices of County Physical Planning Officer, Kakamega and Sub-County Administrator's office, Lugari Sub-County and Town Manager's Office, Kakamega Town, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the County Physical Planning Officer, P.O. Box 767, Kakamega, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

Dated the 20th February, 2014.

MR/4125271

J. K. NGETICH,
for Director of Physical Planning.

GAZETTE NOTICE No. 1545

THE PHYSICAL PLANNING ACT

(Cap. 286)

COMPLETION OF PART DEVELOPMENT PLAN

(PDP No. R714/2014/01 for Existing Site for Catholic Church Activities including Children Home, Sisters Convent, Church House, School, Social Hall and Dispensary).

NOTICE is given that the above-mentioned development plan has been completed.

The development plan relates to land situated within Nairagie Engare Township.

Copies of the part development plan has been deposited for public inspection at the offices of the County Physical Planning Officer, situated at former Town Council office Building, Narok Township.

The copies so deposited are available for inspection free of charge by all persons interested at offices of County Physical Planning Officer, situated at former Town Council office Building, Narok Township, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the County Physical Planning Officer, P.O. Box 753, Nairobi, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

Dated the 19th February, 2014.

MR/4125244
MWAITA K. MWAGODI,
for Director of Physical Planning.

GAZETTE NOTICE No. 1316

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED LOWER NZOIA IRRIGATION DEVELOPMENT PROJECT (PHASE II) IN SIAYA AND BUSIA COUNTIES

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (National Irrigation Board) has proposed to develop an irrigation project in the Lower Nzoia Basin which has been identified as having the potential to provide food security for the communities in the basin and beyond through irrigation water tapped from Nzoia River.

In Siaya County, the Lower Nzoia Irrigation Development Project (LNIDP) – Phase II covers the northern side of River Nzoia basin from Nzoia Bridge on Ugunja-Ukwala Road to Ruambwa and in Busia County it covers the area from Rumbwa to Nahasiongo River/Stream. The Lower Nzoia Irrigation Project Phase II is set to cover approximately 3,796 Ha of land in Siaya and Busia counties. The main beneficiaries of the project will be farmers in Bunyala East and Bundalangi North subwards of Bunyala Sub-County; and West Ugenya, Ukwala and North-West Ugenya subwards of Ugenya Sub-County.

Below is a summary of the anticipated impacts and proposed mitigation measures.

<i>Impact</i>	<i>Mitigation Measures</i>
	Construction phase
Vegetation damage, habitat loss and invasion by exotic species	<ul style="list-style-type: none"> Utilize appropriate clearing techniques (e.g. hand clearing as opposed to mechanized clearing) by using human labour as opposed to heavy machinery. Maintain native ground cover by selective removal of trees which cannot be incorporated in the project design. Minimizing clearing and disruption to riparian vegetation.
Soil erosion	<ul style="list-style-type: none"> Soils excavated for the construction of irrigation infrastructure and housing shall be used for backfilling and the excess disposed away from site. Soils shall not be left exposed to wind/water. Minimal disturbance to riverine vegetation during construction to reduce soil erosion and enhance riverbank

	protection.
Air pollution (dust, fuel emissions)	<ul style="list-style-type: none"> Control speed of construction vehicles; Prohibit idling of vehicles. Water shall be sprayed during the construction phase on excavated areas to reduce dust emission. Regular maintenance of vehicle and equipment. Provision of dust masks while working-in dusty conditions. Use of serviceable vehicles and machinery to avoid excessive smoke emission.
Noise pollution	<ul style="list-style-type: none"> Noise reduction/ hearing protection devices when working with noisy equipment. Use serviceable equipment with low noise emission. Instruct truck/machinery operators to avoid raving of engines.
Generation of solid waste	<ul style="list-style-type: none"> Provide solid waste collection facility (disposal container) for the temporary storage of waste prior to disposal at an appropriate and designated location. The storage yards should be provided with solid waste disposal facilities such as waste bins/chutes. Liaise with local authority on suitable dumping site for spoils. Excavation activities to be done preferably during the dry season to avoid soil erosion and siltation of streams. Use of the soil to backfill.
Risk of fire	<ul style="list-style-type: none"> Monitor the vegetation that is more susceptible to fire. No burning of materials should be permitted at the site.
Project area and surface and groundwater water pollution	<ul style="list-style-type: none"> Appropriate collection, handling and storage of chemical including used oils from machines and vehicles used by contractor. A riparian distance of approx 6m–30m meters away from the river edge to be maintained to avoid pollution and enhance safety.
Injury to workers	<ul style="list-style-type: none"> Use appropriate PPE during the manual clearing of vegetation. Adopting ergonomic work flow designs that fit physical tasks to employees and not vice versa while maintaining a balance with productivity.
Relocation, land acquisition and resettlement	<ul style="list-style-type: none"> Inform and provide a plan to project area farmers on project implementation plan. Sensitize project area population on planned project activities.
Road use risk to local population	<ul style="list-style-type: none"> Pre-notification on the intension to move large equipment by road. Observe strict code of conduct by the transporters.
Working at heights	<ul style="list-style-type: none"> Use construction site barrier tapes to isolate the site(working) area to bar intruders from accessing the area in case of a dropping object. Test structures for integrity prior to undertaking work. Implement a fall protection program that includes training in climbing techniques

	and use of fall protection measures.		
	<ul style="list-style-type: none"> • Provide harnesses for use when working at heights. • Inspection, maintenance, and replacement of fall protection equipment. • Use of helmets and other protective devices will mitigate against scratches, bruises; lacerations and head injuries due to dropping objects. • Provide first aid facilities at the site. 		<ul style="list-style-type: none"> • Carry out disease surveillance monitoring. • Provide irrigation water use tips to farmers.
Loss of farm crops	<ul style="list-style-type: none"> • Discuss with the crop owners. • Develop and provide a resettlement plan. • Create awareness on land alternatives and resettlement options. 	Wastage of irrigation water	
Community misconceptions	<ul style="list-style-type: none"> • Awareness creation amongst the community on the project facts. • Community issues responded to promptly. • Prepare project progress and monitoring reports to be prepared and recommendations implemented. • Hold a minimum of two meetings per year to sensitize local community and PAPs. 	Community misconceptions	<ul style="list-style-type: none"> • Awareness creation among community on the project facts. • Ensure community issues/questions are responded to promptly. • Prepare project progress and monitoring reports and recommendations implemented. • Hold regular meetings with project area farmers (every 3 months at the beginning but later once every year).
Increase in social vices	<ul style="list-style-type: none"> • Conduct Information Education and Communication (IEC) amongst the community and the project staff. • Ensure workers are known to project area persons. 	Pollution of surface and shallow groundwater	<ul style="list-style-type: none"> • Identify types of chemicals used in farming (fertilizers, herbicides and pesticides). • Sensitize farmers on impacts of project area pollution.
Surface run off and sedimentation from construction activities	<ul style="list-style-type: none"> • Ensure that access roads, Office and Staff Houses are not constructed in riparian land, floodplain, waterways or wetlands. • Install sediment basin as proposed in the design to avoid sediment deposit in the irrigation facility. • Use ample culverts. • Design drainage ditches to avoid affecting canals, river or nearby land. 	Irrigation water tariffs	<ul style="list-style-type: none"> • Discuss proposed charges for Irrigation Water with farmers and agree on appropriate tariff looking at project capital and sustainability.
Health issues for project workers	<ul style="list-style-type: none"> • Sensitize PAPs on use of protection facilities like mosquito nets appropriate gear when working in waterlogged areas to avoid Bilharzia. • Provide sensitization to Host Community and PAPs on sexually transmitted diseases and emphasize on use of condoms. 	Lack of markets for produce	<ul style="list-style-type: none"> • Ensure markets for agricultural produce is identified to avoid produce losses and discouragement to farmers. • All roads in project area need to be upgraded to all weather roads.
Potential displacement of persons and loss of property	<ul style="list-style-type: none"> • Proponent has instituted a RAP Study to identify affected population, land and property, in order to determine loss of livelihood, loss of property and the land taken up by the project. • The RAP Study is currently underway. • A RAP report is going to be prepared and used for compensation. 	Decommissioning phase	
Water borne diseases	<p>Operational phase</p> <ul style="list-style-type: none"> • Sensitize project area community on use of preventive measures like mosquito nets to avoid catching malaria. • Caution households on use of canal water for drinking/domestic consumption before proper treatment. • Local Authority concerned with domestic water matters to be involved in coordinating provision of clean drinking water to affected farmers. 	Air pollution (dust, fuel emissions)	<ul style="list-style-type: none"> • Control speed of vehicles used during demolition and transportation of waste and prohibit idling of vehicles. • Spray water during the decommissioning activities to reduce dust emission. • Use of dust masks when working- in dusty conditions. • Use of serviceable vehicles and machinery to avoid excessive smoke emission.
		Noise pollution	<ul style="list-style-type: none"> • Noise reduction/ hearing protection devices when working with noisy equipment. • Use serviceable equipment with low noise emission. • Instruct truck/machinery operators to avoid raving of engines.
		Injury to Workers	<ul style="list-style-type: none"> • Appropriate head, hand and foot protection (PPE) during demolition of structures. • Adopting ergonomic work flow designs that fit physical tasks to employees.
		Site area rehabilitation and restoration	<ul style="list-style-type: none"> • Remove all demolished waste material. • Repair and restore project area site. • Plant trees and other appropriate vegetation.
		<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.</p> <p>(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.</p> <p>(c) County Director of Environment, Siaya County.</p> <p>(d) County Director of Environment, Busia County.</p> <p>The National Environment Management Authority invites members of the public to submit oral or written comments within</p>	

thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

MR/4124262

National Environment Management Authority.

GAZETTE NOTICE No. 1317

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED CONSTRUCTION OF GREATMOUNT LPG
LIMITED DEPOT AT NARO MORU, NYERI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Greatmount Lpg Limited) is proposing to construct a fuel depot and gas to be located in a 1.518 hectare piece of Land, L. R. Nos. Naromoru/Naromoru Block 2/Aguthi/1394, Naromoru/Naromoru Block 2/Aguthi/1395, Naromoru/Naromoru Block 2/Aguthi/1396 and Naromoru/Naromoru Block 2/Aguthi/1741 in Nyeri County.

The proposed project will entail construction of two horizontal LPG storage tanks each having a storage capacity of 60tons, commercial building, parking areas for visitors, officers, oil trucks and LPG trucks, cylinder storage area, cylinder filling area, a 100m³ water storage tank and fire fighting installations

The following are the anticipated impacts and proposed mitigation measures:

<i>Anticipated Impacts</i>	<i>Mitigation Measures</i>
Noise Pollution	<ul style="list-style-type: none"> Ensure that all generators and heavy duty equipment are insulated or placed in enclosures to minimize ambient noise levels. Drivers to be sensitized to avoid unnecessary gunning of vehicle engines or hooting Proper and regular servicing of engines and other machines shall be adhered to
Aesthetic values	<ul style="list-style-type: none"> Take all solid waste materials to designated disposal sites. The landscaping programme should be maintained.
Air /Dust pollution	<ul style="list-style-type: none"> Ensure strict enforcement of on-site speed limit regulations
Storm- water	<ul style="list-style-type: none"> Open drains connected to MCC storm water drains should be well functioning at all times; such drains should also be fitted with oil filters; Construction/provision of water storage tanks to collect storm water for cleaning uses; Implementation of roof water harvesting
Security	<ul style="list-style-type: none"> Ensure the general safety and security at all times by providing day and night security guards and adequate lighting within and around the facility.
Health and safety	<ul style="list-style-type: none"> All workers must be provided with the necessary protective gears; Ensure all workers are in protective gears all the time when on site; Place fire extinguishers in strategic areas within the depot; Designate and mark smoking

areas;

- Workers to be trained as fire marshals
- Fire escape routes to be shown clearly
- Provide enough first aid kits within the facility and have at least workers trained in first aid administering
- Emergency telephone numbers should be well displayed
- Take steps to prevent leaks and spills. Keep machinery, equipment containers, and tanks in good working condition and be careful when transferring used oil. Have sorbent materials available on site.
- If a spill or leak occurs, stop the spill from flowing at the source. If a leak from a container or tank can't be stopped, put the product in another holding container or tank.
- Contain spilled products. For example, containment can be accomplished by erecting sorbent berms or by spreading a sorbent over the spill; Develop a spill response action plan; Remove, repair, or replace the defective tank or container immediately; All grounds should be cemented to prevent spills from leaking into underground water
- Do not discharge petroleum products to sewers, drainage ditches, septic tanks, or streams.
- Do not dispose of petroleum products in landfills or mix them with wastes that will be disposed of in landfills.
- Do not mix petroleum products with cleaning solvents. The resulting mixture may be a hazardous waste.
- Do not use petroleum products for road oiling, dust control, weed control or for similar purposes.
- Keep storage containers closed when not actively adding or removing material-When storing drums keep an aisle space between drums to allow for inspection for leaks and damage.
- Install secondary containment to prevent the release of petroleum products to the environment-Inspect containers and secondary containment structures on a weekly basis to be certain that they are in good condition. Keep written records of these inspections
- Cement all ground in the depot to avoid leakage of petroleum products into underground water or contamination of soil; Have good plans of emergency cases of spill; Train all staff on hazard recognition, response plan implementation, safety, and clean up procedures, and reporting
- Fire-fighting equipment such as fire extinguishers should be provided strategic locations such as stores at construction areas.
- Regular inspection and servicing of fire equipment must be undertaken by reputable service provider and records of such inspections maintained
- Signs such as "NO SMOKING" must be prominently displayed within the premises especially in parts where inflammable materials are stored

Spills

Fire safety

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- (c) County Director of Environment, Nyeri County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

MR/4122156

National Environment Management Authority.

GAZETTE NOTICE No. 1318

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED LUXURY ECO-LODGE AND SUSTAINABLE TOURIST FACILITIES ON PLOT L.R. NO. CIS- MARA/OLCHORRO-OIROWUA/227 IN MARA OLE MUSA CONSERVANCY, NORTHERN MARA IN NAROK COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proposed project involves the construction of a luxury eco-lodge and sustainable tourist facilities which will provide top-notch hospitality to tourists. Details of the project are contained in the EIA Study Report.

Below is a summary of the anticipated impacts and the proposed measures.

Possible impacts	Proposed Mitigation Measures
Wildlife disturbance (human-wildlife conflicts)	<ul style="list-style-type: none"> Allow animals as much free movement as possible around the site. The fence will be kept to a bare minimum to allow animals freedom of movement. Identify and avoid encroaching into wildlife hideouts, breeding areas and feeding points. Identify points at the river showing Hippo access points and ensure they are unrestricted to allow free movement. Erect necessary barriers to avoid direct human-wildlife interaction including electric fences and safety rails. No hunting of game meat at the luxury eco-lodge unless permitted
Solid and liquid waste management	<ul style="list-style-type: none"> Use of an integrated solid waste management system Thorough accurate estimation of the sizes and quantities of materials required, order materials in the sizes and quantities they will be needed. Ensure that construction materials left over at the end of construction will be used in other projects rather than being disposed off. Refurbish damaged items Donate recyclable/reusable or residual materials to local community groups, institutions and individual local residents

or home owners.

	<ul style="list-style-type: none"> Use of durable, long-lasting materials that will not need to be replaced as often, thereby reducing the amount of construction waste generated. Provide solid waste handling facilities such as waste bins Ensure proper disposal of solid waste generated from the facility. Provide adequate and safe means of handling sewage generated at the premise i.e. through sewer systems and other treatment methods. Provide means for handling sewage generated by construction workers Conduct regular inspections for sewage pipe leaks, blockages or damages and fix
Vegetation disturbance	<ul style="list-style-type: none"> Ensure sustainable building practices to make sure that as little of the natural flora and fauna is affected. Designate access routes and parking within the proposed site. Preserve of indigenous trees within the site. Implement an appropriate landscaping program to help in re-vegetation Ensure wood used for bonfires is sourced from woodlots and not from local area Monitor evasive species within the project area and the conservancy Prohibit introduction of plant and ornamental species without prior permission from plant specialists
Increased storm water, runoff and soil erosion	<ul style="list-style-type: none"> Harvest surface and roof-rainwater A storm water management plan shall be designed. Apply soil erosion control measures such as leveling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. Ensure that construction vehicles are restricted to existing roads. Ensure that any compacted areas are ripped to reduce run-off. Open drains all interconnected will be provided on site and linked to peripheral storm water drains leading to the water bodies created or Mara River. Plant suitable trees in degraded areas and control excessive soil erosion
High demand for construction raw materials	<ul style="list-style-type: none"> Source building materials from local suppliers who use environmentally friendly processes in their operations. Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. Use at least 5%-10% recycled, refurbished or salvaged materials to reduce the use of raw materials and divert material from landfills
Dust emission	<ul style="list-style-type: none"> Ensure strict enforcement of on-site speed limit regulations Personal Protective equipment to be worn by construction workers Planting grass and trees on the helicopter landing pad to control dust.

Noise and vibration	<ul style="list-style-type: none"> Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. Sensitize construction drivers to avoid gunning of vehicle engines or hooting especially when passing through the Mara ecosystem which is sensitive The structural system is intended to be light gauge steel which is a very light structure that allows construction in a short period of time and is less noisy. Ensure that all generators are insulated or placed in enclosures to minimize ambient noise levels.
Increased energy consumption	<ul style="list-style-type: none"> Ensure electrical machinery, equipment, appliances and lights are switched off when not being used Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy Maximizing day lighting. Exterior lighting will be minimized to control light pollution and designed so as not to be visible from outside. Use efficient water heating systems that primarily rely on solar energy etc. Monitor energy use during the operation of the project and set targets for efficient energy use
Occupational health and safety (ohs) risks	<ul style="list-style-type: none"> Develop a clear site organization plan and construction schedule Ensure that machinery, equipment, personal protective equipment, appliances and hand tools used in construction do comply with the prescribed safety and health standards and be appropriately installed, maintained and safeguarded Implement all necessary measures to ensure health and safety of the general public during operation of the project as stipulated in Occupational Safety and Health Act, 2007.
High water demand	<ul style="list-style-type: none"> Promptly detect and repair of water pipes and tank leaks Encourage and sensitize construction staff on water conservation techniques Installation of a reservoir water tank and water conserving. Install water meters to record usage Put in place controlled abstraction regime Recycle water used as much as possible Promote rain water harvesting
Increased masai mara ecosystem carrying capacity	<ul style="list-style-type: none"> Carry out an environmental audit report after the first year of operation and annually thereafter to ascertain impacts on the general ecosystem and mitigate accordingly Put off unnecessary lights at night or use dim lights to avoid attraction of wildlife unnecessarily
Protection of mara river	<ul style="list-style-type: none"> Drainage channels draining into the river should be provided with effective and adequate screens to filter off any solid waste A buffer distance of over 30m away from the River Bank shall be observed for any permanent construction

- Ensure that no waste is discharged into the river
- Ensure that the river is not depleted through over-abstraction.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- County Director of Environment, Narok County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

GAZETTE NOTICE NO. 1546

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED PETROL STATION ON LAND REGISTRATION NDALANI/NDALANI BLOCKS 1/1705 OFF GARISSA ROAD IN MACHAKOS COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Reuben Mutuku Munguti and Agnes Ndonge Reuben Mutuku) proposes to set up a petrol station on Land Registration Ndalani/Ndalani Blocks 1/1705 off Gariisa road in Machakos County.

The petrol filling station shall have two categories of facilities i.e., the Petrol station services and shops. The shops area would have ground and upper floor. The Petrol service station shall include: 3 underground tanks, tyre centre, air pump area, car wash, generator room, service bay and three dispensing pumps with an overhead canopy. The shops area shall include a shop, 2 stores, the manager's office, two toilets (gents and ladies, septic tank, kitchen/fast food. There is also a verandah, acceleration and deceleration lane, and pavements for easy circulation within the facility.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> All construction should be done using the recommended building materials and equipments.
Soil erosion	<ul style="list-style-type: none"> Use of heavy machinery which causes massive destabilization of soil and killing of organisms should be avoided. Natural organism niches should be conserved. And also construction activities to be confined within the site area. Regular maintenance of construction machines and vehicles to note leaking. All repairs and servicing of machines and vehicles should be done at the recommended sites. Proper disposal of used oils and grease.
Oil and Grease	
Solid waste generation	<ul style="list-style-type: none"> Installation of waste bins/pits on site to

	avoid scattering on the ground.
Noise and vibrations.	<ul style="list-style-type: none"> • Dumping of unwanted materials on the recommended places. • Re-using any recyclable materials • Use machines of low noise levels. • Turning off construction machines and vehicles while not in use. • Use of protective gadgets for the ears e.g. ear muffs. • Sprinkling of water during the dry seasons.
Air pollution	<ul style="list-style-type: none"> • Construction workers should use protective clothing. E.g. dust masks and goggles. • Proper landscaping should be done after the end of all the construction works.
Topography	<ul style="list-style-type: none"> • Planting of trees and grass in areas where they had been cleared. • Proper sensitization of the community at the initial stages of the project with aim of educating them on advantage of the project.
Public Participation	<ul style="list-style-type: none"> • Involving the community on its implementation especially as casuals. • Provide safety gears to the workers e.g. overalls, helmets, gloves • Provide tyre repair/inflating chamber to avoid accidents
Occupational safety and Health (OHS)	<ul style="list-style-type: none"> • Treating water before domestic use. • Water should used sparingly to avoid wastage e.g. use of press on taps. • Install sanitary facilities • The generator house should be located away from the working area to avoid excessive noise.
Electrical safety	<ul style="list-style-type: none"> • Use of qualified electricians in the installation of all electrical gadgets. • All electrical cables should be earthed in the correct manholes. • Use of protective clothing for the workers on site. • Warning signs should be placed at strategic place on site. • Install fire extinguishers. • Standby Generator should be installed properly by qualified technicians to ensure they are not leaking any fuel or oil which may cause fire outbreak. • The fuel channels (pipes, pumps, dispensers) should be well maintained to note any leakage.
Oil/fuel spillage	<ul style="list-style-type: none"> • Only authorised operators should dispense products to customers. • Pumps should be locked when not in use. • Any spillage of fuel should be washed with plenty of water and soap • Fire hydrants and sand buckets should be placed strategically • Frequent checks on piping system to note leakage
Fire Safety	<ul style="list-style-type: none"> • Keep well services and working fire hydrants • Keep dry sand buckets in place in case of outbreaks

- Train the operators on ways of fighting fire.
- Have a chart of hotlines within the facility, this include fire services, Ambulance, police et
- Keep the facility dry of any fuel or oil spillage
- Install warning signs on the facility e.g. DO NOT SMOKE, SWITCH ENGINE, SWITCH OFF
- Designate a FIRE ASSEMBLY POINT within the compound.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Machakos County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,
National Environment Management Authority.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
