## Reuter's Telegrams.

JANUARY 31st.—The Powers refusal to entertain Mr. Bowen's proposal has caused a deadlock and Mr. Bowen is communicating with President Castro.

Mr. Chamberlain has arrived at Kimberley.

The Expedition against Emir of Kano left the advance post at Zaria a fortnight ago. Six hundred troops from Lagos and Southern Nigeria have gone to Northern Nigeria to form a reserve force there.

Mr. Bowen has informed the representatives of the blockading powers that in the event of the latter persisting in rejecting his proposal, he will inform the other claimant powers that Venezuela is being forced to yield to a plan seriously affecting their interests.

It is stated in Washington that France has already sounded the United States and ascertained that there is a strong resemblance in the American and French claims, and that a preferential treatment of the blockaders would impair the interests of both.

FEBRUARY 2ND.—The departure of the French Squadron for Jubutil has been countermanded.

During night operations near Corfu, H. M. S. "Pioneer" struck the destroyer "Orwell," dividing her in two. The fore part sank and two men were killed and 13 are missing. The "Pioneer" towed the remaining portion of the "Orwell" to Corfu, stern first.

Great Britain has communicated to Belgium the ratification of the Sugar Convention. The Italian Parliament have also approved the Convention.

Reuter's Agent at Tangier has received a special courier from Fez, advising that at day-break of the 29th ult., the Sultan's force commanded by the Minister of War attacked the Pretender's position, completely defeated his followers, and captured the man himself.

FEBRUARY 3RD.—The report published in yesterday's Reuter's to the effect that the Pretender has been captured turns out to be untrue. The victory however of the Sultan's troops over the rebels was complete. They surprised and rushed the camp at dawn slaying or capturing most of the rebels. Camp equipment together with provisions and munitions of war are in the Sultan's hands, together with the Artillery lost on the 23rd. ultimo.

Colonel Bruce of the Army Medical Corps and Doctor Naborro of University College London are going to Uganda at the instance of the Royal Society to superintend further investigations in connection with the Sleeping Sickness.

All the Powers interested have now handed Belgium a note ratifying the Sugar Convention.

The Sultan's victory was due to treachery on the part of the Beni-Warien rebels who renounced the Pretender on the eve of the fight and on the morning of the 29th according to a preconcerted plan they attacked the rear of the Pretender's Camp while the Sultan assailed the position from the front. The rebels fought stubbornly for three hours then broke and fled. The rebellion now appears to be collapsing.

FEBRUARY 4TH.—The Boer General Prinsloo is dead.

Mr. Chamberlain on Monday entered the Orange River Colony and proceeded to Paardeberg where he inspected the Battlefield.

His Majesty owing to a mild attack of influenza has been obliged to cancel all engagements during the week.

The Sixth Mountain Battery starts from India for Aden to-morrow.

FEBRUARY 5TH.—Mr. Chamberlain was accorded at Bloemfontein a most enthusiastic reception.

There are indications in France pointing to a renewal of the campaign for the rehabilitation of Capt. Dreyfus. It is stated that the French War Office are in possession of a document which proves that Dreyfus could not have been the traitor.

The French Customs Commission has approved a bill provisionally granting minimum tariffs on the import of food stuffs to countries concluding similar agreements with France before the 24th of this month. Agreements have already been concluded regarding Seychelles and negotiations in connection with India, Ceylon, and Mauritius are approaching conclusion.

Col. Cobbe's force has been within 40 miles of Galkiyu, whereupon the Mullah retired to Webbe Shebela. It has been decided that when the expedition really commences operations Obbia will be abandoned Bohotle becoming the base for supplies.

The Boers with the expedition are showing themselves most willing in every way and are giving every satisfaction.

Mr. Austen Chamberlain speaking at Birmingham said that the time was rapidly approaching when the Government would have to deal with the question of redistribution of seats to remedy the inequalities in the present representation.

The Italian Consul has sent for Sheikh Yussu Ali (the Sheikh mentioned in Reuter's of the 9th January as giving trouble) to go to Aden on board the "Nowshera" and it is now expected that the work of the expedition will proceed more smoothly.

FEBRUARY 6TH.—Lord Onslow speaking in Edinburgh referred to the heavy rates of freight on goods to South Africa, and said that same were entirely due to the "Shipping Ring." He declared that as the Transvaal and Orange River Colonies, were about to place very large orders on Great Britain, Colonial Office would endeavour to secure fair at the same time remunerative rates for the transport; that it was the duty of Government to do all in their power to reduce the enormous cost of living in South Africa, and should the Colonial office not be able to arrange freights satisfactorily, they would have to charter their own steamers.

FEBRUARY 7TH.—Mr. Roosevelt and Mr. Hay, have practically abandoned all hope of the senate ratifying the Alaskan Treaty, mentioned in Reuter's on the 26th ulto. owing to the opposition of the senators from the Northwest.

The Bulgarian Premier declared in the Chamber, that Bulgaria would fulfil her International obligations and keep the Peace; that he would shortly inform the Chamber, what measures had been decided on, to be taken against the Macedonian Committees.

The following is the result of the South Antrim Election.

Charles Craige Unionist 4,564 votes

Doctor Keightley Independent 3,615 „

His Majesty has recovered and drove out yesterday afternoon.

The French Chamber has adopted the Customs arrangement, mentioned in the Reuter's of the 5th inst.

FEBRUARY 9TH.—Mr. Roosevelt has refused the invitation of Germany and Great Britain to arbitrate on the question of preferential payment with regard to the claims against Venezuela, and it is supposed that the point will now be referred to the Hague for settlement.

M. Pelletan speaking in the Chamber on the Navy Estimates stated that France has admirable Naval Bases in the Mediterranean and in the Atlantic, but that nothing has been done to fortify them. Should France be surprised by War to-morrow, she would find herself without a Naval Basis. France has never been very enthusiastic over Colonial expansion, but to-day her honour is at stake and she must defend her Colonies.

Mr. Chamberlain replying to an address from DeWet and other Boer Leaders last Friday refuted in toto the accusations made to the effect that there had been any breach of the peace terms by Great Britain. Commenting on the address which complained that the Government was unsympathetic, Mr. Chamberlain said that the Government was working night and day and spending millions of money to restore the country, that in return for all these efforts, they had received hitherto not a word of thanks. If the Boers persisted in this policy of grumbling and insatiability, he himself would despair of the situation and would advise Government to stay their hand. DeWet replying states that co-operation was impossible while the Boers were divided into Loyalists and Moderates headed by Piet DeWet and extremists under other Boer leaders, that the Boers would never consent to be ruled by these men and that the situation would drift into an unarmed rebellion, and in agitation and discontent against the Government.

It is thought that Mr. Chamberlain's straight forward speech has had good effect.

The Turkish War Office are making preparations for the mobilization of troops in view of contingencies in Macedonia.

Negotiations with regard to Venezuela continue, but the information received is so contradictory that it is impossible to advise the exact position of affairs.

FEBRUARY 10TH.—Mr. Chamberlain at a Banquet at Bloemfontein stated that it was a comfort to him to think that his mission had been accomplished beyond his utmost expectations; that he hoped and believed that Lord Milner would stay a long time in South Africa and witness the full fruition of his great policy.

A tidal wave and hurricane swept the Society Islands on the 13th January, a thousand natives are reported to have perished and eighty small islands devastated.

The "Temp" while contradicting a report that Emperor Menelik broke off relations with the French Minister in Abyssinia, admits the existence of disagreeable tension which lately became more acute and possibly had an influence on recent negotiations. The paper goes on to declare that the question was purely a personal one between the Minister and the Emperor.

Sir Charles Gavan Duffy is dead.

The French War Minister has forbidden all Officers employed in the War Office to make any sort of communication outside regarding the present discussion going on in the Press regard to the Dreyfus affair.

FEBRUARY 11TH.—Senor Baccelli speaking in the Italian Chamber said that the deportation of the Sheikh of Obbia was rendered necessary in order to facilitate the British operations; that Italy had loyally adhered to her agreement with Great Britain and again proved her desire to maintain the traditional cordial friendship that exists between Great Britain and herself.

Rubino who attempted to assassinate the King of the Belgians has been sentenced to penal servitude for life.

Mr. Chamberlain is now at Grahamstown.

FEBRUARY 12TH.—Mr. Chamberlain speaking at a banquet on Tuesday night at Grahamstown stated that when in a speech some few days ago he said that the Colonies were not doing what they ought in connection with their obligations to the Empire that he alluded to all the Colonies. He added that the increased vote made by Cape Colony for the fleet was not sufficient to pay for the upkeep of H. M. S. "Good Hope" for six months.

It is thought that Mr. Chamberlain's remarks foreshadow further money contribution from the Cape.

Mr. Bowen has accepted the British Protocol agreeing that Venezuela should pay Great Britain £5,500 down and refer the question of preferential treatment to the Hague Conference.

The German and Italian Protocols are still causing some difficulty.

Germany, Italy, and Great Britain have agreed that all three Protocols shall be signed simultaneously. The three nations will appear at the Hague Conference as one power.

The special Court at Dresden has pronounced a decree of divorce against the Crown Princess of Saxony on the grounds of adultery.

FEBRUARY 13TH.—There is a grave uneasiness in Vienna owing to a report that Bulgaria contemplates mobilising two Army Corps in consequence of the massing of Turkish Troops on her frontier.

The Washington Senate have ratified the Alaskan Boundary Treaty mentioned in Reuter's of 26th January.

At the urgent request of Baron Speck von Sternburg, Germany has waived her demand for a cash payment of £68,000 and has accepted Baron von Sternburg's proposal that Germany should receive this money from Venezuela in 5 monthly instalments, the first to be paid a fortnight after having signed the Protocol. Baron von Sternburg hopes that the Protocol will be ready for signature within twenty four hours.

FEBRUARY 14TH.—Mr. Gerald Balfour speaking at Ipswich said there had been no sudden jump in the wealth of the country, but progress had been steady and gradual, and the constant figures of last year showed for the present, that we had reached a pitch of wealth and prosperity which had never been touched before.

Mr. Chamberlain has arrived at Graaff-Reinet the first essentially Dutch centre which he has touched in Cape Colony. The reception was distinctly cordial and the leading local members of the Bond were present.

H. M. S. "Harrier" captured three piratical Sambuks in the Red Sea their crew numbering sixty.

Mr. Balfour speaking in Liverpool said that the Monroe doctrine had no enemies in England, but, it would be a great gain to civilization if the United States concerned themselves more actively in preventing the recurring of difficulties between European and South American Governments by getting the latter to observe the principles of International comity. With reference to the co-operation of Germany he strongly deprecated the continued fanning of International animosities.
