GOVERNMENT NOTICE No 655

THE TRAFFIC ORDINANCE, 1928

NOTICE

IT IS HEREBY notified for public information that after the 1st day of January, 1930, no licences will be issued in respect of any two-wheeled cart drawn by oxen for use on any road within the boundaries of Nairobi Municipality, unless such cart conforms to the following specification —

1 AXLE —The axle must be made from specially hardened steel. It must be rigid and of sufficient size to ensure effective bearing for the bushes. It may not be bolted

together in sections, but must be constructed in one piece and must be tapered evenly with a smooth surface to receive the bushes, and the tapered portion must be of an average section of at least 2 inches diameter. It must be slotted near the ends to receive steel pins for effective retention in position of bearing plates, which must be sufficiently large to ensure even rotation of the wheels.

2 BUSHES —Each bush must be made from specially hardened steel drilled to fit evenly over the tapered end of the axle, and having a grease recess of at least $\frac{1}{4}$ inch depth and 2 inches length.

The thickness of the metal must be at least $\frac{1}{2}$ inch throughout the length of the bush, which must be at least $11\frac{1}{2}$ inches.

Each bush must have rigid nave fitting lugs, preferably cut or cast from the solid during construction.

3 NAVES —Each nave must be made of thoroughly seasoned hard wood, free from flaws, and of a diameter of at least 9 inches and a length of at least 12 inches, bored to ensure a tight driven fit to each bush. Stout iron bands must be shrunk and screwed on to each nave to prevent splitting of the timber.

4 BRAKE —An efficient and easily accessible brake must be fitted to each wheel and connected to an operating wheel or handle in such a way that each will exert an even and simultaneous braking pressure on the wheels.

Government Notice No 42, dated the 16th January, 1929, is hereby amended accordingly.

GENERAL NOTICE NO 1319

THE CROWN LANDS ORDINANCE
(Chapter 140 of the Revised Edition)

GRANTS OF COAST LANDS

NOTICE

IT was notified for public information in General Notice No 79 of 1920, that His Excellency the Governor was prepared to receive applications for grants of agricultural land in the coastal area on special terms and conditions, subject nevertheless to the Crown Lands Ordinance (Chapter 140, Revised Edition of the Laws of Kenya), and that, in view of the primary importance of land so granted being properly used and developed, it was proposed to impose special cultivation conditions but to charge no stand premium. That notice was cancelled on May 20th, 1927, but is now revived with the modified conditions set out hereunder.

Except in cases where large capital is involved (which will be considered on their merits) grants of land will be subject to the following conditions in substitution for the development conditions prescribed by the Crown Lands Ordinance (section 41)

Before a grant of land is finally approved and title issued a probationary period of two years will be imposed. Occupation during this period will be authorised by means of a licence, which will date from the written acceptance by the applicant of the conditions offered.

If the conditions in Schedule I are fulfilled, the applicant will be entitled to a grant of the land for a term of 999 years, subject to the "Special Conditions of Development" in Schedule II, and to the ordinary rental and other conditions prescribed in the Crown Lands Ordinance in respect of grants of agricultural land.

Applications should be made to the Commissioner for Local Government, Lands and Settlement through the District Surveyor, Mombasa, and must be accompanied by satisfactory evidence of financial competency, and a definite development programme.

Intending applicants are warned that they should not make application until they have satisfied themselves by local inquiries and personal inspection that taking into consideration local difficulties as regards labour, cost of cultivation, etc., they are able to fulfil the foregoing conditions.

Plans of Crown land available for alienation under this notice may be seen at the office of the Survey and Registration Department, Mombasa.

SCHEDULE I

CONDITIONS TO BE FULFILLED BEFORE TITLE IS ISSUED

- (i) The land shall be developed for two years to the satisfaction of the Commissioner for Local Government, Lands and Settlement.
- (ii) The survey of the land applied for must be completed at the expense of the applicant within twelve months of the date of the licence. Failure to complete the survey within this period will automatically cancel the licence, and the applicant shall pay the cost of the survey.
- (iii) One month before the expiry of the licence, and prior to the issue of title, the applicant shall submit a report certified by affidavit of the development done.

SCHEDULE II

SPECIAL CONDITIONS OF DEVELOPMENT AFTER
ISSUE OF TITLE

- (i) Within a period of two years from the commencement of the term of the grant at least one-twelfth of the area must be put under cultivation, and so maintained. This cultivation may include development done under the licence.
- (ii) Within a further period of two years an additional one-twelfth part of the area must be put under cultivation, and so maintained.
- (iii) Within a further period of five years an additional one-sixth part of the area must be put under cultivation, and so maintained.
- (iv) For ten years after the commencement of the term of the grant, the grantee shall in the month of January of each year forward to the Commissioner for Local Government, Lands and Settlement, a progress report accompanied by a plan, both of which shall be dated and signed. In the report the grantee shall certify the area under cultivation, and on the plan he shall indicate the position of cultivation, and all other improvements temporary and permanent. The statement and plan shall be certified by affidavit.
