CERTIFICATE OF THE CONTROLLER AND AUDITOR GENERAL

I have examined the above Income and Expenditure Account and Balance Sheet in accordance with the provisions of section 18 of the Asiatic Widows' and Orphans' Pensions Act (Cap 193). I have obtained all the information and explanations that I have required and as a result of my audit I certify that the Account and Balance Sheet are correct, subject to the following comments—

Delay in Submission of Accounts for Audit—

The Attorney General has advised that the account does not come under section 22 (1) or section 22 (2) (a) of the Exchequer and Audit Act (Cap 412) and that the requirements of that section do not therefore apply to the Asiatic Widows' and Orphans' Pensions Fund

During the year changes in the method of payment by the Crown Agents were made and as a result life certificates and other declarations required under the Act are now obtained annually rather than monthly

THE TRADE MARKS ACT
(Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may within 60 days from the date of this Gazette lodge notice of opposition on Form TM No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontroverted by the applicant.

Where it is stated in the advertisement of the applicant that the mark upon its registration is to be limited to certain colours the colours are as far as possible indicated in the accompanying representations of the mark in the usual heraldic manner.
