PROBATE AND ADMINISTRATION

SUCCESSION CAUSE NO. 6 OF 2011

LET ALL the parties concerned take notice that a petition for a grant of letters of administration intestate to the estate of the above-named deceased, who died at Minet Sub-location, has been filed in this registry by (1) Ruth Yebei, (2) Ann Yebei and (3) Esther C. Miso, in their capacities as administratrices of the deceased's estate.

And further take notice that objections in the prescribed form to the making of the grant are invited and must be lodged in this registry within thirty (30) days of publication of this notice.

And further take notice that if no objection has been lodged in this registry in the prescribed form within thirty (30) days of the date of publication of this notice, the court may proceed to make the grant as prayed or to make such orders as it thinks fit.

Dated the 15th February, 2011.

T. OKELO,
District Registrar, Bomet.

GAZETTE NOTICE No. 2886

PROBATE AND ADMINISTRATION

TAKE NOTICE that after thirty (30) days from the date of this Gazette, and unless cause be shown to the contrary, I intend to apply to the High Court at Nairobi for representation of the estates of the persons named in the second column of the schedule hereto, who died on the dates respectively set forth against their names.

And further take notice that all persons having any claims against or interests in the estates of the said deceased persons are required to prove such claims or interests before me within two (2) months from the date of this Gazette, after which date the claims and interests so proved will be paid and satisfied and the several estates distributed according to law.

GAZETTE NOTICE NO. 2897

THE ENERGY ACT
(No. 12 of 2006)

IN THE ENERGY TRIBUNAL AT NAIROBI

TRIBUNAL APPEAL NO. 1 OF 2009

JOSEPH KINYANJUI MWAI T/A SANDWORTH PRINTING AND PACKAGING—(*Appellant*)

VERSUS

THE KENYA POWER AND LIGHTING COMPANY LIMITED—
(*Respondent*)

JUDGEMENT

The Appellant, Joseph Kinyanjui Mwai, T/A Sandworth Printing and Packaging (hereinafter referred to as "the Appellant"), has appealed to the Tribunal against the decision of the Energy Regulatory Commission (hereinafter referred to as "the Commission") made on 5th March, 2009 in the Commission's Dispute No. 2 of 2009.

The facts of the case before the Commission are briefly as follows: The Respondent is a licensed electric power supplier. The Appellant is a consumer of electric power at the Appellant's premises, being L.R. No. Limuru/Kamirithu/T526. The premises are supplied with

electricity through account No. 011415-01. That account was initially in the names of one John Karegi Njoroge but it was later transferred to the Appellant. According to a supply agreement between the Appellant and the Respondent, transfer of the account to the Appellant occurred on 20th April, 1994. From time to time the Respondent disconnected supply of electricity to the Appellant's premises for unpaid bills. The Appellant contended before the Commission that the disconnections were unjustified, because his electricity bills included a demand for KSh.41, 002.80 which amount related to electricity consumed by the previous owner of the account. The Appellant also complained before the Commission that the amount of electricity supplied to his premises had been adversely affected by Respondent's action of "illegally" connecting other consumers from the supply line intended for the Appellant's premises.

In the proceedings before the Commission, the Appellant had claimed for damages in the sum of KSh. 53,650,800,000 which he later reduced to KSh. 4,916,590,000. The claim was in the nature of financial losses resulting from unjustified interruptions to his supply of electricity by the Respondent. The Commission dismissed the Appellant's complaint, leading to this appeal.

The appeal was filed on 9th July 2009. The appeal is not the form prescribed under the Energy Tribunal (Procedure) Rules (hereinafter referred to as "the Procedure Rules") but is in the form of a Memorandum of Appeal accompanied by a Complaint. The filed Memorandum of Appeal is rubberstamped, with the Appellant's signature inside the rubberstamp impression. However, it bears no date. The accompanying Complaint is dated 8th April, 2009, and is signed by the Appellant.

In his affidavit of service, dated the 24th August, 2009, the Appellant has deposed that he served the appeal upon the Respondent on the same day. The Respondent acknowledges service. Under Rule 16 (1) of the Rules, the Respondent was required to file a response to the appeal within 10 days from the date of service.

On the 1st September, 2009 the Respondent filed a Preliminary Objection, dated the same day. Two days later, on the 3rd September, 2009, the Respondent filed a Statement of Response in the form prescribed under the Procedure Rules and on 10th September the Appellant filed a reply to the Preliminary Objection. The Preliminary Objection was fixed for the hearing on the 24th September, 2009. On that day, the Appellant appeared in person and applied for an adjournment to enable him engage counsel to represent him. The application for adjournment was not opposed by the Respondent an adjournment was granted. Hearing of the Preliminary Objection was stood over to the 2nd October, 2009.

The parties appeared before us on 2nd October, 2009, with Mr. Kamau representing the Appellant and Mr. Fraser appearing for the Respondent. Counsel for the Respondent urged the Tribunal to uphold the Preliminary Objection and strike out the appeal. Mr. Kamau conceded that the appeal was filed outside the prescribed period, but he pleaded with the Tribunal to enlarge time and deem the appeal as having been filed on time. The Tribunal ruled that "the best option in this matter, considered in its peculiar circumstances was that each party be heard fully on the merits of their case". The Tribunal further directed that "for the larger interests of justice to be served, we hereby direct that the issues raised in the Preliminary Objection will be argued within the Appeal itself, that is to say in reply to the Appeal in addition to all other ground in opposition to the Appeal". The Tribunal accordingly directed the parties to file written submissions. The Appellant was to file his submissions by 16th October, 2009 and the Respondent was to file replying submissions by 26th October, 2009. The matter was fixed for hearing on 6th November, 2009 when the parties were expected to highlight their written submissions.

The Appellant filed his submissions on 14th October, 2009, through the firm of Tim Okwaro and Company Advocates, who had replaced Kibanya & Kamau Advocates. The Respondent filed its submissions on the 26th October, 2009. When the matter came up for hearing on 6th November, 2009, it was noted that on 3rd November, 2009, the Appellant had filed a reply to the Respondent's written submissions. Counsel for the Appellant applied for leave for the Appellant's Reply to the Respondent's submissions to be deemed as being properly on record, which was granted.

Grounds of Appeal & Response

The grounds of appeal are contained in the Appellant's undated Memorandum of Appeal and are reproduced verbatim as hereunder:

- "1. THAT the Commissions decision is not based on reasoning and is based not on the evidence adduced in the complaint, the submissions, replies to submissions and/or the Appellant rejoinder but on extraneous facts.
2. THAT the Commissions decision is based largely if not entirely on the Appellants complaint letter against corrupt official's of the Respondent dated 2nd January 2008 addressed to His Excellency the President and that of 15th January 2008 addressed to the Permanent Secretary Ministry of Energy respectively.
3. THE Commission's finding that the Appellant's averment over the inherited bills for KSh. 41,002 is itself baseless as the Appellant's several readjustment of the bills from KSh. 80,782 to KSh. 53,535.78 then by a further KSh. 7,778.70 and lastly to KSh. 42,000 is by itself both express and implied admission of validity of the claim.
4. THE Commission's finding under section 57 (3) (a) of the Energy Act 2006 is itself totally untenable as whereas the electric supply line shall be the property of the Respondent its use and/ or must with the knowledge and consent of the customer (Read Appellant) which in any case must not cause prejudice to the customer's full user of the electricity supply such as causing low voltage resulting in loss of business.
5. THE Commission's finding that the Respondent is a stranger to the matters of sale of plot containing the subject-matter herein from one John Karegi Njoroge to the Appellant leading to the issue or previous and/or inherited electricity bill of KSh. 41,002.80 is itself totally unsupported by cogent evident as there is an express admission of the same in paragraph 4 of the sale agreement between the Appellant the vendor dated 8th May, 1994.
6. THE Commission erred in not making a clear and concise decision on the issue of 3-phase electric power supply as it has ignored to deliberate on whether or not the Appellant paid the sum of KSh. 62,392.50 and if so was the Appellant then not entitled to either a refund of the same with interest or to have the same connected or supplied to him.
7. THE Commission erred in holding that compensation by way of damages was not awardable by the Commission and failed to fully understand and embrace the opinion of Mr. Mwenesi(sic) as much as that of the Appellant's counsel Mr. Ndungu Wariuki that in terms of sections 8 and 52 of the Energy Act, damages are payable to any person for any bodily injuries occasioned by the Respondent, his property or his interests.
8. THE Commission's decision in partial(sic) as it completely ignores to address or consider the issue raised in the Appellants general submission, rejoinder and reply to the Respondents written submission but rather giving a lot of weight to those of the Respondent."

We understand the Appellant to be asking the Tribunal to set aside the decision of the Commission and to grant the prayers appearing at paragraph 57 of the Complaint filed together with the Memorandum of Appeal. These prayers are substantially the same as those which the Appellant had sought from the Commission.

The Respondent opposes the appeal on the following grounds:

1. The Tribunal does not have the jurisdiction to hear the appeal because it was filed outside the period prescribed in the Energy Act (hereinafter referred to as "the Act") and contrary to the Procedure Rules.
2. The Appeal has no merit.
3. The jurisdiction of the Commission does not extend to the power to award of damages.

Issues for Determination

The Tribunal would summarize the issues for determination in this appeal as follows:

1. Whether the Tribunal has jurisdiction to entertain this Appeal;
2. Whether the Commission erred in holding that the Appellant was responsible for the payment of the "inherited" electricity bill of KSh. 41,002.35.
3. Whether the Commission was right in rejecting the Appellant's request for a declaration that the Respondent had made "illegal" connections from the Appellant's supply line without the Appellant's consent.

4. Did or not the Commission erred in failing to make a clear and concise decision on the 3- phase power supply and in ignoring to deliberate on whether the Appellant had paid to the Respondent the sum of KSh. 62,392.50 and whether the Appellant was entitled to a refund of the same.
5. Whether the Commission erred in holding that it had no jurisdiction to award damages.
6. Whether or not the decision of the Commission is supported by the evidence and reasoning.

The Tribunal's Jurisdiction

The issue of the Tribunal's jurisdiction was taken by counsel for the Respondent both in the Notice of Preliminary Objection and in the Statement of Response to the appeal. Counsel the Respondent has further addressed the issue in the written submissions. It is not necessary here to repeat the Respondent's arguments; suffice it to state that those arguments are to the effect the Appeal is not properly before the Tribunal and is incompetent for having been filed outside the prescribed period and contrary to the Procedure Rules. The Appellant's response was that he is a layman and therefore unfamiliar with the rules of procedure before the Tribunal; and, consequently, his failure to comply with the legal requirements was not deliberate.

In regard to the appeal having been filed out of time we note that the Appellant filed this appeal in person. He has requested the Tribunal to exercise its discretion and enlarge time. We believe that we can exercise this discretion even though the request to extend time was made after the expiry of the prescribed time for filing the appeal (see s.59 of the Interpretation and General Provisions Act). We are satisfied, upon consideration of all the material placed before us, that this is a proper case to extend time, in exercise our discretion under section 26 of the Energy Act. We hereby enlarge time such that the appeal, filed on 9th July, 2009, is deemed to have been duly filed within the prescribed period.

With regard to the Appellant's failure to comply with the Procedure Rules, we note that this complaint relates to the form in which the Appeal was brought before the Tribunal. The provisions of paragraph 12 (3) of the Third Schedule to the Act requires the Tribunal to do substantial justice without undue regard to technicalities. We are satisfied that the failure of the Appellant's documents to comply with our Rules has not prejudiced the Respondent or occasioned any miscarriage of justice. We are therefore inclined to overlook those procedural lapses in the peculiar circumstances of this appeal.

In the light of what we have said above, we now hold that the Tribunal has jurisdiction to hear and determine this appeal on its merits.

"Inherited" Bills

In his submissions filed through his counsel on 14th October, 2009, the Appellant is silent as to why he is of the view that the decision of the Commission on the issue of the "inherited" bills is faulty. Instead, the Appellant's submissions makes very general complaints against the Commission on the issue of the "inherited" bills. On his part, counsel for the Respondent supports the decision of the Commission and argues that the decision is correct.

The Tribunal has perused the original record of proceedings before the Commission, including the parties' submissions and the evidence tendered. The Tribunal observes that the evidence produced by the Appellant before the Commission, comprised an agreement of sale of land, dated 8th May, 1994, between the Appellant and a third party; and an electricity supply agreement dated 20th April, 1994, between the Appellant and the Respondent. On the face of it, the latter agreement was for the supply of electricity to residential premises.

The Tribunal is satisfied that the Commission dealt with the issue of "inherited" bills exhaustively. The evidence before the Commission overwhelmingly showed that the Appellant had incurred the so called "inherited" bills. The Tribunal is satisfied that the Commission arrived at the right decision on the evidence before it.

"Illegal" Connections

The Appellant submitted before the Tribunal and before the Commission that the Respondent wrongly supplied other consumers from the supply line connected to a pole within his premises, leading to low voltage and poor quality of supply of electric power thereto.

The Commission in its Decision had the following to say with regard to the location of the electric pole.:

"However, it is noteworthy that during the meetings of the negotiations between the Complainant and the Respondent convened by officers of the Commission referred to hereinabove, a survey was to be carried out on July 6, 2007 (as shown at page 81 of the minutes of the meeting of 3rd July 2007) in the presence of both parties to ascertain the position of the electricity supply line in relation to the Complainant's plot boundary."

The survey was undertaken in the presence of the parties to the dispute. The result of that survey was that the Complaint (now Appellant) had encroached onto a road reserve: The supply line pole was found to be outside the Appellant's compound.

During the hearing before the Commission the Appellant did not produce any other evidence to show that the supply pole was within his premises. The Appellant argued before us that he had produced a valuation report which the Commission did not take into consideration. During oral submission by his counsel and long after the closure of pleadings, the Appellant attempted to produce before us a purported surveyor's report. The Tribunal refused to admit the document because it had not been part of the evidence before the Commission. The Tribunal also held the view that this was an attempt by the Appellant to ambush the Respondent at a very late stage in the proceedings.

We have perused the original record of the Commission and note that the valuation report the Appellant allegedly produced is an incomplete document. In any event, we do not think that it is of any evidential value in terms of determining the site of the electric power pole.

Consequently, we see no reason for departing from the finding of the Commission in regard to the position of the electric supply line and the electric power pole. In other words, we concur with the Commission that these are on a road reserve and not within the Appellant's premises. We further concur with the Commission's finding that the consent of the Appellant was not necessary for the other consumers to be connected when the supply point to those other consumers was on a road reserve.

The Appellant had also claimed before the Commission that the supply to the other consumers had adversely affected him. He alleged that supply to other consumers had led to a reduction in voltage levels of the electricity supply to his premises. The Commission appears not to have made any specific finding on the issue. We have examined the record of the proceedings before the Commission on the issue. We are not persuaded that the Appellant adduced sufficient evidence before the Commission to show that the supply of electricity to third parties was the cause of low voltages.

The Commission's Jurisdiction to Award Damages

The Appellant argued before us that the Commission erred in holding that it had no jurisdiction to award damages. He argued that the jurisdiction is conferred the provisions by of rule 6 of the Electric Power (Complaints and Disputes Resolution) Rules, 2006 (L.N. 106 of 2006) (hereinafter referred to as "the Electric Power Rules") and sections 5, 6, 8, 52, 61 and 63 of the Act.

The Respondent maintains that the Commission has no jurisdiction to award damages either under the Electric Power Rules or under the Act.

We have considered the parties' submissions on the issue. We have also examined the relevant provisions of the law. Rule 6 of the Electric Power Rules provides as follows:

"6. The Board is available to assist complainants in the resolution of complaints in the following matters—

- (a) billing;
- (b) damages;
- (c) disconnection;
- (d) health and safety;
- (e) installations;
- (f) power interruptions;
- (g) licensee practice and procedures;
- (h) metering;
- (i) new connections and extensions;
- (j) reconnections;
- (k) quality of service;

- (l) quality of supply;
- (m) tariffs;
- (n) way leaves, easements or rights of way; and
- (o) any other matter required to be regulated under the Act.”

The “Board” refers to the Commission which is the successor to the Electricity Regulatory Board. In our view, rule 6 of the Electric Power Rules does not confer jurisdiction upon the Commission to award damages. The provision relates to the types of complaints which an aggrieved person can take to the Commission for investigation and resolution. Our understanding and interpretation of the expression “damages” in rule 6 (b) is that it simply means an injury or a loss suffered by the complainant.

Sections 5 and 6 of the Act deal with the functions and powers of the Commission. There is nothing in these two sections giving power to the Commission to award damages. It is our considered view that section 5 and 6 of the Act emphasise more on the regulatory role of the Commission in the energy sector and that any quasi-judicial functions are primarily incidental and are to be invoked to supplement the regulatory role of the Commission. If Parliament had intended to confer such jurisdiction on the Commission, it would have expressly done so.

With regard to section 8 of the Act, we are of the view that the provision is concerned with the Commission’s liability to pay compensation or damages for injury or loss occasioned by the Commission to a person or property. It has nothing to do with the jurisdiction of the Commission to award damages to a complainant.

We are satisfied that section 52 of the Act relates to a licensee’s liability to pay compensation or damages. That section does not give the Commission power to assess or award damages payable by a licensee. We agree with counsel for the Respondent that the jurisdiction to assess or award damages, payable by the Commission or a licensee for liability under the Act, remains with a court of law in exercise of its civil jurisdiction.

We do not see how sections 61 and 63 have any application in conferring jurisdiction to the Commission to award damages. Section 61 deals with instances when supply of electricity may be refused or disconnected, while section 63 deals with the making of subsidiary legislation in form of rules and regulations.

We are therefore satisfied that the Commission was right in holding that it had no jurisdiction to award damages. If we are wrong in finding that the Commission did not have jurisdiction to award damages, we nevertheless find that the Appellant did not adduce sufficient evidence to prove the damages claimed.

3-Phase Power Supply

At paragraph 33 of the Complaint filed in the Commission, the Appellant alleged that he had paid to the Respondent the sum of KSh. 39,372.50 as a deposit for connection of a 3-phase electricity supply. In the Complaint, the Appellant however did not make any specific prayer regarding the alleged application for a 3-phase electricity supply. As far as we can discern from the record of the Commission, the Appellant first addressed the issue of the 3-phase power supply in his written submissions dated the 8th December, 2008. The Appellant’s contention in those submissions appears to be that he had sustained loss of business due to the Respondent’s failure to connect him with the 3-phase power supply. Before us the Appellant has complained that the Commission did not address itself to the issue of the 3-phase power supply.

We have reviewed the decision of the Commission and cannot find any specific reference to the issue of the 3-phase power supply. However, as we have earlier noted, the issue was raised before the Commission to support the Appellant’s claim for loss of business. There was no specific request made to the Commission to order the Respondent to either provide the power supply or to refund the deposit. We are satisfied that this question of the power supply was not made an issue before the Commission and the Commission did not need to address it. In any event, on examination of the record of the Commission we are satisfied that the Appellant did not prove that he had paid for a 3-phase power supply.

The Commission’s Decision

We have examined the record of the Commission and are satisfied that it meticulously and exhaustively dealt with all the issues placed

before it for adjudication. In our view, except on the issue of 3-phase power supply which we have dealt with earlier, the Commission considered all the evidence before it and made correct findings both on the facts and on the law.

Order

We have come to the conclusion that there are no valid grounds for interfering with the decision of the Commission. Consequently, we find that this appeal is without any merit and we dismiss it with costs to the Respondent.

Orders accordingly.

Dated at Nairobi this 20th day of 2009.

MBAGE N. NG’ANG’A,
Chairman.

KIPKETER ARAP CHUMO,
SHEM ARUNGU-OLENDE,
NYAGA KAMUNDI,
Members.

Delivered in the presence of Joseph Kinyanjui Mwai in person for the Appellant and K. A. Fraser for the Respondent.

GAZETTE NOTICE NO. 2898

THE MINING ACT

(Cap. 306)

APPLICATION FOR MINING LEASE

NOTICE is given that an application under section 39 of the Mining Act has been made by Messrs. Elba Mines Limited, P.O. Box 46817-00100, Nairobi, Kenya for a Mining Lease to mine gemstones over an area described in schedule hereto and the said application has been accepted for consideration.

By virtue of the above mentioned section of the Mining Act, the said area of land is therefore re-opened to prospecting and/or mining and by virtue of section 7 (1) (d) of the same Act, the said area of land is excluded from prospecting and /or mining except as regards any prospecting and mining rights granted in respect of the area or any part thereof before the date of this notice which are subsisting or any right of renewal thereof.

Any objection to the grant of the Mining Lease may be made in writing and addressed to the Commissioner of Mines and Geology, P.O. Box 30009-00100, Nairobi, Kenya to reach him within ninety (90) days from the date of publication of this notice.

SCHEDULE

An area of approximately 15 km² situated in Samburu District of Rift Valley Province, delineated on Masiketa Topo Sheet Ref. Nos. 65/4 of scale 1:50,000 and more particularly described as follows:

Commencing at point ‘A’ grid reference BM 650895; thence on a grid bearing of 90° for a distance of approximately 2.0 km to point ‘B’ grid reference BM 670895; thence on a grid bearing of 180° for a distance of approximately 2.5 km to point ‘C’ grid reference BM 670870; thence on a grid bearing of 2800 for a distance of approximately 0.5 km to point ‘D’ grid reference BM 665870; thence on a grid bearing of 180° for a distance of approximately 2.5 km to point ‘E’ grid reference BM 665845; thence on a grid bearing of 2800 for a distance of approximately 0.5 km to point ‘F’ grid reference BM 660840; thence on a grid bearing of 180° for a distance of approximately 2.5 km to point ‘G’ grid reference BM 660845; thence on a grid bearing of 2800 for a distance of approximately 2.0 km to point ‘H’ grid reference BM 640820; thence on a grid bearing of 360° for a distance of approximately 2.5 km to point ‘I’ grid reference BM 640845; thence on a grid bearing of 90° for a distance of approximately 0.5 km to point ‘J’ grid reference BM 645845; thence on a grid bearing of 360° for a distance of approximately 2.5 km to point ‘K’ grid reference BM 645870; thence on a grid bearing of 90° for a distance of approximately 0.5 km to point ‘L’ grid reference BM 650870; thence on a grid bearing of 360° for a distance of approximately 2.5 km to the point of commencement.

MR1662408
M. N. MASIBO,
Acting Commissioner of Mines And Geology.

GAZETTE NOTICE No. 2899

THE MINING ACT
(Cap. 306)

APPLICATION FOR AN EXCLUSIVE PROSPECTING LICENCE

NOTICE is given that application under section 18 (2) of the Mining Act has been made by Messrs. First Works Limited, of P.O. Box 6077-00200, Nairobi, Kenya for exclusive prospecting licence to prospect for industrial minerals over an area described in the schedule hereto and the said application has been accepted for consideration.

By virtue of section 7 (1) (d) of the Mining Act the said area of land is therefore excluded from prospecting and or mining except as regards any prospecting and mining rights granted in respect of the area in question or any part thereof before the date of this notice which are subsisting or any right of renewal thereof.

Any objection to the grant of the exclusive prospecting licence may be made in writing and addressed to the Commissioner of Mines and Geology, P.O. Box 30009-00100, Nairobi, Kenya to reach him within thirty (30) days from the date of publication of this notice.

SCHEDULE

An area of approximately 950km² situated in Kitui District of Eastern Province, delineated on Kitui topo sheet Ref. No. SA-37-6 of scale 1: 250,000 and more particularly described as follows:

Commencing at point "A" grid reference CJ 4040; thence on a grid bearing of 90° for a distance of approximately 47.5km to point "B" grid reference CJ 8740; thence on a grid bearing of 180° for a distance of approximately 20km to point "C" grid reference CJ 8720; thence on a grid bearing of 2800 for a distance of approximately 47.5km to point "D" grid reference CJ 4020; thence on a grid bearing of 360° for a distance of approximately 20km to the point of commencement.

M. N. MASIBO,
MR1662244 *Acting Commissioner of Mines And Geology.*

GAZETTE NOTICE No. 2900

THE MINING ACT
(Cap. 306)

APPLICATION FOR A SPECIAL LICENCE

NOTICE is given that an application under section 17 of the Mining Act has been made by Messrs. AQ Kenya Gold Limited, of P.O. Box 3051-40100, Kisumu, Kenya for a special licence to prospect for copper, gold, nickel and iron ore over an area described in the schedule hereto and the said application has been accepted for consideration.

By virtue of the above mentioned section of the Mining Act, the said area of land is therefore re-opened to prospecting and mining and by virtue of section 7 (1) (d) of the same Act, the said area of land is excluded from prospecting and or mining except as regards any prospecting and mining rights granted in respect of the area or any part thereof before the date of this notice which are subsisting or any right of renewal thereof.

Any objection to the grant of the special licence may be made in writing and addressed to the Commissioner of Mines and Geology, P.O. Box 30009 - 00100, Nairobi, Kenya so as to reach him within thirty (30) days from the date of publication of this notice.

SCHEDULE

An area of approximately 850km² situated in West Pokot District of Rift Valley Province, delineated on Kapenguria topo sheet Ref. No. NA-36-12 of scale 1:250,000 and more particularly described as follows:

Commencing at point "A" grid reference YT 3000; thence on a grid bearing of 90° for a distance of approximately 20km to point "B" grid reference YT 5000; thence on a grid bearing of 180° for a distance of approximately 10km to point "C" grid reference YS 5090; thence on a grid bearing of 90° for a distance of approximately 1km to point "D" grid reference YS 5190; thence on a grid bearing of 180° for a distance of approximately 25km to point "E" grid reference YS 5165; thence on a grid bearing of 90° for a distance of approximately 4km to point "F" grid reference YS 5565; thence on a grid bearing of 180° for a distance of approximately 5km to point "G" grid reference YS 5560;

thence on a grid bearing of 2800 for a distance of approximately 25km to point "H" grid reference YS 3060; thence on a true bearing of 360° at a distance of 40km to the point of commencement.

M. N. MASIBO,
MR1662409 *Acting Commissioner of Mines And Geology.*

GAZETTE NOTICE No. 2901

THE MINING ACT
(Cap. 306)

APPLICATION FOR A SPECIAL LICENCE

NOTICE is given that an application under section 17 of the Mining Act has been made by Messrs. Munster Mining and Exploration Limited, of P.O. Box 75362-00200, Nairobi, Kenya for a special licence to prospect for non-precious minerals over an area described in the schedule hereto and the said application has been accepted for consideration.

By virtue of the above mentioned section of the Mining Act, the said area of land is therefore re-opened to prospecting and mining and by virtue of section 7 (1) (d) of the same Act, the said area of land is excluded from prospecting and or mining except as regards any prospecting and mining rights granted in respect of the area or any part thereof before the date of this notice which are subsisting or any right of renewal thereof.

Any objection to the grant of the special licence may be made in writing and addressed to the Commissioner of Mines and Geology, P.O. Box 30009-00100, Nairobi, Kenya so as to reach him within thirty (30) days from the date of publication of this notice.

SCHEDULE

An area of approximately 763km² excluding an area of an earlier application situated in Kwale District of Coast Province, delineated on Kilifi topo sheet Ref. No. SA-37-15 of scale 1:250,000 and more particularly described as follows:

Commencing at point "A" grid reference EG 5000; thence on a grid bearing of 180° for a distance of approximately 28km to point "B" grid reference EF 5072; thence on a grid bearing of 2900 for a distance of approximately 40km to point "C" grid reference EF 1072; thence on a grid bearing of 360° for a distance of approximately 18km to point "D" grid reference EF 1090; thence on a grid bearing of 90° for a distance of approximately 15km to point "E" grid reference EF 2590; thence on a grid bearing of 360° for a distance of approximately 10km to point "F" grid reference EG 2500; thence on a true bearing of 90° at a distance of 25km to the point of commencement.

M. N. MASIBO,
MR1662317 *Acting Commissioner of Mines And Geology.*

THE PHYSICAL PLANNING ACT
(No. 6 of 1996)

COMPLETION OF PART DEVELOPMENT PLAN

(PDP No. 327/2011/2 for Proposed Site for Kenya Polytechnic University College)

NOTICE is given that the preparation of the above-mentioned part development plan was on 17th February, 2011, completed.

The part development plan relates to land situated within Town Council of Mandera. It is located in Neboi Location of the Road from Mandera to Kalaliyow.

Copies of the part development plan as prepared have been deposited for public inspection at the offices of the District Physical Planning Officer, Garissa, Town Clerk, Town Council of Mandera and local Chief's office.

The copies so deposited are available for inspection free of charge by all persons interested at the offices of District Physical Planning Officer, Garissa, Town Clerk, Town Council of Mandera and local Chief's office, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the District Physical Planning Officer, P.O. Box 252, Garissa, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

GAZETTE NOTICE No. 2622

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED HINDI MJ ROAD – MOKOWE OLD JETTY – LAMU ISLAND'S MNAZI MOJA– MANDA ISLAND 33KV AND 11KV ELECTRICAL TRANSMISSION LINE AND ASSOCIATED SUBSTATION IN LAMU ISLAND, LAMU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed transmission line.

The components of the proposed project include:

- 13.9km 33kv extension of the Rabai – Malindi – Garsen – Lamu mainland line from Lamu mainland's Hindi MJ Road to Mokowe old Jetty.
- 0.5km 33kV submarine cable from Mokowe old Jetty to Lamu Island
- 2.8km 33kV line from the first tower in the Island at Mnazi Moja to the proposed 33kv/11kV substation at Mnazi Moja, Lamu Island
- 1.5km 11kv submarine cable from Lamu Island's Mnazi Moja substation to Manda Island

The proposed construction is of a 17.5kms 33kV & 11kV electrical transmission line from Hindi MJ Road – Mokowe Old Jetty – Lamu Island's Mnazi Moja – Manda Island.

The following are the anticipated impacts and proposed mitigation measures

Environmental Impacts Suggested Mitigation Measures

Terrestrial habitat alteration	<ul style="list-style-type: none"> • Re-vegetation of disturbed areas with native plant species. • Undertake selective clearance by removing tall woody species leaving saplings, for quick regeneration of vegetation along the way-leave. • The selective removal of tall-growing tree species and the encouragement of low growing grasses and shrubs in transmission line rights-of-way. • Removal of alien invasive plant species. • Cultivating native plant species. • Avoiding clearing in riparian areas. • Vegetation management should not eradicate all vegetation.
Noise and vibration	<ul style="list-style-type: none"> • Sensitize the workforce and truck drivers on issues of equipment maintenance. Supervise construction traffic, maintain plant and equipment, undertake construction only during the daytime for peace of the neighbours, workers to wear ear plugs, muffs as part

Environmental Impacts Suggested Mitigation Measures

	<ul style="list-style-type: none"> of the personal protective gear. • Consider the possibility of investing in silencers to reduce quantity of noise produced. • Create a barrier well beyond the perimeter of the high level noise area and the community.
Aquatic habitat alteration	<ul style="list-style-type: none"> • Regular maintenance of site equipment. • Investigate the possibility of catalytic converters. • Safety procedures for fuel storage and refuelling. • Dispose of oil residues carefully.
Road safety	<ul style="list-style-type: none"> • Enforce speed limits for construction vehicles during construction, design a separate vehicle entry different from the common entrance with the residents, streamline traffic flow into and out of the premises, initiate changes in traffic flow in the micro-area upon commissioning, install approximate cautionary signage for motorists entering the premises. • Ensure appropriate road safety signage. • Ensure all drivers adhere to the traffic laws and requirements. • Erection of bumps where human and vehicular traffic have high interaction opportunities.
Soil erosion	<ul style="list-style-type: none"> • Soils excavated for the erection of towers should be used for re-filling and should not be left exposed to wind or water for long periods. • The contractor should avoid steep terrain during the transportation of construction material by using alternative routes or use light vehicles where appropriate. • Riverine vegetation should be minimally disturbed during the construction phase to reduce soil erosion and safeguard riverbank protection. • Re-plant degraded areas with local species common in the area to complement natural vegetation regeneration to improve ground cover.
Air pollution (dust, fuel emissions)	<ul style="list-style-type: none"> • Control speed of construction vehicles. • Prohibit idling of vehicles. • Water should be sprayed during the construction phase on excavated areas. • Regular maintenance of plant and equipment. • Provision of dust masks for use when working in dusty conditions.
Contamination of ground and surface water	<ul style="list-style-type: none"> • Maintenance of construction vehicles should be carried out in the Contractor's camp and a recognized garage. • Proper storage, handling and disposal of oil wastes from machinery, discourage servicing of machinery and vehicles.

<i>Environmental Impacts</i>	<i>Suggested Mitigation Measures</i>
Management of solid waste	<ul style="list-style-type: none"> Contractor must dispose solid wastes away from the site to an approved disposal site. Temporary pit latrine for construction workers.
Risk of fire	<ul style="list-style-type: none"> Establishing a network of fuel breaks of less flammable materials or cleared land to slow progress of fires and allow fire fighting access. Provision of fire safety system that includes training, firefighting equipment; regular maintenance of machinery, vehicles and equipment; and no burning activities to be allowed close to or within the site. Controlled burning of vegetation in transmission line rights-of-way should adhere to applicable burning regulations, fire suppression equipment requirements, and typically must be monitored.
Electrocution from live power lines	<ul style="list-style-type: none"> A maintenance system to ensure physical integrity of structures is maintained. Deactivating and properly grounding live power distribution lines before work is performed on, or in close proximity, to the lines. Ensuring that live-wire work is conducted by trained staff. Workers should not approach an exposed energized or conductive part even if properly trained unless the worker is : - properly insulated from the energized part with gloves or other approved, insulation; the energized part is properly insulated from the worker and any other conductive object; the worker is properly isolated and insulated from any other conductive object (live-line work). Workers should not approach an exposed energized or conductive part even if properly trained unless the worker is properly insulated from the energized part with gloves or other approved insulation; the energized part is properly insulated from the worker and any other conductive object; the worker is properly isolated and insulated from any other conductive object (live-line work).

The full report of the proposed project is available for inspection during working hours at:

- Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- Provincial Director of Environment, Coast Province.
- District Environment Officer, Lamu West District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

B. M. LANGWEN,
for Director-General,

MR1272537 National Environment Management Authority.
GAZETTE NOTICE NO. 2623

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED GABLES PARK ESTATE ON L.R. NO. 12715/617, SYOKIMAU, MACHAKOS DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed multi-user residential housing development.

The proposed multi-user residential housing development project comprises of seventy seven (77) four-bedroom single-storey units.

The proposed site is found at Syokimau, off Mombasa Road, Mavoko Municipality, Machakos District within plot number 12715/617, measuring 2.025 hectares.

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible impacts</i>	<i>Mitigation measures</i>
Discharge of domestic wastewater from the housing estate	<ul style="list-style-type: none"> Construct on-site compact domestic effluent treatment plant that meets prescribed NEMA discharge standards. Regularly monitor efficiency of the plant by testing samples for compliance.
Traffic safety during construction	<ul style="list-style-type: none"> Erection of clear traffic warning signs about the hazard on both sides of the road to Syokimau.
Construction work safety	<ul style="list-style-type: none"> Provide safe working conditions and tools including personal protection wear for workers.
Public safety around site	<ul style="list-style-type: none"> Fence off the entire site with a perimeter wall and no entry for unauthorized people.
Deforestation and environmental degradation at source of construction materials	<ul style="list-style-type: none"> Source construction materials especially quarry stones, timber and sand only from compliant or licensed dealers.
Dust emission during construction	<ul style="list-style-type: none"> Use water spray to suppress dust.
Public health and communicable diseases	<ul style="list-style-type: none"> Liaise with Municipal Health Officer to sensitize workers about infectious diseases especially HIV AIDS.
Solid waste disposal	<ul style="list-style-type: none"> Recycle, reuse and where not possible store waste in suitable bins and use only NEMA Licensed waste disposal firms.
Site sanitation	<ul style="list-style-type: none"> Provide clean running water and a temporary sanitation system for site hygiene.
Vegetation cover reduction	<ul style="list-style-type: none"> Plant trees indigenous to the area and flowers.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- Provincial Director of Environment, Eastern Province.
- District Environment Officer, Machakos District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

B. M. LANGWEN,
for Director-General,

MR1273960 National Environment Management Authority.
GAZETTE NOTICE NO. 2624

THE ENVIRONMENTAL MANAGEMENT AND

CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED INSTALLATION OF MACHINES AND
MANUFACTURING OF DRY CELL BATTERIES IN A SMALL-
SCALE PLANT IN A GODOWN LOCATED IN AN INDUSTRIAL
ZONE ON L.R. NO. 21694 ALONG MOMBASA ROAD, NAIROBI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed small-scale dry cell battery manufacturing plant.

The proposed project involves a plant to manufacture the dry cell batteries. The other activities of this project include installation of machines which have already been imported into the country and are at the proposed site/location. These machines will be used for the manufacturing of the dry cell batteries.

The proposed project is located along Mombasa Road in Nairobi in a godown built on Plot L.R No. 21694.

The following are the anticipated impacts and proposed mitigation measures.

<i>Possible Impacts</i>	<i>Mitigation measures</i>
Air pollution and dust generation	<ul style="list-style-type: none"> • Use well maintained trucks and machinery that do not produce excess fumes. • Use low-sulphur diesel for diesel operated machinery • Provide PPE to construction workers. • Ensure strict enforcement of on-site speed limit regulations • Avoid excavation works in extremely dry weathers • Sprinkle water on graded access routes each day to reduce dust generation by construction vehicles • Use of dust nets to reduce spreading of generated dust. • Sprinkle water on ballast before feeding it in concrete mixer.
Noise and vibration	<ul style="list-style-type: none"> • Comply with EMCA (Noise and excessive Vibration Pollution Control Regulations 2009 regarding noise limits at the work place • Use manual labour as much as possible. • Provide workers with PPE. • No idling of vehicles and machinery if not in use. • Avoid unnecessary hooting of vehicles. • Ensure all generators and heavy duty machines are insulated or placed in enclosures to minimize noise levels. • All construction works should be carried out during day time. • Educate construction vehicle drivers and machinery operators to switch off engine when not in use.
Increased solid waste	<ul style="list-style-type: none"> • Use integrated solid waste management, through source reduction, recycling, reuse, combustion and sanitary land filling • Left over after the manufacturing activities should be reused if possible instead of disposing them off. • Use of durable raw materials • Use raw materials that have minimal or no packaging materials. • Re- use or donate packaging materials

*Possible Impacts**Mitigation measures*

	<p>such as cartons, plastic containers</p> <ul style="list-style-type: none"> • Provide collection waste bins on site at designated area. • All waste should be disposed off at designated dumpsites or landfills. • Contract private companies to collect and dispose off the waste. • Run educational campaigns amongst employees through use of posters to encourage the reuse and recycling of solid waste.
Clearing of vegetation	<ul style="list-style-type: none"> • Decorative plants and flowers should be introduced where possible during and after landscaping in lanes round the godowns to promote aesthetics. • Proponent should landscape the road reserve. • Establishment of flower gardens within the project site. • Where possible retain some of the natural vegetation. • No disturbance to areas not affected by the project. • Planting of flower lawns.
Occupational health and safety	<ul style="list-style-type: none"> • Remove and wastes works as soon as it's generated. • Warning signs of manufacturing work going on should be displayed. • The contractor should maintain a regular inspection schedule with the Nairobi City Council to certify and conform to standards set. • Secure the areas that contain toxic raw materials to only be accessed by the qualified personnel. • Appoint a safety supervisor. • Machines to be operated by qualified personnel only. • All machinery and other moving parts of machinery must be enclosed or guarded to protect injury. • Warning and safety signage indicating that construction is in progress should be clearly shown. • Provide fully equipped First Aid Kits. • Provide PPE for all workers.
Chemical spillages, oil leaks and spills	<ul style="list-style-type: none"> • Use well serviced machinery to minimize grease/oil leaks. • No servicing of the machinery at the site. • Store petroleum products properly in the raw materials store. • Use manual labour as opposed to machinery.
Waste water generation	<ul style="list-style-type: none"> • Provision of storm water drains. • Sewage and effluents should always drain effectively into established sewerage treatment system as per approved design. • Proper decommissioning of waste water and sewer system. • Comply with EMCA (Water Quality), Regulation, 2006.
Increased solid wastes generation	<ul style="list-style-type: none"> • Re-use the raw material debris and other wastes. • Waste should be properly segregated

<i>Possible Impacts</i>	<i>Mitigation measures</i>
	and separated according to the level of toxicity.
	<ul style="list-style-type: none"> • Provide bins, one for bio-degradable matter and another for non-biodegradable. • All waste should be disposed as per the NCC by laws.
The full report of the proposed project is available for inspection during working hours at:	
(a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.	
(b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.	
(c) Provincial Director of Environment, Nairobi Province.	
(d) District Environment Officer, Embakasi and Makadara Districts.	
The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.	
B. M. LANGWEN, <i>for Director-General,</i> MR1662386 <i>National Environment Management Authority.</i>

MUNICIPALITY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed landfill development on plot Nos. Nyeri Municipality Block 4/91, 99 and 100, Nyeri Municipality.

The project involves development of a sanitary landfill to improve waste management in Nyeri Municipality. The project is located on Plots. No. Nyeri Municipality/Block 4/91, 99 and 100.

The following are the anticipated impacts and mitigation measures:

<i>Possible Impact</i>	<i>Mitigation Measures</i>
Clearance of vegetation and soil erosion	<ul style="list-style-type: none"> • Areas susceptible to erosion should be protected by installing necessary temporary and permanent works. • Minimize disturbance to flora and fauna in the neighbouring areas. • Erect barriers to all open excavations to keep off animals and workers.
Air and noise pollution	<ul style="list-style-type: none"> • Ensure that noisy machineries are insulated/temporary fencing. • Noise hazard signs should be put displayed where necessary. • Ensure strict enforcement of speed limits. • Avoid excavation works in dry weather and control dust emissions by sprinkling water;
<i>Possible Impact</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> • Noise standards should be enforced to protect workers and area residents.

Occupational health and safety	<ul style="list-style-type: none"> • Workers subject to unacceptable noise levels should wear earplugs and their working time within these areas should be limited. • Workers should be trained on safe work procedures regarding control of hazardous dust exposure. • Dust generating activities like excavation and handling of soil should be avoided during strong winds. • Limit construction activities to day-light hours only. • Hazardous areas should be secured and all workers provided with PPEs and their use enforced. • Enforce compliance with labour laws and health and safety rules and provide with first aid facilities. • Ensure that all workers have insurance covers.
Fire hazards and accidents	<ul style="list-style-type: none"> • Install proper fire fighting equipments during and after construction. • Avoid storage of flammable materials near possible fire source. • Sensitize workers on fire safety.
Transportation impacts	<ul style="list-style-type: none"> • Improve the access roads. • Minimize waste scattering during transportation. • Ensure the transportation trucks complies with environmental standards.
Disposal of non degradable waste	<ul style="list-style-type: none"> • Minimize waste going to landfill by establishing an incineration plant to dispose waste like papers.
Increase in LFG, GHG emissions, dust and odours	<ul style="list-style-type: none"> • Proper application of cover material (soil) at the close of each day. • Dust control measures to be applied where deemed necessary through watering.
Potential contamination of soil, sub-soil and groundwater from leachate.	<ul style="list-style-type: none"> • Proper leachate transfer should be applied to minimize contamination. • Waste should be removed from the borders of cells to reduce the risk of uncontrolled leachate generation. • Monitor the head of leachate in the cell – not to exceed 1 ft in accordance with international specifications. • Implement groundwater monitoring program. • The cells lining and the collection system should be correctly installed in cells to avoid potential leachate infiltration in the soil and sub-soil layers. • Definition of a storm water management system is required to collect and treat the water run off and specification of the slope for future cells. • Implement monthly monitoring program of perimeter wells and surface effluents must meet environmental effluent discharge standards. • Minimize potential infiltration of uncontrolled leachate into the groundwater.
Public/occupational health and safety	<ul style="list-style-type: none"> • Develop a health and safety plan by establishing disposal procedures as well as including requirements for the applicable labor laws.
<i>Possible Impact</i>	<i>Mitigation Measures</i>
Risk of nuisance or	<ul style="list-style-type: none"> • Install a perimeter fence around the site • Proper application of cover material

disease from vectors	(soil) at the close of each day.
Flaring gas	<ul style="list-style-type: none"> Install gas monitoring wells at conventional spacing and/or in sensitive locations for monitoring the potential migration of landfill gases from the landfill.
Implementation of the EMP	<ul style="list-style-type: none"> Proponent should include environmental considerations in monthly progress reports and indicate progress in the implementation of mitigation measures as outlined in the EMP.
Information dissemination	<ul style="list-style-type: none"> Develop a community liaison and public information program.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- Provincial Director of Environment, Central Province.
- District Environment Officer, Nyeri District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

B. M. LANGWEN,
for Director-General,

MR0405283 National Environment Management Authority.

GAZETTE NOTICE No. 2906

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT (No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED ATHI RIVER 81MW THERMAL POWER PLANT ON PLOT NO. 18474/216, ATHI RIVER, MACHAKOS DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Athi River 81 MW thermal power plant.

The proposed project shall comprise of an MSD power plant principally consisting of the following components:

- Power house (containing ten ZGPT/Hyundai engines).
- Waste heat recovery system.
- Medium voltage switchgear.
- Step – up transformers 11/66KV.
- High voltage switch gear.
- Transportation and delivery to site.
- Civil and structural works.
- Installation activities.
- Commissioning and start-up and
- Testing.

The proposed site is situated in the Athi River area of Mavoko in Machakos District on a 10.00 ha plot no. 6&7 located behind East African Portland Cement company.

The following are the anticipated impacts and proposed mitigation measures:

Possible impacts	Mitigation measures
Extraction site impacts to ensure efficient use of raw materials in	<ul style="list-style-type: none"> Source building materials from local suppliers who use environmentally

construction	friendly processes in their operations
	<ul style="list-style-type: none"> Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. Ensure that damage or loss of materials at the construction site is kept minimal through proper storage.
Loss of vegetation cover	<ul style="list-style-type: none"> Ensure proper demarcation and delineation of the project area to be affected by construction works. Introduction of vegetation(trees, shrubs and grass) on open spaces and around the project site and their maintenance. Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction
Air pollution by dust and VOCs generated during construction process	<ul style="list-style-type: none"> All personnel working on the project will be trained prior to starting construction on methods for minimizing air quality impacts during construction Construction of heavy earth moving vehicle drivers will be under strict instructions to minimise unnecessary trips, refill petrol fuel tanks in the afternoon and minimise idling of engines. Careful screening of construction site to contain and arrest construction-related dust. Exposed stockpiles of e.g. dust and sand, will be enclosed, covered and watered daily or treated with non- toxic soil binders. All workers will be required to wear protective gear while on site. Ensure construction machinery and equipments well maintained to reduce exhaust gas emission.
Pollution from hazardous waste	<ul style="list-style-type: none"> Handling of the materials using the material safety data provided by the manufacturers. Appoint a safety officer to ensure that proper disposal guidelines are observed. Ensuring that maintenance and/or piece of work carried out on any piece of equipment or construction work is undertaken by qualified personnel. In case of spillage emergency spillage control measures to be instituted. Containerization of any wastes and disposal through a licensed waste handler.
Noise and vibration by construction activities	<ul style="list-style-type: none"> Use of equipment designed with noise control elements will be adopted where necessary. Trucks used at construction site shall be routed away from noise sensitive areas where feasible. Idling time for pick-up, trucks, other small equipments will be minimized to limited time. All workers operating in noisy areas or operating noisy equipments will be provided with earpieces to protect against extreme noise.

Possible impacts	Mitigation measures
	<ul style="list-style-type: none"> Comply with L.N 25: Noise Prevention

and Control Rules, 2005.

- Installation of silencers on the generators.
- Do annual noise measurements.
- Do employee medical examinations.
- Traffic and transport
 - Vehicle comply with axle load limits.
 - Take advantage of off-peak hours.
 - Well trained and experienced drivers.
- Generation of solid waste
 - Wastes to be collected regularly to control air pollution and vermin/insects etc.
 - Receptacles will be provided for waste storage prior to collection.
 - Resource recovery will be encouraged once the project takes off so as to shrink waste stream and recover non-recyclables.
 - Refuse collection vehicles will be covered to prevent scatter of wastes by wind.
 - Wastes will be collected by a licensed operator to void final dumping at unauthorised sites.
 - All persons involved in refuse collection shall be in full protective attire.
- Air pollution
 - Drivers of heavy earth moving vehicles will be under strict instructions to minimise unnecessary trips, refill petrol fuel tanks in the afternoon and minimise idling of engines.
 - All workers on the site will be required to wear protective clothing while on duty.
 - Suitable wet suppression techniques need to be utilised in all exposed areas.
 - Use of low sulphur fuel to run the engines to be encouraged.
 - The stack chimney of the generators will be constructed to a height of at least 30 meters and stack emissions regularly monitored using the inbuilt monitoring system.
 - Set up an air quality monitoring station at about 10 KM west of site to collect SO₂ and NO_x data.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- (c) Provincial Director of Environment, Eastern Province.
- (d) District Environment Officer, Machakos District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

B. M. LANGWEN,
for Director-General,

National Environment Management Authority.

GAZETTE NOTICE NO. 2907

THE LOCAL GOVERNMENT ACT

(Cap. 265)

THE TOWN COUNCIL OF TAVETA

APPROVED FEES AND CHARGES

IN EXERCISE of the powers conferred by section 148 of the Local Government Act, the Town Council of Taveta has, with the approval of the Deputy Prime Minister and Minister for Local Government, imposed the fees and charges schedules as hereunder with effect from 31st January, 2011.

Item of Description	Unit of Measure	Current Unit Costs	Revised Unit Costs
Space fees kiosk (Single)	Per month	60	300
Space Fees Kiosk (Double)	Per month	120	600
Property Rates	Site Value	2%	5%
<i>Graduated Area rates:</i>

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette*, *Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be

submitted to the Government Printer through the office of the Attorney-General.

- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- Dates must be correct and filled in where necessary.
- Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
