## THE INDUSTRIAL COURT

CAUSE NO. 20 OF 1966

Parties:—

Kenya Timber and Furniture Workers' Union  
and

Dodhia Trading Store, Ruiru

Issue in dispute:—

Wages Claim.

1. The Kenya Timber and Furniture Workers' Union shall hereinafter be referred to as the Claimants and the Dodhia Trading Store, Ruiru shall hereinafter be referred to as the Respondents.

2. The Parties were heard in Nairobi on the 19th and 20th of May 1966, and relied on their written and verbal submissions. The Claimants called one witness and the Respondents called two witnesses in support of their case. The Court, in order to clarify certain matters, called two witnesses from the Federation of Kenya Employers.

## GENERAL BACKGROUND

3. The Respondents recognized the Claimants on 25th September 1962, and an agreement regulating the terms and conditions of the Respondents' employees was entered into between the Parties. On 2nd December 1963, the Respondents joined the Timber Industries Employers' Association (hereinafter called the Association). The Association had also recognized the Claimants and had entered into two separate agreements on behalf of its members with them. These two agreements were classified as Urban and Rural, to cater for those employers who operated their businesses in urban areas and rural areas, the terms and conditions of the two agreements being different.

The Respondents on 2nd December 1963, had applied to join the rural section of the Association although without their knowledge they had been classified in the urban section. It appears that throughout 1964 and some part of 1965 the Respondents continued to pay the wages which they had agreed with the Claimants in the 1962 agreement, as the Rural Agreement of the Association specified wages lower than the ones being paid by the Respondents.

At the beginning of 1965 the Association started negotiations with the Claimants in respect of revised terms and conditions of service. After discussions new agreements were executed between the Association and the Claimants. An agreement in respect of urban operators was executed on 22nd July 1965, and the agreement in respect of rural operators was executed on 23rd September 1965. During the hearing witnesses gave various versions of as to what took place prior to and after the agreement in respect of urban workers was executed on 22nd July 1965. Mr. F. T. Henson, the Chairman of the Association who is also the General Manager of Timsales, stated that he signed this agreement on the express understanding that Ruiru and Machakos would be included amongst the townships shown in column 2 on page 1 of this agreement. Mr. Kutahi, the Assistant Executive Officer in the Federation of Kenya Employers, on the other hand denied this and stated that Mr. Henson raised this question a week or so after the agreement had been executed and it was then, that he at the request of Mr. Henson and the Claimants added in his own handwriting the words "Ruiru and Machakos" on the cyclo-styled copies of the agreement. Mr. Kidusu, an Industrial Relations Officer in the Ministry of Labour, produced his file relating to conciliation efforts made by the Ministry between the Parties hereto. He produced two copies of the agreement of 22nd July 1965. The first copy did not include Ruiru and Machakos amongst the townships on page 1 but the second agreement included these, written with ink. Mr. Kutahi agreed that this amendment was in his handwriting.

At the beginning of September 1965 the Claimants informed the Respondents that they should now pay the urban rates of wages and forwarded them a copy of 22nd July 1965 agreement. The Respondents did not accept this as they maintained that Ruiru was not meant to be amongst the townships specified in the agreement and that Ruiru had been added to the agreement by certain individuals without the proper authority from the Association. For this reason and some others, which are not very relevant to the dispute, the Respondents resigned from the Association in October 1965.

The Claimants, however, kept up their demands with the Respondents to implement the Urban Agreement of the Association dated 22nd July 1965, and the matter was referred to the Ministry of Labour as a dispute. Mr. W. W. Kidusu was appointed to act as conciliator. On 9th November 1965, the Claimants and the Respondents entered into the following agreement:—

## "Agreement—Trade Dispute

The Parties to this Agreement agree that Messrs. Dodhia Trading Store, Ruiru, have implemented a negotiated agreement stipulating terms and conditions of service in the Rural Area which became effective on 1st October 1965.

The General Secretary of Kenya Timber and Furniture Workers' Union withdraws forthwith a trade dispute reported in his letter No. TFWU/MLSS/26/19 dated 28th October 1965.

Signed and on behalf of Dodhia Trading Store.  
VIRAJ DODHIA.

Signed and on behalf of Kenya Timber and Furniture Workers' Union.

E. OTOTSI.

Witnessed by Mr. W. W. Kidusu (Labour Officer).  
W. W. KIDUSU.

9th November 1965."

When Mr. Kidusu gave evidence he stated that as a result of his consultations with the Chief Industrial Relations Officer he embarked on further negotiations between the Parties as it was felt that the aforesaid agreement would place the Respondents in a more advantageous position as far as their competitors, mainly Timsales, were concerned. Evidence was led that during these negotiations, which were carried out in the early part of 1966, the Respondents made an offer of Sh. 10 increase to all employees in addition to the Sh. 5 increase which they had already granted their employees on or about the time when the aforesaid agreement was signed. The Claimants, however, were not prepared to reduce even by one cent the rates as laid down in their Urban Agreement with the Association. In these circumstances the Parties signed the notification of dispute form to the Industrial Court in accordance with the Trade Disputes Act, 1965. This was done on or about 15th April 1966.

## MAIN SUBMISSIONS ON BEHALF OF THE CLAIMANTS

4. The Claimants submitted that their members were entitled to have the full benefit from the Respondents of the Urban Agreement between themselves and the Association because when this agreement was negotiated and signed between the Parties the Respondents were a member of the Association and had been classified in urban section. They stated that Ruiru was included in the second category of towns along with such places like Machakos, Eldoret, Kericho, Kitale, Nakuru, Nyeri, Nanyuki, Thika, Thomson's Falls and Naivasha. The Claimants argued that it was immaterial at what time Ruiru was included amongst these towns because it was included in the agreement with their and the Association's consent. The Claimants denied that they had been instigated by the Chairman of the Association to pursue their demands with the Respondents and stated that they were duty bound to fight for increased benefits for their members.

The Claimants strongly submitted that the Respondents could not escape their obligations which had fallen on them during their membership of the Association, as even if they had not joined the Association, the Claimants would have pursued their demands with the Respondents on an individual basis. The Claimants were very critical of the manner in which the officers of the Ministry of Labour had handled this matter and requested the Court to reject the agreement of 9th November 1965, which had been secured by Mr. Kidusu.

The Claimants submitted that the Respondents' business was not like the other employers who were classified in the rural section and, therefore, the Respondents could not be entitled to implement rural rates. The Claimants stated that as far as they were concerned the matter was a straight forward one and they were not concerned with the rivalry between the Timsales and the Respondents and the part that Mr. Henson had played in getting the Respondents included in the Urban Agreement. The Claimants, therefore, requested the Court to award them the rates that were incorporated in the Urban Agreement of 22nd July 1965, between the Claimants and the Association as from 1st August 1965.

## MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENTS

5. The Respondents stated that this was an unusual dispute in that they were not only fighting the Claimants but also the Chairman of the Association who was also the General Manager of Timsales as it was the intention of this gentleman to drive the Respondents out of their business of box making. They stated that this was a personal feud between the Chairman of the Association and the Respondents and the present dispute was directly attributable to the activities of Mr. Henson. The Respondents drew the Court's attention to the evidence of the Assistant Executive Officer of the Federation of Kenya Employers, Mr. Dodds, who had clearly stated that there was no record of the Association having notified the Respondents that their application for rural membership had been rejected and that they were classified in the urban section. Mr. Dodds had further pointed out that there was no record at any of the meetings of the Executive Committee of the Association when Ruiru was agreed to be included in the other townships. As far as his knowledge went Ruiru was never approved by the Executive Committee to be included in th

The Respondents stated that as they were dissatisfied with the manner in which the Association had conducted itself and due to the activities of its Chairman they had resigned from the Association in October 1965. After that the Respondents had negotiated with the Claimants directly and on 9th November 1965, the Claimants had withdrawn their dispute. Subsequently, the Claimants' General Secretary had tried to back out from this agreement. This had resulted in a further dispute and conciliation by Mr. Kidusu had been carried out, but without success. The Respondents argued that the Claimants had then threatened strike action and in order to avoid this the matter had been referred to the Industrial Court. The Respondents, however, conceded that during these negotiations they had offered additional Sh. 10 increase to all their employees on their present rates which were Sh. 25 higher than the rural rates being paid by the Association.

The Respondents finally submitted as follows:—

- (a) That the agreement executed on 22nd July 1965, in respect of urban areas did not include Ruiru among the townships specified as urban. The inclusion of Ruiru in this agreement subsequently was unauthorized.
- (b) That the Chairman of the Association to further his own group's business interests had used the Association to place the Respondents at a disadvantage.
- (c) That the Claimants had realized from the facts of the situation that Ruiru could not properly form part of the urban area and had, therefore, withdrawn the dispute from the Ministry of Labour.
- (d) That the Kenya Government did not include Ruiru in the urban areas and if the Respondents were to implement the Urban Agreement of the Association this would create general industrial unrest in that area.
- (e) That the Respondents were not in a position to pay the wages as set out in the Urban Agreement because they had suffered business losses in the recent past and their main business was of saw milling and not of box making.
- (f) That the Respondents enjoyed no forest concessions and had to rely on very uncertain supplies from small African suppliers for their timber and if their wages were increased anywhere near the rates of the Urban Agreement of the Association they would be forced to close down their business.

The Respondents, therefore, submitted that as the dispute before the Court was whether or not they should implement the Urban Agreement of the Association they were entitled to an award stating that they should not implement this agreement. Without prejudice to this, the Respondents stated that their offer of an additional Sh. 10 increase was fair and reasonable in the circumstances.

#### AWARD

6. There are some very unsatisfactory features in this dispute and the matter is further complicated by the allegations made against Mr. Henson, the Chairman of the Association in that he was instrumental in getting the word "Ruiru" added on the agreement dated 22nd July 1965, made between the Association and the Claimants. There was a conflict in evidence given by Mr. Henson and Mr. Kutahi on the question of when and under what circumstances Ruiru was added on this agreement. Mr. Dodds, the Assistant Executive Officer of the Federation of Kenya Employers, produced recorded minutes of the meetings of the Association and stated that he could not find anywhere the decision to include Ruiru amongst the townships in the Urban Agreement of the Association.

In these circumstances and coupled with the fact that the Respondents had applied to join the Association's rural section in the first place and continued to abide during 1964 and 1965 by this agreement, the Court finds that the Respondents are not bound by the Urban Agreement of the Association.

The Court is, however, satisfied that most of the Respondents' business is that of box making and, therefore, they should not be allowed to take advantage of the rates laid down in the Rural Agreement between the Claimants and the Association. As it is the Respondents are at present paying Sh. 25 more than these rates.

The Court overrules the Respondents' submission that the dispute before the Court was whether or not they should implement the Urban Agreement of the Association because the notification of dispute form clearly states "Wages Claim" as the only issue.

After a very careful consideration of all the submissions and the evidence of the witnesses, the Court awards an increase of Sh. 20 to all employees of the Respondents as from the 1st of January 1966. Further the employees shall continue to enjoy all the benefits which they get at present.

Given in Nairobi this 6th day of June 1966.
