CHAPTER TWO

2.0 THE EXTENT OF COMPLIANCE WITH VALUES AND PRINCIPLES

2.1 PREAMBLE

This chapter enumerates the activities that demonstrate the extent to which the values and principles referred to in Articles 10 and 232 are complied with in the county public service. It also explains the actions taken by the board in the promotion of the specific values and principles.

2.2 THE EXTENT OF COMPLIANCE—ARTICLE 10—NATIONAL VALUES AND PRINCIPLES OF GOVERNANCE

2.2.1 Patriotism, National Unity, Sharing and Devolution of Power, the Rule of Law, Democracy and Participation of the People

2.2.1.1 Situational Analysis

Some of the devolved units like the Wards and villages were not fully operational. Therefore, this meant that the Citizens of Kitui County were not participating adequately in the development issues of the County Government possibly for lack of information since the services were not as near them as the constitution intended. The Board also established that the culture for use of County colours is being inculcated in the county public service.

2.2.1.2 Action Taken

The Board Continues to advocate for patriotism and as a result, county colours and symbols are being incorporated in all official

County documents, Information, Education and communication Materials, projects branding and painting of County Government buildings. The National and the County flags are being hoisted within the County Government offices. The County Government continues to participate in National holidays while ensuring that county offices have portraits of the President of the Republic of Kenya.

The Board has, and continues to draw the attention of the County employees to the documents uploaded to the County website which include the Constitution of Kenya 2010 and other relevant laws relating to respective values and principles.

The Board has recruited and is still in the process of strengthening the internal capacities of the Sub County, Town, and Ward administration units. Following the enactment of the Kitui County Villages Act, 2015, the Board completed the recruitment of the village administrators for all the villages in the County Government of Kitui.

Democracy and participation of the people has been and continues to be realised through policy formulation forums; the Education Forums, Public participation on Finance Bill and other stakeholder consultative meetings on development. The County Government has developed public participation guidelines with technical and financial support from the Institute of Social Transformation (TISA).

2.2.2 Human Dignity, Equity, Social Justice, Inclusiveness, Equality, Human Rights, Non-discrimination and Protection of the Marginalised

2.2.2.1 Situational Analysis

Assessment on the compliance regarding human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalised was done during the 2016 calendar year. It was established that social amenities within the County Government offices were still deficient. Ablution blocks were lacking gender labels.

Analysis of the composition of the county public service was done. It established that the legal requirements for youth and gender in appointments had been met; however, there was need for concerted effort to address the requirements for Persons living with disability, and the marginalised.

2.2.2.2 Action Taken

The County Government continued the construction of more ablution blocks in public places like markets, schools, offices and bus parks to ensure that Kitui County is open defecation free and to promote the human dignity.

The Board is fully committed to continuous monitoring of compliance to ensure that the ratio of male to female employees remains within the constitutional threshold.

The Board has enhanced the methods of advertising for job vacancies, including use of public announcements through Sub County, Ward and Village administrators and members of the County Assembly in order to reach all and allow for fair competition.

Affirmative action is being undertaken to address the disadvantaged groups such as minority ethnic communities in the County, (e.g. The Tharaka, Arab, Somali, Muslim) persons living with disabilities, youth and women. The Kitui County Budget and Economic Forum (KCBEF), a forum developed as a requirement by the Public Finance Management Act 2012, has membership drawn from across social and professional backgrounds for inclusiveness (women, Professional bodies, PLWDs, the aged, labour unions etc.) The County Government remains committed to the representation of Kenya's diverse ethnic communities in the county public service as evidenced in the appointments undertaken.

The County is mainstreaming HIV/AIDS, gender and disability in implementing various policies as can be reflected in awarding of County contracts and appointments.

The County Government has also prioritized projects on water such as drilling of bore holes, construction of earth and sand dams as well as water reservoirs to ensure that county residents, especially those in arid and marginalised regions, have access to portable water for drinking and other purposes.

2.2.3 Good Governance, Integrity, Transparency and Accountability

2.2.3.1 Situational Analysis

A number of County Ministries had developed service charters. The mechanisms for monitoring integrity, transparency and accountability in the county public service were not elaborate. There were corruption cases which had been reported within the County Government.

2.2.3.2 Action Taken

Through Boards intervention, majority of the County ministries have drawn their service charters. Performance contracts were revised and signed by senior county public service officers to ensure accountability. The complaints handling procedure has been streamlined in the County Government and a committee for the same formed.

The Board upheld the decision of H.E. the Governor to terminate contracts of senior county officers who were suspect on issues of integrity.

In order to enhance transparency and accountability, the County Government continues to publish and distribute booklets highlighting all the development projects undertaken in each of the forty wards, including the cost of each project.

2.2.4 Sustainable Development

2.2.4.1 Situational analysis

Kitui County Integrated Development Plan (KCIDP) had been developed highlighting development needs of the County. The development projects contained in this document had been evaluated and considered based on their sustainability. As a result, the projects initiated are expected to be viable and sustainable. Since KCIDP is a medium term plan, the County Government through public participation designed a ten year economic blueprint named Kitui Vision for Economic and Social Transformation (KIVEST).

2.2.4.1 Action Taken

The County Continues to implement projects in compliance with the KCIDP and KIVEST. Both KCIDP and KIVEST are modelled on the Kenya Vision 2030 and the Sustainable Development Goals. The County Public Service Board has successfully continued to provide the human resource necessary for the implementation planned activities.

The already completed projects have been handed over to community committees.

Some specific projects were identified to be undertaken by contractors from the local community to boost economic development within the county. The County Government has trained local contractors to enhance their contractual skills. All projects undertaken had been budgeted for and assessed to be financially viable.

2.3 ARTICLE 232—VALUES AND PRINCIPLES OF PUBLIC SERVICE

2.3.1 High Standards of Professional Ethics

2.3.1.1 Situational Analysis

This was evaluated on the basis of four indicators, namely, code of conduct and ethics for officers in the public service; training for skills development; membership to professional bodies and declaration of income, assets and liabilities.

Indicators recorded an increasing level of compliance with professional ethics following continuous sensitization workshops and training.

Major cases of indiscipline were reported to the Public Service Board.

2.3.1.2 Action Taken

The Board continued with sensitisation programme on values and principles aimed at creating awareness, development of teamwork and improvement of service delivery and overall culture change in the county public service.

To aide increased access to knowledge on the officers' professionalism, the Board has been drawing the attention of the

County Government employees to the relevant legislations and laws which have been uploaded to the County website.

The Board undertook suitability tests and continues to do the same for various cadres for proper placement of staff and quality service delivery.

Training approvals for officers working in the county ministries of Health and Sanitation and Agriculture, water and irrigation were granted in order to ensure competence in the performance of their duties.

Various trainings have been held in the county including induction of staff, training on the filling of Asset Declaration forms, training on job evaluation, oath of Secrecy, performance contracting among others.

2.3.2 Responsive, prompt, effective, impartial and equitable provision of services

2.3.2.1 Situation Analysis

The Board established that service delivery had not reached required standards as a result of slow integration of officers having been drawn from diverse organisational culture and work ethics.

2.3.2.2 Action taken

The Board has been undertaking sensitization workshops on values and principles of public service aimed at transformative leadership, development of teamwork and improvement of service delivery and overall culture change in the public service. The board has incorporated questions which gauge attitude in the interview tools of various cadres so as to ensure that the county public service is composed of employees with the right attitude for effective service delivery.

County ministries have been encouraged to hold regular management and staff meetings to enhance effectiveness and teamwork in the provision of public services. The County Government has continued the use of Integrated Financial Management Information System (IFMIS), where all financial transactions are processed using the system. This has enhanced the speed of service delivery.

The County Government usually aligns the budget on relevant plans and has recorded high performance on budget absorption.

The board undertakes mystery shopping to assess the quality of services offered by the county public service.

2.3.3. Fair competition and merit as the basis of appointments and promotions

2.3.3.1 Situational Analysis

Appointments and promotions were and continue to be guided by meritocracy and fair competition. They are also guided by other legal provisions such as the need to include communities not adequately represented in appointments to or promotions in the public service, the gender balance; consideration of minority ethnic groups; and persons living with disabilities.

2.3.3.2 Action taken

As at 30th November, 2016, the County Public Service Board had employed a total of 652 female officers representing 41 % of the total staff appointed. The male appointed officers were 926, representing 59 %. The County Public Service Board has engaged a total of 22 persons living with disabilities. The Board has enhanced its recruitment process to adequately capture data on persons living with disability. The Board continues to encourage them to apply for advertised positions, and also register with the Association for persons living with disability.

The Board has made 183 appointments from outside Kitui County. Meritocracy continues to be the guiding principle in the recruitment process and applicants are accorded equal opportunity. All the officers due for promotion based on meritocracy and the provisions of various schemes of service were promoted.

CHAPTER THREE

Impediments in the Promotion of Values and Principles

The Board encountered various challenges in ensuring that values and principles are upheld. These included—

- (a) apathy in appreciation of ICT among the County employees which makes most employees unable to access the documents

uploaded in the County website as well as using modern technology for research and communication;

- (b) Kitui County has low internet connectivity, making the offices especially those working outside the County Headquarters unable to effectively communicate and access internet;
- (c) lack of public awareness on the role of citizens in governance and therefore low citizen participation in development issues;
- (d) inadequate knowledge on the constitutional provisions on devolution and other relevant legislations among public officers;
- (e) inadequate budgetary allocation to enhance the promotion of values and principles;
- (f) recurrent power outages within the County;
- (g) officers from outside the county requesting for inter-county transfers and declining positions in Kitui owing to the vastness of the county, Semi-arid climate, insecurity, the difficult terrain thus defeating efforts towards patriotism, national unity and inclusiveness; and
- (h) persons with disability and other special groups not applying for positions in the County while those that apply fail to indicate their status. Many officers and candidates living with disabilities are yet to register with the relevant body.

CHAPTER FOUR

Planned Programs in Undertaking Promotion of Values and Principles

- (a) Develop, produce and distribute more information education and communication material on values and principles in Kitui County.
- (b) Sensitization workshops on values and principles.
- (c) Induct new staff with regard to values and principles.
- (d) Monitor compliance with the values and principles.
- (e) Advise the County Government on its obligations under international treaties and conventions on need basis.
- (f) Recruit the required personnel for the full implementation of KCIDP and KIVEST.
- (g) Finalise the staffing of the village administration offices.

CHAPTER FIVE

Recommendations

The Board recommends the following—

- (a) provision to the Board of adequate budgetary allocation to carry out activities that enhance promotion of values and principles;
- (b) partnering with the County Assembly for public awareness creation on the role of citizens in governance and the need for full participation in development agenda and activities and employment creation;
- (c) facilitation in creation of an enabling environment for the exploitation of natural resources to create jobs for Kitui County residents;
- (d) observation of OSHA guidelines in public offices; and
- (e) decentralization of the Council for the people living with disabilities for easy access of their services.

Conclusion

The Board appreciates the cooperation accorded by H.E. the Governor, the office of the County Secretary, Chief Officers and Sub County Administrators during evaluation of the extent to which values and principles have been complied with in Kitui County Public Service.

Further, the Board appreciates the Members of the Kitui County Assembly for the oversight role and the advice given from time to time on ensuring compliance with the values and principles.

The County Public Service registered substantial levels of compliance with the Values and Principles referred to in Articles 10 and 232 of the Constitution of Kenya, 2010. However, there is still room for improvement in order to ensure that citizens of Kitui County fully benefit from the gains provided by the Constitution of Kenya, 2010. The Board recommends that facilitation, financial or otherwise, be made available to drive the agenda on high compliance levels with values and principles.
