ENONKISHU CONSERVANCY MANAGEMENT PLAN, 2020-2025

IN EXERCISE of the powers conferred by section 44 (3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism, Wildlife and Heritage gazettes the Plan in the Schedule hereto:

SCHEDULE

The Enonkishu Conservancy Management Plan, 2020-2025 (hereinafter referred to as "the Plan" defines the goals, objectives, and actions that Enonkishu Conservancy (hereinafter referred to as "the Conservancy" has designed to address natural resource management, tourism development, community partnership, livestock management, and operations and security issues within the Conservancy.

The Plan emphasises that all activities within the Conservancy shall be in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan addresses threats to the Conservancy's values through implementation of the zoning scheme and management actions under the five (5) management programmes as stipulated in the Plan.

The Plan's zoning scheme and management programmes are outlined in the following sections:

1. Zoning Scheme

The Conservancy has been divided into different zones utilised for settlement, livestock grazing, wildlife conservation and tourism activities.

2. Management Programmes

The Plan has five broad management programmes: Natural Resource Management, Tourism Development and Management, Community Partnership Management, Livestock Management and Conservancy Operations programmes. Under each of these programmes, there is an overall goal that the programme aims to achieve, and the management objectives and actions that the Conservancy management will undertake to achieve the programme goal.

2.1 Natural Resource Management Programme

The goal of this programme is to sustainably manage natural resources for the benefit of the local community by: enhancing the conservation of wildlife species and habitats, maintaining habitat connectivity with neighbouring conservancies and land and promoting the understanding of the Conservancy's ecological components and processes.

2.2 Tourism Development and Management Programme

The purpose of this programme is to provide tourists with an exclusive and memorable wildlife experience that does not impact negatively on the Conservancy by: promoting low environmental impact, high end tourism; improving tourism administration and management system and promoting and marketing the Conservancy locally and internationally.

2.3 Community Partnership Management Programme

The overall goal of this programme is to provide the local community with tangible benefits from wildlife conservation and thereby gain support for conservation by: putting in place measures that enhance communities' benefit from wildlife conservation, human wildlife conflict management and community sensitization on the importance of conservation.

2.4 Livestock Management Programme

The purpose of this programme is to enhance livestock productivity for livelihood improvement through: improved livestock grazing management system, breeding and husbandry and building a strong livestock marketing platform, locally and internationally.

2.5 Conservancy Operations Management Programme

The purpose of this programme is to support efficient and effective delivery of the Conservancy's management programmes by: maintaining a well-motivated workforce at the Conservancy, improving on the infrastructure to support conservancy administration and tourism, enhancing wildlife and visitor security and exploring ways of making the Conservancy financially stable.

3. Plan Implementation, Monitoring And Evaluation

The Conservancy Managing Director will produce an annual compliance report on plan implementation, while the Conservancy Board will oversee production of a third-party management report on plan evaluation at the end of the five (5) years period of the plan.

The Plan is deposited at the offices of the Director-General, Kenya Wildlife Service along Langata Road, and the Managing Director, Enonkishu Conservancy whose addresses are provided below:

THE WATER ACT

(No. 43 of 2016)

KARIMENU II DAM BULK WATER SUPPLY SYSTEM

APPROVED BULK TARIFF STRUCTURE FOR THE PERIOD 2022/2023 TO
2024/2025

Athi Water Works Development Agency (AWWDA) applied to the Water Services Regulatory Board (WASREB) for a tariff for Karimenu II Dam Water Supply Project, for the period 2022/2023 to 2024/2025 as per section 72 (1) b of the Water Act, 2016.

Public consultation on the Karimenu Bulk application was carried out in accordance with the requirements of section 139 of the Water Act, 2016.

After considering the application, the written and oral submissions by all stakeholders during the consultation period, and based on latest available data, WASREB has determined a justified tariff to improve service delivery, operate sustainably and protect consumer interests by meeting the tariff conditions attached to the tariff.

WASREB notifies all existing and potential customers of Karimenu II Dam Bulk Water Supply that the approved tariffs for the three financial years 2022/23, 2023/24 and 2024/25 shall be as follows:

1.0 Approved Bulk Tariff Structure

(i) Performance Evaluation

Performance targets to be met and ascertained by WASREB, at the end of the 1st year of the tariff period. Non achievement of the set targets without justifiable cause shall lead to reduction of the approved tariffs as a penalty.

(ii) Annual Budgets

The approved cost structure shall form the annual budget for the Bulk Water Supply for each of the financial years of the tariff period.

(iii) Ring-Fencing of Capital Expenditure

The WSP to open a separate account for capital component of the tariff, to deposit the appropriate share of revenue into this account which is only to be used for capital expenditure and repayment of loans as provided for in the approved tariff.

(iv) Tariff Assessment

WASREB will carry out a tariff implementation review within the first 12 months of approval and implementation during which a joint assessment with the utility on the trend in Billing (KSh.) shall be carried out and status of implementation of the tariff evaluated.

(v) Loan Repayment

AWWDA shall immediately open a separate bank account where it shall deposit monthly equal instalments for the semi-annual loan repayments.

	2023/2024	2024/2025	2025/2026

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED LEVEL (IV) HOSPITAL WITH
AUXILIARY SERVICES ON PLOT L.R. NO. MASII/MBAANI/452
IN MASII, MWALA SUB-COUNTY, MACHAKOS COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Tumaini International Trust Registered Trustees proposes to develop a level IV hospital with auxiliary services. The development will be a two storey building which comprises of ground floor (casualty, admission and minor surgery room), first floor (delivery room, recovery room and nurse station), second floor (female ward, male ward, changing rooms, and pediatrics wards), other supporting amenities and associated facilities. The project will be located on plot L.R. No. Masii/Mbaani/452 in Masii, Mwala Sub-county, Machakos County.

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Mitigation Measures
Air pollution and exhaust emissions	<ul style="list-style-type: none"> Spray of water during construction work. Use of low-sulphur diesel for diesel-operated machinery. Sensitize truck drivers to avoid unnecessary racing of vehicle engines at loading/offloading points and parking areas. Switch off vehicle engines at these points. Covering all trucks hauling soil, sand and other loose materials and/or require these trucks to maintain at least two feet of freeboard. The project area will be cordoned off to minimise dust migration to nearby facilities by wind. Staff working in dust generating activities e.g. site preparation, excavation, concrete mixing, stone dressing should be provided with personal protective equipment (PPE) the use of PPE shall be enforced. Construction equipment will be maintained in good operating condition to reduce exhaust emissions.
Noise pollution and excessive vibration	<ul style="list-style-type: none"> Sensitize construction drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas such as residential areas and schools. Planning the construction work to take place only during the day when the neighbours are also at work. Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. Providing ear protective devices to prevent high frequency noise emitted by the high frequency machines during construction phase. Ensure that all generators and heavy duty equipment are insulated or placed in enclosures to minimize ambient noise levels. Posting notices at the construction site informing the public of the construction activities, time and day.
Clearing of vegetation and disturbance of soil structure	<ul style="list-style-type: none"> Maintaining of grass around the site. Put soil traps around perimeter fence and on steep areas. Landscaping with ornamental trees and grass planting. Maintaining specified routes for construction vehicles. Control earthworks.
Soil erosion	<ul style="list-style-type: none"> Apply soil erosion control measures.

<i>Impacts</i>	<i>Mitigation Measures</i>	<i>Impacts</i>	<i>Mitigation Measures</i>
Generation of solid waste	<ul style="list-style-type: none"> • Ensure good landscaping to facilitate water percolation. • Strictly abide by the provisions of the Environmental Management Coordination (Waste Management) Regulations Legal Notice 120. • Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by the damage or exposure to the elements. • Waste, including excavated soil and debris should be properly disposed of by backfilling and landscaping. • Incorporate suitable facilities for collection, segregation and safe disposal of solid wastes such as bins, placenta pits etc. • Ensure a continuous review of waste management procedures with changing technology and regulatory changes. • Pharmaceutical waste should be disposed of properly as per the Waste Regulations, 2006. • All hazardous waste should be handled and managed as per the Waste Regulations. Infectious, genotoxic wastes and sharps (including haematological waste, laboratory waste, human tissues etc) should be incinerated in a standard medical waste incinerator (on-site). • The proponent should work hand in hand with private refuse handlers and the county government to facilitate sound waste handling, and disposal from the site. All wastes must be taken to the approved dumpsites. • Train involved stakeholders on the importance and means of waste management and handling. 	Fire hazards and accidents	<ul style="list-style-type: none"> • Conduct training on fire fighting, evacuation and emergency response. • Maintain/service firefighting machinery regularly. • Install an automatic fire alarm system for the entire project; • Provide appropriate Fire Hydrant Ring main with suitable outlet points. • All installation to follow Fire Masters requirements approval. • Provide fire hazard signs such as 'No Smoking' signs, direction to exit in case of any fire incidence and emergency contact numbers should be provided as well as the assembly points.
Generation of waste water	<ul style="list-style-type: none"> • Explore installation of a suitable wastewater treatment system. • Monitoring of the effluent to ensure compliance and remedial action. • Waste management installations should be isolated from public water pipes to avoid contamination of the later. • The trunk must be regularly monitored to avoid overfilling and overflowing. They must be checked regularly to monitor level of effluent and efficiency. • Random laboratory tests for the wastewater should be conducted for adherence to Water Regulation of 2006. 	Increase in traffic flow	<ul style="list-style-type: none"> • Set driving speed limits. • Adequate road warning signs to traffic regulations.
Increased demand for water and electricity	<ul style="list-style-type: none"> • Management of water usage. • Construct water reservoirs and rainwater harvesting systems. • Provide notices and information signs to the involved stakeholders on means and needs to conserve water resource. • Install energy saving bulbs at all lighting points instead of bulbs which consume higher electric energy. • Design to provide for adequate natural lighting. • The proponent shall install a standby generator. 	Insecurity	<ul style="list-style-type: none"> • The hospital should be enclosed using suitable walls to beef-up security and to control movement within. • Security guards must always guard the gate to the facility to keep away the intruders and to control movement within and create order. • Lighting as well as security alarms should be installed in strategic positions all over the buildings.
		Public health and safety	<ul style="list-style-type: none"> • Ensure adherence with the legal requirements of OSHA Act, 2007. • Sensitize workers on occupational safety and health. • Provide properly fitting Personal Protective Equipment (PPE) depending on tasks being performed to avoid injuries and illness. • Practical and very high standards must be set for handling and management of hazardous substances from procurement, handling, use and disposal. Information on potential hazards should be made available from Material Safety Data Sheets (MSDS) provided by manufacturers or vendors. • Only specialised machine operators should operate machinery and specialised equipment. • Properly design to allow for deceleration and acceleration to the hospital. • Internal driveways should also be erected with bumps to control speed and thus reduce potential accidents. • Adapt effective emergency response plans throughout all the phases. • Sanitary facilities should be provided (for each sex where conditions warrant). Standard cleanliness of the facilities should be maintained. • Hospital staff preparing food for the workers and patients should be examined and issued with a food handler's certificate. • Ensure (consistently) good water quality through regular water analysis to ascertain compliance to public health standards.

*Impacts**Mitigation Measures*

- Ensure annual documentation of health and safety audit. Fire safety audit and risk assessment.
- Well stocked first aid box which is easily available and accessible should be provided within the premises.

The full report of the proposed project is available for inspection during working hours at:

- Principal Secretary, Ministry of Environment and Forestry, NHIF Building, 12th Floor, Ragati Road, Upper Hill, P.O. Box 30126-00100, Nairobi.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

Kenya Gazette

A.30 (1) All communication for publication in the *Kenya Gazette* should reach the Government Printer not later than Friday of the week before publication is desired.

(2) A State Department will be required to meet the cost of advertising in the *Kenya Gazette*.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
