Box 30099, Nairobi, and being the Licensee named in Bulk Supply Licence No. 2 granted by the Governor in Council of Ministers of the Colony and Protectorate of Kenya on the 8th day of June, 1955, under the provisions of the Ordinance above named will on the 14th day of September, 1962, apply to the Minister for Commerce and Industry pursuant to the provisions of sections 69 and 126 of the said Ordinance for an Order varying with effect from such day as may be mentioned in that behalf in the said Order the provisions of clause 5 (b) of the said Licence by deleting the proviso thereto and substituting in its place a proviso in the terms following, that is to say:—

"Provided that for the purpose of calculating such ascertained cost the Licensee may additionally set aside annually such sum as it thinks reasonable not exceeding 1 per centum of the aggregate capital expenditure as shown in the General Balance Sheet (computed as in Account No. VIII of the said Forms of Account) for the purpose of providing a reserve and equalization fund, until such fund and the interest thereon amounts to one-twentieth of the aggregate capital expenditure computed as aforesaid. The reserve and equalization fund shall be applicable to answer any deficiency at any time happening in the income of the Licensee from the Undertaking or with the consent of all authorized distributors concerned to pay for any item of ascertained cost (whether in the nature of recurrent expenditure or in the nature of capital expenditure) which might otherwise have been recovered by way of actual price as hereinbefore provided (including capital expenditure which might have been so recovered in due course by way of redemption of any loan for such expenditure) and shall be applied to pay for any item of ascertained cost as aforesaid which is attributable to abnormal circumstances if so required either by the licensee or by any authorized distributor (with arbitration as to whether or not such item is attributable to abnormal circumstances if so desired by either the Licensee or any authorized distributor). If that fund should at any time be reduced it may thereafter be again restored to the prescribed limit and so on whenever and so often as the reduction happens. The Licensee shall apply any net surplus remaining in any year and from time to time any sums standing to the credit of the reserve and equalization fund in excess of the prescribed limit in the reduction of the charge for the supply of electrical energy in the last two of the next three succeeding years. Any balance which at the termination of the Licence period shall be standing to the credit of the fund (after making or providing for any payments which shall at that date have become and be or shall thereafter become due and payable thereout) shall so soon as may be after such termination be paid to such authorized distributor or authorized distributors (including the Company) if more than one in such shares as shall represent the proportions in which such authorized distributors shall during the Licence period have contributed to the fund by virtue of the provisions of this Clause."

2. The object of and reasons for the application are two-fold, namely—

(a) to enable the Applicant as Licensee under the Licence (with the consent of all authorized distributors who may be concerned) to have resort to the reserve and equalization fund created by virtue of the proviso for the purpose of meeting the cost of capital works and of repair and maintenance works of an unusual or abnormal nature incurred in connexion with the carrying on of the undertaking authorized by the Licence; and

(b) to provide for the disposal by the Applicant as such Licensee of any funds which may be standing to the credit of the fund at the final expiration of the Licence by payment thereof to the authorized distributor or distributors, if more than one in proportion to the amount of their respective contributions to the fund.

3. The only area which will or may be affected by the grant of the application is the "area of supply" described in the First Schedule to the Licence.

4. No public or local authority, company, person or body of persons will be affected by the grant of the Application other than the Applicant, the East African Power and Lighting Company Limited as an authorized distributor, and such other authorized distributors (if any) as may during the period of operation of the Licence have contributed to the fund by virtue of the provisions of Clause 5 (b).

5. The manner in which the grant of the Application will or might affect the "area of supply" referred to in paragraph 3 above or an authorized distributor as mentioned in paragraph 4 above is that the Order sought will permit the Applicant from time to time as Licensee under the Licence in respect of that area to have resort to the fund for the payment of the works referred to above and at the termination of the Licence period to pay the balance of the fund to or among the authorized distributor or distributors as mentioned in paragraph 4.

6. Any public or local authority, company, person or body of persons desirous of making any representation on or objection to the Application must do so by letter addressed to the Minister and marked on the outside of the cover enclosing it "Electric Power Ordinance" on or before the expiration of 14 days from the date of the Application as stated herein and a copy of such representation or objection must be forwarded to the Applicant.

Dated this 24th day of August, 1962.

For the Kenya Power Company Limited.

Secretary.
