<i>Possible Impacts</i>	<i>Mitigation Measures</i>

Water and energy
management

- Oils, fuels and other materials to be stored in accordance with the (MSDS);
- Implement erosion and sedimentation controls and proper disposal of liquid waste;
- Pursue waste minimization policy in procurement, usage and recycling;
- Provide waste handling and collection systems;
- Minimize waste at source by clear and harmonized procurement of materials.
- Provide appropriate and adequate drainage infrastructure where required;
- Ensure machinery is regularly serviced to avoid leakages and/or spillages;
- Oils, fuels and other materials to be stored in accordance with the manufacturers' safety data sheets (MSDS);
- Train staff on spill response;
- Implement erosion and sedimentation controls;
- Energy management through use of sound equipment;
- Application of rated equipment in welding and related works;
- Use of efficient mechanical plant and energy savers on sites.

Dust and air quality

- Dampen work areas materials heaps and mulch bare ground to minimize dust emissions;
- Maintain equipment and machinery to manufacturers' specifications;
- Use environmentally friendly fuels;
- Minimize the period for machinery idling;
- Pursue good practices in energy use during operations and sensitize staff;
- Provide appropriate personnel protective equipment to site workers.

Health and safety

- Comply to the OSHA;
- Provide personnel and passers-by signage and warnings, traffic control signs and warning;
- Develop a traffic management plan to ensure that site vehicles do not interfere with the regular traffic on the Lang'ata South Road;
- Provide for appropriate signage and warnings at work sites;
- Provide appropriate personnel protective equipment (PPE) to site workers;
- Provide for First Aid facilities as per the OSHA, 2007;
- Provide for an appropriate traffic management plan to avoid congestion on Lang'ata South Road;
- Provide and clearly display emergency contacts;
- Develop and implement detailed and site specific emergency response plans.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED HASS PETROL STATION ON LAND
PARCEL NO. GARISSA MUNICIPALITY/BLOCK 3/474,
GARISSA

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed petrol station.

The proposed project will entail development of a petrol filling station to supply petroleum products to the residents of Garissa town and its environs as the demand for the product is high within the region.

The proposed project is located on land parcel No. Garissa Municipality/Block 3/474 within Garissa Township, North-eastern province.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Noise	<ul style="list-style-type: none"> Provision of personnel protective equipment for workers during the construction phase. Frequent machinery maintenance to reduce noise. Appropriate sound proofing and silencers to the working equipment. Avoidance to unnecessary hooting. Restricting construction activities to day time.
Air quality	<ul style="list-style-type: none"> Limiting construction traffic movement and operations to efficient and necessary activities. Establishment of dust screens around the constructions site. Sprinkling of water within the construction sites to minimize dust. Provision of personnel protective equipment (dust masks) for workers during the construction phase.
Soild waste	<ul style="list-style-type: none"> Materials from excavation of the ground and foundation works shall be reused for earthworks and landscaping where applicable. Waste bins shall be placed at strategic weather proof and vermin proof locations within the site as collection centres to facilitate separation and sorting of the various types of wastes and either incinerated or recycled where applicable. Enhance cooperation between Garissa Municipal council and other stakeholders.
<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> All the solid waste generated within the filling station and related facilities shall

be collected at a central weatherproof bin, checked - to ensure there is no toxic waste, and stored for inceneration.

- Ensuring that the underground bulk petroleum storage tanks covers are properly sealed.
- Sanitary facilities within the premises should be regularly cleaned.
- Proper storage, handling and disposal of new and used oil and related wastes.
- Oil drip traps should be regularly maintained as per a maintenance schedule for maximum performance.
- Regular maintenance of dispensing pumps and generators should be ensured to prevent leakages.
- The proponent should construct drainage traps for waste oils in the service bay.
- The proponent should provide proper oil interceptors along the drains leading from the service yard, car wash, oil storage area, generator room and dispensing pumps.
- The proponent should establish a Muster point installed with foam, dry powder and CO2 fire extinguishers with their proper colour codes displayed.
- The fire extinguishers should be properly stored and routinely inspected.
- Fire buckets containing sand should be provided at the signature.
- Tankers delivering and awaiting to offload fuel should be parked separately from the other vehicles.
- LPG cylinders should be housed appropriately and securely to minimize any case of hazard.
- The area housing the generators should have a proper base (not prone to flooding) and a proper sheds constructed to protect the equipment from the elements the base should also check to prevent any instances of oil and petroleum spill to the ground.
- The petroleum storage tanks should be properly secured and firmly constructed to prevent at hazard from occurring.
- Keep all escape routes and fire exits clear and make regular checks to ensure that this is the case.
- Clear rubbish regularly (remember sand used for cleaning or containing petrol spills will be flammable and should be disposed of safely, by a hazardous waste disposal company if necessary).
- Provide emergency telephone contacts at strategic points.
- Proper barricades and warning signs should be put up around the project area during the construction phase.
- Devise a safe system of traffic movement, e.g. a one-way system for entering and exiting the station.
- Display clear information/warning signs setting out the traffic control arrangements.
- Mitigation Measures*
- Provide sufficient designated parking areas close to the shop and away from

Occupational, health and safety impacts

- the pumps.
- Provide mechanical protection to vulnerable structures such as fuel tanks and liquefied petroleum gas (LPG) storage areas.
 - Development and implementation of standard workplace practices and the company's HSE/OHS policies.
 - Staff should be trained on how to deal with minor fuel spillages.
 - Exposure to vibration from equipment such as hand and power tools, or whole-body vibrations from surfaces on which the worker stands or sits, should be controlled through choice of equipment, installation of vibration dampening pads or devices, and limiting the duration of exposure.
 - Provision of personnel protective equipment for workers during the construction phase.
 - Sanitary facilities shall be provided and cleanliness shall be ensured as per set company's health standards.
 - The proponent should train staff in proper lifting techniques.
 - The proponent should provide suitable equipment e.g. keys for lifting manhole covers.
 - It is recommended that the company should have fully equipped first aid kits during construction and operation phases and ensures that only well trained personnel handle the equipment.
 - Sand should be kept (in buckets) for spreading in-case of accidental fuel or oil spill to prevent slipping hazards.
 - The proponent should ensure that the filling station has adequate fire fighting equipment available and all the personnel trained on use of the equipment.
 - The proponent should eliminate all unnecessary manual handling.
 - Properly labeled signs should be established within the premises.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED LAND FILL FOR SOLID WASTE DISPOSAL IN KISUMU

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed land fill for Kisumu City.

The proposed project plans to develop a fully or partially containerized storage collection and transport system which does not allow the waste material to come into contact with ground until its final disposal.

The proposed Ojola/Kisian landfill site is located in Kisian Village in Kisumu West Location of Kisumu District, near the Kisian Junction. The project site is about 15 kilometres from Kisumu town's CBD and 300 metres off Kisumu-Bondo Road. The land fill site occupies a working area of 6 hectares of land.

The project anticipates the following impact and mitigation measures:

Possible Impacts	Mitigation Measures
Air quality	<ul style="list-style-type: none"> • The proponent shall undertake proper screening of the site
Odour and smoke	<ul style="list-style-type: none"> • Covering the solid waste with a layer of soil at the end of each day's operation or at such frequent intervals as may be necessary.
Illegal human scavengers	<ul style="list-style-type: none"> • Registering individuals and groups to undertake waste collection for recycling.
Scavenging birds	<ul style="list-style-type: none"> • Implement appropriate bird control measures.
Wandering animals	<ul style="list-style-type: none"> • Fencing the area.
Site security	<ul style="list-style-type: none"> • Commitment to guarding the landfill site by regulating movement of people in and out of the site.
Spillage of waste outside the site	<ul style="list-style-type: none"> • Design and construct a road network through the garbage to a given destination within the dump. • There should be special design arrangements for bad weather conditions.
Pests	<ul style="list-style-type: none"> • Appropriate pest control measures.
Surface water runoff	<ul style="list-style-type: none"> • Design a drainage system to contain surface runoff and leachate.
Contamination of groundwater	<ul style="list-style-type: none"> • Ensure that the landfill is properly lined with impermeable materials to eliminate contact between the waste and groundwater.
Gas and fure	<ul style="list-style-type: none"> • Methane gas that is naturally generated from the decomposition of organic waste should be vented or tapped safely in order to avoid danger or explosions.
Hazardous waste	<ul style="list-style-type: none"> • Monitoring or waste characteristics and ensuring that industrial and hospital waste are officially authorized to use the landfill.
Noise	<ul style="list-style-type: none"> • Minimize truck traffic and equipment noise.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed change of user from residential cum commercial to include petrol station on L.R. No. 302/SEC.III/MS, Likoni, along Mombasa-Lungalunga Highway, Mombasa.

The proposed project intends to develop a petrol station on Plot No. 302/SEC.III/MS, Likoni, along Mombasa-Lungalunga highway. The intended purpose of the development is sale of fuel (petrol, diesel, and paraffin), compressed air, servicing of motors vehicles to a clientele including motorists

The project anticipates the following impacts and mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Noise, vibrations	<ul style="list-style-type: none"> Restrict construction to day time hours Provision of hearing protection such as ear plugs for construction staff
Dust emission	<ul style="list-style-type: none"> Sprinkling of water on dusty surfaces Shielding the site

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED LUKENYA SPRINGS HOUSING PROJECT ON PLOT NO. 12648/9, MACHAKOS DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed Lukenya springs housing project.

The proponent has proposed to put up a total of 165 housing units in three phase whereby the first phase will consist of 50 units, second phase 50 units and third phase 65 units composed of three bedroom bungalow, three bed room maisonettes and four bed room maisonettes, paved roads and parking, street lighting, Kilimanjaro Water Project Supply, bore hole water supplement, boundary wall with green hedge, tiled floors, modern fittings and amenities, wardrobes, kindergarten, shopping facilities, bio box waste treatment, solar panels for water heating, wind mill for bore hole water pumping, manicured lawns and trees.

The proposed project is on L.R. No. 12648/9, at Lukenya area, the site is along the main Nairobi-Mombasa Highway opposite the turn off Day Star University near small world and Lukenya Get way.

The project anticipates the following impacts and mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Soil erosion	<ul style="list-style-type: none"> • Control earthworks. • Install drainage structures properly. • Ensure management of excavation activities. • Landscaping.
Air pollution	<ul style="list-style-type: none"> • Stockpiles of earth should be sprayed with water or cover during dry seasons. • Provide dust masks for the personnel in dust generation areas. • Sensitize construction workers.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed residential townhouses.

The proponent proposes to develop 8No. detached and typical townhouses with a single access gate and shall be enclosed in a perimeter stone fence.

The proposed project site is situated in South "C" off Muhoho Avenue, Nairobi and measures approximately 0.3376 hectare and is on L.R. 209/12489.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Energy resources	<ul style="list-style-type: none"> • Ensure electrical equipment, appliances and lights are switched off when not

	being used.
	<ul style="list-style-type: none"> • Design to provide for adequate natural lighting. • Install energy saving bulbs at all lighting points instead of bulbs which consume higher electric energy. • Install solar systems to complement heating and lighting. • Encourage use of natural lighting during the day. • Sensitize guests to use energy efficiently by switching off when not in use. • Monitor energy use by setting targets for efficient energy use. • Install solar water heating systems.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
