THE INDUSTRIAL COURT

CAUSE NO. 3 OF 1964

Parties:—

Kenya Distributive and Commercial Workers' Union
and

Uplands Bacon Factory (Kenya) Limited

Issues in Dispute:—

- (a) Job evaluation in respect of grades.
(b) Rates of pay for clerical grades.

1. The parties were heard on 9th, 11th and 14th September 1964 and the Court visited the Factory at Uplands on 14th September 1964 accompanied by all the parties.

General Background

2. The Uplands Bacon Factory (Kenya) Limited (hereinafter called the employers) were members of the now defunct Food Processing Employers' Association and had been a party to all the negotiations carried out with the Kenya Distributive and Commercial Workers' Union (hereinafter called the Union) and the Food Processing Employers' Association during 1961, 1962 and 1963. The Food Processing Employers' Association dissolved in October 1963 and all the members took over the negotiations individually from the point which they had reached under the Food Processing Employers' Association and were advised to go it alone.

3. The following important points were established during negotiations between the Union and the Food Processing Employers' Association:—

- (i) In November 1960 a recognition agreement was signed and in March 1961 a terms of service agreement was signed which provided amongst other things that a proper system of grading for all employees covered by the said agreement should be implemented as soon as possible after the signing of the said agreement and the pay would be on a non-racial basis.
- (ii) In August 1962, when the parties could not reach agreement on an overall rate for the grade, Mr. W. C. Rodgers carried out a conciliation and as a result an overall wage increase of Sh. 30 per month with effect from 1st August 1962 was agreed.

The agreement also contained the following clause:—

"In addition there shall be consultation between the Union and the Association on job grading both at Company and Association level so that any outstanding difficulties may be removed with the intention that job grading be introduced as from 1st August 1963."

(iii) Later in 1962 a Board of Inquiry under Mr. Tyrrel was held "To inquire into the relations between the Food Processing Employers' Association and the Union."

4. After the Tyrrel report was published, meetings were held by the members of the Food Processing Employers' Association in order to establish common grades. The employers equated their six grades within the nine proposed by other industries within the Food Processing Employers' Association.

5. In July/August 1963 an approach was made to the Union and from here the dispute starts.

A further important development was the dissolution of the Food Processing Employers' Association. Due to the dissolution of the Food Processing Employers' Association the employers and Union had to complete a new recognition agreement which was signed on 13th November 1963 and resulted in negotiations starting on a new Terms of Service Agreement. There was deadlock as the parties could not agree on rates of pay, holidays and working hours. Further conciliation proceedings took place on 16th December 1963 under the Chairmanship of Mr. C. K. Murengi, and agreement was reached on various points, the ones pertinent to the current dispute being as follows:—

"A revision of Grading System

After both sides had expressed their views on—

- (a) Nine grades as requested by the Union; and
(b) Six grades as suggested by the Management;

it was finally agreed that the Management would introduce nine grades as requested by the Union representatives; but it was also pointed out that this work could not be carried out before January 1964 and that Mr. Muhanji should be able to see the draft of the gradings before they are made official; and that the Union could dispute the gradings if not properly done. The effective date of the new gradings would be 1st August 1963

Increase in the Rate of Pay

- (a) To grant a general rise of Sh. 25 with effect from 1st August 1963.
- (b) The rise to be granted to everybody provided that if afterwards anyone was classified as a member of the staff (on the Management side) he would refund the money.

It was also decided that the Union and Management should meet after Christmas to decide who should properly be on the Management and who on the Union side."

6. After the above conciliation further meetings and correspondence took place between the parties on the grading scheme on the production side and the clerical grades. No agreement having been reached the matter came before the Industrial Court.

Main Submission on behalf of the Union

7. The Union submits that the grading scheme which the employers have produced has not taken all the factors that are essential to be considered before any job evaluation can be effected. The reasons advanced in support of this are given below:—

- (a) That before grading the employers did not consider the importance of job evaluation which would have given them a proper picture of each job done by an employee before arriving at or assessing what grade he/she would fit in and what salary or wage that grade would carry. Since this appears to have been totally overlooked by the employers the grades have been conceived on wrong principles and therefore not acceptable.
- (b) The employers instead of valuing each grade on its own merits and its value to them have just increased the existing wage by an overall increase of Sh. 20.

8. The Union further contends that the Sh. 20 wage increase granted as a result of conciliation proceedings was an interim one pending the proper evaluation of the grades produced by the employers. The Union has drawn the Court's attention to a record of the meeting that took place on 16th December 1963 under the Chairmanship of Mr. Murengi, in which Mr. Muhanji said the Union wanted nine grades carrying salaries between Sh. 250 minimum and Sh. 1,500 maximum. After a lengthy argument from both sides it was finally agreed and passed that there should be nine grades instead of six. Mr. Muhanji agreed to see the draft before it became official and Mr. Leslie, on behalf of the employers, agreed to the Union's right to dispute the gradings if not properly done.

9. At the same meeting there was discussion on the increase in the rate of pay. Mr. Muhanji pointed out that initially the minimum wage the Union wanted was Sh. 300 but now had moved down to Sh. 250. There was a lengthy discussion after this and eventually the Union came out with the suggestion that since the new gradings would not be ready until towards the end of January 1964 the Management should consider giving employees an interim pay of Sh. 25 each to be back-dated to 1st August 1963. Eventually an increase of Sh. 20 was agreed to be paid to everyone on the condition that when demarcation between Unionizable and non-unionizable staff was made the staff on the Management side would refund the said increase.

10. The Union argues that all this proves that the production grades were wrongly evaluated and that the rates for the grades were not conclusively decided, and the increase of Sh. 20 was an interim one only. The Union wants a further sum of Sh. 20 to be added to the present rates for the various grades.

11. The position regarding the clerical grades is that no agreement whatsoever was negotiated on the minimum wage regarding the four clerical grades and the Union's demands are as follows:—

	Sh.
Grade I	230
Grade II	460
Grade III	920
Grade IV	1,840

12. The Union argues that the above rates would be more in line with wages being paid in other comparable industries.

13. The Union has also handed to the Court a proposed negotiated agreement between the Union and the Distributive and Allied Trades Association in support of their demands for wage increase in both production and clerical grades.

14. The Union has also stated that racial discrimination was still being practised by the employers in housing and in Africanization, as when an African replaced an Asian, or a European, he received less salary than the person he replaced. This does not really affect the issues in dispute.

Main Submission on behalf of the Employers

15. The employers state that their grading scheme for the production grades was carried out with great care and the methods employed was a very detailed one. They have handed to the Court the complete method by which the grading was done. All the necessary factors for the evaluation of grades were taken into consideration. They further point out that as far as they are concerned the rate for the production grades was never in dispute, and they are surprised that the Union has put forward a claim for an additional Sh. 20 on every grade in the production side. They maintain that under the Tripartite Agreement the Union is not entitled to raise the question of the revision of rates for the grades, this matter having been finalized before 23rd January 1964. It is also pointed out that in the meeting of 16th December 1963, the difference on the question of grades was only to the point of whether there should be six or nine grades. It was also made quite clear to the Union at this meeting that they could have nine grades but this would not mean any increase in the rates. The employers further state that in the form of notification of dispute only the question of job evaluation in respect of grades is mentioned together with the rates of pay for the clerical grades. Without prejudice to this they maintain that their rates in the production grades are in line with other comparable industries. The employers further stress the following points:—

- (i) That the job evaluation was carried out on a non-racial basis and that every effort was made to combine equivalent jobs within the grades.
- (ii) Every employee had the right of appeal against his grading.
- (iii) Since the grading started in March 1962, 33 employees have been up-graded, in most cases without the employee first making application to management, but simply recognition by management of their ability.
- (iv) The dispute in respect of manual workers concerns job evaluation in respect of grades and is not concerned with rates of wages on which subject agreement was reached on 16th December 1963.

16. Regarding the clerical grades, the employers after due consideration and in order to demonstrate their readiness to get agreement in the matter acknowledge that the clerical grades should be raised from the previously suggested level. However they cannot accept the Union's suggestions on the rates of pay as they are much too high. The employers suggest the following rates:—

	Sh.
Clerical Grade I	210
Clerical Grade II	370
Clerical Grade III	630
Clerical Grade IV	830

17. They further point out that the Union has increased its demands in its memorandum to the Court beyond the level of the original demand to them.

18. Finally the employers reject the Union allegation of racial discrimination and state that the differences in salary are a legacy of the past and are being speedily remedied and that all the current engagements are on absolutely racial equality. The employers also want the telephone operator to be graded, and the Daily Order Clerk to be up-graded from Grade II to Grade III, and the Air Freight Clerk to be down-graded from Grade III to Grade II.

Award

19. It is essential to determine first of all if the issue (a) is subject to the Tripartite Agreement, that is to say whether or not the Union's claim in respect thereof was pending on 23rd January 1964, this being the effective date of the Tripartite Agreement which was signed on 10th February 1964. The employers claim that the overall increment of Sh. 20 granted as a result of conciliation proceedings conducted by Mr. Murengi on 16th December 1963 and the subsequent agreement dated 24th December 1963 which reduced to writing the essentials agreed upon at the said meeting and which is attached to the Union's memorandum as Appendix "A. 1" concluded the rates as far as the production grades are concerned and therefore they are subject to a wage stand-still.

20. It is important to note that at the aforesaid meeting on 16th December 1963, gradings and the increase in the rate of pay, amongst other things, were discussed separately under items 3 and 4. It is very significant that during the discussions under the heading "gradings", Mr. Muhanji said that the Union wanted nine grades at salaries ranging from Sh. 250 for Grade I to Sh. 1,500 for Grade IX, and later, under the heading "Increase in the rate of pay", Mr. Muhanji said that the Union has submitted its proposals to management (wage proposals from the Union being shown in item 3 *re* gradings) and would now like to hear management's reply. Subsequently after

lengthy discussion Mr. Muhanji asked for an interim increase of Sh. 25 to be back-dated to 1st August 1963 as the grading scheme would not be ready until January 1964. Eventually an increment of Sh. 20 was agreed. This is followed by a meeting between the employers and the Union on 29th January 1964. At this meeting, a record of which appears as Appendix "B 5" to the employers memorandum, under the heading "Grading" the following is recorded:—

"Mr. Smith then suggested that sometime next week the Factory Manager would meet the local representatives of the Union and discuss this matter, have any disputes sorted out and also discuss rates for the grades."

21. In view of the foregoing facts the Court finds that it is clearly established that the issue (a) was alive and pending when the Tripartite Agreement came into effect and therefore the rates for the grades are open to negotiation.

22. As far as the rates for the production grades are concerned the Court notes that in 1962 the workers were granted an increment of Sh. 30, and the aforesaid increment of Sh. 20 was granted in December 1963 with effect from 1st August 1963. The Court finds that a further increase of Sh. 10 on the existing rates for the production grades is justified and therefore makes the following award, rates for the grades, in issue (a):—

	Sh.
Grade I	160
Grade II	180
Grade III	220
Grade IV	240
Grade V	320
Grade VI	410

23. The above award is to be with effect from 1st February 1964 and is subject to the proviso that only those employees whose salary is less than the grade salary in which they are placed shall get the appropriate increase to bring their wages up to the grade rates. Those employees who are getting a wage higher than their grade warrants shall not get any increase, nor shall their salaries be reduced either.

24. The Court further finds that the grades produced by the employers are extremely fair and great care appears to have been taken in addition to the elaborate method employed in evolving them.

25. On issue (b) the Court finds that the rates of pay for the clerical grades as offered by the employers are far too low. The aim should be a fair wage for the job and it is then up to the employer to engage a suitable qualified man who is worth that wage. The employers appear to work on the basis of engaging clerical staff of extremely poor calibre and to pay these men a low wage commensurate with their ability, which in the Court's opinion is the wrong approach.

26. The Court accordingly makes the following award in the clerical grades:—

	Sh.
Grade I	350
Grade II	500
Grade III	700
Grade IV	900

27. This award is also to be effective from 1st February 1964 and is subject to the proviso that only those employees whose salaries are less than the grade salary in which they are placed shall get the appropriate increment to bring their wages up to the grade rates. Those employees who are getting a higher wage than their grade warrants shall not get any increase and their salaries shall not be reduced either.

28. The Court further wishes to state that it found no evidence of racial discrimination in any shape or form being practised by the employers.

29. As far as the minor adjustments in grading are concerned and the grading of the telephone operator, the Court directs that the parties shall get together and settle these very small points, which, in any case, are not before the Court for adjudication.

Made in Nairobi this 29th day of September 1964.

SAEED R. COCKAR,
President.

P. E. D. WILSON, M.C.,
Member.
