GAZETTE NOTICE No. 1894

# THE INDUSTRIAL COURT

CAUSE No. 15 OF 1968

*Parties:—*

Transport and Allied Workers' Union  
and  
Lolwe Transporters Limited

*Issues in dispute:—*

- (1) Wages Increment to Unionizable Employees.
- (2) Implementation and Duration of the Agreement.

1. The Transport and Allied Workers' Union shall hereinafter be referred to as the Claimants and Lolwe Transporters Limited shall hereinafter be referred to as the Respondents.

2. The Parties were heard in Kisumu on the 21st day of May 1968, and relied on their written and verbal submissions. The members of the Court visited the Respondents' workshop and their bus terminal and saw the various employees at their work.

## AWARD

This is the first time that any Union has brought its dispute with an wholly African owned Company to the Industrial Court. This shows the trend of Employer/Employee relationship in future. The Claimants have rightly stated that the future employers in this country are going to be predominantly African and that it is the Unions' duty to carry on the struggle on behalf of the workers no matter who the employer is. The Respondents have been in business for nearly four years during which time they have expanded their business of passenger transport service considerably. At present they have a fleet of 34 buses, 6 of which are being operated as town buses in Kisumu. The Court accepts the Respondents' statement that all their vehicles are subject to hire-purchase and that a major portion of their revenue is being paid to finance companies every month.

Since the commencement of the business the Respondents have paid their employees wages in accordance with the rates specified from time to time by the Regulation of Wages (Road Transport) Orders and fringe benefits have also been granted in accordance with these Orders. Even now the Parties have accepted that the fringe benefits are to remain at the same level. The dispute has arisen on the wage rates which the Claimants submit should be much higher than the statutory ones as the Respondents are the second largest transport firm in the country.

The Court is aware that the Respondents are a big firm but the fact remains that they have commenced business only recently since about four years ago. It would not be quite fair to put them immediately in the same position as the other longer established big transport firms in the country. The Court feels that although ultimately their wage structure should compare favourably with the other transport firms, this must come about gradually.

The Court has taken into consideration the fact that the Regulation of Wages (Road Transport) Order 1966 is being revised and probably the new rates will take effect from 1st July 1968. According to information submitted by the Claimants the present rates will go up by 12 per cent and 10 per cent.

The Court has further taken into consideration the strong plea made by the Respondents that their shareholders have not had any dividend since the business commenced. But this is understandable because they have expanded so rapidly. The fact remains that the workers are doing their best.

The Court must uphold the principle that large and prosperous employers should pay wages and benefits higher than those specified by law as and when circumstances permit.

The Court has carefully examined the Respondents' plea that they are financially unable to meet the Claimants' demands including the audited balance sheet submitted by them. There are, however, some unsatisfactory aspects of this business to which the Court did not receive a proper answer.

Keeping all the aforesaid points in view and the submissions made by the Parties the Court has decided to grant only a small increase in wages.

The Court awards that all the workers should get an increase of Sh. 10 per month over and above their current rates and that when the rates are revised by the Regulation of Wages (Road Transport) Order 1968, this increase should be added on.

The Court further rules that this award should be with effect from 1st January 1968, and should remain in force for a period of 18 months from that date.

Given in Nairobi this 17th day of June 1968.

## GAZETTE NOTICE NO. 1895

**THE TRADE MARKS ACT**  
(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may

direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

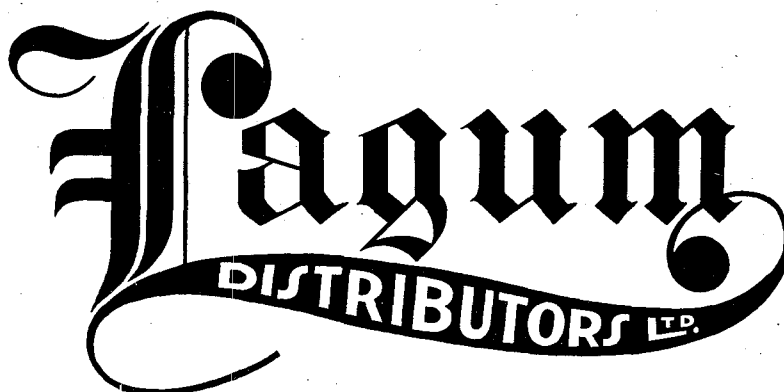

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Offices, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
