THE INDUSTRIAL COURT

CAUSE No 48 OF 1968

Parties

Kenya Chemical Workers Union
and

Colgate-Palmolive (E A) Ltd

Issues in Dispute

(1) Wages

(2) Effective date and duration

1 The Kenya Chemical Workers Union shall hereinafter be referred to as the Claimants and Colgate Palmolive (E A) Ltd shall hereinafter be referred to as the Respondents

2 The parties were heard in Nairobi on the 23rd day of April 1969 and relied on their written and verbal submissions

AWARD

During the hearing of this dispute bitter criticism was levelled by the Claimants against the Respondents for having introduced racial salary scales in their undertaking. This was vigorously denied by the Respondents who claimed to have instituted benefits for their workers which are at the same level as the topmost in the country.

In order to clear this rather serious matter, the Court asked for detailed information as to the various persons in the Administration department regarding their names, nationality, length of service, record of salaries, positions held and qualifications. This was duly supplied to the Court by the Respondents.

The Court has very carefully perused this information and finds that most of the junior staff are Africans and therefore are getting lower salaries than the Asian clerks. There are, however, African clerks who are getting Sh 1,050 and Sh 1,000 per month with another who is a trainee and is an understudy to the Financial Accountant getting Sh 2,000 per month. This state of affairs possibly is due to the Kenyanization programme of the Government.

The position being what it is, it has no doubt prompted the Claimants to make allegations of racial discrimination. The Court, however, is of the view that there appears to be no deliberate policy of racial discrimination. In fact the Respondents' wages and terms and conditions of service in respect of factory workers are at a reasonably good level and compare favourably with the leaders in the country.

Another unusual aspect of this dispute is that although the Claimants had forwarded their demands in respect of factory and clerical workers together as far back as May 1967, two agreements in respect of factory workers have been concluded since then with the dispute on clerical staff still being unresolved.

There is no doubt that the Claimants have throughout this period on and off protested at this but the fact remains that they have acquiesced at this arrangement. There was nothing to prevent them from declaring a dispute on this matter in 1967 but they were content to let the matter drag on and have referred the matter to the Industrial Court as recently as 13th December 1968. In these circumstances the Court is not prepared to accede to the Claimants' request to backdate the award to 1st July 1967. The Court does feel, however, that it is not proper to finalize negotiations in respect of one category of unionizable workers leaving the others out. The Court has, therefore, decided to terminate the present award on the same date as the current factory workers' agreement expires which is on 30th June 1970.

The Court has carefully considered the question of the effective date and has decided to award it as 1st January 1969.

After a careful consideration of all the submissions made by the parties, the Court has decided to award the following rates for the various grades —

<i>First increase w e f 1-1-69</i>	<i>Second increase w e f 30-6-69</i>
<i>Sh</i>	<i>Sh</i>

Clerical Grade I covering Senior Clerks and Secretaries—Jobs requiring experience, knowledge and skill. Jobs involving initiative and exercise of some judgment but subject to general supervision. Work which may involve a degree of control over a small number of staff in the same occupation.

970 1,060

Clerical Grade II covering Junior Clerks, Copy Typists and Telephone Operator/Receptionist—General routine jobs involving skill and experience and a limited degree of initiative but subject to supervision. May involve a degree of control over one person in the same occupation.

760 820

Clerical Grade III covering Warehouse Clerk—Routine jobs requiring some skill and experience but subject to strict and frequent checks and supervision.

620 670

Miscellaneous Grade IV covering Office Messenger—Simple routine jobs.

400 430

The Court further directs that the Warehousemen, Accounts Clerk and the Costing Clerk should be classified in Grade II, the Assistant Warehouseman should be classified in Grade III.

GAZETTE NOTICE No 1677

THE TRADE MARKS ACT

(Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form TM No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.
