THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED VOI-TAVETA 132Kv SINGLE CIRCUIT
TRANSMISSION LINE

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed Voi-Taveta 132kV Single Circuit Transmission Line.

The construction of the transmission line will involve the following activities:

- Valuation and compensation of affected people's property and resettlement;
- Land acquisition to accommodate the 110km transmission line;
- Clearing of the transmission line's 30m wide Right of Way (ROW) along the 110km route;
- Excavation of the foundations of the tower pads;
- Construction of tower pad foundation;
- Mounting of the towers on the pads and
- Stringing of the conductors over the entire distance;
- Rehabilitation of any disturbed areas;

The Proposed site starts from Voi Town located on the Mombasa-Nairobi Highway and runs westwards through Mwatate, Maktau to Taveta town covering a total distance of 110 km. crossing through three (3) new created districts namely Voi, Mwatate and Taveta which resulted from the subdivision of the former Taita Taveta District, Coast Province.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Loss of habitat, flora and fauna	<ul style="list-style-type: none"> • Utilize appropriate clearing techniques (e.g. Hand clearing as opposed to mechanized clearing) by using human labour as opposed to heavy machinery. • Maintain native ground cover and low growing vegetation beneath along the Right Of Way (ROW) by selective removal of tall-growing tree species and allowing low-lying grasses and shrubs in transmission line rights-of-way;

Possible Impacts	Mitigation Measures
	<ul style="list-style-type: none"> • Minimizing clearing and disruption to

	<ul style="list-style-type: none"> • Use of discontinuous maintenance roads to reduce access to wild lands and encroachment. • Soils excavated for the construction of the towers shall be used for backfilling; • Soils shall not be left exposed to wind/water for long; • Riverine vegetation shall be minimally disturbed during the construction to reduce soil erosion and safeguard the riverbank; • Excavation activities to be done preferably during the dry season to avoid soil erosion and siltation of streams;
Soil Erosion	
Air Pollution	<ul style="list-style-type: none"> • Control speed of construction vehicles; • Minimize idling of vehicles; • Water shall be sprayed during the construction phase on excavated areas to reduce dust emission; • Ensure regular maintenance of plant and equipment; • Provision of dust masks for use while working - in dusty conditions; • Use of serviceable vehicles and machinery to avoid excessive smoke emission.
Noise pollution	<ul style="list-style-type: none"> • Noise reduction/ hearing protection devices when working with noisy equipment; • Use serviceable equipment with low noise emission; • Instruct truck and machinery operators to avoid raving of engines.
Solid Waste Management	<ul style="list-style-type: none"> • Provide solid waste collection facility (disposal container) for the temporary storage of waste prior to disposal at an appropriate and designated location; • Provide storage yards with solid waste disposal facilities such as waste bins/chutes; • Liaise with the local authorities on suitable dumping sites for spoils.
Risk of fire	<ul style="list-style-type: none"> • Monitor the ROW vegetation that is more susceptible to fire • No burning of any materials wherever should be permitted at the site
Human Disturbance	<ul style="list-style-type: none"> • Provide appropriate relocation options to displaced persons; • Ensure displaced persons are informed about their options and rights pertaining to resettlement; offered choices and provided with alternatives; • Provide prompt compensation at full replacement cost for losses of assets attributable directly to the project; offer support after displacement, for a transition period, based on a reasonable estimate of the time likely/to be needed to restore their livelihood and standards of living;
Possible Impacts	<p><i>Mitigation Measures</i></p> <ul style="list-style-type: none"> • Provide development assistance in addition to compensation measures.

- Electrocution from live power lines
 - Ensure physical integrity of structures is maintained;
 - Deactivating and properly grounding live power distribution lines before work is performed on, or in close proximity, to the lines;
 - Ensuring that live-wire work is conducted by trained worker only;
 - Ensure the workers are properly isolated and insulated from any conductive object (live-line work).
- Occupational health and safety
 - Appropriate head, hand and foot protection (PPE) during the manual clearing of vegetation;
 - Adopting ergonomic work flow designs that fit physical tasks to employees and not vice versa while maintaining a balance with productivity;
 - Implement a fall protection program that includes training in climbing techniques and use of fall protection measures, Provide Safety Belts;
 - Inspection, maintenance, and replacement of fall protection equipment;
 - Use of helmets and other protective devices will mitigate against scratches, bruises; lacerations and head injuries due to dropping objects;
 - Provide first aid facilities at the site.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.

(c) Provincial Director of Environment, Coast Province.

(d) District Environment Officer, Voi District

(e) District Environment Officer, Mwatate District.

(f) District Environment Officer, Taveta District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED RESETTLEMENT PROGRAMME IN CHEPYUK PHASE II AND III SETTLEMENT SCHEME IN MOUNT ELGON DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed resettlement programme.

The project is for the proposed degazettement and excision of Chepyuk Phase II and III Settlement Scheme from Mt. Elgon Forest Reserve which has been considered by the Government for the purposes of resettlement among other tasks. A total of 7,750 hectares

were authorized by the Government to comprise Chepyuk Settlement Scheme Phase I, II and III.

The proposed project is located in Chepyuk Location, Kopsiro Division in Mt. Elgon District, Western Province. Phase II lies in Korongotuny, and partly in Kabura Sub-locations while Phase III lies in Emia and Chepyuk, Kaimugul and partly Kabura Sub-locations.

The project anticipates the following impacts and mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Waster generation	<ul style="list-style-type: none"> • Ensure the collection of all waste in a designated area. The waste shall also be sorted to separate re-usable/recyclable waste from the rest. • Non-reusable/recyclable waste shall be disposed in the designated dumping site.
Air quality	<ul style="list-style-type: none"> • Ensure that all machinery and vehicles are regularly serviced and well maintained. • Dust generated during excavation and delivery of construction inputs shall be managed through sprinkling of the site with water. • Ensure that transport of materials and wastes is done in covered trucks to contain any dust. • Different Environment Impact Assessment for each factory to be constructed be done.
Water resources	<ul style="list-style-type: none"> • Ensure all debris due to construction are well disposed or backfilled. • Ensure conservation of environmental hotspots like wetlands. • Delineating and protecting wetlands and environmental hot spots. • The community to be educated on conservation of riparian reserves and shown where not to cultivate. • Surveyors to take into consideration riparian reserves. • Latrines should be dug to the standard height and the right places far from the river valleys. • All the water springs to be protected, cattle drinking points be constructed.
Noise pollution	<ul style="list-style-type: none"> • Measures shall be put in place to prevent unnecessary noise from the equipment and tools used in order to avoid discomfort and nuisance among the construction workers.
Soil erosion and pollution	<ul style="list-style-type: none"> • Ensure the minimal soil is excavated or disturbed. The excavated soil shall also be used as much as possible at the site in landscaping purposes to reduce the soil transferred from the site. • Educate, train and encourage the community to practice good methods of cultivation and land management including terracing to enhance soil conservation. • Demarcate riparian zones for conservation. • Safe use of agro chemicals and disposal
Forest	<ul style="list-style-type: none"> • Fence and protect the forest from encroachment.

- Avoid disturbances as much as possible.
- The beneficiaries to practice farm plantation to provide them with firewood energy.
- Introduce alternative sources of energy.

The project involves the development of Kenya Anti-Corruption Commission headquarters offices in Karen. The size of the proposed project site is five acres.

The proposed project is located to the north and proximal to the junction of the Lang'ata South Road and Bogani Road in Karen suburb on plot No. 26965, Langata South Road in Karen.

The project anticipates the following impacts and mitigation measures.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Physical setting, flora and fauna	<ul style="list-style-type: none"> • Maintain as much as possible the natural drainage systems and patterns; • Grade sites to beneficial levels to maintain and compensate appropriately the existing topography; • Retain the only existing tree on location; • Develop a landscape that is in harmony with the Karen area and ensure that no invasive species are introduced; • Set out a plan for replacement or grading to encourage natural vegetation rejuvenation on offsite works areas; • Consider and uphold all the flora and conservation principles contained in the Karen District Development Plan.
Energy resource management	<ul style="list-style-type: none"> • Ensure machinery is regularly serviced to improve efficiency in consumption of energy; • Energy management through use of sound/appropriate equipment; • Application of rated equipment in welding and related works; • Use of efficient mechanical plant and energy savers on sites.
Water resource management	<ul style="list-style-type: none"> • Provide appropriate accessories for water harnessing; • Ensure that low volume water conserving fixtures are installed on sinks, toilets, and baths at the site; • Provide appropriate and adequate drainage infrastructure where required.
Waste management	<ul style="list-style-type: none"> • Ensure machinery is regularly serviced to avoid leakages and/or spillages; • Oils, fuels and other materials to be stored in accordance with the (MSDS); • Implement erosion and sedimentation controls and proper disposal of liquid waste; • Pursue waste minimization policy in procurement, usage and recycling; • Provide waste handling and collection systems; • Minimize waste at source by clear and harmonized procurement of materials.
<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Water and energy management	<ul style="list-style-type: none"> • Provide appropriate and adequate drainage infrastructure where required; • Ensure machinery is regularly serviced to avoid leakages and/or spillages;

	<ul style="list-style-type: none"> • Oils, fuels and other materials to be stored in accordance with the manufacturers' safety data sheets (MSDS); • Train staff on spill response; • Implement erosion and sedimentation controls; • Energy management through use of sound equipment; • Application of rated equipment in welding and related works; • Use of efficient mechanical plant and energy savers on sites.
Dust and air quality	<ul style="list-style-type: none"> • Dampen work areas materials heaps and mulch bare ground to minimize dust emissions; • Maintain equipment and machinery to manufacturers' specifications; • Use environmentally friendly fuels; • Minimize the period for machinery idling; • Pursue good practices in energy use during operations and sensitize staff; • Provide appropriate personnel protective equipment to site workers.
Health and safety	<ul style="list-style-type: none"> • Comply to the OSHA; • Provide personnel and passers-by signage and warnings, traffic control signs and warning; • Develop a traffic management plan to ensure that site vehicles do not interfere with the regular traffic on the Lang'ata South Road; • Provide for appropriate signage and warnings at work sites; • Provide appropriate personnel protective equipment (PPE) to site workers; • Provide for First Aid facilities as per the OSHA, 2007; • Provide for an appropriate traffic management plan to avoid congestion on Lang'ata South Road; • Provide and clearly display emergency contacts; • Develop and implement detailed and site specific emergency response plans.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.

(c) Provincial Director of Environment, Nairobi Province.

(d) District Environment Officer, Nairobi West District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED HASS PETROL STATION ON LAND
PARCEL NO. GARISSA MUNICIPALITY/BLOCK 3/474,
GARISSA

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the proposed petrol station.

The proposed project will entail development of a petrol filling station to supply petroleum products to the residents of Garissa town and its environs as the demand for the product is high within the region.

The proposed project is located on land parcel No. Garissa Municipality/Block 3/474 within Garissa Township, North-eastern province.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Noise	<ul style="list-style-type: none"> Provision of personnel protective equipment for workers during the construction phase. Frequent machinery maintenance to reduce noise. Appropriate sound proofing and silencers to the working equipment. Avoidance to unnecessary hooting. Restricting construction activities to day time.
Air quality	<ul style="list-style-type: none"> Limiting construction traffic movement and operations to efficient and necessary activities. Establishment of dust screens around the constructions site. Sprinkling of water within the construction sites to minimize dust. Provision of personnel protective equipment (dust masks) for workers during the construction phase.
Soild waste	<ul style="list-style-type: none"> Materials from excavation of the ground and foundation works shall be reused for earthworks and landscaping where applicable. Waste bins shall be placed at strategic weather proof and vermin proof locations within the site as collection centres to facilitate separation and sorting of the various types of wastes and either incinerated or recycled where applicable. Enhance cooperation between Garissa Municipal council and other stakeholders. All the solid waste generated within the filling station and related facilities shall be collected at a central weatherproof bin, checked - to ensure there is no toxic waste, and stored for inceneration.
Offensive odours	<ul style="list-style-type: none"> Ensuring that the underground bulk petroleum storage tanks covers are properly sealed. Sanitary facilities within the premises should be regularly cleaned.
<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Liquid effluents, waste oils and other petroleum based products	<ul style="list-style-type: none"> Proper storage, handling and disposal of new and used oil and related wastes. Oil drip traps should be regularly maintained as per a maintenance

schedule for maximum performance.

- Regular maintenance of dispensing pumps and generators should be ensured to prevent leakages.
- The proponent should construct drainage traps for waste oils in the service bay.
- The proponent should provide proper oil interceptors along the drains leading from the service yard, car wash, oil storage area, generator room and dispensing pumps.
- The proponent should establish a Muster point installed with foam, dry powder and CO2 fire extinguishers with their proper colour codes displayed.
- The fire extinguishers should be properly stored and routinely inspected.
- Fire buckets containing sand should be provided at the signature.
- Tankers delivering and awaiting to offload fuel should be parked separately from the other vehicles.
- LPG cylinders should be housed appropriately and securely to minimize any case of hazard.
- The area housing the generators should have a proper base (not prone to flooding) and a proper sheds constructed to protect the equipment from the elements the base should also check to prevent any instances of oil and petroleum spill to the ground.
- The petroleum storage tanks should be properly secured and firmly constructed to prevent at hazard from occurring.
- Keep all escape routes and fire exits clear and make regular checks to ensure that this is the case.
- Clear rubbish regularly (remember sand used for cleaning or containing petrol spills will be flammable and should be disposed of safely, by a hazardous waste disposal company if necessary).
- Provide emergency telephone contacts at strategic points.
- Proper barricades and warning signs should be put up around the project area during the construction phase.
- Devise a safe system of traffic movement, e.g. a one-way system for entering and exiting the station.
- Display clear information/warning signs setting out the traffic control arrangements.
- Provide sufficient designated parking areas close to the shop and away from the pumps.
- Provide mechanical protection to vulnerable structures such as fuel tanks and liquefied petroleum gas (LPG) storage areas.
- Development and implementation of standard workplace practices and the company's HSE/OHS policies.

Fire risks

Traffic accidents

Occupational, health and safety impacts

Possible Impacts

Mitigation Measures

- Staff should be trained on how to deal with minor fuel spillages.
- Exposure to vibration from equipment such as hand and power tools, or whole-body vibrations from surfaces on which

the worker stands or sits, should be controlled through choice of equipment, installation of vibration dampening pads or devices, and limiting the duration of exposure.

- Provision of personnel protective equipment for workers during the construction phase.
- Sanitary facilities shall be provided and cleanliness shall be ensured as per set company's health standards.
- The proponent should train staff in proper lifting techniques.
- The proponent should provide suitable equipment e.g. keys for lifting manhole covers.
- It is recommended that the company should have fully equipped first aid kits during construction and operation phases and ensures that only well trained personnel handle the equipment.
- Sand should be kept (in buckets) for spreading in-case of accidental fuel or oil spill to prevent slipping hazards.
- The proponent should ensure that the filling station has adequate fire fighting equipment available and all the personnel trained on use of the equipment.
- The proponent should eliminate all unnecessary manual handling.
- Properly labeled signs should be established within the premises.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- Provincial Director of Environment, North-Eastern Province.
- District Environment Officer, Garissa District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

B. M. LANGWEN,
for Director-General,
National Environment Management Authority.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
