GAZETTE NOTICE No. 2913

THE INDUSTRIAL COURT

CAUSE No. 34 OF 1979

Parties:—

Kenya Union of Commercial Food & Allied Workers
and
Queensway Development Corporation Limited

Issues in dispute:—

1. Leave travelling allowance.
2. Minimum wages.
3. Wages increases.

1. The Kenya Union of Commercial Food & Allied Workers shall hereinafter be referred to as the Claimants and Queensway Development Corporation Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 19th day of September, 1979, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 6th April, 1979, duly signed by the parties was received by the Court on 18th July, together with the statutory certificate signed by the Labour Commissioner.

The parties have not been able to resolve the above issues while they were reviewing the collective agreement between them effective from 1st October, 1976 to 30th September, 1978.

The main reason for this deadlock is the Claimants' insistence that the Respondents' employees are in the lower income group and therefore should be given full compensation for the increase in the cost of living during the previous two years. They are demanding a 40.5 per cent increase to be paid in two instalments of 20.25 per cent per year.

The Claimants also alleged that the Respondents' 66 employees were being underpaid in that their wages were below the statutory minimum rates. This point, however, was very strongly refuted by the Respondents who clarified that at the commencement of the collective agreement under review the rates may have been lower than the current statutory minimums but when the statutory rates went up they had adjusted the rates of their employees to conform with the new rates. They maintained that the Claimants were misleading the Court on this point.

The Respondents stated that at one stage they had offered a wage increase of 12 per cent for the first year and another 12 per cent for the second year but had now decided to reduce this offer to 8 per cent each year. This was because they had complied with the Presidential directive and had increased their workforce by six with the result that they now had 66 employees in employment.

The Court notes that the parties had entered into a supplementary agreement which gave the workers 3 per cent increase effective from 1st May, 1977, and ran concurrently with the main agreement. The Court has also carefully considered the wage rates which the Claimants quoted were being paid by other similar concerns as the Respondents.

The cost of living from October, 1976 to September, 1978, has gone up by 36.7 per cent if the 1978 Guidelines were to be applied to this dispute then the workers would be entitled to get two-thirds of this plus 3.8 per cent GDP increase which would give the workers a 14.15 per cent increase per year. If on the other hand new Guidelines were to be applied then the workers would get half of 36.7 per cent plus 3.8 per cent GDP increase giving them 11.08 per cent increase per year.

After careful consideration of all the submissions the Court finds that the workers should be given wage increases under the 1978 Guidelines because the new collective agreement could have been negotiated and settled before the end of 1978. The Court awards that all those unionisable employees who were in service as at 1st October, 1978, should get a wage increase of 13 per cent with effect from 1st October, 1978. The Court further awards that all unionisable employees should get another wage increase of 13 per cent for the following year, i.e. from 1st October, 1979. The Court would like to point out that the Court has taken into consideration in arriving at these figures the 3 per cent increase which the workers received under the supplementary agreement.

Minimum wages.—The Court finds that the Claimants' demand under this item is clearly well beyond the permissible limits under the Guidelines. Their demand implies an average increase

on present minimum rates of Sh. 150 representing a total increase of Sh. 118,800 per year for the 66 employees. To make it worse this is aimed to benefit the new employees of the company.

The Court while finding that the Claimants' demand are exorbitant on the other hand finds that the Respondents' offer of a mere Sh. 17/50 increase is rather on the low side taking into account the current situation. After careful consideration of all the submissions the Court awards the following minimum consolidated wages per month with effect from 1st October, 1978:—

	Sh.
Cleaner (general or toilet)	375
Messenger	375
Lift attendant	400
Security guard (day)	385
Security guard (night)	413
Security in charge	440
Ungraded artisan—fundi (including painter, electrician, mechanic, etc.)	490.

Leave travelling allowance.—The Court finds that the Claimants are not right when they submitted that the transport costs are not taken into account when the cost of living indices are prepared. The E.P.D. confirmed that these costs are taken into account when these indices are computed and since the Court has given the maximum possible benefit under the Guidelines to the workers under the heading of wage increases the Court has come to the conclusion that no further increase in leave travelling allowance is possible.

The present clause on this item reads as follows:—

"When proceeding on annual leave an employee shall be entitled to leave travelling allowance as under:

- (a) If his home is within 100 miles from Nairobi city centre—Sh. 100.
- (b) If his home is outside 100 miles from Nairobi city centre—Sh. 150."

In addition to above the Respondents have offered to reimburse any employee who may spend on travelling to his home more than amount stipulated in the last agreement upon production of a receipt. In view of the above the Court rejects the Claimants' demand on this item.

Given in Nairobi this 28th day of September, 1979.

GAZETTE NOTICE No. 2914

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition

is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.
