GAZETTE NOTICE No. 395

TRADERS' LICENCES

THE Trade Licensing Act of 1967, as amended in 1969, had two objects in view, viz. to further the progress of Kenya citizens in the commerce of the country and to earn revenue.

The first object is achieved by declaring an area a "General Business Area", and confining all the business outside that area to Kenya citizens. However, in order that the general public should not be inconvenienced, consideration is given to non-citizens who may trade in other than a "General Business Area" to provide a service at the time not available from a Kenya citizen.

The second object, to earn revenue, is expressed in section 7 of the Act which provides as follows:—

"The appropriate fee shall be payable in respect of each business authorized by a licence, which shall be valid for a period of 12 months from the date of approval or renewal, and which specifies the premises where the business or businesses may be conducted."

This, in effect, means that a firm which has branches of its business on different premises requires separate licences for each such premises. Furthermore, where more than one business, as defined in the Act, is carried on in connexion with the other on the same premises, a separate licence is required for each business.

For example, to quote a hypothetical case, a large motor firm may sell motor vehicles either as a manufacturers' representative or on a commission basis. This firm could probably import cars as well as export them to Partner States of the East African Community. In addition, it may also have petrol pumps and a workshop, and insure vehicles for clients through an Insurance Company. If all these transactions take place on the same premises, this dealer will require the following licences:—

1. A manufacturers' representative or commission agent's licence.
2. An importer's licence.
3. An exporter's licence.
4. A retail licence to sell petrol and spare parts.
5. A vehicle repairing licence.
6. An insurance agent's licence, and if spare parts are being supplied to other garages, it would need a wholesaler's licence.

Similarly a wholesaler who also retails goods needs a licence for each of these trades. Any person conducting a business such as beauty culture, who also sells goods in the form of beauty preparations must have the appropriate trade licence as well as a retail licence. Cinemas selling refreshments require both a cinematograph exhibition and caterer's licence. Any person advertising on behalf of a second party should have an advertising licence. All hotels, bars and restaurants require caterers' licences as well as a liquor licence. Where a hotel displays tourists' souvenirs for sale, a retail licence is needed.

A caterer who sells groceries or goods other than those for immediate consumption should have a retail licence.

All firms applying for traders' licences should state *all* types of trade or businesses that are or will be conducted on the premises concerned. If a licensing Inspector finds that a firm is conducting a business for which it is not licensed the licensee shall be guilty of an offence for which the maximum penalty is a fine of Sh. 10,000 or a term of imprisonment of one year, or both such fine and imprisonment.

Licences are valid for one year from the date of approval or renewal. Applications for renewal should be submitted to the Trade Licensing Officer not later than three months before the date of expiry of such licence. A licensee failing to renew a licence will be guilty of trading without a licence when his previous licence has expired.

All licences must be prominently displayed at the place of business. Failure to do so is punishable by a fine of up to Sh. 500.

A conditional licence, with such conditions as the Trade Licensing Officer may deem necessary, may be issued to an applicant. This conditional licence does not entitle the holder to conduct a business. The fee for such a licence is one-half of the fee specified in the Schedule to the Act. It will be valid for one year from the date of issue and is renewable provided application is made three months before it expires. When the holder has complied with the conditions, he may apply for a licence in respect of the business which, if the Licensing Officer is satisfied, will be granted on payment of the specified fee.

The Licensing Officer will only consider applications for licences after proof has been produced that the local government premises licence has been obtained from the municipality or county council where the business is situated.

Dated this 31st day of December 1969.

GAZETTE NOTICE NO. 407

THE INDUSTRIAL COURT

CAUSE NO. 46 OF 1969

Parties:—

Kenya Chemical Workers' Union
and
African Diatomite Industries Ltd.

Issue in dispute:—

The termination of employment of Mr. Hezekiah Sabwa.

1. The Kenya Chemical Workers' Union shall hereinafter be referred to as the Claimants and the African Diatomite Industries Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Mombasa on the 30th day of December 1969, and relied on their written and verbal submissions.

AWARD

3. The person involved in this dispute, Mr. Sabwa, is a branch secretary of the Claimants in the Respondents' undertaking at Gilgil. On or about 3rd April 1969, the question of payment of overtime for 14 days in respect of an employee was under discussion. The Claimants stated that on that day one Mr. Mukenye came to Mr. Sabwa's office to assist him in making representations to the General Manager in connexion with the overtime claim. It was claimed that prior to that afternoon the General Manager had been notified that the Claimants' officers would be seeing him in connexion with this matter. When Mr. Mukenye and Mr. Sabwa were together the General Manager came into Mr. Sabwa's office and inquired what Mr. Mukenye was there for. After this an argument appears to have developed between the General Manager and Mr. Sabwa during which, the Respondents claimed, that Mr. Sabwa's words were abusive and that the argument continued even after Mr. Mukenye had left the office. At one stage the General Manager asked Mr. Sabwa to hand in the keys to the stamp box and to leave the office after suspending him. This Mr. Sabwa refused to do.

The statements of two persons who were witnesses to the incident were produced with the submissions and are referred to in the findings of an investigator who was appointed by the Ministry of Labour. One Mr. Isiah Inyamiri stated as follows:—

"On 3rd April 1969, the General Manager called me into his office at 2.15 p.m. The first words I heard were 'Don't call me Hezekiah Sabwa'. The Manager answered 'You are Mr. Hezekiah Sabwa'. Then the Manager told Mr. Sabwa that he was suspending him. Mr. Sabwa answered that 'You cannot suspend me. Whom do you think you are?' Mr. Terry asked Mr. Sabwa to give him the key for the stamp box and to leave the office. Mr. Sabwa refused to hand over these things or to leave the office."

The other, Mr. Anderea Mudaki stated as follows:—

"I was called into the General Manager's office on 3rd April at approximately 2 p.m. Arriving in the office I found Mr. Hezekiah Sabwa cruelly pointing fingers at the General Manager and shouting loudly in the office. He abused the General Manager while I was standing in the office. The abuse I heard was as follows: 'You think that you are God here. You want to sit on the other people's necks and call yourself God. If you want to write letters to the authority concerned do so'. He was then asked to hand over the stamp box keys, but he refused entirely to hand over the keys. He refused to obey any instructions and took a seat on the chair in his office. In fact he abused the General Manager to scorn."

On 8th April 1969, the General Manager wrote a letter to Mr. Sabwa terminating his employment in accordance with the agreement and offered him one month's pay in lieu of notice. The matter was taken up by the Claimants with the management and the Ministry of Labour as a result of which the Permanent Secretary made the following recommendation *vide* his letter dated 5th September 1969, based on the findings of his investigator:—

"In view of the above observations and bearing in mind the deteriorated state of human relations in this company, I do not recommend Mr. Sabwa's reinstatement. I recommend that the head office of the union should advise its branch officials that cases of this nature should be referred to the head office of the union so as to avoid unnecessary friction between the branch officials and the management."

The Claimants strongly submitted that the recognition agreement between them and the Respondents clearly defines the procedure for handling grievances and complaints *vide* clause 2 (a) and 2 (d) (ii). The branch officials are authorized and empowered by the constitution of the Claimants to represent the interests of their members in an undertaking and that Mr. Sabwa was constitutionally correct when he was representing an employee on the question of his overtime payments in discussions with the management and that in furtherance of this he had called his assistant to his office.

The Claimants maintained that Mr. Sabwa during the incident was acting in his capacity as their branch secretary and therefore could not be subject to any disciplinary action by the management as he was handling workers' grievances. His termination therefore amounted to an act of victimization and was contrary to clause 3 (a) (i) of the recognition agreement. They also expressed strong views on the fact that the Respondents had failed to convene a meeting of the negotiating committee to discuss Mr. Sabwa's case as provided in the recognition agreement.

The Claimants submitted that a union official had to be tough, logical and straightforward if he was to successfully discharge his duties when representing the interests of a worker, and at such a time he cannot be deemed to be an employee of the company but should be taken to be a representative of the union.

The Claimants pointed out that the General Manager had gone to the Labour Officer for advice on 5th April 1969, when he was told to contact the Claimants' General Secretary to discuss this matter with him before taking any decision but the General Manager never contacted the General Secretary nor did he convene a negotiating committee meeting. For these reasons the Claimants asked the Court to order Mr. Sabwa's reinstatement to his job.

The Respondents on the other hand argued that the findings of the investigator had substantiated their view that the employer/employee relationship could not continue in this case and that termination was found to be justified and the investigator had rejected the allegation of victimization. The investigator also refused to recommend the reinstatement of Mr. Sabwa and advised the Claimants that subordinate officials should be disciplined and trained to avoid unnecessary friction at the place of work.

The Respondents referred the Court to the previous Industrial Court proceedings in Cause Nos. 26/67, 20/68 and 22/69 involving wrongful dismissals and demands for their reinstatement and drew a distinction between the terms of reference in those disputes and the present one. They maintained that in the present dispute a reinstatement was not being sought and therefore the Court should not award it. They stated that the altercation leading to Mr. Sabwa's dismissal arose from circumstances not connected with the exercise of union functions and secondly the witnesses establish that without being offered provocation the dismissed man addressed the General Manager with insulting and abusive language. They asked the Court to find that Mr. Sabwa was discharged for misconduct and that the misconduct was proved and was found to be proved at the time. Evidence was available at the time of the incident; that evidence was examined by the Ministry of Labour investigator and established clearly that the termination of employment had no undertones which would justify a recommendation of reinstatement.

The Court appreciates the delicate position of union officials who have to perform union duties while being employees in the same undertaking but the Court is not prepared to accept the Claimants' contention that the union official has got to be tough in order to fulfil his union duties. There is no need for a union official to resort to rude behaviour and to use language which would show utter disrespect not only to the management but in such cases his own superior officer. The Court has some doubt as to the purpose for which the General Manager went into Mr. Sabwa's office in the afternoon of 3rd April 1969. Possibly he went there to prevent Mr. Sabwa from making an adequate preparation for making representations to him on the question of an employee's overtime but the fact remains that the branch secretary, Mr. Sabwa, instead of pursuing the normal line of action, which is that he should have reported this matter to the higher officials of the union, lost temper and in an excited state used language towards the General Manager which is quoted hereinabove in the statements of two witnesses.

The Court has taken due note of the Claimants' allegation during the hearing that the original finding of the investigator was in their favour and that subsequently another officer had altered the investigator's findings. Even if this allegation was true the fact remains that an investigator's findings are not binding on the parties or the Court; not even the Permanent Secretary's recommendation for that matter.

The Court has very carefully considered the various submissions put forward by the parties but cannot find any grounds for ordering Mr. Sabwa's reinstatement as he should have referred the matter to his General Secretary if he was being prevented from discharging his union duties by the General Manager. In these circumstances the Court must find that the Respondents were entitled to terminate Mr. Sabwa's services but rules that this should be treated as a normal termination of employment so that he gets all his appropriate dues under the agreement covering unionizable employees.

GAZETTE NOTICE No. 408

THE INDUSTRIAL COURT

CAUSE No. 48 OF 1969

Parties:—

Kenya Chemical Workers' Union
and

Twiga Chemical Industries Ltd.

Issues in dispute:—

1. Wages.
2. Effective date.

1. The Kenya Chemical Workers' Union shall hereinafter be referred to as the Claimants and the Twiga Chemical Industries Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Mombasa on the 30th day of December 1969, and relied on their written and verbal submissions.

AWARD

3. The Industrial Court in Cause No. 57/66 between the same parties awarded the following four grades with the respective rates:—

Grade	Sh.
1	260
2	290
3	360
4	445

The Industrial Court award was for a period of 18 months. Subsequently the parties revised the Court's award and increased the above rates to Sh. 285, Sh. 315, Sh. 385 and Sh. 470 and agreed that these should remain in force until 31st March 1969. The Claimants put forward their demands for revising the existing agreement on 11th March 1969, although it had been clearly provided that revision should be effective from 1st April 1969, and that notice shall be given of proposed amendments before 28th February 1969.

Along with their proposals for increasing wages the Claimants also sought an extension of the grades to five. The parties then met fairly regularly and it appears they had at least seven meetings on the issues in dispute. On 23rd August the Claimants notified a trade dispute and on 14th October 1969, agreement was reached on several items including job classification during conciliation. The Court has therefore to revise the rates for the current grades and introduce a rate for the agreed fifth grade and establish an effective date. The parties had agreed that the duration of the agreement would be for three years.

The Respondents are engaged in the production of paint and also in the manufacture of agricultural and veterinary products. They claimed that paint manufacture comprised of only one-third of their total business and their other two lines in fact subsidized their paint side. They pointed out that the trade in their industry was extremely competitive. The Respondents reiterated during the hearing their willingness to grant increases as were awarded by the Industrial Court in Cause No. 8/69 between the Claimants and the Paint Manufacturers' Group (hereinafter referred to as the Group) which were as follows:—

Grade	Present	1st Year	2nd Year	3rd Year
	Sh.	Sh. cts.	Sh. cts.	Sh. cts.
Grade I	561	27 50	27 50	27 50
Grade II	506	25 00	25 00	25 00
Grade III	376	21 50	21 50	21 50
Grade IV	311	21 50	21 50	21 50
Grade V	281	19 50	19 50	19 50
Grade VI	250	19 50	19 50	19 50

The Respondents asked the Court to award Sh. 575 for the new grade 5 and claimed that the delay in negotiations was entirely due to the Claimants having introduced the question of a new grade. They referred the Court to the dates and the number of meetings that they had had with the Claimants and maintained that they should not be penalized for the long time that had been taken up during negotiations.

The Claimants criticized the Respondents for having introduced during the proceedings arguments contradictory to those which had been put forward by their spokesman in Cause No. 8/69 when they had asked the Court to reject the comparison which the Claimants had made between the Group and the Respondents. The Claimants stated that the Respondents' main business is the manufacture of explosive chemicals and asked the Court to reject the Respondents' demand that they should grant the same increases as had been awarded to the Group employees by the Industrial Court.

The Court notes that the Claimants' final demand remained at an increase of 15 per cent for the first year, 13 per cent for the second year and 13 per cent for the third year on all the rates. They also asked the Court to award Sh. 575 for Grade 5.

The Court has very carefully considered the various arguments put forward by the parties and has come to the conclusion that it would be fair and reasonable to award the same increases which the Court awarded in Cause No. 8/69. The Court is of the view that the existing differential between the Respondents' and the Group's rates of pay is fair and it would be wrong at this stage to further increase this gap by awarding a higher increase than that in the Group dispute. The Court accordingly awards the following new rates for the various grades with yearly increases for three years:—

Grade	Present	1st Year	2nd Year	3rd Year
	Sh.	Sh. cts.	Sh. cts.	Sh. cts.
Grade 1	285	19 50	19 50	19 50
Grade 2	315	21 50	21 50	21 50
Grade 3	385	21 50	21 50	21 50
Grade 4	470	25 00	25 00	25 00
Grade 5	575 (new grade)	27 50	27 50	27 50

The Court rules that the effective date should be 1st August 1969, from which date the workers should get their first increase. They shall be entitled to another increase as shown above on the expiry of 12 months from this date and another increase in the third year.

No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.
