THE Commissioner of Lands gives notice that applications are invited in terms of proposals for development of unsurveyed plots in Kileleshwa, Nairobi, for purposes of private residence, as described in the Schedule hereto. A plan showing the plots may be seen in the Lands Department, City Square, Nairobi, or prints may be obtained by post from the Public Map Office, P.O. Box 30089, Nairobi, on payment of Sh 4, post free.

*Conditions of Sale*

Applications should be submitted to the Commissioner of Lands, P.O. Box 30089, Nairobi, on or before noon on 11th July 1970. Applicants must enclose with their applications their cheque for Sh 1,000 as a deposit made payable to the Commissioner of Lands which will be dealt with as follows—

- (a) If the applicant is offered and takes up and pays for the plot within the period of 14 days as required by Condition No 4 below, the deposit will be credited to him.
- (b) If the application is unsuccessful the applicant's deposit will be returned to him.
- (c) If the application is successful and the applicant fails to take up and pay for the plot offered to him within the period of 14 days as required by Condition No 4 below, the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto.

2 Applicants must in their applications state if they own any residential plots in the Nairobi area giving details of plot numbers and whether these are developed or not. Failure to disclose this information may result in the application being disqualified.

3 Each application should be accompanied by a statement indicating the amount of capital it is proposed to spend on the project, with a banker's letter or other evidence of financial status in support.

4 Each allottee of the plot shall pay to the Commissioner of Lands within 14 days of notification that his application has been successful the stand premium and proportion of the annual rental together with survey, conveyancing, stamp duty, registration fees and provisional assessment for roads and drains charges. In default of payment within the specified time the Commissioner of Lands may cancel the allocation and the applicant shall have no claim to the plot.

*General Conditions*

1 The grant will be made under the provisions of the Government Lands Act (Cap 280 of the Revised Edition of the Laws of Kenya), and title will be issued under the Registration of Titles Act (Cap 281).

2 The grant will be issued in the name of the allottee as given in the letter of application.

3 The term of the grant will be for 99 years from the 1st day of the month following the issue of the letter of allotment.

*Special Conditions*

1 No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the local authority. The Commissioner shall not give his approval unless he is satisfied that the proposals are such as to develop the land adequately and satisfactorily.

2 The grantee shall within six months of the commencement of the term submit in triplicate to the local authority and the Commissioner of Lands plans (including block plans showing the position of the buildings and a system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall within 24 months of the commencement of the term complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner.

Provided that notwithstanding anything to the contrary contained in or implied by the Government Lands Act (Cap 280), if default shall be made in the performance or observance of any of the requirements of this condition it shall be lawful for the Commissioner of Lands or any person authorized by him on behalf of the President to re-enter into and upon the land or any part thereof in the name of the whole and thereupon

the term hereby created shall cease but without prejudice to any right of action or remedy of the President or the Commissioner of Lands in respect of any antecedent breach of any condition herein contained.

Provided further that should the grantee give notice in writing to the Commissioner of Lands that he/she/they is/are unable to complete the buildings within the period aforesaid the Commissioner of Lands shall (at the grantee's expense) accept a surrender of the land comprised therein.

Provided further that if such notice as aforesaid shall be given (1) within 12 months of the commencement of the term the Commissioner of Lands shall refund to the grantee 50 per centum of the stand premium paid in respect of the land, or (2) at any subsequent time prior to the expiration of the said building period the Commissioner of Lands shall refund to the grantee 25 per centum of the said stand premium. In the event of notice being given after the expiration of the said building period no refund shall be made.

3 The grantee shall maintain in good and substantial repair and condition all buildings at any time erected on the land.

4 The land and buildings shall only be used for private residential purposes and not more than one private dwelling-house with the necessary offices and outbuildings appurtenant thereto shall be erected on the land. A guest-house will not be permitted.

5 The buildings shall not cover a greater or lesser area of the land as may be laid down by the local authority in its by-laws.

6 The grantee shall not subdivide the land.

7 The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof or any buildings thereon except with the prior consent in writing of the Commissioner of Lands. No application for such consent (except in respect of a loan for building purposes) will be considered until Special Condition No 2 has been performed.

8 The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of construction of all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

9 The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

10 Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

11 The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or local authority upon the land or the buildings erected thereon, including any contribution or other sum paid by the President in lieu thereof.

## GAZETTE NOTICE No 1714

THE INDUSTRIAL COURT  
CAUSE No 10 OF 1970

Parties —

E A Federation of Building and Construction Workers' Union  
and  
Precast Concrete Manufacturing Group of the  
Federation of Kenya Employers

Issue in dispute —

The insertion of a clause ensuring the automatic continuation of terms and conditions of service applicable to the building industry

1 The E A Federation of Building and Construction Workers' Union shall hereinafter be referred to as the Claimants and the Precast Concrete Manufacturing Group of the Federation of Kenya Employers shall hereinafter be referred to as the Respondents

2 The parties were heard in Nairobi on the 13th day of May 1970, and relied on their written and verbal submissions

AWARD

3 The Respondents' group was formed early in 1968 At that time three separate trade unions were each endeavouring to recruit employees of the different firms The unions were unable to reach agreement among themselves and the problem was referred to a Demarcation Committee which met on 8th February 1968 As a result the Claimants were granted the right to represent workers employed by the Respondents

The Recognition Agreement between the parties was signed and came into force on 1st April 1968 During the hearing the Claimants relied mainly on clauses 2 (a) and 3 (b) of this Agreement and they are accordingly reproduced hereinbelow —

Recognition

"2 (a) The Group affords full recognition to the union as a properly constituted and representative body and the sole labour organization representing the interests of workers who are in the employment of the Group members concerning rates of pay and overtime, hours of work, method of wage payment, paid leave, duration of employment, medical benefits, principles of redundancy and other generally accepted terms and conditions of service This shall not include supervisory staff as defined from time to time by the FKE and COTU(K)

Negotiating procedure

3 (b) *Collective Claims*—These shall mean any claims for alteration to terms of service regarding matters specified in clause 2 (a) of this agreement, which may affect all employees or any group of employees of the Group"

Subsequent to the signing of the aforesaid Recognition Agreement the parties entered into an agreement relating to wages and other terms and conditions of employment of the Respondents' employees This agreement was nothing more than the adoption by the Respondents of the Wages Council Regulations for the Building and Civil Engineering Industry As a result of this agreement the Respondents claimed, and it was not denied by the Claimants, that many of their members who were paying statutory minimum wages to their employees had to give an increase in some cases of as much as Sh 80 per month They alleged that this was on condition that in all future negotiations between the parties, at least in the foreseeable future, they would follow the Wages Council Regulations for the Building Industry Under the heading of "effective date and duration" the parties agreed as follows —

"12 This agreement shall be effective as from 1st July 1968, and it shall remain in force until the Wages Council Order for the Building Industry 1967 is revoked The new Order shall be followed when it comes into operation"

The Regulation of Wages (Building and Construction Industry) Order was revised and a new Order (hereinafter referred to as the Order) came into operation on 1st October 1969 *vide* Legal Notice No 236 As a result of the agreement made between the parties referred to under clause 12 quoted hereinabove, it was agreed that the parties would follow the new Order Accordingly an agreement was drawn to regularize the position The employers suggested the following clause on effective date and duration —

"This agreement shall be effective as from 1st October 1969 and it shall remain in force until the Wages Council Order for the Building Industry 1969 is revoked The new Order shall be adopted as a whole when it comes into operation But the union shall have the right to discuss with the employers only the items which are not covered by the Order"

The Claimants did not agree with this on the ground that this was an attempt to deprive them of their rights to carry out collective bargaining with the Respondents on behalf of their members and was contrary to the Recognition Agreement Furthermore they argued that the Respondents' attempt, if successful, would amount to refusal on their part to negotiate with the Claimants on a voluntary basis thereby violating

ILO Convention No 98 of Article 4 of 1949 which guarantees the promotion of machinery for voluntary collective bargaining, consultation and co-operation at all levels of undertaking. The Claimants suggested the final clause of their new agreement to be as follows —

“(a) This agreement shall be effective as from 1st October 1969 and it shall remain in force until Wages Council Order for the Building Industry 1969 is revoked

(b) Thereafter the agreement shall continue in force until it is amended by mutual agreement between the Precast Concrete Manufacturing Industries Group and the union in accordance with provisions of the current agreement on recognition and negotiating procedure between the parties or provided that the party desiring to amend any clause/s in the agreement shall give three months' notice in writing to the other party which notice shall set out in details the amendment/s which such party desires”

During the hearing the Claimants submitted that they were a responsible union and it was not their intention to depart radically from the aforesaid Order when it came to an end. They merely wanted to preserve their right to negotiate on fringe benefits which are not normally covered under the Wages Council Regulation Orders.

The Respondents on the other hand strongly submitted that when they had moved from the statutory minimum wages to the Order granting a wage increase of up to 33½ per cent in wages earned by their employees, they had done this on the understanding that for the future the Order would always apply to them. They reminded the Court of the fact that they carried out work which the building industry itself could undertake and that quite a few builders do make their precast concrete requirements on the building site. Any move to increase the expenses of their group above those of the building industry itself would therefore lead only to financial hardships as it would tend to encourage higher costs which would force the building industry to do their own precast concrete manufacturing.

The Court finds that there is considerable merit in this submission as the Respondents are a service industry to the building and construction industry. Their existence is dependent upon their providing to the building industry service at a cost which discourages the building industry from undertaking this service itself. It is therefore logical to tie up the terms of service of the two allied industries together. The Court is fully satisfied that the parties accepted this position when they made their 1968 agreement.

The position now is that as a result of the 1968 agreement the parties have adopted in 1969 the Order for the building industry. This means that from 1st July 1968 until such time as the said Order is revised, which usually is after about two years, the Respondents' wages and terms and conditions of service would be the same as those of the building industry, i.e. for a period of three years and three months. The Court accepts the Claimants' submission as it is correct and right in principle and cannot be subject to question because a recognition agreement is signed in order to provide free negotiations, once a recognition agreement is signed it should not be a matter of dispute as to whether or not the parties are free to negotiate. However, as has been pointed out above, there are certain peculiar circumstances in this dispute which could be a source of considerable embarrassment to both parties if the award was given in favour of the Claimants at the present juncture.

The Court has carefully considered all aspects of this dispute and the submissions made in respect thereof and has come to the conclusion that if the Claimants had not given an assurance to the Respondents—that the Order would apply to them in the foreseeable future—the Respondents would not have agreed to give their members such high increases in wages. The Claimants having achieved a high level of wages and fringe benefits by making certain representations to the Respondents, it would be inequitable and unfair to allow them, after three years and a few months only, the freedom to put forward demands which would inevitably be higher than those made against the building industry generally. This would lead to unnecessary industrial trouble and could easily result in the Claimants not only failing to achieve any higher wages and benefits but in fact they would be faced with the prospect of having to accept lower wages and benefits for their members employed by the Respondents.

The Court finds that the clause as suggested by the Respondents ensuring automatic continuation of terms and conditions of service applicable to the building industry should be inserted in the agreement which the parties are in the process of finalizing but the Court rules that the Claimants shall have the right to put forward demands and negotiate on fringe benefits which are not covered by the Order.

The Court further directs that this clause regarding the automatic continuation of the Order should not be inserted after the present agreement expires.

## THE TRADE MARKS ACT

(Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T M No 6 (in duplicate) together with a fee of Sh 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make, if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Offices, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
