THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT
(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED REDEVELOPMENT OF SUN N SAND
BEACH RESORT ON PLOT NO. 329/3097, KIKAMBALA, KILIFI
INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed redevelopment of Sun N Sand Beach Resort.

The proposed development for the new Sun N Sand development comprises of 332 suites in 7 buildings, 5 of which will be for clients like conference delegates and upmarket Kenyans, COMESA residents and tourists; while 2 will be approximately 5,000 sq. m. of retail space including a spa, gym, restaurants, business centre, bank, etc.

The development will be split into six construction phases:

- (a) Block 1: 15 storeys, 56 suites, (27 x 2 bedroom suites and 29 x 3 bedroom suites).
- (b) Block 2: 18 storeys, 68 suites, (33 x 2 bedroom suites and 35 x 3 bedroom suites).
- (c) Block 3: 23 storeys, 84 suites, (42 x 2 bedroom suites and 42 x 3 bedroom suites).
- (d) Block 4: 18 storeys, 68 suites, (33 x 2 bedroom suites and 35 x 3 bedroom suites).
- (e) Block 5: 15 storeys, 56 suites, (27 x 2 bedroom suites and 29 x 3 bedroom suites).
- (f) Block 6 and 7: 7 storeys each retail space build-out; approximately 5,000 sq. m. to be used for banks, supermarkets, conference room spa gym, restaurants, and shops.

The proposed project site for development of suits is within the Sun N Sand Beach resort. The resort is located in Kikambala, on the North Coast of Kenya. It sits approximately 13 kilometres from Vipingo Ridge Golf resort and 23 kilometres from the heart of Mombasa Island and is close to some of the North Coast's finest cultural venues. The resort is approximately 2 kilometres from the main Mombasa-Malindi Road.

The following are the anticipated impacts and proposed mitigation measures:

Possible impacts	Mitigation measures
Soil disturbance and pollution	<ul style="list-style-type: none"> Excavation only at areas of construction. Ensure vehicles delivering materials and machines are in good condition no leaks. Part of the excavation material will be used for landscaping and beautifying the project site.
Possible impacts	Mitigation measures
Water pollution	<ul style="list-style-type: none"> Landscaping will be done and additional trees planted to enhance the environment. Refrain from releasing any construction waste into the water. Check the site drainage to refrain from sedimentation of the marine environment through storm outfall. Contain packaging of building materials of new equipment installed. The location of the sewage treatment plant should not be close to water sources or bodies and should be such that the flow is aided by gravity to minimize costs of pumping. Monitoring quality of effluent discharge.
Air pollution	<ul style="list-style-type: none"> Ensure the vehicle engines are in good condition to reduce levels of exhaust gases.
Noise pollution	<ul style="list-style-type: none"> Construction during daylight hours. Drive vehicles into the site without undue noise (hooting)
Socio-economic	<ul style="list-style-type: none"> Careful driving vehicles delivering materials. Provide personal protective equipment (overalls, safety shoes and gloves) to employees.

- Keep an accident register.
- Implement safety measures, emergency plans and contacts.
- Install fire fighting and first aid equipment.
- Train of the community on new technology.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Building, Community, P.O. Box 30521, Nairobi.
- (c) Provincial Director of Environment, Coast Province.
- (d) District Environment Officer, Kilifi District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

Part II

THE ENERGY (ENERGY MANAGEMENT) REGULATIONS, 2011

Citation

1. These Regulations may be cited as the Energy (Energy Management) Regulations, 2011.

Application

2 These Regulations shall apply to the owner or occupier of industrial, commercial and institutional facilities using any form of energy.

Definitions

3 In these Regulations, unless the context otherwise requires—

“Act” means the Energy Act 2006;

“approved” means approved by the Commission;

“Commission” means the Energy Regulatory Commission established under section 4 of the Act;

“designated facility” means any facility that has been assigned an energy consumption rating by the Commission;

“energy audit” means an inspection, survey and analysis of energy flows for energy conservation in a building, process, or system to reduce the amount of energy input into the system without negatively affecting the output(s);

“energy auditor” means a person who carries out inspection, survey and analysis of energy flows for energy conservation in a building, process, or system to reduce the amount of energy input into the system without negatively affecting the output(s);

“energy audit firm” means, a registered organisation which carries out inspection, survey and analysis of energy flows for energy conservation in a building, process, or system to reduce the amount of energy input into the system without negatively affecting the output(s);

“energy efficiency” means the goal of efforts to reduce the amount of energy required to provide products and services;

“energy conservation” means efforts made to reduce energy consumption through increased efficient energy use, in conjunction with decreased energy consumption and/or reduced consumption;

“energy investment plan” means the allocation of resources for the purpose of advancement, capacity growth, and improvement of energy efficiency and conservation measures;

“facility” means any place in which energy is consumed including factories, commercial buildings, institutional buildings, local authorities, municipalities, pipelines, water companies, street lighting;

“facility owner or occupier” means an owner, a charterer or a lessee of a facility;

“fuel” means, any combustible material that can be used to generate energy in a controlled manner;

“licensed” means holder of a licence issued by the Commission;

Energy Management Policy

4. (1) The owner or occupier of the designated facility shall have an energy management policy which shall have the minimum requirements as provided in the First Schedule.

(2) The owner or occupier of the designated facility shall file the energy management policy with the Commission for approval before implementation.

(3) The owner or occupier of every designated facility shall designate an energy officer who shall be responsible for the development and implementation of energy efficiency and conservation.

(4) The owner or occupier of a designated facility shall maintain records of information for a minimum of period five years from the date of occupation of the facility, which shall include—

- (a) Monthly and annual electricity, fuel and water consumption;
- (b) Monthly production data and / or occupancy levels; and
- (c) Up to date building plans, infrastructure plans and floor area.

Energy Audits

5 (1) Every designated facility shall undertake an energy audit at least once every three years.

(2) An energy audit shall be undertaken by a licensed energy auditor or energy audit firm.

(3) The energy audit report shall contain, as a minimum, the items provided in the Second Schedule.

(4) The facility owner or occupier shall submit the energy audit report to the Commission, online or in soft copy, within six months from the end of the organization’s financial year.

(5) The facility owner or occupier who fails to submit an audit report within the stipulated time shall be liable to a penalty as provided in these Regulations.

(6) The Commission shall acknowledge receipt of any submitted energy audit report within thirty days.

(7) If the Commission is dissatisfied with any Energy Report submitted to it, it may require the owner or occupier of a facility, at his own cost, to engage an independent energy auditor to undertake an energy audit. The Owner or Occupier shall appoint the independent auditor from a list of not less than five (5) auditors recommended by the Commission.

(8) An energy auditor shall execute a quality assurance declaration form on completion of an energy audit as provided in the Third Schedule.

(9) The Commission or its agent may subject the energy audit report to verification after giving a minimum fourteen (14) days notice to the facility owner or occupier.

(10) The Commission or its agent may undertake an energy audit on a facility giving a minimum fourteen (14) days notice to the facility owner or occupier.

The Owner or Occupier of a facility shall allow the Commission's agent appointed under this regulation access to the facility for purposes of verification

Licensing of Energy Auditor and Energy Audit Firm

6 (1) A person shall not carry out an energy audit unless the person is licensed by the Commission as an energy auditor or energy audit firm.

(2) To be licensed by the Commission as an energy auditor a person must—

(a) Have qualifications and experience as provided in the Fourth Schedule.

(3) To be licensed by the Commission as an energy audit firm an organization must—

(a) be registered in Kenya; and

(b) have in its employment a licensed energy auditor.

(4) Every licensed energy auditor or energy audit firm shall take out and maintain professional indemnity insurance.

(5) The categories of licences shall be as provided in the Fifth Schedule.

(6) A person desirous to be licensed as an energy auditor or energy audit firm shall make an application as provided in the Sixth Schedule.

(7) The Commission may require and cause such applicant, for the purpose of ascertaining his ability to undertake, engage in or perform energy audit work, to be examined, in such manner as it may determine, upon any matter or thing in connection with his application.

(8) The Commission shall process all applications expeditiously and in any case, not later than ninety days from the date of receipt of the application, and it may—

(a) grant the licence applied for accordingly, either without conditions or subject to such conditions as it may deem fit, or

(b) refuse to grant the licence applied for, giving reasons thereof.

(9) A licence issued under this Regulation shall be valid for one year from the date of issue.

(10) Where, upon application, it is shown to the satisfaction of the Commission that a licence has been lost, destroyed or defaced; the Commission may issue a duplicate licence.

(11) The Commission shall maintain a register of all licensed energy auditors.

(12) The register shall be available at the Commission's offices for inspection by the public.

Renewal of Licence

7 (1) An application for renewal of a licence shall be made at least thirty days before the expiry date of the current licence.

(2) If the Commission is satisfied that the applicant continues to meet the conditions for the issue of the licence, the Commission shall renew the licence.

(3) If the application for the renewal of a licence has been made before the expiry of the licence but has not been dealt with by the Commission when the licence expires, the licence will remain valid until the application for renewal is dealt with and any renewal in such case shall be deemed to have commenced from the day the licence would have expired before renewal.

Revocation of Licence

8 (1) The Commission may suspend or revoke the license where—

(a) It is satisfied that the licence holder is either willfully or negligently not operating in accordance with the terms and conditions of the licence;

(b) The licence holder is adjudged bankrupt.

Energy Investment Plan

9 (1) The facility owner or occupier shall take measures to realize a minimum fifty percent of the recommended energy savings specified in the Energy Investment Plan by the next energy audit reporting date.

(2) Every designated facility shall submit an annual implementation report as provided in the Seventh Schedule.

(3) The facility owner or occupier who fails to submit an implementation report within the stipulated time shall be liable to a penalty not exceeding Kenya Shillings thirty thousand for each day or part thereof that the breach continues.

(4) The facility owner or occupier shall maintain any reports required under these Regulations for a minimum period of five years.

(5) The Commission or its agent may conduct an inspection to verify compliance with the implementation report.

(6) The Commission shall issue a compliance certificate on request by firms complying with these regulations.

Disputes

10 (1) If any dispute arises between the facility owner or occupier and the energy auditor or energy audit firm it shall be referred to the Commission for determination.

(2) A person aggrieved by a decision of the Commission may appeal to Energy Tribunal as provided under the Act.

Contravention of Regulations

11 A person who fails to comply with any of the provisions of these Regulations commits an offence and shall, on conviction, be liable to a fine not exceeding one million shillings, or to a maximum term of imprisonment of one year, or to both.

FIRST SCHEDULE

(Regulation 4)

ENERGY MANAGEMENT POLICY

(1) An Energy Management Policy shall include—

(a) A commitment to improve energy efficiency and conservation;

(b) A commitment to comply with the Act and these Regulations;

(c) A commitment to provide resources necessary to achieve energy efficiency and conservation;

(d) A commitment to establish and implement a strategic plan for energy efficiency and conservation;

(e) A commitment to train staff to ensure competence in energy efficiency and conservation;

(2) The owner or occupier of the designated facility shall ensure that the policy is endorsed by the top management.

(3) The owner or occupier of the designated facility shall ensure that the policy is communicated to all staff.

SECOND SCHEDULE

(Regulation 5)

GUIDELINES FOR ENERGY AUDIT REPORT

1. Cover Page

- Report title
- Name of client (company for which the facility has been audited)
- Location of facility
- Date of report
- Audit team and their Qualifications
- Signature of Auditor or Audit Firm
- Statement by the company accepting the report and verifying that the audit report has taken into account the company's financial criteria for funding of projects
- Signature of company's representative

2. Executive Summary

All information in the Executive Summary should be drawn from the detailed information in the full report. The Executive Summary should contain a brief description of the audit, including:

- Name of client, location of facility or building audited
- Objectives of audit
- Key systems and equipment analyzed
- Dates of audit
- Summary of recommended energy conservation measures, annual energy savings and cost savings using the table format below:

No.	Recommended Measure	Estimated annual energy savings	Estimated annual cost savings	Estimated implementation cost	Payback period
1					
2					
Total					

3. Introduction

- Objectives of audit
- The financial criteria and technical/operational limitations
- Brief description of facility audited.
- Previous year's energy consumption and costs, including tariff rates used for financial calculations
- Breakdown of energy supply and end use (electricity and fuel)
- Scope of audit

4. Methodology

- List of instruments used and measurement procedure
- Pictures and maps showing the locations of the instruments and sensors in use during the audit
- Measurement error analysis (mandatory)

5. Assumptions

Clearly state all the assumptions made in taking measurements, calculations, and financial and economic analysis

6. Data Analysis and Findings

- Description of systems or equipment audited, their capacities and ratings, design and operating conditions
- Inventory of key energy consuming equipment and systems
- Review of energy production and service level data for the baseline period (at least one year)
- Establishment of Baseline energy consumption data such as the energy efficiency index (EEI – kWh/m²/year) of buildings, defined as the amount of energy consumed annually per Gross Floor Area (GFA) of the building.
- Heat and mass balance where applicable
- Findings and observations

7. Identified Energy Saving Measures

- Brief description of the present situation and shortcomings identified
- Recommended energy saving measures with detailed and clear calculations of the predicted annual energy and cost savings, investment cost and payback period for each measure. All numbers should be supported by data and assumptions must be stated.

8. Energy Investment Plan

- Summary of recommendations to include: projected annual kWh savings, estimated cost savings, projected investment cost and investment indicators such as payback period, return on investment and internal rate of return (IRR).
- Show clearly the agreed energy investment plan the organisation intends to take in order to improve efficiency and conserve energy. The Plans should show time required for completion, and resources to be used i.e. labour, materials, finances and anything else which is relevant for the project.

9. Monitoring and verification

Indicate the monitoring and verification process to be applied.

10. Appendices

Information of significant importance, which cannot be presented as a part of the text report (because of number of pages, quality of presentation, etc.) should be presented in appendices.

The appendices should include:

- Schematics and layout drawings of facility or building audited
- Details of instrumentation used – parameters monitored and duration of monitoring for each parameter
- Data plots of performance of systems or equipment audited
- Energy efficiency of major equipment compared against industrial benchmarks
- Measurement and verification (M&V) plan for monitoring and verifying energy savings for each of the recommendations
- CD-ROM containing the raw measurement data

11. General Notes to the Report

- Documentation – All numbers related to the results should be supported by information showing how they were derived. This includes all energy savings, cost savings, investment and payback information.
- All calculations in the report should be checked for mathematical accuracy.
- SI units must be used in all parts of the report.
- Measurement and instrumentation accuracy
- Grammar and style – The report should be written in proper prose. The language should be clear, concise and understandable.
- All graphs and plots should be properly labeled and show the dates when the readings were taken.
- The report should be printed on both sides to save paper.
- A soft copy of the report shall be sent to the ERC.

THIRD SCHEDULE

(Regulation 5)

QUALITY ASSURANCE DECLARATION FORM

I/We have conducted an energy audit as set out in the Energy Management Regulations 2011/2011, which comprise the company energy consumption and costs as at

Owner's Responsibility for the Energy Investment plan

The Owner/ Occupier are responsible for the preparation and fair presentation of this Energy Investment plan and the requirements of the Energy Management Regulations 2011/2011. This responsibility includes: designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the Energy

Investment plan that is free from material misstatement, whether due to fraud or error, selecting and applying appropriate energy audit methodologies; and making audit estimates that are reasonable in the circumstances.

Auditors Responsibility

Our responsibility is to express an opinion on the energy supply and end use based on our audit. We conducted our audit in accordance with International Standards on Energy Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the energy audit and investment plan are free from material misstatement.

An energy audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the energy and financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we considered the internal controls relevant to the company's preparation and fair presentation of the Energy investment plan in order to design audit procedures that were appropriate in the circumstances, but not for the purpose of expressing an opinion on the company's internal controls.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying Energy Investment Plan give a true and fair view of the possible intervention to improve energy efficiency and conservation of the company as at, in accordance with Energy Management Regulations 2011/2011.

Report on Other Legal Requirements

As required by the Energy Management Regulations 2011, we report to you, based on our audit that:

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

In our opinion proper energy and financial records have been kept by the company, so far as appears from our examination of those records; and

The company's energy supply and end use are in agreement with the records.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
