# RULES FOR THE ADMINISTRATION OF THE CROWN ESTATES DEVELOPMENT FUND

IN PURSUANCE of the resolutions passed by the Legislative Council on 3rd December, 1952, and on 5th October, 1955, whereby there has been established a Crown Estates Development Fund subject to the control of the Minister for the time being responsible for lands, who has been authorized by the Governor to make rules for the administration of the said Fund, the Minister for Lands, Surveys and Town Planning hereby makes the following Rules:—

(1) The Crown Estates Development Fund shall consist of £150,000 previously voted and such other sums as may from time to time be voted by the Legislative Council.

(2) Of the £150,000 referred to in rule 1, £100,000 shall be used for the purpose of developing Crown land for commercial, business and residential purposes, and £50,000 for the development of Crown land for industrial and ancillary purposes. Any additional sums voted to the Fund shall be used for the purposes specified at the time the money is voted.

(3) The Fund shall be administered by a Committee consisting of—

- the Commissioner of Lands (*Chairman*);
- the Permanent Secretary for Commerce and Industry;
- the Permanent Secretary for Works and Communications;
- the Deputy Secretary for Local Government;
- the Deputy Commissioner of Lands;

and not more than three persons appointed by the Minister who shall not be Government servants.

The Committee shall have power to co-opt additional persons who shall have no voting powers. At any meeting four members shall constitute a quorum.

(4) The duties of the Committee shall be as follows—

- (a) to determine priorities for schemes for development;
- (b) to approve the details of selected schemes;
- (c) to decide the method of development to be adopted, i.e. whether by the Ministry of Works, local authority or private contractor;
- (d) to approve estimates of schemes;
- (e) to approve tenders;
- (f) to decide the specifications to be adopted in any particular area (in consultation with the local authorities);
- (g) to supervise generally selected schemes;
- (h) to approve payments or interim payments on schemes and general expenditure when so required;
- (i) to provide an overall supervision of the Fund.

(5) Payments from the Fund may be made to meet the cost of the provision of roads, drainage, sewerage and water supplies and services ancillary thereto in areas selected for development, and of the maintenance of such roads and drains and services ancillary thereto, until such time as responsibility for them is accepted by the Local Authority. In addition the Fund may also be used to provide rail access to industrial plots.

(6) The Committee shall have power to approve the charges made to allottees or grantees of plots. Such charges shall include provision for the recovery of all expenses incurred under rule 5 in connexion with any development scheme, and the total expenses recovered by the Committee in respect of any development schemes may exceed the actual expenses incurred under rule 5 by any amount, at the Committee's discretion, but not exceeding 15 per cent in total of the actual costs incurred under rule 5. The Committee may apportion the total expenses of any scheme, as calculated in the manner provided aforesaid, either *pro rata* to the frontage of each owner's plot to any road or roads which form part of the development scheme, or *pro rata* to the area of each plot which benefits from the development scheme or *pro rata* to the value of each plot as aforesaid, or otherwise as may to the Committee appear just and equitable. The Commissioner of Lands shall arrange for the recovery from the allottees or grantees of plots of the charges determined in the manner provided by this rule.

(7) The Committee may, with the approval of the Treasury, agree to the allocation or grant of any plot, subject to the payment by the allottee or grantee of a sum which is less than the apportioned share of the basic cost, if it appears to the Committee necessary and expedient to grant or allot any plot subject to the recovery of reduced charges for the provision of the development services.

(8) The Commissioner of Lands shall cause to be kept such books of account and other books in relation thereto and to all its undertakings, funds activities and property, as the Minister may from time to time require: and shall before 31st October in any year cause to be prepared, signed and transmitted to the auditor—

- (i) a balance sheet showing in detail the assets and liabilities of the Fund;
- (ii) such other statements of account as the Minister may require.

The accounts shall be drawn up so as to show separately the transactions relating to—

- (a) the portion of the Fund utilized for commercial, business and residential purposes; and
- (b) the portion of the Fund utilized for industrial and ancillary purposes.

(9) The accounts of the Fund shall be examined, audited and reported upon annually by the Controller and Auditor-General or by such other person as the Minister may appoint being a person who is a qualified accountant. The Commissioner of Lands shall produce and lay before the auditor all books and accounts of the Fund, with all vouchers in support thereof, and all books, papers and writings in his possession or control relating thereto, and the auditor shall be entitled to require from the Commissioner of Lands and from members of the Committee such information and explanation as he may consider to be necessary for the performance of his duties as auditor.

(10) The Commissioner of Lands shall, within a period of seven months after the end of the financial year or within such longer period as the Minister may approve, submit to the Minister a report of his operations during such year, and the yearly balance sheet and such other statements of account as the Minister shall require, together with the auditor's report thereof.

(11) No assets or debts due to the Fund may be written off without the prior approval of the Treasury and any such write-off shall be shown in the accounts of the Fund balance sheet.

(12) In determining priorities, in accordance with rule (4) (a) above, the Committee shall examine proposals for development in all areas other than in the Special Areas and will be guided by the interests of the Colony as a whole. Preference shall normally be given to those commercial, business and residential schemes which will result in an early reimbursement of the Fund.

(13) The accounting officer for the Fund shall be the Commissioner of Lands.

(14) The balance sheet shall include as a footnote full details of contingent liabilities of the Fund in respect of schemes authorized for which payment has not yet been made in full.

Gazette Notice No. 4010 of 1960 is hereby cancelled.

Made this 5th day of December, 1962.
