The valuation of Fund properties was carried out by Regent Valuers Ltd., Registered Valuers.

viii) **KEY HIGHLIGHTS****1. Growth in Net Assets**

Net Assets grew from KShs.98.61 billion in 2010 to KShs.110.37 billion in 2011, thereby registering an increase of 11.9%.

2. Increase in Contributions

Contributions receivable rose from KShs.6.79 billion in 2010 to KShs.6.84billion in 2011, a marginal increase of 1%.

3. Investment Income

Investment income decreased from KShs.6.66 billion in 2010 to KShs.6.32billion in 2011, a decrease of 5.18%.

4. Interest on Members' Funds

Section 19 (2) of the NSSF Act Cap 258, Laws of Kenya requires the Minister for Labour to approve interest to be credited to member's accounts annually. In 2011 an interest of 7.5% was credited, up from 5% in 2010.

5. Message from the Board

The Statement of Net Assets and Statement of Changes in Net Assets are extracts from the Fund's Financial Statements approved and signed by the Board on 25th May, 2012. The Financial Statements have been audited by the Auditor General in accordance with the provisions of the Public Audit Act, 2003. A full set of these Financial Statements is available at NSSF Head Office, Bishops Road, and on the Fund's official website: www.nssfkenya.co.ke

The first ever Annual General Meeting of members is scheduled for the first quarter of the 2012/2013 financial year.

v) OUTLOOK FOR 2012

In line with the New Constitution and the Vision 2030, the National Social Security Fund (NSSF) is in the process of transforming itself from a National Provident Fund into a National Social Security Pension Scheme. In this regard, the Board of Trustees wishes to notify the public that in consultation with stakeholders, it has prepared a draft National Social Security Pension Trust Bill.

However, with the impending general elections, high inflation and interest rates regimes, the Fund's investments performance, especially at the Nairobi Securities Exchange, may be adversely affected.

THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

THE ETHICS AND ANTI-CORRUPTION COMMISSION ACT

(No. 22 of 2011)

THE ETHICS AND ANTI-CORRUPTION COMMISSION

THE SECOND QUARTERLY REPORT FOR THE YEAR 2012 COVERING
THE PERIOD OF 1ST APRIL TO 30TH JUNE, 2012

Preamble

The Ethics and Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under Section 35 of the Anti-Corruption and Economic Crimes Act, 2003 as read with Section 11(1) (d) of the Ethics and Anti-Corruption Commission Act, 2011.

Section 36 of the Anti-Corruption and Economic Crimes Act, 2003 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Attorney General under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney General.
4. The Attorney General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the second quarter of the year 2012 and is for the period commencing 1st April, 2012 to 30th June, 2012.

INVESTIGATIONS COVERING THE PERIOD 1ST APRIL TO
30TH JUNE, 2012

KACC FI/INQ/96/2010

Inquiry into allegations of procurement irregularities, bid rigging and abuse of office against the Ministry of Information and Communication officials emanating from the procurement of 5,000 acres of land from Malili Ranch Limited at a cost of Kshs.1 billion by the said Ministry for purposes of an ICT park.

The investigation established that as part of the national plan of achieving Vision 2030, the Ministry of Information and Communication planned to establish an Information Communications and Technology Park (ICT-Park) that would facilitate the development of Business Processing Outsourcing (BPO) sub sector. The establishment of the multi-media ICT-Park was expected to trigger the growth of knowledge based industries. Investigations further established that the Ministry of Information and Communication which was the executing Ministry of the Government for purposes of

the establishment of the said ICT-Park project, was then allocated funds for purposes of the acquisition of land. The Ministry went ahead to procure the 5,000 acres of land from Malili Ranch Limited, located along the Athi-River Basin. The investigations revealed that the procurement for the purchase of the land for the ICT Park was not done in conformity with the provisions of the Public Procurement and Disposal Act and the Regulations. The land was obtained through direct procurement instead of open tendering.

The file was forwarded to the Director of Public Prosecutions on 2nd April, 2012 with the recommendation that the Permanent Secretary in the Ministry of Information and Communication; and the Chief Procurement Officer be charged with the offences of careless failure to comply with the law relating to procurement of goods contrary to section 45(2) (b) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and Abuse of office contrary to Section 46 as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

On 5th July, 2012, the Director of Public Prosecutions returned the file for further investigations.

KACC/FI/INQ/67/2011

Inquiry into allegations that the Director General of Kenya National Bureau of Statistics (KNBS) fraudulently awarded a storage contract and authorized payment of a sum of Kshs. 7,390,000 to a non-existing company without following the laid down procurement procedures.

Investigations revealed that KNBS engaged various companies to transport census materials from different regions in the country. Upon realization that the available storage space for the census materials was not enough, KNBS retained one of the companies to provide warehousing space for the materials. Investigations further revealed that an agent of the said company purported to register another company and present it as the same company that had a contract with KNBS. The agent then presented his company as the provider of the warehousing services and used false documents to complete this scheme. Investigations further established that to further the fraud, the agent opened a bank account into which KNBS made a payment of Kshs. 7,390,000. Whereas this payment was made in favour of the agent's company, the company did not provide any warehousing services, since the warehouse that the company's sole director purported belonged to him, belonged to the bona fide company that KNBS had initially awarded the contract. The agent therefore received public funds for services not rendered. Investigation established that in procuring storage space for census materials, the Director General of KNBS and the Procurement Manager failed to comply with the public procurement laws and regulations.

The file was forwarded to the Director of Public Prosecutions on 31st May, 2012 with the recommendation that the Director General of the Kenya National Bureau of Statistics and Procurement Manager be charged with the offences of wilful failure to comply with the applicable law relating to the procurement of services contrary to section 45(2) (b) as read with section 48 of the Anti-Corruption and Economic Crimes, No.3 of 2003; the Director General be charged with the offence of abuse of office contrary to section 46 as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003; and the representative of non-existent company be charged with the offence of fraudulent acquisition of public property contrary to section 45 (1) (a) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003.

On 2nd July, 2012, the Director of Public Prosecutions accepted the recommendation for prosecution.

KACC/FI/INQ/44/2011

Inquiry into allegations of irregular procurement of a total of 132,000 metric tons Automotive Gas Oil by the National Oil Corporation of Kenya (NOCK).

Investigations established that the need for NOCK to procure Automotive Gas Oil (AGO) arose after NOCK was awarded a tender for the supply of the same by the Ministry of Energy. Pursuant to the award made to NOCK by the Ministry, NOCK entered into an agreement with a private petroleum company to supply and deliver the AGO. Investigations further revealed that NOCK did not invite any tenders for the supply of AGO. Instead, they used direct procurement to identify a company to supply the AGO. Investigations also established that in spite of NOCK having contracted the petroleum company, the latter did not supply the oil within the contract period.

Since the oil was not delivered within the stipulated period, the management of NOCK decided to engage an alternative company to supply the oil, to avert a crisis demand that would have arisen. However, the alternative supplier agreed to supply and deliver the AGO at a much higher cost than the initial supplier. The investigation also established that NOCK, while engaging the alternative supplier, once again used direct procurement. The investigation established that the method of procurement adopted by NOCK on both occasions was in contravention of the laid down public procurement laws and procedures. It was also established that NOCK made a payment of USD 127,580 to Russian Oil and Gas Manufacturers and Exporters Association (RUOGMEA) in order to be issued with a Purchase Approval Transaction Allocation Code to enable NOCK to import oil products from the Russian Federation. However, in spite of this payment being made from public funds, the intended 132,000 metric tonnes of AGO was not delivered to NOCK.

The file was forwarded to the Director of Public Prosecutions on 22nd June, 2012 with the recommendation that the Managing Director and Supply Manager, National Oil Corporation of Kenya be charged with the offence of wilful failure to comply with the law and applicable procedures relating to procurement contrary to Section 45(2) as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003; and that the Managing Director also be charged with the offence of abuse of office contrary to Section 46 as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003. It was further recommended that the sum of USD 127,580 public funds be recovered.

The advice of the DPP is awaited.

EACC/INQ/09/2012

Inquiry into allegations of theft of public funds amounting to Kshs.4,389,960 at the Makueni District Treasury, by the District Accountant.

Investigations established that in December, 2008, the Makueni District Internal Auditor conducted a routine check of the cash management system within the District Treasury; and he established that unauthorised cash imprests had been paid to the District Accountant and other officers. The auditor also established that the District Accountant had received cash advance in the form of IOUs. He carried out a comprehensive cash management audit which revealed, among other irregularities, that the cashbook was overdrawn to the tune of Kshs.2,208,203.70. The investigation further established that the total amount of money unaccounted for by the District Accountant was Kshs.4,389,960.00

The file was forwarded to the Director of Public Prosecutions on 21st June, 2012 with the recommendation that the District Accountant be charged with the following offences; unlawful acquisition of public property contrary to Section 45(1) (a), wilful failure to comply with the applicable procedures and guidelines relating to management of public funds contrary to Section 45(2) (b) and abuse of office contrary to Section 46 as read with Section 48 of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003.

On 4th July, 2012, the Director of Public Prosecutions accepted the recommendation for prosecution.

EACC/ELD/INQ/FI/1/2011

Inquiry into allegations that officials of the Eldoret South Constituency Development Fund misappropriated a sum of Kshs.800,000/= meant for the heavy grading of the Nariri-Cheptabach Road, within the Eldoret South Constituency during the 2009-2010 Financial year.

The investigation established that the sum of Kshs.800,000 was released to the Eldoret South Constituency Development Fund Committee (CDFC) and was intended for the grading of the Nariri-Cheptabach road. However, the funds were not released to the legitimate Project Management Committee that was entitled to receive and use it for the said purpose. Instead the money was paid to a parallel Project Management Committee and was withdrawn by three officials of the said committee. The investigations further established that whereas the three officials received the money, the road project was neither implemented nor grading done, although the said officials purported to have paid the money to a contractor. The suspects did not account for the CDF funds received and were therefore culpable for misappropriation of public funds.

The file was forwarded to the Director of Public Prosecutions on 25th May, 2012 with the recommendation that the suspects be charged with the offences of fraudulent acquisition of public property contrary to section 45(1) (a) read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003, misappropriation of Constituency Development Funds contrary to section 51 of the Constituencies Development Fund Act and uttering a false document contrary to section 353 of the Penal Code.

On 7th June, 2012, the DPP accepted the recommendation for prosecution.

KACC/INQ/AT/17/2009 (F)

Inquiry into allegations of irregular acquisition of land reference Number; Kisumu Municipality/Block 7/240 popularly known as 'Taifa Park' valued at Kshs.16,400,000.00 by private individuals.

The investigation established that the land parcel was originally allocated to the Municipal Council of Kisumu (the Council). The land was later on surveyed as Land Reference number 114/1019 and named 'King George V Park'. The draft deed number IR 18388 was prepared on 12th July, 1961 with a lease term of ninety nine (99) years from 1st March, 1961. Later on 28th September, 1975 the registration of this land was moved from the Registration of Titles Act regime to that of Registered Land Act. The title of the land accordingly changed from L.R. Number 114/1019 to Kisumu Municipality/Block 7/240 and the requisite Certificate of Lease issued to the Council on 27th April, 1999. Investigations further revealed that the land was allegedly transferred to and registered in the joint names by the Council with the help of its then Town Clerk; this he did by notifying the relevant Land Registry vide a letter that the Council had approved the said transfer. Investigations further revealed that the Council neither gave the approval for the transfer nor were the necessary consents obtained from the Ministry of Local Government and/or the Commissioner of Lands prior to the disposal of public property. The relevant transfer document was duly registered by a Land Registrar then based at the District Lands office, Kisumu County. The land was later disposed to a private company effectively completing the irregular alienation of this public property.

The file was forwarded to the Director of Public Prosecutions on 29th May, 2012 with the recommendations that the then Town Clerk and the District Land Registrar be charged with the following offences; abuse of office contrary to section 46, wilful failure to comply with the law relating to disposal of public property contrary to section 45(2) (b), fraudulent disposal of public property contrary to section 45 (1) (b) and conspiracy to commit an offence of corruption contrary to section 47A as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003. It was further recommended that the beneficiary of the illegally acquired public land be charged with the offence of fraudulent acquisition of public land contrary to section 45(1)(a) of the Anti-Corruption and Economic Crimes Act, 2003.

Civil recovery proceedings were instituted by the Commission, and the title has since been surrendered by the private owners to the Government for cancellation.

On 4th July, 2012, the Director of Public Prosecutions accepted the recommendation for prosecution.

KACC/FI/INQ/50/2011

Inquiry into allegations that the City Council of Nairobi made irregular payments to a Law firm for legal services that were not rendered.

Investigations established that in the years 2008 and 2010, the Council advertised a Tender Notice inviting interested law firms to bid for pre-qualification for provision of legal services during the period 2010-2012. Among the law firms that bid and was eventually pre-qualified was the law firm that is said to have received payments for services not rendered. Investigations established that, the Council through its Director of Legal Affairs instructed the said Law Firm to defend the Council in two matters filed against the Council in the High Court, Nairobi. The Law Firm sent its fee notes to the Council requesting for a payment of Kshs.1.74 million and Kshs. 1,489,000 as instruction fees for defending the council. Investigations further established that the Council issued two payment cheques in favour of the Law firm. Investigations also established that the two cases in respect of which the Council issued the payment cheques are still

ongoing and the Court records indicate that the firm has been defending the Council's interests as instructed. The two cheques however have not been released to the firm. The evidence obtained did not reveal that the payments made in favour of the Law Firm were irregular as alleged, and no culpability was established on the part of the Council officials.

The file was forwarded to the Director of Public Prosecutions on 20th June, 2012 with the recommendation that the Inquiry file be closed.

On 2nd July, 2012, the Director of Public Prosecutions accepted the recommendation for closure.

EACC/MSA/INQ/FI/2012

Inquiry into allegations of abuse of office against the Chief of Waride Location over allocation of plots at a proposed trading centre in Witu Division within Lamu County.

Investigations established that in the year 2005, the District Development Committee, Lamu resolved that plot number 350/351 which was for public utility, be utilized for the construction of a market centre. This decision was endorsed in a full Council meeting in February, 2011. Investigations further established that a committee was to be formed to come up with the modalities for developing the market centre. However, before the said committee was formed, the Chief formed his own committee; and at a meeting held to discuss the criteria for allocation, he insisted that for anyone to qualify for allocation, they would have to pay Kshs. 5,000 and Kshs. 20,000 for a residential and commercial plot respectively. Investigations revealed that the Chief collected money from members of the public but issued no receipts. In spite of the payments, no plots were allocated to the payees. Investigations also established that whereas there was a well grounded suspicion that the Chief had collected the money as alleged from the villagers, the villagers did not volunteer to record their complaints and statements.

The evidence obtained therefore did not meet the threshold to prove the allegations of corruption against the Chief beyond reasonable doubt. This notwithstanding, the investigation established that the Chief did not carry out his duties in a manner that would foster public confidence in the integrity of his office.

The file was forwarded to the Director of Public Prosecutions on 27th June, 2012 with the recommendation that administrative action be taken against the Chief of Dide Waride Location.

On 3rd July, 2012, the Director of Public Prosecutions accepted the recommendation for administrative action.

KACC CR.141/39/2011 CF NO. NAIROBI ACC.5/2011

Inquiry into allegations that officials of the Makadara Constituency Development Fund Committee (CDFC) corruptly solicited for a benefit from the complainant as an inducement for him to approve some irregular payments amounting to Kshs.4.5 million that the suspects wanted to make from the Makadara CDF kitty for non-existent projects.

The investigation established the solicitation and receipt of the benefit. The suspects were arrested and charged before the Nairobi Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 11th May, 2012 with the recommendation that the case be prosecuted to its logical conclusion.

On 31st May, 2012, the DPP accepted the recommendation for prosecution.

EACC/MSA/RP/1/2012

Inquiry into allegations that a Public Health Officer II in Mombasa corruptly solicited for a benefit from the complainant as an inducement to forbear charging the complainant's employer with the offence of failing to comply with a Notice issued under the Public Health Act.

The investigation established the solicitation and receipt of the benefit. The suspect was arrested and he is awaiting arraignment before the Mombasa Anti-Corruption Court.

The file was forwarded to the Director of Public Prosecutions on 22nd May, 2012 with the recommendation that the suspect be charged

with the offences corruptly soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

On 22nd June, 2012, the DPP accepted the recommendation for prosecution. Arrangements are being made to arraign the suspect in court.

KACC/CR.121/172/2010 CF. MAKADARA ACC. NO.2/2010

Inquiry into allegations that a Licensing Officer at the City Council based at the Kayole North Ward corruptly solicited for a benefit from the complainant as an inducement to issue her with a Business Permit Application Form.

The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Makadara Anti-Corruption Court with the offences of corruptly soliciting for and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 31st May, 2012 with the recommendation that the case be prosecuted to its logical conclusion.

On 14th June, 2012, the DPP accepted the recommendation for prosecution.

EACC/MSA/INQ/3/2012

Inquiry into allegations that a Drug Inspector with the Pharmacy and Poisons Board, Mombasa corruptly solicited for a benefit from the complainant as an inducement so as to release drugs that had been confiscated by drug inspectors following a raid conducted at her premises.

The investigation established the solicitation and receipt of the benefit. The suspect was arrested and he is awaiting arraignment before the Mombasa Anti-Corruption Court.

The file was forwarded to the Director of Public Prosecutions on 12th June, 2012 with the recommendation that the suspect be charged with the offences of corruptly soliciting for and receiving a benefit contrary to section 39 (3) (a) as read with section 48 (1) of the Anti Corruption and Economic Crimes Act, 2003.

On 25th June, 2012, the DPP accepted the recommendation for prosecution. Arrangements are being made to arraign the suspect in court.

EACC/MSA/RP/INQ/4/2012

Inquiry into allegations that the Regional Manager, Kenya Industrial Estates (KIE), Mombasa corruptly solicited for a benefit from the complainant as an inducement to facilitate her employment with KIE on permanent terms.

The investigation established the solicitation and receipt of the benefit. The suspect was arrested; and is awaiting arraignment before the Mombasa Anti-Corruption Court.

The file was forwarded to the Director of Public Prosecutions on 28th June, 2012 with the recommendation that the suspect be charged with the offences of corruptly soliciting for and receiving a benefit contrary to section 39 (3) (a) as read with section 48 (1) of the Anti Corruption and Economic Crimes Act, 2003.

On 3rd July, 2012, the DPP accepted the recommendation for prosecution. Arrangements are being made to arraign the suspect in court.

NOTICE is given that the above-mentioned part development plan was on 20th March, 2012, completed.

The part development plan relates to land situated within Mandera Township, Mandera County.

Copies of the part development plan have been deposited for public inspection at the offices of the Provincial Physical Planning Officer, Garissa, District Physical Planning Officer, Mandera, Town Clerk, Town Council of Mandera.

The copies so deposited are available for inspection free of charge by all persons interested at the Provincial Physical Planning Officer, Garissa, District Physical Planning Officer, Mandera, Town Clerk, Town Council of Mandera, between the hours of 8.00 a.m. to 4.30 p.m., Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the Provincial Physical Planning Officer, P.O. Box 252, Garissa, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

Dated the 17th July, 2012.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED 80 MW MUHORONI THERMAL POWER
PROJECT ON L.R. NO. KIPSITET/KERICHO/387 AT KIPSITET
AREA IN SOIN DIVISION, KERICHO DISTRICT

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed 80 MW Muhoroni thermal power project on L.R. No. Kipsitet/Kericho/387 at kipsitet area in Soin Division, Kericho District.

The Proponent (Kenya Electricity Generating Company Ltd) has proposed to install an 80 MW MSD thermal power plant for generation of power. The MSD engines will run on Heavy Fuel Oil

(HFO) with all auxiliary equipment. The plant is expected to give a total output of 80 MW at site ambient conditions. The structures and equipment to be installed consist of: a power house, an office block, two above ground fuel storage tanks, pumps for fuel transfer, fuel lines, additional transformers, power cables, switch gear and protection and metering equipment for off-take at 11 kV.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures	
Generation of solid waste and Construction waste	<ul style="list-style-type: none"> • Use spoils for landscaping after project completion. • Minimal domestic solid waste generated, stored in refuse bins temporarily before being transported for proper disposal. • Segregate solid waste, minimize and use excess concrete as fill material during civil works. • Provide suitable and properly labeled solid waste containers at strategic points and encourage use of the same by staff and visitors to the site. • Accumulate and return empty plastic containers and lube oil drums to the suppliers. Contract a licensed solid waste transporter to collect and transport solid waste to approved disposal sites. 	
Loss of vegetation cover	<ul style="list-style-type: none"> • Proper removal of Topsoil and stockpiled near the site, and preserved for landscaping of the site. • Confine activities within the demarcated area. • Landscaping of the site incorporating 2-3 rows of suitable trees along the perimeter fence as buffer zone between the project site and areas frequently accessed by the local population. 	
Vehicular emissions and dust	<ul style="list-style-type: none"> • Use Personal Protective Equipment (PPE) such as dust masks would be worn in the immediate vicinity of the operations during excavations, concreting and in general handling of cement, sand, and other friable materials. • Spraying water on unpaved road accesses regularly and at handling sites for cement and on stockpiles. • Maintained Construction equipment and vehicles in good working order to ensure minimum emissions including Carbon Monoxide, Oxides of Nitrogen and Sulphur, as well as suspended particulate matter. • Cover trucks removing soils from the site, delivering sand and cement to the site to minimize dust blowing into the surrounding neighbourhood. 	Public and Occupational safety and health aspects
Water abstraction from the existing borehole	<ul style="list-style-type: none"> • Ensure designs require less concrete works and minimal consumption of water. • Contain construction wastewater in a sedimentation pond. • Monitor the quantity of water used and control water consumption. • Recycle and reuse construction wastewater, where possible. 	Fuel and/oil spills
Noise and Vibrations	<ul style="list-style-type: none"> • Measure noise levels to determine noise hazardous areas and provide PPE (hearing protection) to persons who 	<p>must operate within or visit the identified high noise areas.</p> <ul style="list-style-type: none"> • Equip project site with standard noise attenuation features such as silencers or lagging materials. • Ensure construction machine engines are well maintained and Proper engine tune-up of construction equipment. • Post appropriate notices to warn drivers against unnecessary hooting of vehicles. • Keep machinery covers and panels closed and well fitted. Bolts/fasteners done up tightly avoids rattles. • Confine activities between 8.00 a.m and 5.00 p.m. where possible. • Ensure all equipment are inspected before use for appropriate safe guards and that the machine operators are trained on machine safety procedures. • Provide and enforce use of PPE (helmets, gloves, coveralls, safety boots). • Ensure the working hours are controlled and that employees are not allowed to extend the working hours beyond an acceptable limit for purposes of gaining extra pay. • Ensure appropriate road safety signage are placed and drivers adhere to the requirements of such signage and erection of bumps where human and vehicular traffic have high interaction opportunities. • Develop and implement emergency response plans and procedures for risks expected during construction phase such as fire, oil spills and accidents. • Document and display at the site emergency phone contacts for the nearest ambulance service provider, police post, dispensary as well as KenGens' Project Engineer. • Minimized waste oil and sludge leakages and/ or spillages through regular inspection for leakages and timely maintenance of the Engines to ensure they are in good working conditions. • Incorporate wall bunds for containment of accidental waste oil/ sludge spillage. • Display at the site emergency response procedures for spillage incidents. • Provide spill response kits at strategic positions within the power station for containing spillage. • Use impervious concrete surface at the tank farm and fuel offloading area to prevent direct contact of fuel spills with soil resources. • Reduce and recycle engine cooling water during power plant operation. • Discharge human sanitary wastewater into an on-site Wastewater Treatment Plant consisting of Septic Tanks, Aerators and Soak Pits. • Regular inspection of the sewer line for leakages. • Contract a NEMA licensed sewage exhauster to exhaust sewage before it

overflows onto the earths surface.

- Discharge wash water into the public storm drain through an oil-water interceptor.
- Implement an oil skimming programme for oil-water interceptors to ensure normal functioning.
- Carry out water quality test for the waste water discharged to ensure the effluent complies with the standards for discharge into the environment.
- Document and display at the power station traffic management plan.
- Carry out traffic survey along the Kisumu-Kericho road at least once in a period of three months and schedule deliveries at times of light traffic load to avoid congestion.
- Maintaining a record of incidents and accidents at the site. Based on this record, incidents and accidents should be investigated and appropriate actions taken.
- Educate truck drivers on road safety tips.
- Use appropriate road safety signs along the Kericho-Kisumu road from the junction heading to Muhoroni and along the site access road.

Traffic build-up

Negative social aspects (HIV, sexually transmitted diseases and crimes

- Collaborate with the Ministry of Health and Sanitation, Community Based Organizations (CBOs) and Non-Governmental Organizations (NGOs), create awareness and sensitize employees and local community on HIV and AIDS and other sexually transmitted diseases.
- Install condom dispensers in the toilets and continually stock condoms for use by workers and/or visitors.
- Organize for mobile Voluntary Counseling and Testing (VCT) services for both staff and the local community.
- Ensure security is put in place through site fencing and deployment of security guards.
- Install a siren at the power station for use during emergency incidents.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839 - 00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi

(c) Provincial Director of Environment, Rift Valley Province.

(d) District Environmental Officer, Kericho District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MOMBASA – NAIROBI 400kV TRANSMISSION LINE (KIBWEZI FOREST SECTION)

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed Mombasa – Nairobi 400kv Transmission Line (Kibwezi Forest Section).

The Proponent (Kenya Electricity Transmission Co. Ltd) for the Proposed Mombasa – Nairobi 400kv Transmission Line (Kibwezi Forest Section) has proposed to develop an 8 km 400kv electrical transmission line through Kibwezi forest. The proposed line will have the following components: pylons/steel towers, dumpers, conductors, optical fibre, circuit breakers and lightening arrestors. All the project components will be installed using the best electrical engineering practices.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Construction waste generation	<ul style="list-style-type: none"> • Ensure identification of the waste types; segregation into the various categories and the establishment of suitable mechanisms for collection, storage, transfer, and final disposal. • Provide refuse bins temporarily before being taken away for proper disposal by NEMA licensed waste transporters. • Ensure construction solid waste generated by activities that are unsuitable for use are disposed in areas approved by the local authority/council and NEMA that will be identified before commencement of construction activities. • Provide pit latrines and urinals for construction workers. • Waste water from concrete batching and aggregate screening will be reused. • Cement trucks will be washed in designated car wash areas away from the construction site. • Machinery will be maintained and repaired in designated garages away from the construction site.
Soil erosion and sedimentation	<ul style="list-style-type: none"> • Excavated earth would be held on locations of the site not susceptible to storm water runoff and deposited carefully on selected sites without the risk of being washed away. • Re-vegetation of exposed areas around the site would be carried out rapidly in order to mitigate erosion of soil through surface water runoff and wind erosion.
Risk of fires	<ul style="list-style-type: none"> • No uncontrolled burning to be carried out. • Burning would adhere to application of regulations, fire suppression equipment and monitored by fire watchers. • Establish network for fuel breaks of less flammable materials or clear land to slow progress of fires.

Air quality	<ul style="list-style-type: none"> • Spray water or water based mixtures on stockpiles and on unpaved road accesses regularly and at handling sites for cement to suppress dust. • Provide protective equipment (PPE) such as dust masks to be worn in the immediate vicinity of the operations. • Maintain machinery and equipment in good working conditions to minimum emissions including carbon monoxide, oxides of Nitrogen and Sulphur, as well as suspended particulate matter. • Cover trucks removing soils from the site, delivering sand and cement to minimize dust blowing into the surrounding neighbourhood. 	<ul style="list-style-type: none"> • Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. • • Ensure that construction machinery are kept in good condition to reduce noise generation. • Ensure that all generators and heavy-duty equipment are insulated or placed in enclosures to minimize ambient noise levels. • Workers on-site will need to wear appropriate hearing protection devices
Risk of leaks and spills	<ul style="list-style-type: none"> • Regular maintenance of site equipment and machinery to ensure any leakages are detected and controlled. • Fit catalytic converters for heavy equipment to convert harmful substance in the exhaust fumes to less harmful substances. • Observe safety procedures for fuel storage and re-fuelling. • Oil residuals including waste oil, lubricants, used filters, would be carefully collected and stored for safe disposal, in order to prevent migration of contaminant hydrocarbons into storm water or groundwater resources. 	<p>Terrestrial habitat alternation and disruption</p> <ul style="list-style-type: none"> • Site transmission lines and distribute right-of-way, access roads, lines and towers to avoid critical use, through the use of existing utility and transport corridors, as well as existing roads and tracks for access roads. • Installation of transmission lines above existing vegetation to avoid land clearing. • Re-vegetation of disturbed areas with native plant species and removal of invasive plant species during routine vegetation maintenance.
Occupational health and safety issues	<ul style="list-style-type: none"> • Ensure all equipment are inspected before use for appropriate safe guards and that the machine operators are trained on machine safety. • Ensure the working hours are controlled and employees not allowed to extend beyond an acceptable time. • Provide appropriate road safety signage and drivers adhere to the requirements of such signage. • Ensure strict access controls to the electricity power lines. • Enforce way leave requirements for power lines. • Deactivate and ensure live power distribution lines are properly grounded before work commences. • Ensure live wire work are conducted by trained workers with strict adherence to safety and standards. • Ensure that structures are tested for integrity prior to commencing work. • Implement a fall protection program that includes training in climbing techniques and the use of fall protection measures. 	<p>Avian and bat collisions and electrocutions</p> <ul style="list-style-type: none"> • Maintain a 1.5 meter spacing between energized components and grounded hardware. • Cover energized parts and hardware and Install visibility enhancement objects (marker balls). <p>Aircraft navigation safety</p> <ul style="list-style-type: none"> • Consult with regulatory air traffic authorities prior to installation. • Adherence to air safety regulations. <p>Right of way maintenance</p> <ul style="list-style-type: none"> • Schedule maintenance activities to avoid breeding and nesting sessions. • Avoid clearing in riparian areas and use of machinery in the vicinity of watercourses. • Observe manufacturer machinery and equipment guidelines, procedures with regard to noise as well as oil spill prevention and emergency response.
Noise and vibration	<ul style="list-style-type: none"> • Determine levels and extent of harmful noise and provide PPE (hearing protection) to persons who must operate within or visit the identified high noise areas. • Provide silencers to reduce the quantity of noise produced. • Create a barrier well beyond the perimeter of the high noise level area to protect the unsuspecting public who may approach the project site. 	<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839 - 00200, Nairobi.</p> <p>(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

**ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED DEVELOPMENT OF NAKURU AIRSTRIP,
NAKURU COUNTY**

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed development of Nakuru airstrip.

The project will involve construction of a terminal, ancillary building, pavement areas, the runway, taxiways, apron area, general aviation hanger, cargo terminal, garage, mechanical workshop, isolated Aircraft parking position and infrastructure workshop, among others.

The proposed airstrip site is located some 15 km east of Nakuru town. The project is sandwiched between the main Nairobi-Nakuru highway and the Nakuru Elementaita Road on a piece of land measuring about 500 acres.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental issue</i>	<i>Mitigation Measures</i>
Waste management	<ul style="list-style-type: none"> Centralize responsibility for waste management and develop a solid waste management programme. Carry out waste audits and ensure that airport users are compliant with the projected waste reduction, reuse and recycling plans. Track all waste generated and disposed. Isolate waste by containment to prevent the mixing of hazardous and non hazardous wastes or incompatible materials to enable reuse and avoid adverse reactions and emissions. Dispose construction waste at sites approved by the Nakuru Municipal Council. Install an incinerator within the site to manage hazardous waste.
Energy use and conservation	<ul style="list-style-type: none"> Carry out energy audits at regular intervals. Consider the possibility of using alternative sources of energy especially renewable sources such as solar. Implement energy efficient measures i.e. pay close attention to the location of lighting fixtures and operate them on the basis of time, ambient light levels and occupancy etc.
Solid waste management	<ul style="list-style-type: none"> Collect and sort out of waste. Contract a private waste handler.
Accidents due to unsafe practices during construction and operation	<ul style="list-style-type: none"> Engage an EHS consultant to develop an Environment Health and Safety (EHS) plan during the construction period. Prepare an EHS manual for use during construction.
Increased water consumption	<ul style="list-style-type: none"> Put in place measures for quick detection and repair of pipes, valves and tank leaks. Sensitize staff and airport users on water conservation. Establish proper housekeeping regulations to minimize unnecessary use of water i.e. ensure taps are not running

when not in use.

	<ul style="list-style-type: none"> Adopt sound water conservation measures. Recycle water at the implementation phase where possible. Install automatic water dispensers.
Wastewater management	<ul style="list-style-type: none"> Establish a regular monitoring programme at outfalls. Connect to the Septic system or treatment works.
Air pollution	<ul style="list-style-type: none"> Avoid dust generation by spraying water where necessary. Control speed of construction vehicles and switch off machines when not in use Use water bowsers to minimize dust pollution.
Increased noise pollution	<ul style="list-style-type: none"> Establish noise management committee to receive complaints from the public and device appropriate noise mitigation measures. Provide workers with ear muffs and nose masks. Workers in the vicinity of or involved in high noise areas to wear safety protective gear.
Destruction of the physical environment	<ul style="list-style-type: none"> Avoid use of heavier machinery than is necessary. Control earth works.
Incidents, accidents and dangerous occurrences	<ul style="list-style-type: none"> Provision of procedures for reporting incidents, accidents and dangerous occurrences shall be put in place. This shall be done in prescribed forms obtainable from the occupational health and safety office.
Health and Safety Committee	<ul style="list-style-type: none"> A health and safety committee in which the employer and the workers are represented shall be formed.
Sanitary conveniences	<ul style="list-style-type: none"> Suitable and efficient sanitary conveniences shall be provided separately for males and females.
Safety of personnel	<ul style="list-style-type: none"> All machines and other moving parts of equipments must be enclosed to protect workers from possible injury.
Safe means of access and safe place of employment	<ul style="list-style-type: none"> There should be safe means of access to the work place.
Emergency and hazard response preparedness plan	<ul style="list-style-type: none"> There shall be well designed and documented emergency preparedness plans including fire emergency rescue procedures. An accessible and well stocked first aid box shall be provided within the premises. The proponent shall train personnel in first aid and certificates issued by a recognized body. The most current emergency telephone numbers shall be prominently displayed within the premises. Review emergency and contingency plans periodically.
Fire protection	<ul style="list-style-type: none"> Fire-fighting equipment such as extinguishers and hydrants shall be provided at strategic locations. Regular inspection and servicing of the extinguishers will be undertaken by a reputable service provider and records of such inspections maintained.

- Signs such as no smoking must be prominently displayed within the premises especially in places where inflammatory materials are handled e.g. hanger.
- Bird strike menace**
 - Conduct a bird species and habitat preference study on the facility and surrounding habitat.
 - Establish a bird strike control committee that is properly trained on implementing, reporting and managing bird strike hazards.
 - Ensure that the bird control committee is well equipped and funded.
 - Identify and minimize all bird attraction sites in the airfield and surrounding areas.
 - Grass at the airfield should be cut regularly to a maximum height of between 25 and 30 cm.
- Site aesthetics**
 - Landscaping.
 - Tree planting.
- Land use planning and management**
 - KAA shall liaise with the local authority to establish land use criteria around the airport.
 - Limit encroachment of incompatible developments in sensitive noise corridor.
- Electrical safety**
 - Circuits may not be overloaded.
 - Distribution board switches must be clearly marked to indicate respective circuits.
 - There shall be no live exposed wiring.
 - Electrical fittings near all potential sources of ignition shall be flame proof.
 - All electrical equipments shall be earthed.
 - All emergency exits shall open outwards and be marked in RED and isles shall be clear of slips, trip and fall hazards.
- Public health and occupational safety**
 - Suitable personal protective equipment shall be made available and the staff shall be trained on their proper use.
 - Train staff on occupational health and safety.
 - Provide full protective gear in addition to the right tools and operational instruction manuals.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839 - 00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi
- (c) Provincial Director of Environment, Rift Valley Province.
- (d) District Environmental Officer, Nakuru District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED ETHIOPIA-KENYA POWER SYSTEMS INTERCONNECTION PROJECT

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed Ethiopia-Kenya Power Systems Interconnection Project.

A completely new transmission line with self-supporting steel lattice towers with concrete foundations will be built from Sodo in Ethiopia to Suswa in Kenya. Substations will be built at Sodo (Ethiopia), and Suswa in Kenya. Approximate average construction span length of the line is 400 m and with 65m RoW corridor. The 2009 technical feasibility study recommends adopting a conceptual design featuring:

- ± 500 kV HVDC bipolar overhead line, from Wolayta/Sodo S/S on the Ethiopian side to Suswa Kenyan side.
- Ground electrode lines at Wolayta/Sodo and Suswa
- Five 400 kV $1\frac{1}{2}$ breaker diameters at Wolayta/Sodo on the Ethiopian side,
- Seven 400 kV $1\frac{1}{2}$ breaker diameters at Longonot on the Kenyan side, including switched shunt compensation, dynamic compensation and step-down transformers
- One synchronous condenser rated 200 MVA at Longonot S/S.

The bipolar 500 kV HVDC line will originate from Wolayta Sodo in Ethiopia and terminate at Suswa in Kenya.

The following are the anticipated impacts and proposed mitigation measures:

<i>Anticipated Environmental Impacts</i>	<i>Mitigation Measures</i>
Settlements and community facilities	<ul style="list-style-type: none"> • Where it is not possible to realign the line route further than already achieved so as to avoid the affected facilities and structures, compensation and assistance shall be provided to the community or individuals affected • More details about resettlement and compensation is provided under the RAP brief.
Potential aesthetic impacts	<ul style="list-style-type: none"> • The OHTL routes have been established so as to meet the co-inhabitancy requirements imposed by the natural landscape, objects, buildings and facilities in the neighborhoods by ensuring that they merge into the existing landscapes. In particular, most of the transmission line route has been selected to follow hilltops where there is minimum human settlements and where the view of the conductors will be against the sky and thereby having less impact than when viewed sideways or from above against the background of the horizon or the ground.
Natural vegetation	<ul style="list-style-type: none"> • Clearance during construction be done manually without burning the cleared vegetation. • Vegetation clearance within the Protected Areas be done under supervision of KWS and KFS personnel. • Compensate value trees according to RAP recommendations • Compensatory planting of trees that are cleared or whose height is limited to 4.5m.

Fauna	<ul style="list-style-type: none"> To be mitigated at specifically identified locations by use installation of coloured warning spheres on the ground conductors atop the towers. The design to include building raptor platforms on top of pylons for roosting and nesting; Collect monitoring data on avifauna electrocuted along the proposed transmission line. Install danger sign and anti-climbing barbed wire for safety purposes on every steel tower. Ensure a safety officer is present at all the times during the construction phase. Conduct safety campaigns periodically among the population along the entire RoW. The span between towers is on average 400 m and minimum height of conductors is 11 m, thus, the infrastructure configuration does not limit animal movements including elephants. Schedule construction so as not to coincide with animal migrations across migration corridors and this will be included as a clause in construction contract. 	<ul style="list-style-type: none"> backfilling while the rest to be disposed off at designated areas. Dispose of waste in accordance with the NEMA guidelines. Take particular care in forest reserves, national parks and other protected areas where materials and plants brought in during construction must be taken out at completion of the works.
Impacts on agricultural land	<ul style="list-style-type: none"> KETRACO to provide monetary compensation for cessation of land use and any loss associated with compromised land productivity. Compensation details are provided under the RAP. Some of the access roads required during project implementation should not become permanent if not required by community. 	<ul style="list-style-type: none"> The Kenya Civil Aviation Authority to be requested to conduct a survey along the RoW and advise on the safety distances of the RoW from the aerodromes and safe tower heights and/or need for installation of warning lights and/or warning spheres in the vicinity of the aerodromes and at any other point along the entire RoW.
Impacts on drainage, surface waters and water resources	<ul style="list-style-type: none"> Positioning of towers away from natural drainages and floodways. Position towers so as to leave a protection zone of 15 m at river and streams and 5 m when crossing any drainage channels. Channel effluents to septic tank and run-off from work surfaces to a retaining pond. 	
Land excavation, access roads and campsite	<ul style="list-style-type: none"> Designing transmission line route close to existing roads or line corridors. Rehabilitate temporary access roads after completion of works. Minimize the number of new roads required, Locate the campsite in such a way that they can have residual values like turning them into schools and other public facilities. 	
Soil erosion	<ul style="list-style-type: none"> Restrict use of heavy machinery and vehicles to designated work areas. Install soil protection works in areas sensitive to erosion prior to undertaking construction. 	
Noise, ozone and corona	<ul style="list-style-type: none"> Work schedules to avoid working hours at night especially around health centres Work schedules in the vicinity of schools to be restricted to off school hours. Ozone concentrations around power lines have no health consequences as they have purely localized impacts. 	
Solid waste	<ul style="list-style-type: none"> Re-use some of the excavated soil for 	

Impacts on aviation and communication

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MIXED RESIDENTIAL HOUSING SCHEME FOR K.P.L.C LIMITED STAFF RETIREMENT BENEFITS SCHEME ON L.R NO.21080/38, NEW LORESHO ESTATE, NAIROBI

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed mixed residential housing scheme for K.P.L.C limited staff retirement benefits scheme on L.R No.21080/38, new Loresho Estate, Nairobi.

The Proponent (The Kenya Power and Lighting Company Ltd) of the proposed mixed residential housing scheme for K.P.L.C limited staff retirement benefits scheme on LR NO 21080/38, new Loresho Estate, Nairobi has proposed to carry out construction of a housing estate of mixed typology comprising of Villas, Town Houses and Flats totaling to 160 units to be used as single family dwellings. Each Villa will be built on a plot measuring 0.024 Ha with a total of 12 units. House type 01 will each be built on a plot measuring 0.02153 Ha with a total 29 units. Type 02 houses will each be built on a plot measuring 0.0203 Ha, with a total of 53 units. The flat will comprise of 11 blocks each with 3 floors with a total of 66 units each unit 150m². There will also be a sewer treatment plant/Biobox, a commercial facility and Kindergarten.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact

Mitigation measures

Sewage and effluent disposal

- All drain pipes passing under the building, driveway or parking should be of heavy duty PVC pipe tube encased in 150mm concrete surround.

	<ul style="list-style-type: none"> • All manholes on drive ways and parking areas should have heavy-duty covers set and double sealed airtight as approved by specialists. 	<ul style="list-style-type: none"> • Provide soil conservation structures on the areas prone to soil erosion mostly to reduce impact by the run-off.
Waste generation	<ul style="list-style-type: none"> • All waste pipes should have cleaning eyes accessible from outside and free to every part of the system for inspection, cleaning and repair • Sanitary facilities should be kept clean always, through regular washing. 	<ul style="list-style-type: none"> • Control construction activities during rainy/wet conditions to control soil movement • Resurface/pave open areas after the completion of the project
	<ul style="list-style-type: none"> • Special attention shall be paid to the handling and disposal of all solid waste generated during construction and operation phases. • A reputable solid waste handler will be contracted to regularly collect solid waste for appropriate disposal following the Local Authority Guidelines. • There will be adequate provision of strategically placed waste bins all over the building compound to ensure that there is no idle litter • The materials should be properly segregated and separated to encourage recycling of some of them. • Non-usable solid waste materials generated during the demolition and construction shall be transported for appropriate disposal in one of the designated dumping sites. • The proponent undertakes to provide well constructed sewage lines all draining into the designated sewer system next to the site. 	<ul style="list-style-type: none"> • Provide suitable storm water drainage channels to effectively discharge water to safe areas. • Install and maintain fire fighting equipment and machinery • Sensitize the workers on fire risks & use fireproof materials • Provide emergency numbers at strategic points. • Potable fire fighting equipment are located at strategic points • Provision of security during the construction & operation phases. • Ensure that all workers have access to communication facilities (phones etc.) for quick emergency response.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
