Maina on 7th February, 2024 for directions of Originating Motion dated 6th day of February, 2024 brought by Counsel for the Applicant under Sections 81 and 82 of the Proceeds of Crime and Anti-Money Laundering Act and Order 51 rule 1 of the Civil Procedure Rules and all enabling provisions of the law, and Upon Reading the supporting affidavit of Cpl. Isaac Nakitale sworn on 6th day of February, 2024 and the annexures thereto;

IT IS HEREBY ORDERED

1. THAT this application be and is hereby certified urgent.

2. THAT Preservation Orders be and are hereby issued prohibiting the Respondent and/or his employees, agents, servants, representatives or any other persons acting on his behalf from dealing in any manner with the following parcel of land and properties or developments, improvements and structures thereon;

(a) Land reference portion number 13741 measuring 0.0593 in size and 22.91m by 26.3 in dimensions and developments on it known as Casuarina Plaza.

3. THAT a Preservation Order be and is hereby issued preserving any rental income, benefits, profits accruing from all rental apartments known as Casuarina Plaza erected upon land reference portion number 13741 measuring 0.0593 in size and 22.91m by 26.3 in dimensions and direct that the same be deposited in the Assets Recovery Agency deposit Account No. 1240221339 held at Kenya Commercial Bank, KICC Branch pending hearing and determination of the intended forfeiture application.

4. THAT the Respondent be and is hereby ordered to surrender the Title/ownership documents of the properties specified in prayer 2 above.

5. THAT an order be and is hereby issued directing the Chief Land Registrar do issue to register a caveat against the records of the property specified in prayer 2 above.

6. THAT the Preservation orders shall remain in force for a period of ninety (90) days as provided in section 84 of the Proceeds of Crime and Anti-Money Laundering Act (POCAML A).

7. THAT the orders granted be served upon the Respondent within 21 days as provided in section 83 (1) of the Proceeds of Crime and Anti-Money Laundering Act.

GIVEN under my hand and the seal of the Honorable Court this 7th day of February, 2024.

ISSUED at NAIROBI this 13th day of July, 2023.

DEPUTY REGISTRAR,

High Court,

Anti-Corruption and Economic Crimes Division.

PENAL NOTICE

Take notice that if you, the above named respondents or your servants/agents disobey this order, you will be cited for contempt of court and shall be liable to imprisonment for a period of not more than six months.

Director.

PTG No. 1736/23-24

GAZETTE NOTICE NO. 2512

THE ENERGY ACT

(No. 1 of 2019)

IN EXERCISE of the powers conferred by sections 131, 136 (1) (c), 138, 140 (d) and (e), 163, 167 (j), (k), (l) and (n) and 208 of the Energy Act, 2019, the Cabinet Secretary for Energy makes the following Regulations:

THE ENERGY (ELECTRICITY MARKET, BULK SUPPLY AND OPEN ACCESS) REGULATIONS, 2024

PART I—PRELIMINARIES

Citation and Commencement

1. (1) These Regulations may be cited as the Energy (Electricity Market, Bulk Supply and Open Access) Regulations, 2024.

(2) These Regulations shall come into force upon gazettelement by the Cabinet Secretary.

Application

2. These Regulations shall be applicable to generation, importation, exportation, transmission, distribution and retail supply of electrical energy.

Interpretation

3. (1) In these Regulations, unless the context otherwise requires: -

“Act” means the Energy Act, No. 1 of 2019;

(1) “Act” means The Energy Act, 2019.

(2) Capital Cost’ means the capital cost as defined in the Tariff Review Guidelines.

(3) Admitted capital cost’ means the Regulated Asset Base or Costs Incurred that will be capitalized into a Regulated Asset Base

(4) Additional Capital expenditure’ means the capital expenditure incurred or projected to be incurred after the date of commercial operation of the project by the licensee, as the case may be, in accordance with the provisions of these regulations.

(5) “Additional capitalization” means the additional capital expenditure admitted by the EPRA after prudence check, in accordance with these regulations.

(6) “Change in Law” means occurrence of any of the following events:

(a) enactment, bringing into effect or promulgation of any Kenyan law; or

(b) adoption, amendment, modification, repeal or re-enactment of any existing Kenyan law; or

(c) change in interpretation or application of any Kenyan law by a competent court, Tribunal or Kenyan Governmental Instrumentality which is the final authority under law for such interpretation or application; or

(d) change by any competent statutory authority in any condition or covenant of any consent or clearances or approval or license available or obtained for the project; or

(e) coming into force or change in any bilateral or multilateral agreement or treaty between the Government of Kenya and any other Sovereign Government having implication for the transmission system regulated under these regulations.

(7) Commercial Operation Date’ or ‘COD’ Means the date certified by an Independent Engineer that the Commercial Operations of the Licensee’s facilities are ready for integration with the grid and to provide the regulated service of the Licensee, after the testing and commissioning

(7.1) Target Commercial Operation Date or ‘TCOD’ shall mean target the date(s) when the commercial operation activities of the Licensees shall come into force.

(8) ‘Force Majeure’ for the purpose of these regulations means the events or circumstances or combination of events or circumstances including those stated below which partly or fully prevents the

transmission licensee to complete the project within the time specified in the Investment Approval, and only if such events or circumstances are not within the control of the transmission licensee and could not have been avoided, had the transmission licensee taken reasonable care or complied with prudent utility practices:

- (a) Act of God including lightning, drought, fire and explosion, earthquake, volcanic eruption, landslide, flood, cyclone, typhoon, tornado, geological surprises, or exceptionally adverse weather conditions which are in excess of the statistical measures for the last hundred years; or
- (b) Any act of war, invasion, armed conflict or act of foreign enemy, blockade, embargo, revolution, riot, insurrection, terrorist or military action; or
- (c) Industry wide strikes and labour disturbances having a nationwide impact in Kenya; or
- (d) Delay in obtaining statutory approval for the project except where the delay is attributable to project developer;

“*Applicant*” means a licensee or eligible consumer who has applied seeking open access under these regulations;

“*Authority*” shall have the meaning assigned to it under the Act;

“*Bulk supply*” shall have the meaning assigned to it under the Act;

“*Cabinet Secretary*” means the cabinet secretary for the time being responsible for energy;

“*Consumer*” shall have the meaning assigned to it under the Act;

“*Day*” means a calendar day;

“*Electricity market*” shall have the meaning assigned to it under the Act;

“*Energy accounting*” means accounting for the different energy supplied to and drawn from the grid by various licensees

“*Eligible consumer*” shall have the meaning assigned to it under the Act;

“*Force majeure*” shall have the meaning assigned to it under the grid code;

“*Grid*” shall have the meaning assigned to it under the Act;

“*Grid code*” means the Kenya National Transmission Grid Code and the Kenya National Distribution Grid Code, which establishes the technical and other requirements for the connection to and use of the grid in a manner that ensures reliable, efficient and safe operations;

“*Licence*” shall have the meaning assigned to it under the Act;

“*Licensee*” shall have the meaning assigned to it under the Act;

“*Network*” means transmission system or distribution system;

“*Network services*” means transmission or distribution services associated with the conveyance of electricity through the grid;

“*Network service provider*” means transmission or distribution licensee;

“*Operation and Maintenance Expenses*” or “*O&M expenses*” means the expenditure incurred for operation and maintenance of the project, or part thereof, and includes the expenditure on manpower, maintenance, repairs and maintenance spares, consumables, insurance and overheads and fuel.

“*Open access*” shall have the meaning assigned to it under the Act;

“*Open access customer*” means a licensee or eligible consumer who has been granted open access under these regulations;

“*Person*” shall have the meaning assigned to it under the Act;

“*Tribunal*” shall have the meaning assigned to it under the Act;

“*Wheeling*” shall have the meaning assigned to it under the Act; and

“*Wheeler*” means the person using the transmission system, distribution system and associated facilities of a transmission licensee or distribution licensee, as the case may be, for the conveyance of electricity.

Objectives of these Regulations

4. (1) The objectives of these Regulations are to –

- (a) Provide the guidance on the review of the electricity market.
- (b) Govern the operations and management of the electricity market, open access and bulk supply.
- (c) Promote competition, efficiency and reliability and improve the quality of service within the electricity market.
- (d) Provide for non-discriminatory open access to transmission or distribution system so as to enhance competition.
- (e) Attract investment for generation, transmission, distribution and retail supply.
- (f) Achieve greater accountability and transparency in the operations of the electricity market.
- (g) Provide guidelines for an efficient electricity market operation for all actors including participants in the bilateral, spot markets and eligible customers among others.

PART II—ELECTRICITY MARKET

Electricity Market Structure/Design

5. (1) The electricity market structure/design shall be informed by the first electricity market review undertaken by the Authority in consultation with the Cabinet Secretary within the first three years in accordance with the Act.

(2) The Authority in consultation with the Cabinet Secretary shall undertake subsequent reviews of the electricity market at least once every five years.

(3) The Authority shall gazette the reports on the reviews of the electricity market within thirty days of conclusion of the reviews.

(4) The Authority in consultation with the Cabinet Secretary shall issue and gazette guidelines on the structure of the electricity market within six months after the gazettement of the electricity market report.

(5) The guidelines issued by the Authority shall at a minimum contain the following:

- (a) The electricity market design/structure during the market transition phase.
- (b) Electricity market rules during the electricity market transition.
- (c) The minimum performance targets for licensees during the electricity market transition phase.

(6) The Authority shall involve stakeholders while undertaking the electricity market reviews and developing the guidelines.

(7) There shall be a Capacity Market for existing Power Purchase Agreements but all new generation shall be in the Energy Market after the transition period.

Operation and Performance Security

6. (1) An Applicant shall submit a performance security prior to signing of the network service contract as may be guided by the Authority from time to time.

(2) A retail supply licensee participating in the electricity market shall submit to the Authority a performance security equivalent to amounts to be determined by the Authority.

General Electricity Market Provisions

7. (1) A transmission or distribution licensee shall provide non-discriminatory open access to its transmission or distribution system as the case may be for use by any licensee or eligible consumer upon payment of wheeling or use of system charges as shall be prescribed under these regulations and such other fees and compliance with such minimum requirements of the transmission or distribution licensee.

(2) A transmission or distribution licensee shall provide such information to the Authority as prescribed in the regulations on electricity regulatory accounts to enable approval of the wheeling charges or use of system charges and any other charges.

(3) Subject to section 145 (4) of the Act, a licensee may supply a consumer provided that the said consumer has no existing contract for supply of electrical energy with any other licensee.

(4) Subject to section 145 (4) of the Act, a consumer shall choose his retail supplier provided that the said consumer shall not have two supply contracts for the same premises.

(5) Ancillary services shall be provided by licensees, save for retail supply licensees, connected to the grid system based on the integrated national energy plan and the tariff for such services shall be computed as per the methodology set out by the licensee and approved by the Authority.

(6) Penalties and compensation arising due to poor quality or irregularity of supply shall be as determined in accordance with the regulations on reliability and quality of supply and service.

Market Role and Conduct

8. (1) The market role of a generation licensee shall at a minimum include:

- (a) To provide adequate supply of electrical energy required for the balance between the supply and demand.
- (b) To supply the electrical energy in accordance with the contract.
- (c) To participate in activities aimed at maintaining system stability and security.

(2) The market role of a transmission licensee shall at a minimum include:

- (a) To provide the network to wheel the purchased bulk electrical energy in an efficient, reliable and safe manner in the wholesale market.
- (b) To participate in activities aimed at maintaining system stability and security.

(3) The market role of a distribution licensee shall at a minimum include:

- (a) To provide the network to wheel the electrical energy in an efficient, reliable and safe manner.
- (b) To trade bulk purchase of electrical energy in the electricity market pool.
- (c) To supply to the retailers or consumers in accordance with the electricity supply contracts.
- (d) To participate in activities aimed at maintaining system stability and security.

(4) The market role of a retail supply licensee shall at a minimum include:

- (a) To supply to the consumers in accordance with the electricity supply contract.
- (b) To supply to the eligible consumers in accordance with the electricity supply contract.
- (c) To bill for the power supplied and collect the revenues and to make payments to the respective licensees.

(5) The market role of an eligible consumer and a consumer shall at a minimum include making of payments for the electrical energy consumed in accordance with the electricity supply contract.

(6) The market role of the system operator shall at a minimum include:

- (a) To provide non-discriminatory market services to all the participants.
- (b) To carry out outage coordination, operational planning, real time dispatch, procuring ancillary services and supervising the operation of the systems within defined reliability and quality of service criteria.
- (c) To develop and implement the initial operational market procedures, including procedures for the management of shortages and to allocate curtailment proportionally among loads.

Electricity Market Balancing and Dispatch

9. System operations on market balancing and dispatch shall be conducted in accordance with the regulations on system operations.

Regulation on Pricing

10. (1) The Authority shall prescribe the tariffs for the following:

- (a) Generation tariff (energy and/or capacity);
- (b) Retail tariff;
- (c) Network service charges;
- (d) Wheeling charges;
- (e) Use of system charges;
- (f) Ancillary services charges.

(2) The Tariff prescribed above shall be guided by the existing regulations and or guidelines as set by the Authority

(3) The licensee shall apply to the Authority for approval of any applicable tariffs for any service to be charged as described in (10) (1) above.

(4) The Authority shall process the Tariff Application within 60 days after the application is submitted.

(5) The Tariff shall become effective at the Commercial Operation Date of the specific Commercial Agreement

(6) The Tariff Structure shall be determined in the Commercial Agreement provided that the Tariff should recover all or part of the following costs;

- (a) Capital Costs, including Interest During Construction;
- (b) O&M Costs;
- (c) Depreciation;
- (d) Return on Equity;
- (e) Other Finance costs;
- (f) Taxes.

(7) The Depreciation Charge shall be on a Straight line, on the basis of the Term of the Commercial Agreement or the Useful life of the Assets of the Licensee, whichever is the shorter period.

(8) The Return on Equity shall be determined by the Authority, based on the Currency of the Tariff

(9) Any Inflation Indexation on any part of the Tariff shall be tandem with the Currency of the Tariff.

Market Governance

11. (1) To facilitate effective day-to-day operation and encourage capital investments, the Authority in consultation with the Cabinet Secretary shall, six months after the gazettment of the electricity market report, issue guidelines on the market governance structure.

(2) The electricity market shall consist of a wholesale market and a retail market. The wholesale market shall comprise of generation licensees and other licensees who will trade through the intermediary of an operator, who shall be designated by the Authority. The retail market shall purchase from the wholesale market and supply to consumers.

(3) The electricity market shall function with the following objectives: -

- (a) Ensure competition, transparency, fair, neutral, efficient and robust price discovery.
 - (b) Provide extensive and quick price dissemination.
 - (c) Design standardized contracts.
- (4) The electricity market may involve the following:
- (a) The National Treasury;
 - (b) The ministry in-charge of energy;
 - (c) The Authority;

- (d) The system operator;
- (e) The licensees;
- (f) The eligible consumers; and
- (g) Consumers.

Disputes Resolution and Appeals

12. (1) Any complaints and/or disputes/appeals under these regulations shall be handled in accordance with the regulation on complaints and disputes resolution.

Cross-Border Electricity Trade (Import and/or Export)

13. (1) The electricity market rules shall be in accordance with the rules of the Eastern-Africa Power Pool (EAPP) on cross border electricity trade.

(2) The coordination in the system operation will be through the coordination center.

Ancillary Service Provision

14. (1) The provision of system ancillary services shall be in accordance with the grid code and the regulations on electricity supply, the regulations on reliability and quality of supply and service and the regulations on system operations.

(2) The system ancillary services providers shall at all times comply with the directions and instructions of the system operator.

(3) The system ancillary services tariffs shall be as approved by the Authority.

(4) The ancillary service contracts shall be in the format in the First Schedule to these regulations

Net Metering

15. Any licensee and customer engaging in net-metering undertakings shall conduct their operations in accordance with the regulations on net metering.

Mini-Grid

16. Any licensee operating a mini-grid shall undertake the operations in accordance with the regulations on mini grids.

Feed-in-Tariff and other Energy Procurement Mechanisms

17. For generation to the national grid from wind, solar, small-hydros, biogas, biomass, biofuel, cogeneration, municipal waste and tidal wave:

- (a) not exceeding ten thousand kilowatts shall be in accordance with the regulations on Feed-in-Tariffs.
- (b) exceeding ten thousand kilowatts, through competitive bidding process which shall include energy auction bidding process.

Variable Renewable Energy Plants

18. (1) Variable renewable energy plants shall be operated in accordance with the grid code.

(2) Grid stability challenges and energy security risks arising from intermittent generation sources shall be addressed by use of ancillary services installed by the respective licensees.

(3) The integrated national energy plan shall establish the requirements for the power system.

(4) For market stability the intermittent generation sources shall have a maximum variation of $\pm 5\%$ of the day-ahead or hour-ahead forecasted generation.

PART III – BULK SUPPLY

Bulk Supply

19. (1) Bulk supply shall be the supply of electrical energy by a licensee to another licensee for the purpose of enabling the supply of electrical energy to consumers. For avoidance of doubt, bulk supply shall not relate to the supply of electrical energy by a licensee to a consumer.

(2) No consumer shall access bulk energy for resale. A consumer accessing bulk supply and who wishes to resell shall apply for a retail license.

Application Process

20. (1) A licensee shall submit the bulk supply application to another licensee in the format provided in the Second Schedule.

(2) The licensee offering bulk supply shall give a response, granting approval or rejecting the application within fourteen days of receipt of the application and where approval is granted shall forward the draft Bulk Supply Agreement to the licensee applying for bulk supply.

(3) The licensee shall submit their acceptance to the bulk supplier within seven days of receipt of the draft Bulk Supply Agreement.

(4) Once the parties have agreed on the terms of the draft Bulk Supply Agreement, the parties shall initial the same and submit to the Authority for approval within fourteen days of conclusion of the negotiations.

(5) The Authority shall communicate the approval or refusal of grant of approval within thirty days of receipt of the draft Bulk Supply Agreement.

(6) The parties aggrieved may lodge an appeal with the Tribunal within thirty days of receipt of the refusal to grant approval.

Minimum Requirements

21. In making an application for bulk supply to the supplier of the electrical energy, the applicant at a minimum shall indicate the following requirements: -

- (a) Capacity required
- (b) Specify whether it's for own consumption or resale
- (c) The entry and exit point of energy
- (d) Availability of wheeling capacity
- (e) Technical compliance
- (f) Financial capability
- (g) Legal compliance

Metering

22. (1) The amount of electrical energy supplied to the licensee or the number of hours during which the supply is given, or the maximum demand taken by the licensee, or any other quantity or time connected with the supply shall be ascertained by meters installed by a supplier and of a type approved by the Kenya Bureau of Standards, or determined in a manner agreed upon by the licensees.

(2) The main meter shall be used for purposes of energy accounting and billing.

(3) The meter security and access shall be through seals and security codes.

(4) The licensees may opt to instal their own check meter as set out in the bulk supply agreement.

(5) The metering position for the intake or withdrawal shall be as agreed between the licensees.

(6) The meters shall be tested as prescribed in the bulk supply agreement.

Bulk Supply and Network Services Tariffs

23. (1) The Authority shall approve bulk supply tariffs in accordance with the regulation on electricity tariffs and the Act.

(2) The Authority shall set, review, adjust and approve network services tariffs in accordance with the regulation on electricity tariffs and the Act.

Disclosures

24. The licensee applying for bulk supply of electrical energy shall disclose to the other licensee who is to make the supply the purpose for the supply of the electrical energy.

Quality of Supply

25. The quality of supply of the electrical energy shall be in accordance with the grid code and the regulations on reliability, quality of supply and service.

Obligations of the Participants

26. (1) A Licensee undertaking generation of bulk electrical energy shall:

(a) Supply the electrical energy in accordance with the bulk supply agreement.

(2) A Licensee undertaking transmission of bulk electrical energy shall:

(a) Provide the network to wheel the electrical energy in an efficient, reliable and safe manner.

(3) A Licensee undertaking distribution of bulk electrical energy shall:

(a) Provide the network to wheel the electrical energy in an efficient, reliable and safe manner.

(b) Supply to the consumer in accordance with the electricity supply contract.

(4) A Licensee undertaking retail supply of bulk electrical energy shall:

(a) Supply to the consumer in accordance with the electricity supply contract.

(5) A consumer of bulk electrical energy shall:

(a) make payments for the electrical energy consumed in accordance with the electricity supply contract.

Bulk Supply Contracts

27. The bulk supply contracts shall be in the format in the Third Schedule to these regulations.

Multiple Suppliers

28. The licensee requiring bulk supply of electrical energy may enter into bulk supply contracts with other licensees for purposes of enabling the supply of electrical energy to consumers.

Environment, Health and Safety

29. The Licensee shall continually monitor and ensure they comply with environmental, health and safety requirements in accordance with the grid code and other applicable laws.

Engagement of Community Based Organizations in Retail Activities

30. The distribution or retail licensee may engage community based organizations within informal settlements for purposes of supply of electrical energy and undertaking of retail activities.

PART IV – OPEN ACCESS*Network Services Provision*

31. (1) The transmission and distribution licensees shall undertake their responsibilities as provided for under these regulations and the Act.

(2) Network services providers shall maintain their network in accordance with the regulations on electricity supply and the regulations on reliability, quality of supply and service.

(3) The network service providers shall charge wheeling charges or use of system charges, as the case may be, upon approval by the Authority.

(4) The charges under sub-regulation (3) shall be in conformance with the methodology outlined under the regulations on electricity tariff.

(5) The system operator or the network service provider shall at all times reasonably operate the system or network, as the case may be, in a non-discriminatory manner.

Application for Open Access

32. (1) The applicant shall submit the application for grant of open access in the format provided in the Fourth Schedule.

(2) Subject to section 138 (1) and (2) of the Act, the network service provider shall submit a copy of the application to the system operator for technical input (maintaining electric power system security) and the system operator shall submit the technical report to the network service provider within thirty days of receipt of the application.

(3) The network service provider shall give a response, approving or rejecting grant of open access within thirty days of receipt of the application. Where approval has been granted, the network service provider shall forward the draft wheeling agreement in the format provided in the Fifth Schedule.

(4) The processes undertaken by the system operator and the network service provider shall run concurrently.

(5) The applicant shall submit their acceptance of the network service provider within fourteen days of receipt of the draft wheeling agreement.

(6) Once the parties have agreed on the terms of the draft wheeling agreement, the parties shall initial the same and the network service provider shall submit to the Authority for approval within fourteen days of conclusion of the negotiations.

(7) The Authority shall communicate the approval or refusal of grant of approval within thirty days of receipt of the draft wheeling agreement.

(8) The network service provider shall submit a copy of the approved wheeling agreement with the system operator.

(9) The parties aggrieved may lodge an appeal with the Tribunal within thirty days of receipt of the refusal to grant approval.

Eligibility to Seek Open Access

33. (1) Any licensee or eligible consumer shall be eligible for open access to a network on payment of the applicable open access charges.

(2) The conditions for access to a network by a wheeler shall be as set out in the grid code and as stipulated by the network service provider.

(3) For grant of open access, the load shall not be less than 1MVA in the distribution system or 10MVA in the transmission system.

(4) Eligible consumers who are connected at 66 kV or below to the grid sub-station, or connected on a common feeder irrespective of their voltage of supply, shall be allowed open access subject to the condition that they shall agree to rostering restrictions including power cut imposed by the licensee on the feeders serving them.

Categories of Open Access

34. The categorization of the open access into long term, medium term, short term, day-ahead and contingency shall be as prescribed by the Authority.

Terms and Conditions for Open Access

35. The terms and conditions for open access shall be in accordance with the Sixth Schedule and the same shall be reviewed from time to time by the Authority and approved by the Cabinet Secretary.

Operation and Maintenance of Equipment

36. (1) Any network service provider shall operate and maintain all equipment or appliance that is part of their facilities in accordance with:

(a) the requirements of the grid code; and

(b) good electricity industry practice and applicable Kenya Standards or in their absence, any international standards approved by the Kenya Bureau of Standards.

(2) The operations and maintenance contracts shall be in the format in the Seventh Schedule to these regulations.

Energy Accounting

37. (1) The network service provider shall undertake the energy accounting in accordance with the wheeling service agreement.

(2) The billing and energy accounting shall be done on a monthly basis or in the manner set out in the wheeling service agreement between the network service provider and the wheeler.

Imbalance and Reactive Energy Charges

38. Imbalance and reactive energy charges shall be as determined and published by the Authority from time to time.

Energy losses

39. (1) The network service provider shall be subjected to allowable system losses as approved by the Authority from time to time. Allowable system losses shall be allocated as prescribed by the Authority.

(2) The network service provider shall be responsible for the losses above the allowable system losses levels.

Compliance with the Grid Code

40. The licensee and eligible consumer undertaking network services shall comply with the provisions of the grid code.

Congestion Management

41. (1) In the event of congestion in the network, the system operator shall determine the priority of dispatch of the electrical energy.

(2) The system operator may curtail power on any network by cancelling or rescheduling any dispatch of electrical energy, if in its opinion cancellation or curtailment will relieve the congestion.

PART V – MISCELLANEOUS*Offences and Penalties*

42. (1) A person who willfully gives false or misleading information in relation to any application commits an offence and shall on conviction be liable to a fine not exceeding ten million Kenya shillings or imprisonment for a term not exceeding five years or to both.

(2) A person who contravenes or fails to comply with any of these Regulations or who fails to comply with any prohibition or order of the Authority under any of these Regulations shall, where no specific penalty is prescribed under sub-regulation (1), commits an offence and shall on conviction be liable to a fine not less than one hundred thousand shillings or a term of imprisonment not exceeding six months or to both.

Offences by Corporate Bodies

43. (1) Where any offence under these Regulations is committed by a corporate body and is proved to have been committed with the consent or connivance of, or to have been facilitated by any director, chairman, manager, secretary or other officer thereof, he, as well as the corporate body commits an offence and shall on conviction be liable to a fine not less than one hundred thousand shillings or a term of imprisonment not exceeding six months or to both.

Complaints and Disputes to be Referred to the Authority

44. (1) Any complaints or disputes between the system operator and a licensee or between two or more licensees or between a licensee and eligible consumer shall be referred to the Authority for resolution in accordance with the regulations on complaints and disputes resolution.

Appeals

45. (1) A licensee, system operator or eligible consumer who is dissatisfied or aggrieved by a decision of the Authority shall lodge an appeal with the Tribunal.

(2) Any person aggrieved by a decision of the Tribunal may, within thirty days from the date of the decision or order, appeal to the High Court.

SIXTH SCHEDULE (r. 35)

TERMS AND CONDITIONS FOR OPEN ACCESS

Terms and conditions for Open Access

- (1) The quantum of power to be wheeled by the wheeler shall not exceed their contracted capacity at any time.
- (2) The wheeler shall pay all the applicable wheeling or use of system charges as approved by the Authority.
- (3) In case the wheeler draws power from the grid, but the generator does not generate the power during that period or injects/supplies less than the committed power, the wheeler shall pay the grid availability charges as approved by the Authority.
- (4) The generator shall maintain higher injection at their end to compensate the transmission and distribution loss as shall be determined by the Authority. The wheeled power scheduled at the ex-periphery of the generator shall be subjected to deduction of transmission and distribution losses as shall be determined by the Authority.
- (5) The generation over and above the committed power by the generator shall not be accounted for. The generator shall not inject power into the grid without any written agreement and the necessary open access approval.
- (6) The wheeler shall not withdraw in excess of the contracted capacity. Where a wheeler draws electrical power in excess of the output energy at exit point (s) of the network service provider, the wheeler shall pay to the network service provider the excess in accordance to the tariff determined by the Authority and a surcharge to be paid to the network service provider.
- (7) The generator shall give necessary day ahead schedule of the generation and wheeling quantum to the system operator.
- (8) It is the responsibility of the generator to inform their wheeler and the system operator regarding their outage of plant or lesser supply of committed power by issuing revised declarations and accordingly the wheeler shall reduce their withdrawal.

- (9) The wheeler shall withdraw the purchased power only up to their contracted capacity.
- (10) There shall be no compensation from the network service provider where, due to any reason, the committed power is not drawn.
- (11) Where there is load shedding for purposes of grid security or where there is third party interference to the network or inevitable accident or force majeure, non-withdrawal shall not be compensated.
- (12) In case of violation of any terms and conditions by the wheeler, the network service provider shall issue the wheeler with a 48 hours' notice within which to make good the breach of agreement and the unpaid amounts, if any, shall become a civil debt.
- (13) In case of violation, the network service provider shall be at liberty to terminate the wheeling services in accordance with the terms and conditions by the network service provider, the wheeler shall issue the network service provider with a 48 hours notice within which to make good the breach failure which the wheeler shall be at liberty to terminate the wheeling services agreement.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED RESIDENTIAL APARTMENTS LOCATED ON PLOT NO. NAIROBI/BLOCK 3/85, LOCATED ALONG MKOKO CLOSE IN WESTLANDS, NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, 1999, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Hale End Properties Limited proposes to construct three blocks (2No. blocks of 17 floors and 1No. block of 19 floors) of a total 419No. residential apartments (242No. one bedroom, 163No. two bedroom and 14No. three bedroom) and 313No. parking bays. Block A (47No. one bedroom units, 48No. two bedroom units and 95No. parking bays). Block B (46No. one bedroom units, 42No. two bedroom units, 14No. three bedroom units and 218No. parking bays). Block C (49No. one bedroom units, 73No. two bedroom units and 122No. parking bays), boundary wall, associated facilities and amenities. The proposed project will be located on Plot No. Nairobi/Block 3/85, located along Mkoko Close in Westlands, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

Impact	Mitigation Measures
Air pollution	<ul style="list-style-type: none"> Screen the entire site to control and arrest construction-related dust. Monitor the air quality levels as per the Environmental Management and Co-ordination (Air Quality) Regulations, 2014.
Noise and excessive vibrations	<ul style="list-style-type: none"> Construction activities will be carried out between 0800 Hrs. to 1800 Hrs. on weekdays and 0800 Hrs. to 1300 Hrs. on Saturdays only. Regular monitoring of noise and vibration levels at the site as per the Environmental Management and Co-ordination (Noise and Excessive Vibrations) Regulations, 2009.
Solid waste	<ul style="list-style-type: none"> Design and implement a Waste Management Plan for the entire project cycle. Segregate non-hazardous waste into organic and non-organic fractions before final disposal. Engage a NEMA-registered waste transporter to collect and dispose of segregated waste to designated disposal sites. Manage the waste in line with the Environmental Management and Co-ordination (Waste Management) Regulations, 2006 and Sustainable Waste Management Act, 2022.
Liquid waste	<ul style="list-style-type: none"> Extend the connection of the proposed development to the existing conventional sewer system upon acquisition of a connection permit from Nairobi County Water and Sewerage Company. Construct an internal reticulation system which can consistently handle the loads even during peak volumes. Provide sufficient and suitable sanitary conveniences for the construction workers.
Storm water drainage	<ul style="list-style-type: none"> Construct drainage channels within the site covered with gratings to avoid the occurrence of accidents and the entry of dirt. Fit all drainage facilities with adequate functional oil-water separators and silt traps. Install rainwater-harvesting facilities to reduce the amount of storm water reaching the surface.
Increased water demand	<ul style="list-style-type: none"> Drill a borehole to supplement the existing Nairobi County Water and Sewerage Company water supply. Extend the connection of the main water supply to the proposed development upon acquisition of a connection permit from Nairobi County Water and Sewerage Company. Harvest rainwater to supplement the existing Nairobi County Water and Sewerage Company water supply. Monitor the water consumption within the site every month.
Increased energy demand	<ul style="list-style-type: none"> Install a 1000kVA sole transformer to supply energy to the proposed development subject to the acquisition of a connection permit from KPLC. Install a 100 KWp grid-tied Solar PV Plant as an alternative source of renewable energy for the proposed development subject to the acquisition of a connection permit from Energy and Petroleum Regulatory Authority (EPRA).

<i>Impact</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> • Install energy-efficient fixtures and fittings within the development. • Monitor the energy consumption within the site every month.
Traffic density	<ul style="list-style-type: none"> • Rehabilitate Mkoko Close to cabro state standards upon acquisition of permit from Nairobi City County. • Widen and construct a 3.5-meter-wide service lane of 50 meters long from the property boundary to enhance safe traffic maneuver away from the main road. • Full implementation of the Traffic Management Plan (TMP) prepared during the Traffic Impact Assessment (TIA). • Ferry building materials and construction waste during the off-peak hours. • Engage traffic marshals to control traffic in and out of the site.
Health and safety risks	<ul style="list-style-type: none"> • Register the site as a workplace with the Directorate of Occupational Safety and Health Services (DOSHS). • Provide adequate and appropriate Personal Protective Equipment(PPE) to the workers within the site. • Provide a first aid kit within the site fully equipped at all times and managed by qualified personnel. • Adapt a suitable Emergency Response Plan (ERP) to manage the occurrence of anticipated hazards during the construction phase. • Engage security personnel to guard the site at all times and monitor the movement of people in and out of the property and ensure no idling of workers around the property and its environs. • Comply with the Occupational Safety and Health Act, 2007 and rules there under.
Vegetation loss	<ul style="list-style-type: none"> • Conserve all the trees within the riparian reserve and setbacks. • Apply for a tree-cutting permit from the Nairobi County Director of Forestry before cutting down the trees and adhere to the conditions therein. • Undertake comprehensive landscaping by planting indigenous trees within the riparian reserve and designated open spaces.

The full report of the proposed project is available for inspection during working hours at:

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED DEVELOPMENT OF AGGREGATED INDUSTRIAL PARK AT CHIFIRI LOCATION, WAYU WARD, TANA RIVER SUB-COUNTY, TANA RIVER COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to section 59 of the Environmental Management and Co-ordination Act, 2019, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Tana River County Government proposes to establish a county aggregated industrial park (CAIP). The proposed CAIP will be a mixed use Special Economic Zone (SEZ) to be developed on a 60.75 hectares piece of land, providing suitable investment in production capacity in value chains from various sectors including indigenous chicken, apiculture, beef, mango and green gram processing. Construction of supporting infrastructure and utilities including roads, power substation, water supply borehole, waste water and sewerage treatment plant and storm water channeling system. The proposed project will be located at Chifiri Location, Wayu ward, Tana River Sub-County, Tana River County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Mitigation Measure</i>
Overexploitation of raw materials from the environment	<ul style="list-style-type: none"> • Obtain raw materials from sources that are compliant with environmental regulations. • Procure quantities that are sufficient for the intended works only. • Recycle as far as practical to stem wastage. • Commit to extensive use of recycled raw materials as will be appropriate and in a manner that does not compromise the safety of the development.
Destruction of biodiversity	<ul style="list-style-type: none"> • Rehabilitation of landscape disturbed areas. • Plant trees and suitable indigenous grasses as soon as construction is completed. • Control earthworks to prevent compacting the loose soils.
Occupational health and safety	<ul style="list-style-type: none"> • Provide adequate and appropriate Personal Protective Equipment (PPE). • Observe rest times and breaks as necessary. • Give employees the correct tools and equipment for the jobs assigned. • Hire the right number of workers to avoid over working them. • First aid services to be readily available on site. • Securely protect moving parts of machines and sharp surfaces with guards to avoid unnecessary contacts and injuries during operations. • Ensure adequate provision for artificial or natural lighting in all parts in the working areas. • Implement the provisions of the OSHA No. 15 of 2007.
Effluent discharge	<ul style="list-style-type: none"> • Procure at least 3 portable toilets for the workforce. • Provide adequate running water.

<i>Impact</i>	<i>Mitigation Measure</i>
	<ul style="list-style-type: none"> Comply with the provisions Environment Management and Co-ordination Act (Waste Management Regulations, 2006). Comply with the provisions of Environment Management and Co-ordination Act (Water Quality Regulations, 2006).
Air pollution	<ul style="list-style-type: none"> Secure the site using appropriate dust screens where applicable. Ensure strict enforcement of on-site speed limit regulations. Avoid excavation works in extremely dry weather periods. Ensure all construction equipment is serviced regularly to avoid excessive fumes. Promote use of low sulphur diesel and other environmentally friendly fuels. Provide dust masks to all employees and ensure their proper utilization. Sprinkle with water the access road to the site twice a day during dry spells.
Solid waste generation	<ul style="list-style-type: none"> Use of an integrated solid waste management system. Waste shall be properly segregated and separated Make available suitable facilities for the collection, segregation and safe disposal of the wastes. Comply with the provisions of Environment Management and Co-ordination Act (Waste Management Regulations, 2006).
Noise pollution	<ul style="list-style-type: none"> Restrict construction activities to day time only. Ensure that noisy construction equipment is fitted with silencers where possible. Provide workers with PPE for noise impact reduction. Locate machinery that is likely to produce noise as far as practical from neighbouring properties. Service machinery and equipment regularly to ensure that they are in good condition to minimize excessive noise. Comply with the Environment Management and Co-ordination Act Noise and Excessive Vibration (Pollution Control) Regulations, 2009. Sensitize truck drivers to avoid unnecessary hooting and running of vehicle engines.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be Clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE HUMAN RESOURCE POLICIES AND PROCEDURES MANUAL FOR THE PUBLIC SERVICE —

Kenya Gazette

A.30 (1) All communication for publication in the *Kenya Gazette* should reach the Government Printer not later than Friday of the week before publication is desired.

(2) A State Department will be required to meet the cost of advertising in the *Kenya Gazette*.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
