## Reuter's Telegrams.

AUGUST 15TH.—The Duke and Duchess of York have arrived at Pietermaritzburg.

Owing to Great Britain's objecting to the composition of the proposed International Commission to fix the specific Customs duties, the Ministers at Peking have agreed to omit the clause in the Protocol; consequently the Protocol is practically ready for signature.

AUGUST 16TH.—The "Daily Mail" understands that Lord Kitchener returns about the middle of September, Lyttleton replacing him. In addition to this it is stated that after the 15th of September, the war will be technically at an end. The "Daily Express," makes similar statements.

Replying to Sir William Harcourt in the House of Commons, Mr. Chamberlain declared that the report that Lord Kitchener is to return in the middle of September is absolutely without foundation.

It is announced that the American policy in the Philippines to be followed, if the war degenerates into a war of banditti, will be a proclamation either to bring the war to a conclusion or they will rid the Colony of irreconcilables who, if allowed to remain, will prove continuous source of danger.

Colonel Gorringe engaged Kritzinger near Steynsburg. The Boers were badly managed and Commandants Cachet and Erasmus were mortally wounded.

The Americans have captured the influential Filipino leader Cabrera and seven others. This is the most important capture since that of Aguinaldo.

AUGUST 17TH.—The "Ophir" has sailed for Simonstown.

The Foreign Ministers at Peking have signed the preliminary draft of the Protocol and expect to sign the final form with the Chinese next Tuesday.

The American Policy referred to by Mr. Chamberlain consisted of the fixing of a date where after the killing of soldiers would be regarded as a murder.

Mr. Chamberlain has denied that any kind of peace negotiations are now proceeding.

The House of Commons rose at 5 a.m. yesterday after clearing the final stages of various Bills. In consequence the Commons will be prorogated on Saturday.

Referring to Colonel Gorringe's engagement near Steynsburg Erasmus was captured not wounded.

A company of French's scouts were ambushed near Newbethesda on the 10th. Two were killed and 5 wounded, Bettelheim dangerously.

Lord George Hamilton speaking on the Indian Budget stated that it was doubtful whether any Indian Secretary, since India came under the Jurisdiction of the Crown, had been in a position to make such a satisfactory statement, the surplus of Revenue over Expenditure was large and showed continuous progress.

AUGUST 19TH.—The Protocol contains alterations chiefly relating to the omission of an Edict, decreeing the punishments of provincial officials, and the clause providing for the destruction of the Ports.

The Indian Budget has been adopted.

The Prorogation speech states that the cordial relations with Foreign Powers are undiminished, and expresses satisfaction with the general agreement of the Powers wherein China has concurred in determining the indemnity, security for its payment, and the punishment of the most guilty of the offenders insisted upon. Satisfaction is also expressed at the progress of the forces in the conquest of the two Republics who invaded the South African Colonies, which is steady and continuous, but owing to the difficult and extensive nature of the country the length of the military operations has been greatly protracted. The signal success of the Duke and Duchess of Cornwall and York to the Colonies has caused great gratification.

Gorringe has driven Kritzinger across the Orange River.

The "Ophir" has arrived at Simonstown and the Duke and Duchess of York land officially to-morrow.

M. Constans had a protracted interview with the Sultan of Turkey on Thursday, then with the Foreign Justice, and Finance Ministers until past midnight, with the result that the Porte has been granted six months for the purchase of the Quays at a reduction of four million francs. Failing to purchase the Quays the Company resumes full rights.

Only a hundred men are now with Kritzinger, many of whom are afoot. A number of stragglers have been taken.

AUGUST 20TH.—The Dutch are largely participating in the preparations at Capetown for the reception of the Duke and Duchess of York.

The Tzar has accepted an invitation from President Loubet to attend at the close of the grand manœuvres at Rheims. Before landing at Dunkirk he accompanies President Loubet to a review of the northern Squadron.

The Duke and Duchess of Cornwall and York had a splendid reception at Capetown and received many addresses, including one from the Indian Community.

Lord Kitchener reports that 150 Constabulary with some of Morley's scouts while reconnoitring in the direction of Bronkhorstspuit surprised a Boer Laager killing 23. Owing to the enemy numbering between six and eight hundred it was impossible to follow up the attack. During the retirement one was killed, six wounded including Captain Morley, and fourteen are missing.

The Canadian Pacific Navigation Coy's Steamer "Islander" from Yukon struck an iceberg on Thursday night and sank in twenty minutes, 65 were drowned including the wife, daughter and niece of Governor Ross. 111 were saved.

AUGUST 21ST.—Good general rains continue to fall throughout India.

The French Press regard the visit of the Tzar as a fresh pledge of friendship. The Tsaritsa accompanies His Imperial Majesty.

The "Times" correspondent at Peking states that Satow has notified the Chinese Government that unless the sentences on the authors of the Chuchau massacres are carried out forthwith, Great Britain will reconsider the arrangements now made for the withdrawal of British troops.

Lord Kitchener reports that during the past week 64 Boers have been killed, 20 wounded, 248 taken prisoners and 95 have surrendered.

Benson surprised a Boer Laager at Doornpoort on the 16th, capturing 30 prisoners including Schalkburgen's father-in-law. Colonel Garratt surprised a Laager at Honingspruit on the 18th, capturing 25 prisoners. Charles Knox's columns are dealing with the 250 Transvaal Boers who penetrated the Thabanchu line, and joined the 250 men of Kritzinger's Commando near Wepener.

The Tzar meets the Kaiser at Dantzig while "en route" for Dunkirk. At this latter place he reviews the French Squadron about the 17th of September. The Tsaritsa joins His Imperial Majesty in time for the review at Rheims.

The French Press rejoice at the proposed visit of the Tzar, in which they see a fresh guarantee for peace, and a renewed affirmation of the Dual Alliance.

AUGUST 22ND.—Colonel Marchand well known in connection with Fashoda has been appointed to command the French troops in China.

The "Times" correspondent in Constantinople states, that Constans has intimated that unless the Sultan's promises in connection with the Quays Question are immediately fulfilled he will break relations between the two Powers.

Continental opinion with regard to the Tzar's visit to France is, that same is intended as a rebuff to the French reactionaries.

The French Ambassador in Constantinople has broken off relations with the Porte owing to the fact that the Sultan has failed to keep his promise made at last Thursday's audience relative to the Purchase of the Quays and the settlement of the French monetary claims.

It is reported from Paris that M. Constans leaves Constantinople in the next 48 to 72 hours; also the Turkish Ambassador in Paris will receive his passports at once. It is thought that France may retaliate on Turkey by allowing the Young Turkish Party full liberty and by seizing the Custom Station until their debt is liquidated. A naval demonstration is also possible.

AUGUST 23RD.—The French papers express surprise at the rupture between France and Turkey and are still hopeful that an amicable settlement will be arrived at.

The "Matin" states that the Cruiser Cossard started for Turkey on Wednesday and that the Naval Division is ready to follow.

The Duke of Cornwall laid the foundation stone of the New Cathedral at Capetown. In replying to a farewell telegram from Lord Kitchener on behalf of the army, the Duke of Cornwall says that his visit has been a most pleasant one and that the loyalty and goodwill displayed was most gratifying.

AUGUST 24TH.—One thousand regular Venezuelan troops have sailed aboard warships to invade Columbia and support the Revolutionists.

A Cape Colonist Upton was captured endeavouring to pass the lines, and has been shot at Pretoria as a spy. Three others have been detained as Prisoners of War.

Three rebels were shot at Graaffreinet and 10 have been sentenced to penal servitude for life in the Bermudas.

The "Ophir" has sailed for Canada. Kitchener and Williams on their march to Klerksdorp captured on the 19th after a long chase and sharp fighting a convoy of 86 waggons, 9,000 rounds ammunition and much stock. Eighteen prisoners were also made. The Column covered 60 miles in 27 hours.

AUGUST 26TH.—The Tzar has written to the Kaiser accepting the invitation to be present at the Naval Manœuvres at Dantzig on the 17th September.

The proposed visit of the Tzar to France has rendered M. Loubet extremely popular. He was enthusiastically received when visiting Paris on the 23rd.

The Sultan is yielding to the demands of M. Constans, and has issued an Iradi confirming the Concessional rights of the Quays Company. A settlement of the other claims is considered imminent.

The casualty list shows that 4 Hussars were killed, and 15 wounded on the 20th at Uniondale 30 miles from the South Coast.

Numerous Monks are leaving France owing to the Associations Law, and settling in England, especially in the Isle of Wight.

M. Constans on the 22nd instant threatened to leave Constantinople on the 26th unless the claims were settled. Tewfik informed Constans on the evening of the 22nd that the Porte had abandoned the project of purchasing the Quays.

Lord Kitchener telegraphs that Delarey has issued a Counter Proclamation warning all Boers against Kitchener's last Proclamation and stating that it is the intension of the Boer Leaders to continue the struggle.

In the engagement at Uniondale Commandant Vander-merwe, and Fieldcornet Duplessis are reported to be among the wounded.

The Boers are reported to be active in the Dourecht district, Copies of Kitchener's Proclamation have been transmitted to Commandants Potgieter and Liebenberg.

Count von Buelow and probably Count Lamsdorff will be present at the meeting of the Kaiser and the Tzar at Dantzig.

AUGUST 27TH.—The French Sugar Bounties have caused a deficit of Fourteen Million Francs. The Finance Minister has ordered them to be reduced by 55 Centum.

Li-Hung-Chang has intimated to the Foreign Ministers in Peking that the Edicts required by the Protocol, have been despatched from Singanfu.

The flooding of Yangtze has caused fearful mortality and immense loss of property and Crops.

AUGUST 28TH.—Four regulars were killed and 8 wounded near Faursmith on the 21st.

Kitchener reports that a superior force of Boers surrounded and captured on the 22nd instant, 3 officers, and 65 men North of Ladybrand. Our loss was 1 killed, and 4 wounded. The prisoners have subsequently been released Kitchener is holding an inquiry in the matter.

Kitchener has received letters from both Steyn and DeWet, containing argumentative statements with regard to the Boer case and stating that they intended continuing the war Botha has also written to Kitchener protesting against the recent Proclamation and declaring that he intends to fight on. Notwithstanding this the number of surrenders lately have increased considerably.

During the last week 32 Boers were killed, 24 wounded, 139 taken prisoners, besides 185 surrenders, chiefly from the Magaliesberg district. Kruger's nephew is among the surrenders.

M. Constant has left Constantinople for a holiday. The charge will arrange the details in connection with the settlement of the Quays Question.

The Roman Catholics in Quebec has petitioned Mr. Chamberlain to secure an amendment to the Coronation Oath.

Mr. Kruger interviewed by a correspondent of the "Daily Telegraph" indignantly denied that the Boers were carrying on the war in an irregular manner. He said that Lord Kitchener's Proclamation would only have the effect of intensifying the Boer resistance. That the only basis of peace was the independence of the Republics, and a free pardon to the Colonial Africans.

It is now officially announced that M. Constant's departure from Constantinople implies a rupture between the two nations, France being not satisfied with the Trade on the Quays Question alone, but insists on a settlement of all other claims in connection with French subjects.

AUGUST 29TH.—Lord Kitchener reports that a number of Yeomanry engaged in escorting a convoy from Kimberley to Griquatown were attacked on the 24th instant. Nine were killed, and 23 wounded. The attack was repulsed and the convoy brought in safely.

Lord Milner arrived in Cape Town.

France has requested the Ottoman Ambassador who is at present away from Paris on leave, to return to his post.

AUGUST 30TH.—Lord Kitchener telegraphs that he has forwarded to Botha and Steyn sworn evidence, to the effect that 3 Australians were shot down at Graspan near Reitz on the 6th of June after having surrendered.

Mr. Brodrick replying, expresses his opinion that in view of these occurrences and absence of satisfactory assurances, regarding the murder of our wounded at Vlakkfontein Lord Kitchener should issue a Proclamation; that all Boers captured and convicted of being present at such outrages should be held guilty; that the Leader of the Commando should be sentenced to death, and others punished either by death or imprisonment according to the degree of complicity.

## NOTES.

Sir Charles Eliot returned to Mombasa on the 24th ultimo from his tour through the outlying districts of the Ukamba Province, which were all visited with the exception of Taveta, Fort Hall in the Kikuyu country is delightfully situated amidst the most picturesque surroundings, and will doubtless prove one of the pleasantest of the Protectorate stations. Part of the journey to Kitui lay along the banks of the Tana, locally known as the Sagana or Kirolume, and numerous rivers had to be crossed "*en route*" they are however quite low at this time of year, but the distance between the banks shows plainly to what dimensions they can swell in wet weather. For a large part of the way the grass had been lately burnt by the natives, so that the country presented rather a brown appearance, except in the Kikuyu district which with its bean-shambas and clumps of bananas seems to be perennially green.

—:o:—

Mr. Bomanji Maneckji, Minister of Works, to H. H. the Sultan of Zanzibar's Government, arrived on the 25th inst. per s.s. "Barawa" from Zanzibar, in order to supervise the reshipping of the parts of the new Pemba lighthouse which was ordered from Europe, and detained at Mombasa to await a favourable season for erection on the North end of Pemba.

—:o:—

Captain Cook, and Lieut. Muscroft left Mombasa by the s.s. "Safari" for Bombay on the 28th ultimo. The latter officer was unfortunately mauled by a lioness near Donyo Sabuk on the 10th of July, and in consequence lost the forefinger of his right hand, but is in other respects now quite convalescent. The lioness, which had been severely wounded, was afterwards found dead close to the spot where she had attacked Lieut. Muscroft.

—:o:—

The Billiard Handicap which has during the last month caused great excitement and general entertainment, resulted in a victory for Mr. D. Croall who successively defeated Mr. Wyndham and Mr. T. A. White.
