Deputy Commissioner.

**Reuter's Telegrams.**

JANUARY 15TH.—Mr. Chamberlain and the leaders of the Mining Community have agreed to the contribution of £30,000,000; furthermore the Mining Industry will give a guarantee, for an Imperial Loan of £30,000,000, for Reproductive Works in the Transvaal and Orange River Colony.

General Baden Powell, has been appointed Inspector-General of Cavalry, and is returning to England in June.

Mr. Chamberlain yesterday visited the mines and conferred with the Mining Representatives.

Reuter's Agent in Johannesburg telegraphs, that Mr. Chamberlain, speaking in the Chamber of Mines on the Labour Question, dwelt, on the difficulties and disadvantages of importing Labour from North of the Zambezi, or India or China, and instanced the danger of introducing Sleeping Sickness from Uganda. While accepting Chinese labour as a possible alternative, he raised the question, whether a sufficient supply was available.

JANUARY 16TH.—The Mining Magnate Albu states that the War contribution loan will be 4 per cent underwritten by the Rand Companies payable in three annual instalments beginning in 1904 and that the Imperial Works loan will be 3 per cent. raised as needed.

The Burgher Contingent for Somaliland has now assembled at Durban.

The Indian Contingent has arrived at Obbia.

Jaures a Socialist has been elected Vice-President of the Chamber. This election is regarded as significant of the strong position the Socialists are attaining in France.

**JANUARY 17TH.**—Government House at Aldershot and General French's Official residence have been totally destroyed by fire.

Major Scott Harden and 60 Boers have sailed from Durban for Somaliland.

The American Liner St. Louis from Southampton is 4 days over due.

Reuter's Agent at New York telegraphs that all steamers recently arrived report stormy passages.

France has decided to send a Naval force on the occasion of the opening of the Jibuti Harar Railway, at which the Emperor Menelik is expected to attend. Arrangements will be made to give him a great reception.

The Crown Prince of Germany is at St. Petersburg visiting the Tsar.

**JANUARY 19TH.**—Mr. Chamberlain yesterday visited the Johannesburg stock exchange and met with a tremendous reception. In a speech from the Rostrum he said that he was a child in financial matters but when he heard that the report of his assassination had depressed the Berlin and Paris markets, he thought that those were the last places where such news would cause a depression.

The American Liner St. Louis passed Mantucket dead slow on the evening of the 16th amidst a heavy gale.

An expedition against the rebels left Fez on the 11th inst. under two of the Sultan's uncles.

Germany has ratified the sugar convention.

Russia in a note to Britain replying to the letters and note of 30th November on the subject of the sugar convention repudiates the idea of another state interfering with Russian legislation and declares that the penalising of Russian products in the event of Russia rejecting the British proposal would be a violation of the commercial treaties.

The St. Louis arrived in New York safely on the morning of the 17th; storms had caused the delay.

At a public banquet at Johannesburg, Mr. Chamberlain said that, we must consider the interests of the Dutch as well as the British. The interests of the rural and urban populations at the bottom are identical and it is intended submitting to the Imperial Parliament a bill guaranteeing a loan of £35,000,000 on security of the assets of the Transvaal and Orange River Colonies. The loan will be used paying the debts of the Transvaal and for public works in both Colonies. As soon as the loan is issued another loan of £30,000,000 to which the Orange River Colony will not be required to contribute payable in annual instalments of ten million and to be considered a war debt will be issued on the security of the Transvaal.

Reuter's Agent at Washington states that the naval committee of the House recommend the construction of three new Battleships and one Cruiser.

There is a strong feeling in Johannesburg in favour of expending the war contribution in warships.

Mr. Chamberlain said that the Kaffirs must be compelled to work and white labour made more efficient when these means were exhausted, it would be then reasonable to take more drastic measures. South Africa should not at the present time waste its energies in seeking for labour in undiscovered sources. Mr. Chamberlain also said that Lord Milner had agreed to call immediately an intercolonial conference to consider the native among other questions, and also suggested to appoint a royal commission to enquire into the whole matter.

**JANUARY 20TH.**—Reuter's Agent at Caracas states that the German Cruiser "Panther" attempted on Saturday to force an entrance to the Gulf of Maracaibo and fired on the fortress at San Carlos. The latter replied compelling the "Panther" to retire after an hours fight. The Commander of Fortress reports that the Fortress has not been damaged.

Some of the bakers in Caracas have closed their shops, their supplies of flour being exhausted.

A Spanish Infantry battalion and a Mountain Battery have embarked at Algeiras for Ceuta.

The Commander of the Fortress at San Carlos reports that he was attacked without provocation or notice and three of the garrison are wounded. Two explosions were heard on board the "Panther" and it is reported that two sailors were killed.

There is intense indignation in America owing to the fact that the St. Louis was allowed to go to sea in winter with leaky boilers.

**OBITUARY.**—M. Blonzie the "Times" correspondent at Paris.

**JANUARY 21ST.**—The Venezuelans say that the "Panther" tried to enter Lake Maracaibo and capture the Warship "Miranda." It is feared that this incident will imperil the negotiations now proceeding between the Power and Venezuela.

Col. Cobbe has received the Victoria Cross for gallantry at Erego on the 6th October.

There are 34 cases of Plague including one European at Durban, seventeen of which have been turned out fatal.

Mr. Bowen has arrived at Washington to open negotiations on behalf of Venezuela. The Venezuelan Government have offered the Customs as a guarantee for due settlement of claims.

It is reported from Obbia that Col. Cobbe with 500 troops has started on a fortnight reconnoissance towards Galkayu the Mullah's head quarters. The distance from Obbia to Galkayu is 76 miles. The Column will advance in square formation, never piling arms and natives will not be allowed to approach.

**JANUARY 22ND.**—The following is the result of the election for the West Derby division of Liverpool:—  
Butherford Conservative 5,455 votes.

Holt Liberal 3,251 votes.

The Hungarian Parliament has ratified the Sugar Convention.

The "Times" yesterday published the first of a series of articles on the military position of the Empire.

They declare that the Reserve is below 30,000, and that the Military Budget has risen to thirty millions yet the Military position is now infinitely worse than it has ever been since the War.

M. Delcassé is in communication with Siam with a view to extend the period for the ratification of the Franco Siamese Treaty beyond the 7th of February to enable the Committee of the Chamber to further consider the matter.

The first trial at the Bar for 60 years commenced yesterday before the Lord Chief Justice and Judges Wills and Channell. Mr. Lynch, M. P., is arraigned for high treason in connection with participation in the Transvaal War. The prisoner pleads not guilty.

JANUARY 23rd.—At a Conference of the Mining Representatives of Johannesburg, Mr. Chamberlain omitted to use his influence with the Foreign Office to open Uganda and all the rest of British Africa except Nairobi to recruiting labour.

The German Warship "Gazelle" "Panther" and "Veneta" on Saturday last shelled the fortress of San Carlos. This was mentioned in Reuter's of the 19th inst. The Fortress replied to the ships and theillage of San Carlos was burned by shells.

The fact that the reason for the bombardment of San Carlos has not been explained causes considerable astonishment in London and in Washington. It is stated in Berlin that the bombardment must certainly have been decided on after consultation between the Naval Commanders and that therefore these officers are equally responsible.

JANUARY 24th.—It is stated in Washington that the Panama Canal Treaty has been signed.

The bombardment of San Carlos was continued all through Wednesday and was resumed again on Thursday. The Fort has suffered terribly but is still resisting.

The Chamberlains are at Potchefstroom.

Lynch has been found guilty of high treason and sentenced to death.

The signing of the treaty between United States and Colombia finally settles the selection of the Canal route in favour of Panama against Nicaragua.

The German official despatch from San Carlos states that the Fort was totally destroyed on Thursday. Other accounts state Wednesday evening. Twelve of the garrison were killed, 15 wounded and 25 villagers were killed or wounded.

JANUARY 26th.—The Panama Canal Treaty provides for a payment of ten million dollars gold by the United States to Colombia together with 250,000 Dollars per annum on a lease for a hundred years renewable at the pleasure of United States. America is accorded a zone of six miles wide and controls the waters of the rivers Colon and Panama receives the Canal dues and is entitled to move troops to protect her property.

Apparently the explanation given in Reuter's of the 21st inst. is correct with regard to San Carlos: Germany's action is intensifying anti-German feeling in America, even the Officials in the State Department describe the bombardment as futile and revengeful.

The French Senate have approved the Sugar Convention.

Though it is generally recognised that the sentence on Lynch will be commuted, the papers demand that he should receive an exemplary punishment in order to demonstrate the gravity of the crime of treason.

The bombardment of San Carlos has been suspended. The "Veneta" and "Gazelle" have gone to Curacao the "Panther" however remaining. The Fortress still flies the Venezuelan Flag.

Mr. Hay and the Hon. M. H. Herbert has signed a treaty at Washington providing for the appointment of a Commission consisting of three Jurists on each side to settle the Alaskan Boundary.

Mr. Chamberlain and party are trekking from Potchefstroom to Mafeking and have been received cordially by the Dutch at places on route. Gen. Delarey welcomed Mr. Chamberlain at Ventersdorp.

President Castros guarantees are considered reasonable in America. They include the offer to transfer the entire Customs system to the Co-operating Powers for collection of the indemnities and they authorise the Powers to place an official at each Custom House to supervise matters.

JANUARY 27th.—Mr. Bowen has announced that there is good reason to believe that the Venezuelan dispute will soon be satisfactorily settled.

General Delarey addressed a crowd at Ventersdorp in Dutch and said that Mr. Chamberlain was the man to set matters right and urged the Boers to be loyal to the new Government.

Owing to the spread of Plague in Durban native servants and labourers are leaving the town in thousands.

JANUARY 28th.—There is a report that when the French Army Estimates are presented it will be found that the authorities recommend the transformation of the Cavalry into Mounted Infantry with a bicycle corps.

It is officially announced that the blockade of the Venezuelan Ports will be raised to-day. It is understood that the Allies accept the guarantee offered by Venezuela.

A fire broke out in Colneyhatch Asylum in the Jewish women's wing and 50 were burned to death.

Renter learns that the powers have accepted 30 per cent. of the Customs duties at La Guayra and Puerto Cabello as a guarantee, and owing to the anxiety in England and America regarding the prolongation of the blockade and the settlement of details hastening meanwhile the blockade will be gradually relaxed. No further disquieting incident is expected.

The term for the ratification of the Franco Siamese Treaty has been extended to the 30th of March.

The sentence on Lynch has been commuted to penalservitude for life.

Fifty-two of the inmates were burned in the Colneyhatch fire which began at 5-30 A.M. in a temporary three storied wood and iron building where 600 females were asleep, half a gale was blowing at the time and spread the flames with terrible rapidity and fury. A most distressing spectacle was witnessed, the lunatics in their night gowns rushing terror stricken about the grounds.

JANUARY 29th.—Owing to lent and the difficulties of travelling during the rainy season Emperor Menelik has postponed his visit to Jibuti until the autumn.

Renter's Agent advises that Col. Cobbe's reconnaissance was at Enmarah on the 21st instant, that a camp, zareba and defences had been established there and were held by a portion of the 1st, 3rd and 5th King's African Rifles together with fifty men of the 2nd Sikhs and maxims.

The Chamberlains are now at Mafeking.

An Express train running at 60 miles an hour dashed into rear of a local train near Graceland New Jersey. The debris ignited, 24 passengers were killed 16 of which were burned alive and 52 injured.

JANUARY 30TH.—Mr. Ritchie speaking at the Christal Palace stated that he was obliged to dispel illusions current regarding a large reduction of taxation in the forthcoming Budget. When the accounts for compensation in South Africa were finally wound up it would be found that our liabilities were considerably larger than it had been estimated, nevertheless he believed that he would be able to reduce taxation to a certain extent.

The Banque Paris et Pays Bas has arranged a loan for account of the Sultan of Morocco of fr. 7,500,000 at 6 per cent guaranteed on Customs Revenue as the Sultan's word is practically only a pledge.

It is believed that the loan is an important diplomatic corps and is intended to strengthen French influence.

The blockading Powers have declined to entertain the proposal of Mr. Bowen. All the claimants against Venezuela will be on equality with them.
