Reuter's Telegrams.

APRIL 12TH.—Brussels wears an ordinary aspect by day, but each evening has the appearance of a town in a state of siege. Shops are closed and troops stationed at all important points; notwithstanding however all these precautions numerous affrays occur nightly; many individuals are injured and shots are frequently exchanged.

APRIL 13TH.—It is understood that the Boer Conference at Klerksdorp continues but upto the present no proposals have been submitted to the British Authorities. Should some be made it is probable that to commence the Boers will ask impossible terms; after that the real Negotiations will commence.

Schalkburger, Botha, Meyer, Delarey, Steyn and De Wet arrived at Pretoria yesterday. They travelled in special trains from Klerksdorp.

Last night the riots at Brussels were continued with increased violence, there was fighting in the streets attempts were made to throw up barricades, the gas was extinguished and rioters were fired on from house tops; 5 were killed. It is estimated that at least 100 police and rioters have been wounded, two hospitals are filled extra beds are being provided.

APRIL 14TH.—An informal meeting of the Cabinet was held last night at Mr. Chamberlain's house. In consequence it is rumoured of the receipt of an important communication from Lord Kitchener.

The Boer Delegates to reach Pretoria travelled all night and only stopped at Potchefstroom where dinner was served.

The Delegates are accommodated in separate houses in Pretoria.

The Trades Unions in Brussels have unanimously decided on a general strike tomorrow. Further demonstrations are being made today in the streets but up to the present without bloodshed. The riot in Brussels last night was less serious; one man was killed with a bayonet thrust; 20 were injured.

It is officially announced that Kekewich was hotly attacked on the 11th instant near Rooiwal. The Boers repulsed leaving 14 killed on the field including Commandant Potgieter; 51 wounded and unwounded Boers were also made. Kekewich pursued the retreating Boers and captured 3 guns. Our losses were 6 killed 63 wounded, mostly slightly. Colenbrander is pressing hard Beyers Commando whose losses upto the present 106.

APRIL 15TH.—Sir Michael Hicks-Beach in the Budget imposes a duty of five pence per cwt on flour and meal. New taxation will produce £5,160,000. He proposes to borrow 32 millions and to obtain the remainder by regular drafts. The total expenditure for 1903 is estimated at £174,609,000 including the war charges which less by £14,780,000 than in 1902. There is a deficit of 4½ millions.

Parliament will be asked for a grant in aid of the sugar growing colonies pending the abolition of bounties.

Although Sir Michael Hicks-Beach did not state the amount that would be required for the sugar growing colonies, it is expected that the sum will be £500,000.

The Papers are as a whole decidedly favourable to the Budget proposals.

APRIL 16TH.—The Breech of a big gun on H. M. S. "Maas" at Queenstown blew out during practice; two lieutenants and 9 men were killed and 7 injured.

The Russian Minister of the Interior was shot dead in the vestibule of the offices of the Council of Empire at Petersburg. The assassin was a student, who had disguised himself as an officer; he was arrested.

The Loan Resolution has been adopted by 229 votes to 103. Sir Michael Hicks-Beach announced that the Loan would be an issue of Consols bearing interest at 2½%. He also mentioned that the sugar grant which was voted for the West Indies only would not exceed £250,000. Lord Kitchener reports that Bruce Hamilton while going from Middelburg to Standerton killed and wounded 145 Boers.

APRIL 17TH.—Lord Salisbury had an audience with the King yesterday.

A Cabinet Council was unexpectedly held yesterday after which tenders for a loan of 32 millions were asked at 93½. The prospectus announces that 16 millions have already been placed and it is expected that the loan be covered ten times over.

APRIL 18TH.—A proclamation has been issued by the Lord Lieutenant enforcing Sections 3 and 4 of the Public Order Act in certain districts and Section 2 in other districts, thus providing for summary jurisdiction, special sessions and change of Venue in nine Irish Counties where the League is most active.

The Loan has been covered between 30 to 40 times over, and is now at a premium of one per cent.

The assassination of the Russian Minister of the Interior is regarded as a symptom of the grave internal situation in Russia where there is widespread discontent.

APRIL 19TH.—Mr. Redmond's motion to adjourn the House owing to the Government proclamation regarding the Public Order Act was rejected by 253 votes to 148. Mr. Wyndham justified the action declaring that it was the duty of the Executive to grapple with the evil of boycotting which embittered the lives of peasant, tradesman, labourer and filled people with brooding apprehension thus impeding their social regeneration. Mr. Balfour

announced in the House of Commons that Lords Milner and Kitchener had had two conferences with the Boer Delegates. Lord Kitchener while refusing an armistice had agreed to give facilities for election and meeting of representatives of the various Commandoes to enable them to consider the position. The Delegates left Pretoria for the above purpose and resumption of communication is not expected for three weeks.

APRIL 21ST.—The Belgian Chamber after quiet debate has rejected the motion to consider a "Constitutional Revision Bill" including universal suffrage, which was put forward by the Radicals and Socialists. Despite the Socialists' threats of a revolution it is generally believed that the Country will acquiesce to the present lines of Government and that once the strikers' appeal has been disposed of, work generally will be resumed. Queen Wilhelmina is ill with typhoid fever and it may be necessary to summon the States General and appoint a Regency. Gen Hamilton made a fresh drive to the West of Klerksdorp on the 15th and captured 64 Boers.

The Civic Guard at Louvain have fired on the mob who were pelting the police with bolts and rivets; 5 were killed and 12 wounded.

A Reactionary named Plehwe Russificator from Finland has been appointed Minister for the Interior, thus indicating that severe measures are to be taken with a view to the repression of the Agitators. There are vague rumours among the populace in Peking that trouble is imminent between the Imperial and Foreign troops. As precaution the Commanders of the Legation Guards met to preconcert plans but it is not expected anything will really happen.

Absolute silence is maintained officially concerning the terms discussed in Pretoria. Numerous circumstantial and contradictory rumours have been circulated in London; it is impossible to ascertain the truth but it is believed the Transvaalers complain of the Free Staters who are more obstinate.

APRIL 22ND.—The firmness shown by the Belgian Government has produced an excellent effect. The country is tranquil and the executive of the Trades Unions have ordered a cessation of the strike.

Small but desperate encounters between Turkish Troops and bands of Bulgarians are frequent on the frontier; twenty is about the average strength of the various bands; the encounters are becoming more frequent and both sides lose many in killed and wounded.

The Correspondent of the "Standard" at Pretoria has reason to believe that a tentative agreement has been arrived at, affording a basis for peace.

The Burghers have been summoned to meet at various rendezvous on dates agreed upon by the British Authorities and for which dates an armistice has been promised.

Lord Roberts has requested opinions from Commanding Officer as to how harrack life can be made less irksome and more in accordance with the improvement in the education of the classes which now furnish recruits.

Lord Kitchener reports that during the last week 18 Boers have been killed, 344 made prisoners and 100 surrendered. Colenbrander is continuing his operations. Queen Wilhelmina remains in about the same condition and there is a general feeling of anxiety with regard to her case. It is reported from Aden that the Mad Mullah following is increasing. The Eastern tribes are joining him in order to save their cattle from being looted.

APRIL 23RD.—A company has been formed in Brussels to construct a Railway in the Upper Congo, which will eventually meet the lines from Cairo in the North and from Mashonaland in the South, thus realising Mr Rhodes' dream. The House of Commons have agreed the Income-tax Resolution. In the course of the discussion Sir Michel Hicks-Beach stated that nothing could be more premature than the Press rumours regarding peace. Queen Wilhelmina's condition has taken a favourable turn.

Lord George Hamilton was asked in the House of Commons whether it was intended to assist Indian and Mauritius Sugars against Continental "Cartels," should existing duties be insufficient; he replied that the Government of India would be in a position to increase the present duties. An enormous fire has occurred at the Barbican in London; 19 buildings, mostly warehouses filled with strawgoods and other inflammable articles have been gutted; 24 other buildings have been partly destroyed; the total damage is estimated at about two millions.

APRIL 24TH.—The House of Commons have passed the proposals dealing with duty on flour. Lord Milner has left the Transvaal for Cape Town.

Casualty lists show that 2 officers and 3 men were killed and 3 officers and 19 men were wounded near Ficksburg in the Orange River Colony on the 20th instant.

A patrol surprised a Laager at Kroodruis in the Orange River Colony, killing 5 and capturing 20 Boers.

Serious labour riots are going on in Moscow and its vicinity. The police were overpowered and desperate encounters have occurred between the mob and the troops. Many were killed and wounded on both sides. Less serious labour riots are occurring in Kieff and other centres. The strikers everywhere demand higher pay, shorter hours and the same rights as workmen enjoy in other countries.

APRIL 25TH.—The Australian Commonwealth have decided to join the Imperial Penny Postage. General Hutton in his report to the Australian Government recommends increasing their Field Force from 14,101 to 28,748, for although it is impossible for any expedition from an enemy's base to reach its destination until the British Navy has been defeated, it is most important to guard against the possibility of raids.

Reitz after consulting with the Boers in the Eastern Transvaal has returned to Balmoral; from there he has proceeded to Pietermaritzburg in order to see Beyers. The destroyers "Zephyr" and "Fervent" have been badly damaged during a gale in Channel; the crews are to be paid off and the ships themselves will be replaced by others for the Coronation Review.

APRIL 26TH.—The Natal Premier stated to the assembly that the Imperial Government had asked the Natal Government for an expression of their views regarding recent peace negotiations.

The Admiralty have placed orders for 2 battleships, 5 first class cruisers and 8 destroyers.

During the debate in the House of Commons on the procedure rules Mr. Balfour stated that from the conduct of public business it was evident that an Autumn Session would be necessary.

APRIL 28TH.—The following promotions have been gazetted viz:—

to be Majors, Captain Phillips for services in Somaliland, Captains Petrie and Gorges for services in Uganda and Captain Godfrey, Indian Staff Corps, for services in Asbantee; to be Colonel, Sparkes promoted for services at Bahralzal; and to be Lieutenant Colonels, Elvatt for services in Uganda, and Swayne for services in Somaliland. Mr. Brodrick speaking at the Borderers Dinner said we are perhaps in sight of Peace, but in the interval we are sending men and materials to carry on the war for a year or two if necessary.

There is absolutely no friction between the War Office and the Commanders at the front and on the conclusion of the war the nation will be far stronger than when we entered it.

The Admiralty has decided to replace the Cylindrical Boilers in the nine Devonport Torpedo Boats with Formand Water tube boilers.

Plehwe has gone to the scene of the disorders in Southern Russia.

There have been many Incendiary fires in the Provinces.

In Moscow the Iver Factories have been placarded with incitements to the workmen to rise against the foreign devils, namely the managers and foremen who are largely English.

The Agitators are adopting the Boxer phraseology.

The Famishing and Plundering peasants in the provinces of Pultava and Carkoff are estimated to number 16,000.

Political Agitators are using the plea of distress to incite revolt against the Authorities. Strong reinforcements are being sent.

APRIL 29TH.—Mr. Shaw, the American Secretary of the Treasury speaking at a Banquet at Pittsburg declared that the United States will police not only the street in which he lives but the entire Western Hemisphere including all the Countries and Islands washed by the Pacific.

The American Wealth and energy plus the Hawaii and Philippine Islands the Isthmian Canal, and the largest merchant fleet, which the United States must have, will transfer the Sovereignty of the Pacific from the Union Jack, to the Stars and Stripes.

The General Election in France results as hitherto and there is little change. The Nationalists gained some seats in Paris while the Republicans were generally successful in the Provinces. M. Doumer, late Governor of Indo-China, has been elected.

The correspondent of the "Daily Telegraph" at Johannesburg wires that Delareys and other Commandoes held meetings on Tuesday last to discuss matters, and that Delarey came into Klerksdorp on Thursday with a few members of his staff.

APRIL 30TH.—Over the General Elections in France the parties are so confused that it is impossible to apportion the results precisely, but the Ministerialists claims hitherto 242 seats and the Opposition 151. The following Ministers have been elected:—M. M. Delcasse, Lanessan, Baudin, Decrais, and Caillaux.

(Later.) The results of the Elections hitherto appear to leave the balance in the parties practically unchanged. The Nationalists net gain is eight seats and the Socialists net loss three.

The Penny Postage now applies from any part of the Empire to, but not from, Australia.

The correspondent of the "Daily Telegraph" at Pretoria wires that Louis Botha and other leaders attended meetings of the Utrecht and Vryheid Commandoes and during the week a strong opinion was expressed in favour of peace.
