## GAZETTE NOTICE No. 827

**THE WATER ACT**  
(Cap. 372)

**WATER RIGHTS GRANTED BY THE WATER APPORTIONMENT BOARD  
FOR PULPING AND WASHING COFFEE PRIOR TO MAY, 1974**

THE Water Apportionment Board wishes to draw the attention of coffee factory owners to the provisions of section 98 (1) of the Water Act (Cap. 372), which empowers the Board to revise, vary or alter any existing Water Rights whenever a situation demands such action.

The organic pollution of rivers due to the discharge of effluents arising from the wet-processing of coffee is now so severe in certain parts of the country that the use of poor quality water for domestic supplies is becoming a potential public health hazard. In addition, the use of polluted water for coffee processing is affecting the quality of coffee being produced at certain factories and there have been cases of water being rendered unfit for irrigation, livestock watering and fish culture. There is no doubt that coffee factory effluents are causing considerable nuisance to the general public.

In view of the above the Board has resolved that owners of coffee factories who were issued with water permits prior to May, 1974, must resubmit a new application within six months of the late of this notice, if they wish to continue to discharge industrial effluents into a water course. They may, however, be subsequently liable to have their water allocation reduced from 20,000 gallons per ton of coffee processed (80 per cent returnable) to 5,000 gallons per ton of coffee processed (nil returnable). Such affected owners will receive written notice from the Secretary of the Water Apportionment Board and compliance with the new permits will normally be binding not earlier than 12 months after receiving notices.

Technical drawings of coffee factory design incorporating full recirculation are available for inspection at the offices of the Local Provincial Director of Agriculture, the Provincial Water Engineer or Officer, the Head of Crop Production Division (Ministry of Agriculture), the Director of the Coffee Research Station at Ruiru or at the office of the Director of Water Department.

In the case of owners who fail to resubmit a new application to the Secretary of the Water Apportionment Board within six months of the date of this notice, a new permit will only grant 5,000 gallons per ton of coffee and non-return of water used, will be automatically issued.

Dated this 9th day of March, 1976.

## GAZETTE NOTICE No. 845

THE TRADE MARKS ACT  
(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.
