MAY 2ND.—Though Kritzinger has reentered the Orange Colony several hundred Boers are still scattered in small parties throughout the midland districts of Cape Colony. The British are endeavouring to draw a cordon round the invaders. Slight encounters take place daily.

A report published in Blomfontein shows that the Mission of peace envoys from the Cape Dutch has proved a complete failure.

Lord Kitchener reports that Grenfell attacked the Boers near Halvertsburg where their last "Long Tom" was in position. They opened fire at 10,000 yards; Kitchener's Scouts advanced rapidly to 3,000 yards when the gun was blown up and the Boers fled, leaving 10 of their number prisoners.

The warships in the Peiho will also be retained.

Cases of plague have occurred at Mafeking and Constantinople.

Sir William Harcourt has denounced the Coal tax as slipshod, slapdash, reactionary finance, and pointed out its effects on trade in the darkest colours. He declared that the opposition would resist it in every stage. Sir Michael Hicks Beach ridiculed the idea that the miners would have to pay the tax which, he said, would fall largely on the foreigner, who is unable to dispense with English coal and partly on the Coal owners whose profits latterly have been enormous.

MAY 4TH.—The debate on the imposition of the Coal duty has been prolonged to an unexpected length.

The Committee of the Ministers at Peking has referred the question of the indemnity to their home Governments. It considers it improbable that China will be able to pay the requisite £65,000,000 sterling and proposes four alternatives of which they favour a loan guaranteed by the Powers.

When this is paid the Indian troops will be withdrawn and any further operations that may be necessary will be conducted by the Camel Corps. "My thoughts are with you on this August occasion. I wish the Commonwealth of Australia every happiness and prosperity."

The inaugural ceremony at Melbourne was a most brilliant, solemn and imposing sight. The Duke and Duchess of York occupied a dais under the dome of the Exhibition Building. The whole building was completely packed with spectators. The Duke of York in his speech alluded in the warmest terms to the generous aid given by Australia, both in South Africa and China, and he expressed his conviction that both the King and Commonwealth would in their turn display the same wisdom and patriotism as that shewn by the individual Colonies. In the House of Commons Mr. Brodrick moved the resolution approving of the Military proposals of the Government. Sir Henry Campbell Bannerman moved as an amendment that the proposals were not adopted to the wants of the Empire and that the undue increase of our forces might be provocative to other nations. Mr. Wyndham defended the proposals, which were absolutely necessary if we are to benefit by the experiences of the war; that the present scheme was an organic development of the Cardwell's system.

Lord Salisbury speaking at a Nonconformist and Unionist Banquet stated that the past 2 years had shown that the British spirit burned as brightly as ever; that he used to hear suggestions to the effect that our star had set, and that we should never fight again, that this was now proved to be a great miscalculation; that great Britain has now showed her power, in consequence of which peace is more secure; that all Powers now recognise that if they defy the might of Great Britain, they have one of the most formidable enemies to contend against.

Dated this 27th day of May, 1901,

Chief and Consul-General.

Reuter's Telegrams.

MAY 15TH.—Lord Salisbury in his speech reported yesterday, referred only to the war and Ireland, and said that these two strained the resources of the Empire; that the question of Ireland was closely allied to that of the war; that the danger of Home Rule was clearly shown, and that the Irish Leaders were enabled to make hostile preparations.

M. Delcassé speaking in the French Chamber stated that France saw in the visit of the Italian Squadron an unequivocal manifestation of Cordial relation between the two countries, while the visit of the Russian War-ships was a fresh significant attention on the part of the Czar, who again affirmed the solidity and permanence of the alliance.

MAY 16TH.—Lord Stanley speaking in the House of Commons stated that the new army scheme was not a cast iron one; that the Government would welcome any suggestions and improvements. He added that it was intended to establish a Yeomanry force in the colonies on the same lines as those of the Imperial Yeomanry.

The Reichstag have adjourned until the 26th of November next without passing the East Africa Railway Bill.

Sir M. Hicks Beach informed a deputation from the West Indies that the Government were unable to grant a rebate on British Colonial sugar as such rebates were opposed to the fiscal policy of the country.

General Hector Macdonald sailed for India yesterday and stated to an interviewer that the present war had confirmed him in his opinion as to the necessity of having compulsory military service.

MAY 17TH.—A new Boer Commando 100 strong has entered Cape Colony. It is rumoured that DeWet is with them.

A report has been received from St. Petersburg to the effect that Russia is negotiating a further loan in Berlin.

His Majesty has intimated that the 24th of May will be yearly observed as his birthday.

The debate in the House of Commons on the Military reorganization question has been resumed. Mr. Brodrick stated that he had approached the whole question without doubt or hesitation, as he was fortified with the best military advice possible. He said that the present proposals were merely skeletons of what the Government had in view. He urged the House to support the Government in giving the country a permanent military organization.

MAY 18TH.—The "Times" correspondent at Peking states that the departure of the French troops has been countermanded, and that the Garimans have given no indication of their intention to evacuate Chihli, and are inviting the co-operation of the allies to a fresh expedition.

Sir H. Campbell Bannerman's amendment has been rejected in the House by 327 votes to 211 and the Government's resolution has been adopted by 305 to 163 votes.

It is stated in the city that the Chinese loan for 60,000,000 sterling has practically been arranged for under international guarantee. The loan will be issued as soon as the condition of China becomes more quiet.

A Proclamation has been issued from Pretoria establishing a provisional Municipality for Johannesburg. The Town council has been nominated by the Government.

Great preparations are being made to welcome Sir Alfred Milner on his arrival next Friday. His Majesty will receive him immediately at Marlborough House.

MAY 19TH.—Barend Vorster, a noted Volksraad and 90 others chiefly ex-officials have surrendered at Pietersburg, and the district is settling down. Opinions at Pretoria are in favour of an early termination to the war. The Boers are dreading a winter Campaign, and those in the Veldt are surrendering in increasing numbers.

The announcement with regard to the King's birthday is incorrect, and was due to a misapprehension, the King having directed that all Courts and Government offices are to be closed this year on the 25th of June, and that there is to be no other official celebration.

Another Boer force has entered Cape Colony under Lotter. Vanreenan has reached Zuurberg.

The Duke and Duchess of York and Lord Hoptown have started for Brisbane, receiving an enthusiastic send off. Clouds partly obscured the sun throughout the eclipse at Samatra, but some results have been obtained.

MAY 20TH.—General Bullock has cleared Ermelo of all its inhabitants. The Boers with 4 guns, including 1 twelve pounder Creusot thrice attacked Bullock's column between Amersfoot and Ermelo. British efforts to capture the guns failed. The Boers have retreated to Carolina.

His Majesty is Patron of a fund having for its object the erection of a Cathedral in the Eastern part of Cape Town, as a memorial to those fallen in the war. £30,000 is required. Lord Roberts, and the Archbishop of Canterbury are Vice patrons. A large and influential Committee of officers and noblemen have issued an appeal for funds.

The latest news of De Wet is that he is trekking rapidly South, and has passed Boshof with 40 followers. It is believed that he is making for the Cape.

MAY 21ST.—The Duke and Duchess of York arrived at Brisbane at 9. yesterday morning.

The "Times" correspondent at Peking states that the British Government have refused to co-operate in the expedition now being organized by Germany. England and America were, of all the Powers, alone opposed to the proposed Loan guaranteed by the Powers.

Sir Ernest Mason Satow states that the British Government favour a reduction in the indemnity.

Lord Kitchener advises that an armoured train was derailed by a mine at the America siding and Major Heath of the South Lancshires was killed.

In the debate on the Finance Bill, Sir Henry Fowler moved an amendment deploring the increased expenditure, and said that it was not necessary for Great Britain to rival Continental military Powers. Sir M. Hicks Beach in defending the increased expenditure for the army argued that if India was attacked on her land frontier as she might be some day, it is necessary to be prepared to defend her; that the army was not merely for the defence of Great Britain, but for the defence of the whole Empire. The Government however would never attempt to vie with the Continental Military Powers.

In the telegram of 19th for "25th of June" read, "25th of May."

MAY 22ND.—It is officially stated that the Boer losses during April were 105 killed, and 118 wounded and 2,193 were captured or surrendered. The total number in our hands is 18,398.

The Boers now invading the Cape are officially estimated at 800 and they are making their base at South Venterstad.

Sir Henry Fowler's amendment to the army scheme has been rejected by 300 votes to 123.

Lord Lansdowne has suggested to the Powers a scheme whereby China pays the indemnity by bonds representing the amount claimed by each Power separately. Certain revenues are to be earmarked against the payments of these bonds. These revenues are to be managed by a special Board which will distribute direct to the Powers. Should China default all the Powers will be collectively affected. It is hoped that a speedy reduction of the forces now in China will take place.

MAY 23RD.—Kritzing with 200 Boers has reentered the Cape Colony. It is stated that this fresh invasion is due to the continuous harrying movements of our troops in the Southern portion of the Orange River Colony.

The casualty list shows that the West Australians lost in the fight at Groberlaarsrecht on the 15th, 1 officer and 5 men killed and 9 wounded.

His Majesty accompanied Sir Thomas Lipton aboard the Shamrock for her trial trip in the Solent. The Yacht was caught in a squall, her bowsprit snapped and immediately both topmast and steel mainmast weighing a couple of tons collapsed and fell overboard. All on board miraculously escaped.

Goluchowski speaking to the Hungarian Delegates declared emphatically that the Chinese indemnity must be paid in a lump sum, and spoke warningly against the optimistic views which are generally held as regards the situation in the near east; he alluded more specially to the Macedonian agitation in Bulgaria and the present situation in Servia.

MAY 24TH.—Mr. Brodrick stated in the House of Commons that every communication the Government received from Lord Kitchener went to prove that the Commander in Chief was satisfied with the progress made, but that the great area over which the operations had to be conducted in order to disperse the Boers, naturally tended to the prolongation of the war, but that the process of exhausting the enemy was proceeding rapidly. The Government had done everything to support Lord Kitchener, who by judicious administration was trying to bring matters to an end.

Bresci, the murderer of King Humbert, committed suicide in prison at Santostefano.

There were four cases of plague at Fort Elizabeth yesterday.

Colonel Crabbe has defeated Lotter's Commandos at Zuurberg.

Lois Botha's forces have now been split up into small Commandos, so as to avoid serious fighting with General Blood's column.

Sir Alfred Milner was welcomed at Waterloo by Lord Salisbury and Mr. Chamberlain. He then drove off straight to Marlborough House, and had an interview with His Majesty, who conferred a Peerage upon him.

The Highland Light Infantry surprised a Boer Laager in the Brandfort district, killed 20 Boers, wounded 13 and captured 12.

The New Russian Loan has been largely covered in Paris.

MAY 27TH.—Three hundred Boer prisoners sailed for Bermuda.

Victoria Day was celebrated throughout the whole Empire on the 25th.

There was slight fighting at Amerspoort. Bethel and General Viljoen attempted to cross General Blood's lines near Carolina and break northwards; the Boers were repulsed with loss.

At the instance of Count von Buelow the Emperor has ordered home the German Squadron now in China. Count von Waldersee is to be withdrawn and there is to be a reduction in the expeditionary corps.

600 Boers under Kritzinger made a dash southwards from Zuurberg before day-light on the morning of the 25th, while crossing the Railway between Thebus and Steynsburg; they were shelled by an armoured train, and several horses were seen to fall. Colonel Goringe's column is in hot pursuit.

Mr. Chamberlain entertained Sir Alfred Milner at lunch at Claridges Hotel on Saturday. The guests included the Duke of Cambridge, Lord Salisbury and other Ministers. In toasting Sir Alfred Milner, he eulogized his work accomplished and spoke of the still greater task before him. Sir Alfred Milner replying recognized the absolute necessity of demonstrating to the rest of the world that Britain will not abandon her agents, nor the work that she has in hand which has cost so many precious lives and so many millions of money. He ridiculed the idea that the war could have been averted by further attempts at conciliation.

Lord Kitchener advises that a superior force of the Boers attacked one of our convoys between Ventersdorp and Potchefstroom on the 23rd; the attack was repulsed with loss to ourselves of 4 killed and 30 wounded. The convoy arrived safely at its destination.

The "Novoe Vremya" has been suspended for a week owing to an article which appeared in its columns attributing the success of the revolutionary propaganda, which led to the recent disorders, to the miserable condition of the working classes and urged the necessity of reforms to avert a serious rising.

MAY 28TH.—Renter's Agent at Tientsin wires that the fourth Brigade returns to India and will be broken up. General Cummin's staff and the Bikanir regiment left on the 26th instant. The twenty-eighth Madras Infantry, Ulwar regiment, leaves during the week.

The Emperor has ordered his agents to prepare the Palaces for occupation as soon as the troops depart.

Hitherto there have been 666 cases of plague and 308 deaths reported in Capetown.

The Duke and Duchess of York have landed at Sydney where their welcome equaled that of Melbourne and Brisbane.

MAY 29TH.—The Boers under Kritzinger who are mentioned in the telegram of 27th, captured a post near Maraisburg which was garrisoned by 41 Colonials. They had some desultory fighting with Colonel Goringe on the Stormberg hills before breaking South. On the 26th they were 55 miles Northeast of Cradock, where they were faced by General Scobell's column, and their progress was interrupted at Bamboesberg by the swift movements of Colonel Goringe. Other columns of invaders have been turned Northeast by the Cloete. (?)

Lord Kitchener reports since last advice that the Boers have lost 63 in killed, 36 wounded and 267 prisoners, besides 83 voluntary surrenders.

The Indian Famine Relief Fund now amounts to £446,000.

There is no news yet of serious fighting, with Kritzinger, but several columns are operating against him. Colenbrander with a Squadron of Kitchener's Scouts has captured 50 Boers near Pietersburg.

Elliot arrived at Harrismith on the 24th instant from Kroonstad, having swept the country; he brought in 1,700 horses. The column was sniped at the whole way, but had few casualties.

MAY 30TH.—The Times's correspondent at HongKong states that the plague is increasing. The daily mortality is over thirty and the sanitary and medical staff is insufficient to cope with the disease.

The French Press is Jubilant over the Moorish Sultan's concession to the demands of France, relative to the question affecting Algeria; also the indemnity for the murder of a French subject. Three warships have been despatched to Morocco.

Our losses during the last week's fighting in South Africa are 42 killed and 100 wounded.

China has notified the Foreign representatives that while willing to pay the indemnity by instalments she objects to pay interest at 4%.

Official advices from HongKong state that during the last week there have been 200 cases of plague and 187 deaths. There have been Anti-Christian riots in some districts and it is rumoured that a French Missionary has been murdered.

MAY 31ST.—A French General and Colonel were present at a review of the Guards in Berlin subsequently the Kaiser entertained them at lunch. He toasted the officers and glorious French army and declared that this was the first time that French and German soldiers had fought a common foe.

An Imperial Chinese edict formally agrees to pay an indemnity of 450 million taels with interest at 4 per cent.

One mixed German Brigade remains in China as a garrison.

Queen Wilhelmina and her husband are visiting the Kaiser at Potsdam and are being received with the greatest cordiality.

The casualty lists issued last night again report a considerable number of killed and wounded in small engagements whereof nothing is known.
