## GAZETTE NOTICE No. 935

## THE INDUSTRIAL COURT

CAUSE No. 4 OF 1976

## Parties:—

Kenya Engineering Industries Ltd.  
and  
Kenya Engineering Workers Union

## Issue in dispute:—

Lay-off of 80 employees.

1. The Kenya Engineering Industries Ltd. shall hereinafter be referred to as the Claimants and Kenya Engineering Workers' Union shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 16th day of March, 1976, and relied on their written and verbal submissions.

## AWARD

3. The Notification of Dispute Form "A" dated 8th December, 1975, was received by the Court on 16th January, 1976, along with the statutory certificate signed by the Labour Commissioner.

This is an application by the Claimants to seek the Court's approval to lay-off 80 of their employees on the grounds that due to the drop in the volume of sales of their products in 1975 they had accumulated huge stocks and could not afford to continue employing their full labour force until all the stocks were cleared.

The Respondents have naturally all along resisted the Claimants' demand on the ground that there is no justification for any such lay-off as the main reason for the lack of business was poor management and poor quality of goods produced by the Claimants which could not compete in the international market.

The Claimants are an undertaking which is jointly owned by the Industrial Commercial Development Corporation and DAL International Trading Company of Poland in equal shares. The factory was constructed during 1970/1971 and commenced production during the second half of 1971. Their main products are pangas, shovels, locks, padlocks, screwdrivers and matches.

The production capacity established was valued at montly K.Sh. 700,000 per one shift of 190 employees and K.Sh. 100,000 for a two shift operation.

The Claimants attributed the main reason for their poor sales to be imported products which in 1975 have been imported into Kenya to the cost of Sh. 7,346,479.

The Claimants had obtained a quality certificate from the Materials Department of the Ministry of Works and used the same to persuade the Ministry of Commerce and Industry that a ban on the importation of the products produced by them was necessary. The Government instituted a ban on 31st May, 1975, but the Claimants pointed out that the effect of the ban had not been felt as yet.

The Claimants gave all the itemized details of their actual monthly production and corresponding monthly sales since July, 1974, and also produced the other relevant details regarding the employees they intend to lay-off with their dates of engagement and other particulars.

The Claimants added that they had now of late made extensive sales promotion efforts throughout the country and had appointed two new distributors in order to widen their distribution network. This was showing some improvement. They clarified that their sales amounting to Sh. 1,210,153/80 in December, 1975, were due to the dealers accumulating stock in anticipation of price increases and this was not to be taken as a general trend.

The Respondents in support of their allegation of poor quality products produced a panga and two locks which they had purchased in the morning of the hearing.

The Court is satisfied that the locks and the panga produced were indeed of a very poor quality but has taken note of the Claimants' Managing Director's statement that they had discontinued manufacturing the thin type of panga and had also discontinued the manufacture of one of the locks in which there was obviously a technology defect. Regarding the other lock he felt that probably a wrong key was being used.

The Respondents were also critical of the Claimants at the lack of training programme for their employees which was affecting their output of good quality goods. The Respondents added that they felt that the huge stock which had piled up was of poor quality products and that unless the quality of the products was improved the Claimants would not be able to compete with the imported articles.

The Court has stated in the past that these cases involving either redundancies or lay-off of employees are very sad indeed and the Court has to consider every aspect of the dispute most carefully in arriving at any decision. The Court has to consider on the one hand the financial viability of the undertaking and weigh it carefully against the numbers in employment and the size of the lay-off which would affect the livelihood of so many Kenyans.

In some cases such applications are inevitable and the difficult conditions of an employer compel him to resort to either redundancies or a lay-off.

In the present dispute the Court must express its grave concern at the quality of products which are produced by the Claimants and which were exhibited in Court. The Court only hopes that the Claimants' products are at present of a better quality than this, if not it is indeed deplorable and this industry would not appear to be serving the interest of Kenya properly.

The Court would also like to comment that probably there is room for considerable improvement in the management team as supervision appears to be rather poor which allows unusable and rejected products finding their way into the market.

After a careful consideration of all the submissions the Court is satisfied that the Claimants need some relief and the Court notes that out of the original request for a lay-off of 100 employees which they subsequently reduced to 80 they now want to lay-off only 72 employees for a period of up to 10 months in order to give them time to recover sufficiently and continue in business.

The Court, however, while agreeing that they need some assistance is not quite satisfied that laying-off of 72 employees for a period of 10 months is the answer.

An interesting matter was mentioned during conciliation by the Respondents when they asked the Claimants to introduce a shorter working week for sometime until the situation improved. This idea, however, was rejected by the Claimants at that time.

During the hearing the Claimants, put forward a shorter working week as an alternative to their demand for a lay-off of 72 employees and the Respondents felt that they would prefer this method whereby the present number in employment would continue to earn something rather than see 72 of their colleagues being deprived of all their earnings for a period of 10 months.

The Court feels that a shorter working week is the answer in the present dispute but in view of the fact that the Claimants made this proposal during the hearing and the Respondents were not consulted or given an opportunity of negotiating the terms and conditions of such arrangement, the Court directs the parties to embark on such negotiations immediately and to conclude them one way or the other within a period of three weeks from the date of the award.

The Court further directs that the shorter working week, on the conditions to be agreed between the parties through negotiations should remain in force for a period of four months only after which the parties will be at liberty to review the situation and if need be to refer the matter to the Court as a fresh dispute for a further ruling.

The Court would like to seriously advise the Claimants that they should look into the question of the quality of their products and to ensure that good quality products are produced by them and are sold at competitive prices because unless they are able to do so then they are not helping themselves or the country in any way. The Court would also like the Claimants to step up their training programmes because sponsoring four or five students to polytechnic institutions is hardly adequate for an enterprise which is geared to a production capacity of K.Sh. 1,000,000 for a two shift operation.

## THE INDUSTRIAL COURT

CAUSE NO. 7 OF 1976

*Parties:—*

Transport and Allied Workers' Union  
and  
Kenya Rent A Car Ltd.

*Issue in dispute:—*

General increment of wages/salary to the present employees.

1. The Transport and Allied Workers' Union shall hereinafter be referred to as the Claimants and the Kenya Rent A Car Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 15th day of March, 1976, and relied on their written and verbal submissions.

## AWARD

3. The Notification of Dispute Form "A" dated 29th December, 1975, was received by the Court on 19th January, 1976, along with the statutory certificate signed by the Labour Commissioner.

This dispute has arisen in the process of a review of a collective agreement between the parties effective from 1st September, 1973, for a period of 18 months from that date. The parties have settled all the items including the minimum consolidated rates of pay for the various groups specified therein and are in dispute on one item only as stated hereinabove. The agreed effective date of the new agreement is 1st September, 1975, for a period of two years from that date.

The Claimants started off by demanding a wage increase of 40 per cent for the first 12 months and another increase of 40 per cent for the second year. This they reduced to 20 per cent for each 12 month period. During conciliation the Respondents offered a general wage increase of 15 per cent to employees in Group 1 and 10 per cent to all the other employees. The Claimants told the Court that the Conciliator's suggestion of a 15 per cent wage increase for those earning up to Sh. 750 per month and 12½ per cent for those earning over that amount for the first year was rejected by the Respondents.

The Claimants have based their demands on the high cost of living. They were also critical of the Respondents having granted merit increases to only five employees in September, 1974.

The Respondents have very strongly pleaded that due to their financial difficulties they should not be asked to pay a high wage increase to their employees. They stated that just now they were in the process of clearing a huge deficit which if not checked could quite easily lead to their liquidation. The Court notes that the Respondents' employment figures have indeed fallen drastically since 1971 when they had 165 employees for an average monthly fleet of 71 vehicles to 61 employees in 1975 for 99 vehicles.

The Court is satisfied from perusal of the audited accounts produced by the Respondents that their submissions re: their financial difficulties have substance.

The cost of living has gone up by 42.3 per cent from the effective date of the previous agreement up to January, 1976. As against this the Respondents have argued that the employees' actual wages had risen by an average of 12.2 per cent but those who benefited were only 21 workers. In this dispute apart from the important factor of compensating workers for the erosion of their wages the Court has to give serious consideration to the financial viability of the Respondents' undertaking which if allowed to get worse could quite easily lead to the loss of employment of a good many workers out of the remaining 61 in employment. The reasons for the Respondents' financial difficulties are not before the Court and the Court is not inclined to probe into them. The fact remains that the Respondents have made a strong plea to the Court to make a reasonable award which would not jeopardize their operations.

The parties having established the new minimum consolidated rates of pay for the various groups effective from 1st September, 1975, the Court after careful consideration of all the submissions awards that the workers shall get a general wage increase as follows:—

- (i) 15 per cent wage increase to all employees on their wages as at 31st August, 1975, for the first 12 months.
- (ii) 10 per cent wage increase to all employees on their wages as at 31st August, 1976.

As stated earlier on in the award the effective date for these general increases is 1st September, 1975, for a duration of two years.

Given in Nairobi this 19th day of March, 1976.

## THE INDUSTRIAL COURT

CAUSE NO. 82 OF 1975

*Parties:—*

Kenya Engineering Workers' Union  
and  
Metco Engineers

*Issue in dispute:—*

Non-implementation of the agreement in respect of Jackson Gichane, Ndung'u Kimani and Okusi.

1. The Kenya Engineering Workers' Union shall hereinafter be referred to as the Claimants and Metco Engineers shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 5th day of March, 1976, and relied on their written and verbal submissions.

## AWARD

3. The Notification of Dispute Form "A" dated 7th November, 1975, was received by the Court on 30th December, along with the statutory certificate signed by the Labour Commissioner.

The Respondents are a small family business engaged in engineering works and they recognized the Claimants with effect from 1st June, 1973, by virtue of an agreement signed on 26th May of that year.

The Claimants forwarded their demand for a collective agreement in respect of the unionizable employees to the Respondents on 18th June, 1973. These demands, however, could not be discussed on the date proposed by the Claimants.

On 16th July, 1973, the Respondents informed the Claimants that they had decided to join the Minor Engineering Employers Group of the Federation of Kenya Employers (hereinafter referred to as the Group) and that they therefore had to terminate their recognition agreement with the Claimants with immediate effect. This position was acceptable to the Claimants.

A collective agreement between the Group and the Claimants was signed on 25th January, 1974, and became effective from 1st August, 1972, and was to remain in force for a period of 26 months from that date. In this agreement the various job categories were set out with the minimum consolidated rates in respect of each one of them. In addition the following was provided under the heading of increment—

- "(a) all employees currently earning less than the new minimum consolidated rates of pay shall be assimilated to their new scales provided that the increase between their present earning and the new pay is not less than Sh. 25;
- (b) all other employees earning above the new minimum consolidated scales will receive an overall increase of Sh. 30, which shall run for a period of 14 months; and
- (c) there shall be a further wage increase of Sh. 20, with effect from 1st October, 1973, which shall run for 12 months up to 30th September, 1974."

The Claimants have demanded that their three members Messrs. Jackson Gichane, Ndung'u Kimani and Okusi be given the Sh. 30 increase as specified in (b) above with effect from 1st August, 1972. The Claimants, however, accepted the Respondents' statement that nine other employees who fell in category (a) above had their rates adjusted with effect from July, 1973, the date when the Respondents joined the Group.

The Respondents pleaded that they had given increases to the three employees concerned between August, 1972, and September, 1973, as follows:—

	<i>Salary Per Month</i>		
	<i>August 1972</i>	<i>September 1973</i>	<i>Increase</i>
Jackson Gichane	450	480	30
Ndung'u Kimani	700	800	100
Okusi Ambuchi	500	550	50

They submitted that they were bound by the Group agreement with effect from July, 1973, and as they had already given increases to the employees involved as shown above they were not bound to give a further wage increase of Sh. 30 as demanded by the Claimants. The Respondents accept that the workers were entitled to a further increase of Sh. 20 in October, 1973, as specified in (c) above and this they had granted.

After careful consideration of all the submissions and keeping in view the peculiar circumstances of this dispute particularly the fact that the relevant group collective agreement was signed on 25th January, 1974, but provided for an effective date going back to 1st August, 1972, and the fact that the Respondents joined the Group in July, 1973, the Court cannot accept the Claimants' submission that the increases granted by the Respondents to the three employees concerned were entirely their own business and that the Respondents could not escape their liability to pay additional Sh. 30 wage increase to the three employees concerned. Even at best the Claimants' claim is founded on the barest of a technicality and the Court has repeatedly in the past pointed out that it will not allow either party to take advantage of such technicalities to defeat ends of justice.

The Court is satisfied that the Respondents have complied with their obligation as stated in (b) above by giving Mr. Jackson Gichane a Sh. 30 increase with effect from February, 1973, Mr. Ndungu Kimani a Sh. 100 increase with effect from March, 1973, and Mr. Okusi a Sh. 50 increase with effect from April, 1973, and by granting all three employees a further Sh. 20 increase with effect from October, 1973.

The Court accordingly rejects the Claimants' demand for arrears of nearly Sh. 5,400 in respect of the aforesaid three employees.

Given in Nairobi this 20th day of March, 1976.

#### THE TRADE MARKS ACT (Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is

incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.
