GENERAL NOTICE No 532

NOTICE

TENDER FOR BAMBOO CUTTING RIGHTS FOR THE
MANUFACTURE OF PAPER PULP

AS a result of experiments conducted with the East African Bamboo (*Arundinaria alpina*) to ascertain its value for the manufacture of paper-pulp and paper, the Government have decided to offer for tender two areas of bamboo forest on the Kikuyu and Mau Escarpments respectively and more particularly described in the schedule hereto

Tenders for the areas are invited, the basis of tender to be a royalty payment per ton of air-dry pulp and no tenders of less than two shillings a ton will be accepted

The successful tenderers will be granted licences under the Forest Ordinance, 1911, for periods of 20 years with the options for renewal for further periods of 20 years on terms to be agreed between the Conservator of Forests and the licensees. Such option to be exercised by notice in writing six calendar months before the expiration of first-mentioned licences

The following main conditions will be embodied in each of the licences

1 The Licensee will be given the exclusive right for twenty years to cut bamboos for the manufacture of paper-pulp over an area to be selected by him in conjunction with the Conservator of Forests within five years of the date of the licence and in the event of dispute the Conservator of Forests' decision shall be final. The respective areas are estimated to be capable of yielding 40,000 tons and 20,000 tons respectively of paper pulp annually.

2 No royalty will be charged on any bamboo cut for the purposes of pulp manufacture for a period of 5 years from the date of the licence, thereafter a royalty per ton of air-dry unbleached pulp, as tendered.

3 An annual licence fee of £100 in respect of each area shall be paid for the first five years, the first payment to be made on the issue of the licence, and thereafter for each succeeding year in advance on the corresponding date, and thereafter a licence fee of £500 to be paid as aforesaid in respect of the sixth and seventh years, £1,000 to be paid as aforesaid in respect of the eighth and ninth years, and £2,000 to be paid as aforesaid for each succeeding year provided that the Licensee shall be entitled to set off against the licence fee paid in any one year the royalties payable for the same year but in no case shall a less sum than the licence fee be paid to the Government.

4 The Licensee shall erect and complete a factory and subsidiary buildings for the manufacture of paper pulp within two years from the date of the licence and such factory shall thereafter be worked for not less than 120 days in each year in the manufacture of paper pulp. From and after the expiration of five years from the date of the licence the Licensee shall produce an annual out-turn from the said factory of at least 10,000 tons of paper-pulp and from and after the expiration of ten years from the same date an annual out-turn of at least 20,000 tons of paper-pulp.

5 The Government if so required by the Licensee shall lease to the Licensee a suitable site to be selected by the Licensee out of such sites as are at the disposal of the Conservator of Forests within or without the area the subject of the licence for the erection of factories, store-houses, sheds, depots, houses, offices and other buildings of a like nature *bona fide* required for the purpose of the business connected with the manufacture of paper-pulp such lease to be rent free and for a term co-terminous with that of the licence and subject to an option for renewal on terms to be agreed upon between the Conservator of Forests and the Licensee.

6 Subject to such restrictions as may from time to time be imposed by the Conservator of Forests the Licensee shall during the continuance of the licence have the right to use any lands, roads or streams outside the area the subject of the licence which are under the control of the Forest Department for the purpose of having free ingress and egress to and from the area the subject of the licence and also the like right to use all such lands, roads or streams within the area the subject of the licence.

7 The Conservator of Forests will undertake to reserve for the use of the licensee an area of forest as conveniently near to the site of the factory as possible, sufficient to supply such reasonable quantity of wood fuel as may be required for the factory. Royalty will be payable on all fuel at the rate of two shillings per hundred stacked cubic feet during the currency of the licence, in the event of the licence being renewed for a further period the royalty on fuel will be based on the market rates current at the time of such renewal.

8 If possible a sufficient area of grass land will be included in the licence to provide grazing for cattle used in connection with the operations of the licence free of rent.

9 The area the subject of the licence will be divided by the Conservator of Forests into cutting series and blocks and the Licensee shall completely work over each block of one cutting series before he starts work in another block of the series. The system of the cutting series will be based on a 10 years rotation.

The order in which the said blocks shall be worked will be laid down by the Conservator of Forests in consultation with the Licensee in a plan of operations so that the whole area may be worked over systematically. The Licensee shall not be at liberty to deviate from the plan of operations so laid down without the previous sanction of the Conservator of Forests.

The Licensee shall supply maps showing the area cut over in each year to the Conservator of Forests on such date as the Conservator of Forests may fix.

To prevent the culms of bamboos diminishing in size and deteriorating in quality the Licensee shall give each block which has been worked over a rest of ten years before he works over it again.

10 The Licensee in conducting his operations on the area the subject of the licence shall not in any way interfere with the surface of the land save and so far as may be necessary for the immediate purpose of carrying on the necessary operations in connection with his said business.

11 The Licensee shall keep full and true accounts of the number of bamboo culms brought into his factory, of the quantity of paper-pulp manufactured and in the process of manufacture and exported and of the quantity of fuel used and shall on the fifteenth day of each month send to the Conservator of Forests in such form as he may prescribe a true analysis thereof for the month immediately preceding.

The royalty appearing by such statement to be due in respect of the paper-pulp manufactured and the fuel used each month shall be due and payable on or before the last day of the next succeeding month.

The licensee shall allow the officers deputed in that behalf by the Governor to have full inspection of all such accounts and account books and to take all such steps as in the opinion of such officers may be necessary for ascertaining by enquiries, inspection and measurement or weighing the correctness of the same and of the said analysis.

12 Nothing contained in the licence shall be deemed to relieve the Licensee his agents and servants from the duty of complying with any Ordinance and rules thereunder for the time being in force applying to the locality in which the area the subject of the licence is situated.

13 No rights other than those specified in the licence, shall be granted and more particularly the rights to all mines, minerals, mineral oils and precious stones within or under the premises will be reserved.

14 The licence shall be absolutely null and void in the events following and subject to the conditions set out below, that is to say the following conditions, namely —

(a) If the Licensee shall fail to commence and effect substantial operations in the terms of the licence within a period of 18 months from the date thereof such licence shall *ipso facto* be absolutely void and of no effect.

(b) Subject as aforesaid in the event of the breach by the licensee of any of the covenants, conditions, stipulations or provisions contained in the licence, including the provisions for the payment of licence fees and royalties then and in every such case the Conservator of Forests may give the Licensee notice of the breach complained of and call upon the Licensee to remedy the same, and in the event of the Licensee not doing so within six calendar months thereafter the Conservator of Forests may cancel and determine the licence and all the Licensee's privileges and powers thereunder.

15 The Licensee shall not assign sublet or otherwise part with the benefits of the licence or any part thereof without the previous consent of the Conservator of Forests in writing.

16 The Licensee shall be at liberty to determine the licence by giving to the Conservator of Forests six months notice in writing so to do.

Tenders must be forwarded to the Conservator of Forests, Nairobi, Kenya Colony, on or before the 1st April 1923 and should be marked on the outside of the envelope 'Tender for Bamboo'.

The highest of any tender will not necessarily be accepted.

Tenders from Companies must be accompanied by full information as to their constitution and directorate.

In the event of a successful tenderer not taking up his licence within one year from the date of notice of acceptance all claims to or in respect thereof shall be deemed to have lapsed absolutely.

A pamphlet embodying the results of experiments conducted in England and of measurements in the bamboo forests may be obtained at the offices of the Crown Agents for the Colonies, 4, Millbank, London, S W 1 or at the offices of the Forests Department, Nairobi. Samples of the pulp and paper manufactured from the bamboo may be seen by arrangement with the Director Imperial Institute, South Kensington, London, S W 7 or at the offices of the Forest Department, Nairobi.

Nairobi,

5th April, 1922

E BATTISCOMBE,
Conservator of Forests

SCHEDULE

1 An area of the Eastern slopes of the Kikuyu Escarpment Forest Reserve situated between the main line of the Uganda Railway between Escarpment and Kijabe Stations and the Chania River.

The actual area to be the subject of a licence to be selected by the Licensee in conjunction with the Conservator of Forests within 5 years of the date of the licence such area will have its most Southerly boundary as the Southerly limits of the bamboo zone and shall be of such an extent as to be capable of yielding approximately 10,000 tons of paper pulp annually.

2 An area on the North Eastern slopes of the Mau Forest Reserves to the South of the main line of the Uganda Railway between Ngao and Elburon Stations.

The actual area to be the subject of a licence to be selected by the Licensee in conjunction with the Conservator of Forests within 5 years of the date of the licence and shall be of such an extent as estimated to be capable of yielding approximately 20,000 tons of paper pulp annually.

No 17 of 1912

No 39/22

<p>HYGIENIC SWISS MILK Homogenized — Not condensed</p> <p>The milk is perfectly pure and homogeneous, equal to fresh cow's milk</p> <p>Being tinned in its natural condition, it can be used just as it comes from the tin.</p> <p>Directions:</p> <p>Keep it cool and shake the tin well before opening. When the milk is ready for immediate use. Persons used to a less rich milk may add a little soda-water</p> <p>This thoroughly sterilized milk must not be boiled again as it would lose its fine flavour</p>	
<p>BERNESE ALPS SWISS MILK Sterilized — Natural</p> <p>This Cow's Milk from the Famous Mountains of the SWISS ALPS stands unrivalled for richness and flavour</p> <p>It is absolutely free from germs of any kind and for this reason recommended by the highest Medical Authorities.</p> <p>The perfect purity, this milk offers, renders it most valuable for maintaining the health of the infant and the tropical climates.</p> <p>On August 28th 1904 says</p> <p>The only milk which is so pure and so rich in creaminess of the purest milk as to be so good at the quality of the origin.</p>	

TO ALL WHOM IT MAY CONCERN

TAKE NOTICE that an application for the registration as a Trade Mark of the label shown above to be used in connection with goods mentioned in Class 42 of Part III of the schedule to the above mentioned Ordinance in respect of Substances used as food or ingredients in food, has been lodged by Bernese Alps Milk Company of Stalden, Switzerland Manufacturers

The label will be registered as a Trade Mark after the expiration of the period mentioned in Section 13 of the said Ordinance, provided no notice of opposition is received

A specimen of the Trade Mark, the registration of which is applied for, can be seen at the office of the undersigned at Mombasa

Registration is not claimed under the special provisions of paragraph 5 of Section 7 of the said Ordinance

Mombasa,
5th May, 1922

E S C BROOKS,
Registrar of Trade Marks

GENERAL NOTICE No 556

NOTICE

NOTICE is hereby given that the undermentioned goods will be sold by public auction at the KISUMU CUSTOM HOUSE, on the 17th July, 1922, if not claimed before that date, and the proceeds will be applied first to the payment of freight and charges and next of duties

The surplus, if any, will be paid to the proprietor of the goods on his application in writing for the same within 12 months from the date of sale, but if on the expiration of that time no such application shall have been made the surplus will be forfeited and will be applied as if it had been originally paid as the duty due and payable
