3.4 FINANCE, ADMINISTRATION, TRAINING AND GENERAL PURPOSE COMMITTEE

During the financial years 2017/2018 and 2018/2019, the Board had a total budget of KSh. 15,284,753 and KSh.17, 302,552, respectively. This is a slight increase as compared to the previous year of which the Board is extremely grateful.

It is however regrettable that the board has failed to receive its full share of the budget due inadequate revenue collection , timely disbursement of funds and little monthly allocation to the Board a challenge that the Board will continue to work with the relevant offices to address the situation.

The Board recommends that for it to achieve fully autonomy, there is need for the Board to have its own financial account and its funds disbursed directly to its account so as to give the correct position in terms of accountability.

As regards to training the Board took eight (8) of its officers to the Kenya school of Government for continuous professional trainings like senior Management, Supervisory, Customer Care, Records Management and Public relations. Board officers were also trained on the use of the Integrated Financial Information Management System (IFMIS) and Electronic Procurement by officers from the National Treasury.

Under section 59 (1) (h) of the County Governments Act, 2012, the CPSB is mandated to advise the County Government on human resource management and development. In this regard, the Board identified the following gaps—

- (a) stagnation attributable to lack of the requisite skills as outlined in the Schemes of Service;
- (b) lack of professional and technical skills to carry out specialized functions; and
- (c) poor work culture.

Consequently, the Board advised the County Government to put in place training programmes that address the skill gaps in the workforce and also equip officers with relevant knowledge, skills and right attitude aimed at improving performance

3.5 Disciplinary Control, Audit, Labour Relations and Staff Welfare

The Board had received two disciplinary cases of alleged forgery from the department of finance of which one was successfully concluded and saw the respective officer retired on Public interest. The Board has also been enjoined in an appeal filed to the Public Service Commission of Kenya by an officer who was earlier dismissed. The Board will respect the Outcome of the appeal accordingly.

As regards to industrial unrest, the Board worked tirelessly to engage the Union of Nurses to avert a strike that was looming. The Board has continued to have meetings with Union officials so as to ensure that there exist a sound relationship between the Government, the employer and the employees through the Unions. This will promote a harmonious working relationship.

The Board is still faced with an active litigation against the Ward Administrators whose prayers are to be absorbed in Permanent and pensionable establishment. This has halted the recruitment process as they have put an injunction.

There is need to relook into the disciplinary process at departmental level as there have been cases of staff being sent on compulsory leave with no disciplinary issues reported against them. This has attracted litigation a trend which does not auger well as far as best Human Resource Practice is concerned.

Recruitment of casuals and the existence of long serving casuals has continued to be a challenge. The Board is working closely with the executive through the rationalization process to have a permanent solution.

During this reporting period, the Board with the help of Officers from the Directorate of Personnel Management engaged in the fine tuning of key documents to facilitate its operations and that of the entire public service.

The policies developed included—

- (a) Human Resource Development Policy;

- (b) Human Resource Policies and Procedures Manual;
- (c) Attachment/Internship Policy; Rewards and Sanctions Policy;
- (d) HIV Workplace Policy;
- (e) Discipline Manual; and
- (f) Recruitment and Selection Manual.

CHAPTER FOUR

CHALLENGES WAY FORWARD AND FUTURE PLANS

The Board has faced a number of Challenges in its operations. It is our prayer that the proposals put forward as proposed way forward will help in achieving its mandate. The challenges and recommendations have been highlighted below:

Inadequate budgetary allocations – whereas the board has had its budget revised downwards without consultation. In worst case scenarios, the money allocated to it is never fully disbursed from the treasury as a way forward there is need for effective consultation and involvement during the whole process of budget making. The Board proposes for its own financial independence.

Difficulties in attracting and retaining personnel with the required skills, given the recommended salary structure by the Salaries and Remunerations Commission (SRC). This has been a great challenge especially in the medical field. The Board has failed to attract medical specialists on the prevailing conditions and it has had to go an extra mile to provide stop gap solutions. The Board hopes that Continuous engagement with the salaries and Remunerations Commission shall provide a lasting solution. The Board will also engage with stakeholders within the County to improve the situation.

Difficulties in meeting constitutional provisions especially in for persons living with disabilities (PWDs) because of low response to advertisements and lack of the requisite skills. The Board shall continue to create awareness and take affirmative action where possible. The Board shall also engage with organizations that represent the special interest groups to ensure compliance with the constitutional requirements.

Litigations that prolong discipline cases which impacts negatively on service delivery. The Board will continue to take measures to minimize cases of indiscipline through training, guidance and counselling.

4.2 FUTURE PLANS

Continuous Sensitization of Staff on Policies Developed for Management of Human Resource

Automation of Board Processes including Human Resource Management, Record Keeping

Finalization of the County Rationalization Process to ensure Efficiency in Service Delivery

Continuous Training of stakeholders on National Values and Principles of Governance and Values and Principles of Public Service

The Board will in the Near future be relocating from its current offices that is maghamba plaza to its new premises located in Voi opposite Dan Mwazo Social Hall where renovations are ongoing.

CHAPTER FIVE
