GAZETTE NOTICE No. 3499

THE INDUSTRIAL COURT
(Second Division)

CAUSE NO. 8 OF 1964

Parties:—

Kenya Distributive and Commercial Workers' Union
and

Kenya Planters Co-operative Union Limited

Issue in dispute:—

Gratuity for 19 labourers retired on 1st January 1964.

1. The parties were heard in Nairobi on Tuesday, 29th September 1964.

2. The essence of the dispute is contained in clause 16 of the Agreement on terms and conditions of service which was signed on 26th November 1963 which states:—

"Provident Fund"

In abeyance. Until such time as it may be introduced those over 55 years who are retired or wish to retire will receive a cash payment of 1/20th of his retiring wage multiplied by his years of service, with a limit of 20 years."

First of all it must be determined whether or not the 19 labourers involved in this dispute are, in fact, covered by this Agreement. Clause one of the aforesaid Agreement reads:—

"The Company recognizes two classes of employees, established and non-established, the latter being temporarily engaged to cope with work of a non-permanent nature. Their record cards will be marked 'Temporary'. They will be subject to a separate agreement on terms and conditions of service to be negotiated with the Union."

In the absence of denial by the Respondent it is established that the 19 labourers are covered by this Agreement and are, therefore, subject to the conditions of the Agreement.

This Agreement which was signed on 26th November 1963 by the General Secretary of the Union which represents the 19 labourers and by the Respondent is currently in force. The wording of clause 16 indicates that the initiative to retire can be taken by either the employer (the Respondent) or by the employee at will. The limitation of initiative is contained in the provision that those employees *over 55 years of age* who are retired or wish to retire will receive . . . etc. The Union did not raise any question as to the age of any of the 19 labourers concerned in the dispute and so there is no limitation of initiative placed upon the Respondent.

The amount of gratuity is determined by the provision that the employee will receive one-twentieth of his retiring wage multiplied by his years of service, with a limit of 20 years. The Union raises the question of whether this can be interpreted as a minimum or maximum limit. A "limit" can reasonably be interpreted as a bound that cannot or may not be passed. In the context of this particular clause it must, therefore, be interpreted as the largest permissible amount of service to stand to the credit of an employee upon termination of his employment regardless of which party initiates the termination of his service.

The attention of the Court is drawn to an Agreement dated 8th June 1964 in which it is stated that the parties to the dispute agree that the 19 men retired from the service of the employer on 1st January 1964 shall be paid the offer of the employer without prejudice to the outcome of reference of the dispute to a Joint Disputes Commission of the Federation of Kenya Employers and the Kenya Federation of Labour. The Court was offered nothing in evidence to show the result of this reference, and in the absence of any further evidence the Court awards.

AWARD

3. The Respondent shall pay to each employee retired by him under notice delivered on 1st January 1964 a sum of money equal to one-twentieth of his annual salary at the time of retirement, the date of termination of notice, multiplied by the number of years of service, provided that the number of years of service shall not exceed twenty.

4. The Court recommends that the parties should agree to meet and consider the wording of clause 16 of their Agreement so as to remove any ambiguity.

Given in Nairobi this 13th day of October 1964.

HON. E. OMOLO AGAR, M.P.,
Chairman,
The Industrial Court.
Nairobi.

GAZETTE NOTICE No. 3500

THE INDUSTRIAL COURT

CAUSE NO. 10 OF 1964

Parties:—

Kenya Distributive and Commercial Workers' Union
and
Messrs. Kenya Orchards Limited.

Issues in Dispute:—

- (a) Wages.
- (b) Standard of housing provided and house allowance.
- (c) Leave travelling allowance.
- (d) Redundancy and severance pay.
- (e) Maternity benefits.
- (f) Effective date.
- (g) Limitation of allowances.
- (h) Acting allowance.

1. The parties were heard in Nairobi on 25th and 28th September 1964.

GENERAL BACKGROUND

2. Kenya Orchards Limited (hereinafter called the Respondent) was a member of the Grain Milling and Food Processing Employers' Association which was dissolved on 24th October 1963, and allowed individual members to enter into separate agreements with the Kenya Distributive and Commercial Workers' Union (hereinafter called the Union). Prior to 24th October 1963, terms and conditions for the employment of unionisable employees were regulated by an agreement dated 1st August 1962, between the aforesaid Grain Milling and Food Processing Employers' Association of which the Respondent was a member and the Union. There was a further amending agreement between these parties dated 21st August, which states:—

"With these amendments and additions to the agreement signed on 1st August 1962, it was agreed that the new comprehensive agreement should remain in force until 31st July 1963, or until such date as may be agreed."

There was further modification to these agreements as a result of findings of the Board of Inquiry appointed to inquire into relations between these parties and which sat in November 1962, and reported in January 1963.

The Respondent and the Union signed a recognition and negotiating procedure agreement on 5th December 1963. On 16th December 1963, the Union forwarded its proposals for improved terms and conditions of employment. The Respondent replied stating that the Union's demands were excessive and therefore protracted negotiations would have to take place before any agreement could be reached. There was mention of a grading scheme having been prepared although no basic minimum wage had been agreed. There ensued delays in arranging for discussions to commence, mainly due to lack of telephone communication at a time when management of the Company was occupied with overseas visitors but meetings between the parties took place on 27th January 1964, and 13th February 1964. Although these proved abortive, it prompted Respondent to come out with some proposals in reply to the Union's demands. Further discussions took place on 21st February 1964, and in the absence of further progress conciliation was proposed by the Union and agreed to by the Respondent. Miss M. F. Mbuya, of the Ministry of Labour, carried out conciliation proceedings and later reported deadlock on the issues in dispute. The matter was then notified to the Industrial Court.

MAIN SUBMISSIONS BY THE UNION

3. (a) *Wages*.—The Union based its original proposals on the nine grades as agreed between the now defunct Grain Milling and Food Processing Employers' Association and the Union. The Respondent's reply was not conducive to an agreement but extended the discussions. The Union, in order to avoid unnecessary delay, agreed to grading to be done later provided agreement was reached on wages and other matters. The Union in its endeavour to reach an agreement abandoned its original demand of Sh. 40 overall increase and asked for an increase of Sh. 20 only as an interim increase to wages. This was in line with the Union's arrangement with the other members of the Grain Milling and Food Processing Employers' Association. The Respondent did not go beyond an offer of Sh. 5 increase and Sh. 10 in a single ex-gratia payment in mitigation of the delay in reopening negotiations. The Union states that the offer of Sh. 5 is ridiculous and maintains that the Respondent is better off than Kenya Canners Ltd., as, besides canning, the Respondent also manufactures sweets and has a direct contract for selling them. The Union further wants the Respondent to take on monthly contract the casual workers, although this is not an issue in dispute. The Union states that a minimum wage of Sh. 200 should be determined and an overall increment of Sh. 40 should be awarded to all employees.

(b) *Housing.*—The Union states that the houses being provided by the Respondent at the Machakos factory are of very poor quality and very small. A sum of at least Sh. 12 is needed to get a bed-space at Mitatuni, about one mile from the factory. The Union maintains that it is not unreasonable to expect a housing allowance which is in line with the statutory allowances being paid to employees in the Nairobi and Machakos areas. The Union wants the housing allowance to vary in accordance with the various grades, rising with the salary.

(c) *Leave travelling allowance.*—The Union's demand is that every employee should be given a leave travelling allowance and let the employee decide where he wishes to spend his leave. The Union is opposed to the leave travelling allowance being paid to enable the employee to travel to the station nearest to his home. The Union's demand under this head ranges from Sh. 120 to Sh. 500 but the Respondent is not prepared to move up from the Sh. 2 per month which was awarded by Mr. W. C. Rodgers. The Union further states that all the other employers in the country pay a reasonable leave allowance and therefore the Respondent should fall into line with them.

(d) *Redundancy and severance pay.*—The Union's original claim was for one month's pay for every year of service to be given when an employee is declared redundant and his services are terminated as a result thereof, however, in order to compromise, the Union had come down to two weeks' pay for every year, and this the employer had rejected.

(e) *Maternity benefits.*—The Union has suggested to the Respondent that maternity leave should be considered as sick leave and the employee should be allowed to accumulate her leave for this purpose. The Union maintains that maternity leave is in accordance with an International Labour Organization Convention.

(f) *Effective date.*—The Union claims that any wage increase granted now should be back-dated to 1st August 1963, as there has been no agreement since 31st July 1963.

(g) *Limitation of allowances.*—The Union states that this issue is not understood properly and that in any case it is not possible to limit allowances.

(h) *Acting allowance.*—The Union claims that when an employee relieves another senior to him during the leave period he should be paid an acting allowance for such time as he works in an acting capacity and this allowance should be the difference in their salaries.

MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENT

4. (a) *Wages.*—The Respondent states that he is unable to contemplate a significant increase in the wage bill as even the reduced demand of Sh. 20 per month per employee would represent an increase of approximately 15 per cent which he could not afford. The Respondent's trading in the latter half of 1963 resulted in no profit and in the first half of 1964 a loss was incurred. The Respondent's purpose in offering Sh. 5 per month to all employees (and Sh. 10 in mitigation of delays in reaching agreement) was to assist the employees in meeting the slight increase in the cost of living since 1962 and in a genuine desire to negotiate. When this offer was made the Respondent was also aware of the implications of the Tripartite Agreement which has since increased the wage bill by nearly 10 per cent, without increasing productivity by a like amount. The Respondent does not deny the right of the Claimant to represent casual women employees but maintains that the present issues in dispute do not concern that class of worker.

(b) *Housing.*—The Respondent's factory lies at the foot of the Mua Hills, approximately six miles from Machakos Township on the road to Kangundo. The environs are utterly rural and can in no way be regarded as urban or even suburban. All but a few employees live in their own houses in the surrounding district. The Respondent submits that:—

(i) The present housing allowance ranging from Sh. 6 to Sh. 9 is adequate for the purpose for which it is used.

(ii) The claim for increased allowances is in fact a claim for additional emoluments, benefiting only those who live in their own houses.

(iii) The standard of housing provided is superior to that generally available in the district.

(c) *Leave travelling allowance.*—The Respondent states that when his employees' normal place of residence is in the vicinity of the factory there is no case for the payment of leave travelling allowance. The Respondent considers that when workers are recruited to work in places distant from their normal residence there is a good case to provide travel facilities or pay an allowance in lieu thereof, to allow the employee to return to his home at the time of his annual leave. The Respondent states that Sh. 2 per month is adequate and should be consolidated into the wage.

(d) *Redundancy and severance pay.*—The Respondent states the payment of severance pay is inevitably linked with Provident Funds and in view of the anticipated introduction of a National Security Scheme the Respondent believes that the scale of severance pay is a matter for guidance from the Kenya Government. In 1963 the Respondent when compelled to discharge redundant employees was guided by the more favourable rates laid down by the Tanganyika Government. The Respondent states that the present scale of severance pay should remain unchanged.

(e) *Maternity benefits.*—The Respondent is not able to entertain any claim under this heading.

(f) *Effective date.*—The Respondent disagrees with the Union's claim that any agreement reached should be retroactive to the 1st August 1963. The Respondent expects the terms of any agreement to be effective from the first day of the month in which the agreement is signed.

(g) *Limitation of allowances.*—The Respondent, mindful of the delays in negotiations caused by claims for allowances, proposed to the Claimant when attempting to resolve the claim for leave travelling allowance that, having consolidated this allowance into wages, there shall be no further allowances. The Respondent does not expect any restriction on the Union in future negotiations.

(h) *Acting allowance.*—The Respondent states that acting allowance should continue to be paid on the same basis as at present, that is to say, to be paid only when an employee relieves for more than 18 working days.

AWARD

5. After very careful consideration of all the points urged by both parties the Court awards as follows:—

(a) *Wages.*—Other members of the defunct Grain Milling and Food Processing Employers' Association agreed at the time of dissolution to an interim payment of Sh. 20 pending finalization of their grading schemes. The Court notes that in the case of the Respondent the Union did not claim this award simultaneously with the other members of the Association.

In consideration of this fact the Court awards an increment of Sh. 5 to be paid to all permanent unionisable employees as from 1st August 1963, and a further increment of Sh. 15 to be paid to all such aforesaid employees as from 1st January 1964. Those employees classed by the Respondent as "Juveniles" and who are on the permanent establishment shall also be entitled to these increases.

As this increase in wages is very closely linked with the grading exercise which is about to be completed the Court strongly recommends that on completion of the grading the matter should be referred back to the Court to adjudicate on the rate for the grades. The Court expects the job classification to be completed within six weeks of the date hereof.

(b) *Housing.*—The Court awards that all those employees who are not housed by the Respondent shall get a monthly house allowance of Sh. 12 as from 1st September 1964.

(c) *Leave travelling allowance.*—The Court finds that no increase is justified and therefore makes no award.

(d) *Redundancy and severance pay.*—The Court rules that the following rates shall apply with effect from the date of this award:—

| | |
|----------------------------------|-----------------------|
| One year's unbroken service .. | 2 weeks severance pay |
| Two years' unbroken service .. | 4 weeks severance pay |
| Three years' unbroken service .. | 6 weeks severance pay |
| Four years' unbroken service .. | 8 weeks severance pay |

From five years onwards the existing rates shall continue.

(e) *Maternity benefits.*—The Court rules that maternity leave shall be considered as "sickness", and the female employees who are on the permanent establishment shall be entitled to the balance of any sick leave given under the current terms and conditions of service and which is unexpired in the year of employment. Any further period of absence from a total of twelve weeks in respect of childbirth shall be without pay. The aforesaid female employee shall be entitled to this award after completion of one year of unbroken service.

(f) *Effective date.*—The Court makes no special award in this respect as the various issues in which an effective date is concerned carry the date of the award on that issue.

(g) *Limitation of allowances.*—The Court finds that no case has been made out for limiting any allowances.

(h) *Acting allowance.*—The Court finds that the present practice is fair and equitable and therefore makes no further award.

Made in Nairobi this 10th day of October 1964.

SAEED R. COCKAR,
President.

9. The grantee shall not subdivide the land.

10. The grantee shall not sell, transfer, sublet or charge the land or any part thereof except with the prior consent in writing of the President of the Rift Valley Regional Assembly; no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No. 2 has been performed.

11. The grantee shall not erect on the land any hoarding, placard, poster sign or advertisement except a notice advertising the presence and products of the grantee's business.
