## THE WATER ORDINANCE, 1951

(No. 56 of 1951)

IN TERMS of section 153 of the Water Ordinance the Permanent Secretary for Works, being a Water Undertaker for the purposes of the Ordinance, has made the following Regulations with the approval of the Minister for Agriculture, Animal Husbandry and Water Resources which are hereby published for general information. These Regulations come into force as from the date of publication of this notice.

## REGULATIONS FOR THE SUPPLY OF WATER FROM THE KINANGOP RING MAIN, MAINTAINED BY THE PERMANENT SECRETARY FOR WORKS

1. The Water (Undertakers) Rules, 1953, published under the Water Ordinance, 1951, together with any amendments or additions thereto shall apply to the Kinangop Ring Main Water Undertaking.

2. The Water Undertaker, upon application being received and duly accepted on the prescribed form and on payment of the estimated cost of the connexion being received in advance, will provide and lay a communication pipe with the necessary fittings from the main to the point in the premises occupied by the applicant, selected by the Water Undertaker with the concurrence of the applicant for the installation of the meter. If the actual cost of the works is greater than the estimated cost the Consumer will be required to pay the difference. If the actual cost is less than the estimated cost the Water Undertaker will credit the account of the Consumer with the difference. The communication pipe so laid shall be the property of, and shall be maintained free of charge by, the Water Undertaker.

3. Applications for the execution of works will, as a rule, be dealt with in the order of priority of date, but the Water Undertaker reserves the right to execute the work in the manner and at the time best suited to his convenience.

4. The right to the use of water supplies is limited to that required for the use of persons habitually occupying the said premises and for the requirements of the Consumer's trade or occupation. Water may not be conveyed by any means whatever for use outside the premises for which the connexion has been authorized and water may not be resold whether on or off the said premises unless permission has been issued by the Water Undertaker.

5. The Consumer shall be responsible for maintaining in good and efficient repair all fittings and pipe on the Consumer's side of the meter.

6. The Water Undertaker accepts no responsibility for any loss or damage suffered by a third party resulting from the service pipe or other works of the Consumer being out of repair or from any other cause connected with such service pipe or other works.

7. The Water Undertaker reserves the right to cut off water without notice in the event of unauthorized connexions being made to the service pipe or the meter being interfered with or in case water is being used or supplied to other than persons habitually occupying the premises to which the connexion is made.

8. The Water Undertaker shall have the right to inspect the service pipe and other works connected therewith, but such inspection shall be made, unless there is reason to the contrary, between the hours of 7 a.m. and 4 p.m. In the event of the consumer's portion of the installation being found to be out of repair and not repaired after reasonable notice has been given, the Water Undertaker reserves the right to cut off the water.

9. Consumers when vacating premises are required to inform the Water Undertaker so that the water supply to those premises may be cut off when the consumer is leaving, otherwise consumers will be charged until such time as the Water Undertaker may be informed.

10. The Consumer engages to inform the Water Undertaker if the supply to him is used or required for any purpose other than general agricultural and domestic purposes pertaining to the persons habitually occupying the premises.

11. All persons requiring a supply of water shall complete a printed agreement in which they undertake to be governed by the Water (Undertakers) Rules, 1953, and the Regulations of the Water Undertaker. The agreement shall specify the daily quantity of water required. Payment for this quantity must be made whether the water is used or not.

12. If premises are subdivided, the water allocated to those premises will have to be divided unless the Water Undertaker agrees otherwise. The additional cost of providing water services for a subdivision shall be the responsibility of the person subdividing.

13. A special minimum charge may be imposed or a special agreement may be entered into where a consumer cannot be supplied from an existing pipe in order to ensure a minimum economic return from a new pipe which may have to be installed.

14. A deposit may be required which shall be retained by the Water Undertaker for the period covered by a consumer's agreement as a security for the payment of an account by a Consumer. This deposit shall not exceed the cost of water for a normal quarter, as assessed by the Undertaker.

15. All charges shall be payable on demand. If any account is more than two months overdue, the water may be cut off and legal proceedings may be taken to recover any charge due.

16. Any change in the charges will be notified by public advertisement and also with the account preceding a change. There will be no change before 1st January, 1964.

17. The rates under (ii) in regulation 18 shall not apply unless the quantity allowed under (i) has been exceeded by 5 per cent or more. Where the excess over the agreed daily requirement is 5 per cent or more the whole excess will be charged for under (ii).

18. The following charges are leviable:—

(i) A fixed charge of Sh. 220 (two hundred and twenty shillings) per quarter for each thousand gallons of the agreed daily requirement. This charge will be payable quarterly in advance.

(ii) A charge by meter at the rate of Sh. 2/40 (two shillings and forty cents) per thousand gallons for any excess over the agreed daily requirement, subject to availability.

(iii) A meter rent chargeable quarterly in advance of—

Sh. 7/50 for sizes  $\frac{1}{4}$ -in. or smaller meters,

Sh. 9 for 1-in. meters;

Sh. 12 for meters over 1 in. and up to and including  $1\frac{1}{2}$  in.;

Sh. 15 for meters over  $1\frac{1}{2}$  in. and up to and including 2 in.

(iv) Sh. 10 for a special reading of a meter.

(v) Sh. 50 for cutting off the supply under regulation 15.

(vi) Sh. 50 for turning on the supply after it has been cut off. This does not apply to a first connexion, or to a new consumer.

(vii) A minimum charge for water at all connexions (exclusive of meter rent) of Sh. 80 per quarter.

(viii) When a meter is tested at the request of a consumer and it is found by test to show an error of not more than 5 per cent either way—

Sh. 15 for all meters up to and including a size of 1 in.;  
Sh. 25 for all meters over 1 in and up to and including a size of 2 in.

(ix) Except where otherwise indicated, charges as shown above will be made quarterly in arrears.

19. The Water Undertaker reserves the right, forthwith and without notice, to terminate the Agreement for any breach by the Consumer of the Regulations.

20. For the purpose of these Regulations, the Water Undertaker means the Permanent Secretary for Works or officers of the Ministry of Works acting on his behalf.

Approved.

Nairobi,  
3rd March, 1959.

MICHAEL BLUNDELL,  
Minister for Agriculture, Animal  
Husbandry and Water Resources.

## GAZETTE NOTICE No. 1205

THE CROWN LANDS ORDINANCE  
(Cap. 155)KERICHO—PLOTS FOR SHOPS, OFFICES AND FLATS; WORKSHOPS  
AND GODOWNS (EXCLUDING THE SALE OF PETROL)

THE Commissioner of Lands gives notice that plots in Kericho Township as described in the Schedules hereto are available for alienation and invites applications for the direct grant thereof.

2. A plan of the plots may be seen at the Public Map Office of the Survey Department, Nairobi, or at the office of the District Commissioner, Kericho, or may be had on application to the Director of Surveys, P.O. Box 30046, Nairobi, on payment of Sh. 3, post free, in respect of plots in Schedules I and II.

3. Applications should be submitted to the Commissioner of Lands, Nairobi, through the District Commissioner, Kericho, and should reach the latter not later than noon on the 22nd day of April, 1959.

4. Applications must not be sent direct to the Commissioner of Lands.

5. Applicants must enclose with their applications their cheque for Sh. 1,000 made payable to the Commissioner of Lands as a deposit which will be dealt with as follows:

(a) If the applicant is offered and takes up and pays for a plot within a period of 14 days as required in paragraph 5 of the General Conditions below the deposit will be credited to him.

(b) If the applicant is unsuccessful, the applicant's deposit will be returned to him.

(c) If the applicant is successful and fails to take up and pay for the plot within a period of 14 days as required in paragraph 5 of the General Conditions below the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto.

*General Conditions*

1. The ordinary conditions applicable to township grants of this nature shall apply except as varied hereby.

2. The grant will be made under the provisions of the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and title will issue under the Registration of Titles Ordinance (Cap. 160).

3. The grant will be issued in the name of the allottee as given in the letter of application.

4. The term of the grant will be for 99 years from the first day of the month following the notification of the approval of the grant.

5. Each allottee of a plot shall pay to the Commissioner of Lands within 14 days of notification that his application has been successful the assessed stand premium and proportion of annual rent, together with survey, conveyancing and registration fees (Sh. 220 and stamp duty approximately 2 per cent of the stand premium and annual rent). In default of payment within the specified time, the Commissioner of Lands may cancel the allocation and the claimant shall have no claim to the grant of the plot.

*Special Conditions*

1. The grantee shall erect for occupation within 24 months of the date of the commencement of the term a building of approved design on proper foundations constructed of stone, burnt brick or concrete with roofing of tiles or other permanent materials approved by the Commissioner of Lands and shall maintain such building in good and substantial tenantable repair and condition including the external paintwork during the continuance of the term.

2. The building shall not be erected until plans (including block plans showing the positions of the buildings and a system of drainage for disposing of sewage, surface and sullage water on the land), drawings, elevations and specifications thereof shall have been approved in writing by the Local Authority and the Commissioner of Lands. Such plans, drawings, elevations and specifications shall be submitted in quadruplicate to the Local Authority within three months of the commencement of the term.

3. The land shall not be used for the purposes of any trade or business which the Commissioner of Lands considers to be dangerous or offensive.

4. The grantee shall not subdivide the land.

5. The grantee shall not sell, transfer, sublet or charge the land or any part thereof except with the prior consent in writing of the Governor; no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No. 1 has been performed.

6. The grantee shall pay to the Commissioner of Lands on demand such initial sum as the Commissioner may estimate to be the proportionate cost of constructing all roads, drains and sewers serving or adjoining the land.

7. The grantee shall from time to time pay on demand such proportion of the cost of maintaining all roads, drains and sewer serving or adjoining the land as may be assessed.

8. Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

9. The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by the Government or any Local Authority upon the land or the buildings erected thereon, including any contribution or other sum payable by the Governor in lieu thereof.

10. The Governor or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignments of main or service pipes, or telephone or telegraph wires and electric mains.

11. No covenant, condition or requirement will be entered into, imposed or made whereby the ownership or occupation of the land or any part thereof is restricted to persons of a particular race or races or class or classes of race, or whereby such persons are excluded from such ownership or occupation.

*Additional Special Conditions in Respect of Plots in Schedule I*

1. The plots shall be used for shops and offices, or shops and flats or for shops, offices and flats. The erection of a petrol pump or pumps will not be permitted.

2. The grantee shall not at any time during the term of the grant erect buildings to cover more than 50 per centum of the plot or such lesser area as is laid down by the Local Authority's by-laws.

*Additional Special Conditions in Respect of Plots in Schedule II*

1. The plots shall be used for workshops and godowns only and shall not be used for a petrol service station or petrol filling station.

2. No residence will be allowed on the plots.

3. The grantee shall not at any time during the term of the grant erect buildings to cover more than 90 per centum of the area of the plot or such lesser area as may be laid down by the Local Authority's by-laws.

Dated at Nairobi this 23rd day of March, 1959.

## VACANCIES IN TANGANYIKA

## PUBLIC SERVICE COMMISSION

*Land Assistants—Lands and Surveys Department*

APPLICATIONS are invited for vacancies for Land Assistants in the Lands and Surveys Department, Tanganyika. The post carries the basic salary scale C5—3, i.e. £624 by £27 to £732: £825 by £33 to £924: £960 by £36 to £1,068 per annum. Serving officers on salary containing the inducement element will retain this element if appointed. Although the post is pensionable, the successful candidates will be appointed (unless they are already serving on pensionable terms in Government service) on contract providing for the payment of a gratuity at the rate of 13½ per cent of salary. Leave and passage privileges will be in accordance with the regulations.

Candidates must have had a good secondary school education. They should possess either experience in urban or rural estate management in a public service department or similar experience elsewhere or experience in an estate agent's office or experience in conveyancing or litigation in a solicitor's office.

The duties of the post consist of the management of Government's urban and rural land estates under the directions of the Land Officer, including preparation of conditions and advertisement for the granting of leases over Government land, examination of and reporting on tenders, inspection of farms and urban properties to ensure the execution of the terms of the lease; investigations into the irregular occupation of land. Successful applicants will be required to serve either at headquarters or in the provinces as the exigencies of the service may require. The duties at headquarters are confined to office work, but officers in the provinces must expect to undertake field work.

Applications should be forwarded to the Secretary, Public Service Commission, Private Bag, Dar es Salaam, to arrive not later than 27th April, 1959. Applications from serving Government officers should be accompanied by completed P/2 form and the comments of the head of department as regards the applicant's suitability for the post with a detailed confidential report. Applications from serving officers of other Governments should, in addition, be accompanied by details of the applicant's present terms of service (pension or contract), leave and passage terms, present salary and whether in the induced or basic scale. All other applicants should submit their applications in writing together with completed application form (T/1), which may be obtained from the Public Service Commission of Tanganyika, Uganda and East Africa High Commission, Nairobi.

*Elephant Control Officers—Game Department*

APPLICATIONS are invited for vacancies of Elephant Control Officers in the Game Department. The post carries the basic salary scale C5—3, i.e. £624 by £27 to £732; £825 by £33 to £924; £960 by £36 to £1,068 per annum. The post is non-pensionable and the successful candidate will be appointed on contract/gratuity terms providing for the payment of a gratuity at the rate of 13½ per cent of salary. Leave and passage privileges will be in accordance with regulations.

*Qualifications.*—Wide experience of life in the African bush and in particular the hunting of elephants.

*Duties.*—Selected candidates would be required to work in the Southern and Eastern Provinces under the direction of the Game Ranger in charge. The Elephant Control Officer would have a number of Game Scouts to assist him, and his work would entail driving elephants away from the vicinity of cultivation into remote areas, reducing their numbers where necessary. Most of the *safari* work will have to be done on foot.

Applications should be forwarded to the Secretary, Public Service Commission, Private Bag, Dar es Salaam, to arrive not later than 20th April, 1959. Applications from serving Government officers should be accompanied by a completed P/2 form and the comments of the head of department as regards the applicant's suitability for the post with a detailed confidential report. Applications from serving officers of other Governments should in addition be accompanied by details of the applicant's present terms of service (pension or contract), leave and passage terms, present salary and whether in the induced or basic scale. ## GAZETTE NOTICE No. 1216

CONDITIONS GOVERNING THE GRANTING OF  
SUBSIDIES FOR UNSUCCESSFUL BOREHOLES DRILLED  
BY BOREHOLE CONTRACTORS

IT IS hereby notified for general information that, with the object of encouraging the development of the ground-water resources of the Colony for agricultural purposes of all kinds, including the domestic purposes of the farmer, the Government has approved of the terms and conditions set out in this notice for the purpose of governing the grant of subsidies in respect of unsuccessful boreholes, with effect from the date of its publication.

## 1. For the purposes of these conditions—

"African farmer" means any member of the African races indigenous to the Colony engaged in farming an agricultural holding of not less than eight acres in extent;

"approved" means approved by the Chief Hydraulic Engineer;

"borehole" means a hole not less than 4 in. in diameter, lined or unlined, drilled in the crust of the earth by a mechanically operated appliance approved by the Chief Hydraulic Engineer;

"borehole contractor" means a person or firm licensed by the Water Apportionment Board as a borehole contractor;

"Chief Hydraulic Engineer" means the Chief Hydraulic Engineer of the Ministry of Works or his accredited representative;

"Co-operative Society" means a body corporate registered under the Co-operative Societies Ordinance whose members collectively farm not less than 20 acres of agricultural land;

"farmer" means any member (including a body corporate) of the European, Asian or Arab communities engaged in farming an agricultural holding of not less than 20 acres, and in the absence from the Colony of such a person, includes the agent or representative; it also includes a mortgagee in possession;

2. (i) Applications for the approval of a borehole site and the subsequent granting of a subsidy in the event of the borehole proving unsuccessful may be submitted by farmers, African farmers, or Co-operative Societies as defined in Condition 1 above, or by African District Councils. These applications should be submitted to the Chief Hydraulic Engineer on Form 245B.

(ii) In the case of a European, Asian or Arab farmer, each application must be supported by a recommendation from the appropriate agricultural sub-committee constituted in accordance with section 26 of the Agriculture Ordinance (No. 8 of 1955), and, in the case of an individual African farmer, a Co-operative Society or an African District Council, each application must be supported by a recommendation from the Land Development Board (Non-Scheduled Areas).

(iii) Each application shall be in respect of one borehole only and should be accompanied by the requisite fee of Sh. 100, which is not returnable.

3. Approval of a borehole site for subsidy shall be valid for one year from the date of approval. After expiration of one year the approval may be extended for further periods of one year at the discretion of the Chief Hydraulic Engineer, who may alter the conditions under which approval was previously given.

4. The number of boreholes approved for a subsidy which may be drilled on any one property shall be at the sole discretion of the Chief Hydraulic Engineer, after consultation, if necessary, with the agricultural sub-committee concerned, or the Land Development Board (Non-Scheduled Areas) and the Water Resources Authority.

5. Subject to the provisions of Condition 11 below, a subsidy will be payable on completion of a borehole only if all the following conditions are complied with:—

(i) The site of the borehole has been approved by the Chief Hydraulic Engineer, who shall have power to impose such conditions as he may think fit before approving such site prior to the commencement of drilling operations.

(ii) The borehole has been drilled by a borehole contractor as defined in Condition 1 above.

(iii) The borehole has been carried down to the minimum depth specified by the Chief Hydraulic Engineer which shall in no case be less than 150 ft. or where both a minimum and a maximum depth for subsidy has been specified by the Chief Hydraulic Engineer, the borehole has been carried down to the maximum depth or drilling abandoned at a depth equal to or greater than the minimum depth.

(iv) The borehole complies with any special conditions laid down by the Chief Hydraulic Engineer when the site was approved, including a permit from the Water Apportionment Board if required.

(v) The borehole qualifies for a subsidy on the basis of tested yield under Condition 6.

6. (i) The maximum subsidy payable shall be £900 or 75 per cent of the cost of the borehole, whichever is the less.

(ii) The full subsidy under (i) above shall be payable if the tested yield in gallons per hour is equal to or less than the minimum yield ( $Y_{\min}$ ) as given in the formula—

$$Y_{\min} = 70 + \frac{d}{5}$$

where  $d$  is the depth of the borehole to the nearest foot.

(iii) No subsidy will be payable if the tested yield in gallons per hour is equal to or greater than the limit yield ( $Y_{\lim}$ ) as given in the formula—

$$Y_{\lim} = 150 + \frac{d}{4}$$

(iv) Where the tested yield ( $Y$ ) lies between the minimum and the limit yield as defined in (ii) and (iii) above, the percentage subsidy payable in lieu of 75 per cent under (i) shall be—

$$\left( \frac{Y_{\lim} - Y}{Y_{\lim} - Y_{\min}} \right) \times 75$$

7. If a preliminary test shows that the yield of a borehole is such that a subsidy is payable under Condition 6, the Chief Hydraulic Engineer must be given 48 hours' notice in order to arrange to be present at a final pump test, the results of which will be used as the basis of a subsidy. The cost of drilling carried out below the maximum subsidy depth shall not be included in the cost of the borehole when calculating the subsidy payable.

8. The test pumping in connexion with any application for a subsidy must be carried out if necessary after development by surging, with the cylinder fixed not more than 20 ft. above the bottom of the borehole. Such test pumping shall, if the yield is less than the limit yield as defined in Condition 6 (iii), be of not less than eight hours' continuous duration. The quantity of water delivered shall be measured volumetrically in receptacles of known capacity or by such other method as the Chief Hydraulic Engineer may approve. Tests by bailer shall not be accepted except at the discretion of the Chief Hydraulic Engineer.

9. In the event of the Chief Hydraulic Engineer not being present at the final pump test, a certificate of the result of the test pumping, on form W.A.B. 28, shall be signed by the borehole contractor carrying out the drilling operations and shall be submitted to the Chief Hydraulic Engineer so as to reach him within 30 days of the date of completion of the boring operations.

10. (i) The Chief Hydraulic Engineer reserves the right to enter upon the land of an applicant for all or any of the following purposes:—

(a) Inspecting any borehole.

(b) Being present at the test-pumping operations.

(c) Taking a sample of the water.

(d) Carrying out a check test of the yield in respect of any borehole for which an application for a subsidy has been submitted.

(ii) Should the check test of the yield as made by the Chief Hydraulic Engineer and as approved personally by him exceed the tested yield as reported under Condition 9 to an extent which would lower the amount of subsidy payable, the applicant shall refund any excess subsidy which may have been paid.

11. Although the yield or the depth of a borehole may be such as to prevent its qualifying for the granting of a subsidy in accordance with the provisions of Condition 5 above, an application may nevertheless be submitted on the grounds that the quality of the water renders the borehole useless. In such a case the applicant shall submit, carriage paid, a sample of the water (not less than one half-gallon) in a suitable glass bottle or bottles, and shall furnish the Chief Hydraulic Engineer with full details of the steps taken to cut off the mineralized water. The sample or samples shall be clearly marked with the name of the applicant, the L.R. No. of the farm (or other description of the land on which the borehole is situated), and must reach the Chief Hydraulic Engineer at Nairobi within 30 days of the date of the test pumping and shall be accompanied by a fee of sixty shillings, which will be refunded if, in the sole opinion of the Chief Hydraulic Engineer, the quality of the water renders the borehole useless.

12. An existing borehole may be deepened and qualify for subsidy payment under the following conditions:—

(i) The tested yield prior to deepening must be less than the limit yield as defined in Condition 6 (iii).

(ii) The deepening must be approved in advance by the Chief Hydraulic Engineer who may require a minimum depth of further drilling.

(iii) The subsidy will be paid on the same conditions as for a new borehole, but the cost will be limited to the cost of deepening.

13. Notwithstanding anything contained in Conditions 5 and 11 above, the Chief Hydraulic Engineer shall have discretion to consider any application, the peculiar circumstances of which may, in his opinion, warrant it.

14. For the purpose of deciding whether a subsidy shall be granted, the measured yield and the quality of the water shall be those approved by the Chief Hydraulic Engineer, and in this connexion the Chief Hydraulic Engineer may at his sole discretion take into consideration any circumstances of which he is aware in approving the yield of the borehole.

15. The application for the payment of a subsidy in respect of an unsuccessful borehole must be submitted to the Chief Hydraulic Engineer within 30 days of the completion of boring operations, in form P.W.D. 346B correctly completed, supported by the original contract between the applicant and his borehole contractor, together with a certified copy of the account rendered by the contractor.

16. If the Chief Hydraulic Engineer is of the opinion that the cost of a borehole is excessive, he may, at his sole discretion, solely for the purpose of calculating the amount of subsidy, if any, payable, reduce the cost to an amount approved by him, and for this purpose he may deduct the cost of any casing left in a borehole.

17. Notwithstanding the fact that a borehole site may have been selected and/or approved by him, the Chief Hydraulic Engineer does not guarantee any successful result from boring operations. The boring shall, therefore, be entirely at the sole risk of the applicant.

18. The Chief Hydraulic Engineer accepts no responsibility whatever for any agreement made between the applicant and a borehole contractor, and will make no payment to such contractor nor become a party to any dispute. The undertaking, including the drilling, development and testing of the borehole, is entirely at the risk and expense of the applicant.

19. Notwithstanding that the yield of a borehole may decrease after the tested yield has been measured or that the quality of the water may deteriorate with time, no application for a subsidy will be considered unless it reaches the Chief Hydraulic Engineer within 60 days of the completion of drilling operations.

20. Any borehole contractor aiding or abetting an attempt to obtain a subsidy by understating the result of a pumping test or by giving false information about a borehole will be reported to the Water Apportionment Board with a view to the cancellation of his licence.

21. These conditions shall be effective as from the date of publication of this notice and any subsidy payable under these conditions is conditional upon this notice remaining in force. If at any time it is the intention of the Government either to introduce less favourable terms than those contained in this notice, or to discontinue completely the payment of subsidies for unsuccessful boreholes, six months' notice of such intention will be given.

22. The conditions notified in General Notice Nos. 1141 and 1142 dated 26th May, 1953, are hereby withdrawn. All applications made or approved under General Notice No. 1142 for sites not yet drilled will be dealt with in accordance with these conditions.

23. In the case of disputes arising out of the interpretation of these conditions the decision of the Chief Hydraulic Engineer shall be accepted as final.

Nairobi  
24th March, 1959.

*Chief Hydraulic Engineer.*

## GAZETTE NOTICE NO. 1221

## THE TRADE MARKS ORDINANCE, 1955

(No. 51 of 1955)

IT IS hereby notified for general information that the following has been registered as the Registered User of the Trade Mark No. 6743 in Class 44 (Schedule II and entered in the Register in respect of the goods state.

*Registered proprietor.*—The Coca-Cola Export Corporation, a corporation of the State of Delaware, of 515, Madison Avenue, New York City, State of New York, United States of America.

*Registered user.*—Kenya Bottlers Limited, Bottlers of Station Road, Mombasa.

*Address for service.*—c/o Messrs. Kaplan and Stratton, advocates, P.O. Box 111, Nairobi.

*Conditions or restrictions.*—

(1) The permitted use of the trade mark is to be only in relation to bottled non-alcoholic beverages prepared from beverage bases and/or syrups supplied to the registered user by the registered proprietor, or by parties designated from time to time by the registered proprietor, and in accordance with formulae, processes, standards and instructions given by the registered proprietor from time to time to the registered user, and not otherwise.

(2) The permitted use of the said trade mark "FANTA" in relation to the bottled non-alcoholic beverages is to be subject to the right of the registered proprietor to inspect the beverages, the methods of preparing the same, and the process of bottling on the premises of the registered user, and the right to take samples of the said beverages from time to time.

(3) The permitted use of the said trade mark "FANTA" in relation to bottled non-alcoholic beverages shall not extend to the whole of Kenya, but shall be confined only to a territory therein, which is defined as follows:—

A.—The town of Mombasa and all the area lying within a radius of 30 miles measured from the intersection of Kilindini Road and Salim Road in Mombasa.

B.—The villages of Malindi and Shimoni and the intervening area lying along the coastline within five miles of the coast, but excluding that portion lying within a radius of thirty miles from the intersection of Kilindini Road and Salim Road in Mombasa.

The villages of Voi and Mwatate and all outlets along the main Nairobi/Mombasa road between these two villages and a point thirty miles from the intersection of Kilindini Road and Salim Road in Mombasa; also the village of Lamu and all those outlets along the coastline between the villages of Lamu and Malindi within five miles of the coast.

The area described under A above is the registered user's permanent territory, while the areas described under B above are temporary territories which may be subtracted at any time from the territory without affecting the permanent territory A.

Additional areas may from time to time be added as permanent or temporary territory, not being an area in respect of the whole or part of which some other registered user of the registered proprietor's trade mark is already registered, or enjoys rights of permitted use, and such may also be subtracted from the territory.

(4) Subject to the foregoing, the proposed permitted use is without fixed limit of period for as long as the agreement between the registered proprietor and the registered user, identified in the Declaration and the Statement of Case accompanying this application, remains of full force and effect.

(5) The registered user shall enjoy the sole right of permitted use of the said trade mark in relation to bottled non-alcoholic beverages within the territory as above-defined, and from time to time constituted in accordance with such definition, but the registered proprietor reserves the right to appoint other registered users of its said trade mark for parts of Kenya not included in the territory reserved to the registered user as above-defined.

Trade Mark No. 6743 in Class 44 (Schedule II)—FANTA.—

## TOWNSHIP OF MALINDI

## ASSESSMENT RATES, 1959

PURSUANT to the provisions of section 34 of the Local Government (Valuation and Rating) Ordinance, 1956, I hereby give notice to all persons interested that the Malindi Township Authority has fixed and levied a rate for the Malindi Township for the year 1959 on unimproved site value only of 1 per centum.

The above rates shall become due and payable at the Malindi Township Office on 1st July, 1959. Under section 35 (3) of the Ordinance the Township Authority is empowered to charge and collect interest on arrear assessment rates at a rate not exceeding 1 per centum per mensem or part thereof. Such interest will be payable from 1st August, 1959.

Assessment rates are a debt to the Township Authority and whilst every effort will be made to deliver to every person liable an advance stating the amount due, failure so to deliver will not be held to absolve any debtor from any liability or penalty attaching to non-payment.

Malindi,  
19th March, 1959.
