GAZETTE NOTICE NO. 4570

THE INDUSTRIAL COURT

CAUSE NO. 72 OF 1995

Parties:

Railways Workers' Union (K)—(Claimants)
and
Kenya Railways Corporation—(Respondents)

Issues in dispute:

1. Salaries.
2. Mileage Allowance.
3. Housing.
4. Disturbance and Separation Allowance.

G. Ororo Obura, advocate for the claimants (hereinafter called "the Union") and Tom Okundi, advocate for the respondents (hereinafter called "the Corporation").

AWARD

1. Salaries:

IN their report at pages 16 and 17, the C.P.U. have stated that the additional cost implication on this item will be KSh. 143.7 million, and although the Corporation is "able to pay", but "it will be very unfortunate if a small number of employees are to absorb half of the surplus created by the entire Corporation leaving nothing or very little for other users". The court has not to date had the advantage of receiving the report of the independent consultants on the job evaluation for scrutiny, hence the delay in releasing this award. I can, therefore, assume that the job evaluation report is not forthcoming. Be that as it may, a wage or salary structure will not be acceptable, and indeed it will be inequitable, unless it is based on job groups which can only emerge from systematic job grading. All jobs in a company or establishment should be evaluated to determine their appropriate level in the hierarchy. It is only when this has been done that the incumbent of the job can be equitably remunerated for the job he is doing. Different organizations use different methods in establishing their wages and salary structures, and one of these

methods is the salary grade system in which salary changes are essentially related to the merit of the individual employee. It is only fair that those who contribute most should expect the most. To do otherwise would be inequitable.

A good salary scale, therefore, should be the one which takes account of individual effort, skill, responsibility, conditions of work and what is being paid for similar jobs in comparable industries, otherwise most employees will be dissatisfied and leave. In order to achieve these aims most salary plans are built around job gradings.

Keeping in view the foregoing and taking into account the agreement between the parties ("Annexure 'A'") and the nature of their job, I am of the opinion that the locomotive drivers deserve a reasonable salary adjustment in their salaries and a separate scheme of service. The court, however, finds that the demand by the union is very much on a higher side. In the circumstances, I am inclined to award to the locomotive drivers additional salary increase of 25 per cent, across the board for the period 1st January, 1996 to 31st December, 1997, and also recommend that a separate scheme of service for them be introduced forthwith. I so order.

2. Mileage Allowance:

On careful reading of the detailed and exhaustive analysis of this issue by the C.P.U. at pages 8 to 11 of their report, I concur with them that it is almost impossible for a locomotive driver to achieve the 3,000 km. minimum qualifying distance per month. This being the position, I award that the minimum qualifying distance be reduced from 3,000 km. to 2,000 km.; payable at the rate of KSh. 1.50 per kilometre covered on duty.

The demand on messing or meal allowance is not an issue in this dispute, and for this reason the same is rejected as untenable.

3. Housing:

The C.P.U. report shows that out of 349 locomotive drivers, 228 are housed and 121 are not. However, it is stated that most of the houses are inhygienic and lack basic sanitary facilities, e.g. Muthurwa in Nairobi, Makupa and Shimanzi in Mombasa, Ziwanji and Kisalilisi in Nakuru and Upper Estate in Kisumu.

The Employment Act, Cap. 226, provides in section 9 that—

"Every employer shall at all times, at his own expense, provide reasonable house accommodation to each of his employees either at or near to the place of employment, or shall pay to the employee such sufficient sum, as rent, in addition to his wages or salary, as will enable the employee obtain reasonable accommodation".

This demand by the Union is for provision of living quarters near the place of work; but notwithstanding the foregoing, they must appreciate that it is not possible to compel the Corporation to allocate quarters to the locomotive drivers like the running staff and shift employees because of several factors, e.g. seniority and exigencies of work, have to be taken into consideration for this purpose. Majority of the locomotive drivers are housed and the Corporation have agreed to improve or phase out the existing quarters in order to construct suitable modern blocks or flats. No specific instance of discrimination or of any injustice against the locomotive drivers has been brought on the record. For these reason I reject the demand.

Before I part with this issue, I would, however, direct the Corporation to take urgent corrective measures to improve the housing facilities to acceptable standards consistent with the maintenance of human dignity within a period of six (6) months from the date of this award.

4. Disturbance and Separation Allowance:

No specified amount or evidence has been claimed or produced by the Union to support this allowance. It is not, therefore, possible to give any definite direction to the Corporation because the demand is vague and it stands rejected.

Dated and delivered at Nairobi this 4th day of May, 1998.

Judge.
