The lessee shall, within six (6) calendar months of the actual registration of the lease submit in triplicate to the local authority and the Commissioner of Lands plans, (including block plans showing the positions of the buildings and system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the lessee proposes to erect on the land and shall, within twenty-four (24) months of the actual registration of the lease, complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner of Lands:

Provided that notwithstanding anything to the contrary contained in or implied by the Government Lands Act, if default shall be made in the performance or observance of any of the requirements of this condition it shall be lawful for the Commissioner of Lands or any person authorized by him on behalf of the President to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term hereby created shall cease but without prejudice to any right of action or remedy of the President or the Commissioner in respect of any antecedent breach of any condition herein contained.

3. The lessee shall maintain in good and substantial repair and condition all buildings at any time erected on the land.

4. Should the lessee give notice in writing to the Commissioner of Lands that he is unable to complete the buildings within the period aforesaid, the Commissioner of Lands shall (at the lessee's expense) accept a surrender of land comprised herein:

Provided further that if such notice as aforesaid shall be given—

- (a) within twelve (12) months of the actual registration of the lease, the Commissioner of Lands shall refund to the lessee fifty (50) per cent of the stand premium paid in respect of the land; or
- (b) at any subsequent time prior to the expiration of the said building period, the Commissioner of Lands shall refund the lessee twenty-five (25) per cent of the said stand premium; or
- (c) in the event of notice being given after the expiration of the said building period, no refund shall be made.

5. The land and buildings shall only be used for purposes indicated in the schedule.

6. The buildings shall not cover less or more of the land or such lesser area as may be laid down by the local authority in its by-laws (as indicated in the schedules).

7. The lessee shall not subdivide the land without the prior consent written in writing of the Commissioner of Lands.

8. The grantee shall not sell, transfer, sublet, charge or part with the land or any part thereof or any building therein except with the prior consent in writing of the Commissioner of Lands. No application for such consent (except in respect of a loan required for building purposes) will be considered until special condition No. 2 has been performed.

9. The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner of Lands may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall, on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven (7) days of demand) or be refunded the amount by which the actual proportionate cost either exceeds or falls short of the amount paid as aforesaid.

10. The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner of Lands may assess.

11. Should the Commissioner of Lands at any time require the roads to be constructed to a higher standard, the grantee shall pay to the Commissioner of Lands, on demand, such proportion of the cost of such construction as the Commissioner of Lands may assess.

12. The grantee shall pay rates, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or local authority upon the land or buildings erected thereon including any contributions or other sum paid by the President of the Republic of Kenya in lieu thereof.

13. The President of the Republic of Kenya or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and have access to water mains, service pipes and drains, telephone or telegraph wires and electrical mains of all descriptions whether overhead or underground and the grantee shall not erect any buildings in such a way as to cover or interfere with any existing alignments of mains or service pipes or telephone or telegraph wires and electric mains.

14. The Commissioner of Lands reserves the right to revise the annual ground rent payable hereunder after the expiration of every ten (10) years of the term. Such rental shall be at a rate to be determined by the Commissioner of Lands of the unimproved value of the land as at the end of every tenth (10th) year of the term.
