## GAZETTE NOTICE NO. 880

THE INDUSTRIAL COURT  
CAUSE NO. 45 OF 1985

*Parties:*  
 Kenya Shoe and Leather Workers' Union  
 and  
 Orbit Sports Limited

*Issue in dispute:*

- (a) Annual paid leave; (b) Transportation; (c) Hours of work;
- (d) Housing allowance; (e) Long service award; (f) Wages;
- (g) Minimum productivity and incentives; and (h) Effective date and duration.

THE Kenya Shoe and Leather Workers' Union shall hereinafter be referred to as the claimants and Orbit Sports Limited shall hereinafter be referred to as the respondents.

2. The parties appeared in this court on 5th September, 1985 and they requested for more time to negotiate among themselves. Out of 17 issues that they had brought to court, they agreed on their own on 9 issues leaving the remaining aforesaid 8 issues in dispute. The court arranged with the parties' consent for hearing this dispute on 28th November, 1985, but the claimants asked for an adjournment and this dispute was then heard on 4th February, 1986.

## AWARD

3. The notification of Dispute Form "A" dated 28th December, 1984, duly signed by the parties, was received by the court on 6th May, 1985, together with the statutory certificate signed by the Labour Commissioner.

The dispute before the court has risen as a result of the parties attempt to revise their latest collective agreement which was in force with effect from 1st June, 1982 for a period of two years expiring on 31st May, 1984. The respondents have 321 permanent unionizable employees in their service.

The claimants are demanding annual paid leave of 26 days and that Saturday should not be counted as a working day. The respondents would like the current annual paid leave entitlement of 24 days and Saturday to be counted as a working day to be maintained.

The claimants are also demanding that in case there is an urgent order in the month of December, when the employees are supposed to be going on leave and are asked to stay behind, they should be given a token payment of KSh. 300 when they are so asked to stay behind.

On the issue of transportation the claimants demand that the respondents should avail a vehicle to transport workers to and from the company to a designated place. The respondents reject this demand.

On the issue of hours of work the claimants want to introduce a subclause (b) that lunch should be provided to all employees. The respondents have also rejected this demand.

On the issue of house allowance the claimants demand that the current house allowance of KSh. 185 should be increased to KSh. 350. The respondents proposed a 12 per cent increase on the current house allowance.

On the long service award, the claimants are demanding that if an employee has worked for 15 years he/she should qualify for a retirement benefit which should be based on the formula as for severance pay (as per their demand on redundancy). The respondents reject this demand.

In regard to the wages, the respondents have offered from KSh. 0.700 an increase of 10.6 per cent and over KSh. 700 an increase of 7.8 per cent and further that the increase should be on individual salaries of the workers. They would like the effective date to be the date of the award. The claimants are demanding a wage increase of 20 per cent each year and would like the effective date to be 1st June, 1984.

On the issue of minimum productivity and incentives, the claimants are demanding that the number of balls produced per day should be reduced from  $2\frac{1}{2}$  to 2 balls. The workers should be given incentives, that is, if an employee has produced two balls and it is not yet 4.30 p.m. he/she can be allowed to start on another ball and be paid for the extra ball. The respondents would like to maintain the current rate of production and not to introduce any incentives.

The court would now like to examine the parties submissions on their respective demands on the aforesaid issues.

The respondents have pleaded that the company is making only modest production. They don't have a monopoly of supply-

ing footballs in Kenya as there are imported balls that are being used here. They were not awarded the Kenya School Equipment Scheme tender for footballs. They haven't been able to increase the prices for the three years while production costs have been going up.

The claimants bitterly attacked the respondents, both verbally and in written submissions, on the negative attitude they have taken while negotiating. They pointed out that the employees wages are very low and so they would like to bring them up. They feel that the respondents are capable of paying wages higher than the workers entitlement under the guidelines.

The court, after careful consideration of all the points made by the parties, makes the following awards:

1. *Annual paid leave:*

The court has considered the fact that in the parties' collective agreement the clause on "hours of work" it is stated that the normal working hours shall be 40 hours spread over five days of the week, Monday to Friday.

In view of the above, the court awards that the annual paid leave should remain at 24 working days but Saturdays should not be counted as working days with effect from 1st June, 1985.

On the demand of KSh. 300 token payment when there is an urgent order, the court finds no merit in the claimants' demand as the employees don't lose their days of leave entitlement.

2. *Transportation:*

The court notes that the normal working hours are between 8 a.m. and 4.30 p.m. As the respondents do not operate or shifts, the court rejects the claimants demand. But they can raise it up in future negotiations if and when shift work is introduced by the respondents. The claimants should realize that the cost of such a demand can easily run into KSh. 1 million per year.

3. *Hours of work:*

The court finds no merit in the claimants demand, and rejects it. The question of requiring the respondents to provide free lunches to all their employees (which is the demand under this item) is really a welfare matter on which the parties can have mutual consultations but the claimants are not entitled to ask for an award to be made on such an item under the circumstances of this dispute.

4. *Housing Allowance:*

The court awards that housing allowance should be adjusted to KSh. 250 per month with effect from the effective date of this award. In making this award the court has relied on Guideline V.

5. *Long Service Award:*

The court has carefully considered this issue and finds that the claimants are not at all sure of what they want. Due to this the court has decided to make a nil award on this item.

6. *Wages:*

The court awards a wage increase of 12 per cent each year for those earning upto KSh. 700 per month and over KSh. 700, 10 per cent each year. The percentage increases should be based on workers individual salaries.

7. *Minimum Productivity and Incentives:*

The court notes that to make  $2\frac{1}{2}$  balls it takes an average of about  $7\frac{1}{2}$  hours and the normal working hours are eight. Moreover once again the claimants were confused on their demand under this issue and could not quite put forward what they were really after.

In view of the above, the court awards that the current provision on minimum productivity should continue and rejects the claimants demand on incentives.

*Effective Date and Duration:*

The court rejects the respondents demand that the effective date should be the date of the court award and rules that the effective date should be 1st June, 1984, and it should remain in force for a period of two years from that date.

Dated in Nairobi the 19th February, 1986.

## THE INDUSTRIAL COURT

## CAUSE No. 132 OF 1985

## Parties:

Kenya Engineering Workers' Union  
and  
Steel Billet Castings Limited

## Issue in dispute:

Implementation of General Wage Clause and Minimum Wage.

THE Kenya Engineering Workers' Union shall hereinafter be referred to as the claimants and Steel Billet Castings Limited shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi on 6th February, 1986 and in addition to relying on their written and verbal submissions called the undermentioned witness to give evidence on oath.

**Respondents:** Mr. S. Johnson.

## AWARD

3. The Notification of Dispute Form "A" dated 9th July, 1985, duly signed by the parties, was received by the court on 4th November, 1985, together with the statutory certificate signed by the Labour Commissioner.

The claimants informed the court that the parties to this dispute voluntarily negotiated and concluded a collective bargaining agreement on 29th May, 1984. This agreement conformed to the existing wage guidelines and as a result it was registered on 12th July, 1984 by the court as R.C.A. No. 165 of 1985.

However, the claimants were later surprised by the respondents action when the respondents decided to base their calculations of the 20 per cent wage increase on the previous minimum of KSh. 488 per month instead of the agreed new minimum wage of KSh. 576 per month. The claimants pointed out that it had been agreed by both parties to pay a new minimum wage of KSh. 576 per month with effect from 1st January, 1984.

The claimants went further to state that they were appalled by the report of the I.M.P.D. which they considered unsatisfactory and left a lot to be desired. The claimants, therefore, requested the court to ignore it and award the claimants the 20 per cent general wage increase based on the KSh. 576 per month. The calculations will then follow accordingly both for the first and second year respectively.

The respondents in reply stated that the parties entered into a collective bargaining agreement after protracted negotiations after which an agreement was reached at conciliation level. The respondents offered a wage increase of 20 per cent on the employees basic wages as at 31st December, 1983 and a further increase of 17 per cent as at 1st January, 1985. The formula to be adopted and the offer made by the respondents was that the existing employees wages as at 31st December, 1983, be increased by 20 per cent. A minimum wage was also set for any new employees who would join the company on or after the 1st January, 1984, which was to be 20 per cent higher than the statutory minimum. The claimants' demand would imply a wage increase for the employees in service as at 31st December, 1983, of 40 per cent and above, which is far from what the respondents actually offered. The respondents further wish to point out that considering the fact that they had asked for consent to declare, redundancy as they had made enormous losses, it was impossible that they would have given such huge wage increases in any case. The respondents feel that they calculated the wages and implemented the general wages and the minimum wages clauses rightly and in accordance with what had been agreed upon. In view of the above, the respondents ask the court to reject the claimants demand as stated above.

The court has carefully considered all aspects of this dispute and finds it difficult to believe that the claimants tricked them in signing the relevant part of this collective agreement as it is worded as was claimed by the respondents' witness. During this hearing certain documents were presented as exhibits including a draft of the collective agreement which reads:

*Clause 1—Wages Increase*

"All employees covered by this agreement shall receive a general wages increase of 20 per cent of their basic wages as

at 31st December, 1983. This wage increase will be effective from 1st January, 1984. They will receive a further increase of 17 per cent of their basic wages as at 1st January, 1985".

It is interesting to note that in the above clause the words "covered by this agreement" and, "as at 31st December, 1983", were deleted by the parties and the deletions were initialled by them. In view of this clear out evidence the court has no alternative but to find that the claimants interpretation of this clause is correct and the respondents have wrongly implemented the "wages increase" clause of the collective agreement.

The court accordingly awards in favour of the claimants that 20 per cent increase was to be on the new basic minimum or if an employee was above that then on the employees personal salary and the respondents should, therefore, rectify the mistakes they have made and pay all the employees affected their arrears within three months of the date of the court award.

GAZETTE NOTICE No. 884

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this gazette, lodge notice of opposition on Form TM. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

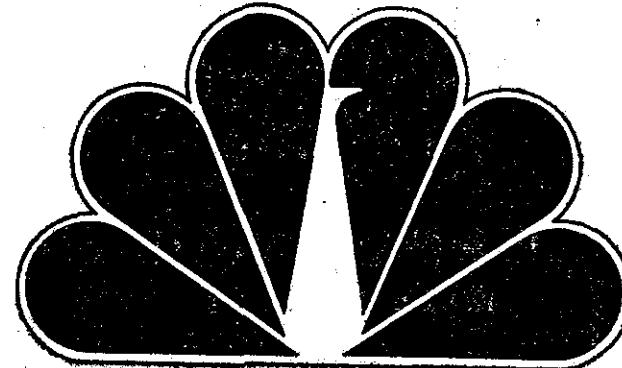

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Application for part B are distinguished by the letter B prefixed to the official number.

### **IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette*, *Supplements*, etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are therefore submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain a minimum of alterations.

Particular attention should be paid to the following points:

- (i) Signatures must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
