GAZETTE NOTICE NO. 6282

THE INDUSTRIAL COURT OF KENYA

CAUSE NO. 53 OF 2000

Parties:

The Kenya Union of Commercial Food and Allied Workers
and

The Standard Chartered Bank of Kenya

Issue in Dispute:

Dismissal of Millicent Nyaranga.

THE Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the claimants and Standard Chartered Bank of Kenya shall hereinafter be referred to as the respondents.

2. The notification of dispute Form "A" dated 2nd February, 2000 duly signed by the parties was received by the court on 11th May, 2000 together with the statutory certificates signed by the Minister for Labour and the Labour Commissioner.

AWARD

The parties to this dispute were heard by the court on 16th January, 2000, 21st March, 27th and 28th June, 2001, respectively. Although the parties intended to call witnesses to testify on this dispute only the grievant, Millicent Nyaranga testified before the parties reached a compromise on the dispute.

The court sees no need to dwell on what the parties told the court during the hearing as this is not relevant since the parties were able to settle the dispute at their own level and lodged an agreement with the court on 17th January, 2002 dated the same day and duly signed by the parties representatives and the grievant herself.

As prayed for by the parties and as per the parties agreement dated 17th January, 2002 the court awards as follows:

1. The dismissal of Millicent Nyaranga be reduced to normal termination.
2. That she be paid as follows based on salary at the date of termination—

(a) One months salary in lieu of notice.

(b) Accrued leave, if any.

(c) Overtime, if any.

3. That in addition, she be paid—

(a) Employers pension contribution at the time of termination.

(b) An ex-gratia payment equivalent to ten months salary at the time of termination.

Dated the 17th January, 2002.

S. R. COCKAR,
Judge.

CENTRAL BANK OF KENYA
ACCOUNTING POLICIES FOR THE YEAR ENDED 30 JUNE, 2002

The principal accounting policies adopted in the preparation of these financial statements are set out below:

(a) Basis of preparation and form of preparation

(i) Basis of preparation

The financial statements are prepared in accordance with International Accounting Standards (IAS). The financial statements are presented in millions of Kenya shillings (KShs million) and are prepared under the historical cost convention as modified by the revaluation of certain financial instruments.

(ii) Form of presentation

In exceptional circumstances, as allowed by Section 36 of the Act, the Bank may act as the "lender of last resort" to financial institutions in difficulty in order to prevent a loss of confidence in spreading through the financial system as a whole. In some cases, confidence can best be sustained if the Bank's support is disclosed only when the conditions giving rise to potential instability in the economy have improved. Although the financial effects of such operations are included in the financial statements of the Bank, these statements may not explicitly identify such support.

CENTRAL BANK OF KENYA

ACCOUNTING POLICIES FOR THE YEAR ENDED 30 JUNE 2002—(Continued)

(b) *Revenue recognition*

Income is recognised in the period in which it is earned. Income is not accrued if its recoverability is considered doubtful.

(c) *Translation of foreign currencies*

Transactions in foreign currencies during the year are converted into Kenya Shillings at rates ruling at the transaction dates. Assets and liabilities at the balance sheet date which are expressed in foreign currencies are translated into Kenya Shillings at rates ruling at that date. The resulting differences from conversion and translation are dealt with in the profit and loss account in the year in which they arise.

(d) *Employee benefits*

The Bank's employees are eligible for retirement benefits under a defined benefit plan provided through a separate fund. The defined benefit plan is funded by the Bank and the Deposit Protection Fund Board, a related party.

The Bank's net obligation in respect to the plan is calculated by estimating the amount of future benefits that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine the present value and the fair value of any plan assets is deducted. The calculation is performed by a qualified actuary using the Projected Unit Credit Method.

Where the calculation results in a benefit to the Bank, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reduction in future contributions to the plan. Actuarial gains and losses are charged to the profit and loss account over the remaining working lives of the employees participating in the scheme.

The Bank also makes contributions to a statutory pension scheme, the National Social Security Fund (NSSF). Contributions to the scheme are determined by local statute and are shared between the employer and employee.

The Bank also provides free medical treatment to its entire staff and their children.

The estimated monetary liability for employees' accrued leave entitlement at the balance sheet date is recognised as an expense accrual.

(e) *Property and equipment*

Items of property and equipment are stated at purchase price less accumulated depreciation.

Depreciation is computed on the straight line basis over the estimated useful lives of the assets at the following rates:

Land and building	10%
Motor vehicles, furniture and equipment	50%

(f) *Financial assets and liabilities*

The Bank presents financial assets and liabilities, and the associated income and expense streams, by distinguishing between foreign currency and local currency activities. Foreign currency activities mainly arise from the Bank's foreign reserves management function. Local currency activities mainly reflect the assets and liabilities associated with monetary policy implementation, issuance of currency in circulation and banking activities.

The separate reporting of these activities, is considered to provide a better presentation of the Bank's financial position, financial performance and risk profile.

All financial assets and liabilities are recognised on a trade date basis. The purchases and sales of financial assets and liabilities are recognised from the date the Bank commits to purchase/ sell the financial instrument.

(i) *Investment securities*

Investments in securities include debt securities which management intends to hold until maturity and are stated at cost adjusted of amortisation premiums and discounts over the period to maturity. To determine amortised cost, investments are grouped into their respective currencies and only if the group cost is lower than recoverable amounts a provision is made against that group. Interest and discounts earned on investment securities are reported as interest income.

(ii) *Currency in circulation*

Currency issued by the Bank represents a claim on the Bank in favour of the holder. The liability for currency in circulation is recorded at face value in the Balance Sheet.

(iii) *Repurchase and reverse-purchase transactions*

Securities issued by the Bank for monetary policy operations with an agreement to repurchase are disclosed in the balance sheet as liabilities and are stated at sales price. The difference between the sales price and the face value (repurchase price) represents interest expense and is accrued and amortised over the term of the contract.

(iv) *Other assets and liabilities*

The following financial assets and liabilities are valued and recognised in financial statements at transaction date value:

- Loans and advances
- Deposits

CENTRAL BANK OF KENYA
ACCOUNTING POLICIES FOR THE YEAR ENDED 30 JUNE 2002—(Continued)

(g) Loans and provisions for loans impairment

As the lender of last resort, the Bank may grant loans or advances for fixed periods not exceeding six months to commercial banks that pledge Government securities specified by the Bank.

In its capacity as the fiscal agent and banker to the Government, the Bank may make direct advances to the Government for the purpose of offsetting fluctuations between receipts from the budget revenue and the payments of the Government. The total amount of advances to the Government outstanding shall not exceed five percent of the gross recurrent revenue of the Government as shown in the Appropriation Accounts for the latest year for which those accounts have been audited by the Controller and Auditor-General.

The Bank also operates a staff loans scheme for its employees for the provision of facilities such as house and car loans.

The Bank determines the terms and conditions for granting of the above loans with reference to the prevailing market interest rates and may determine different rates for different classes of transactions and maturities.

Specific provisions for doubtful debts are made in respect of advances. The provisions are based on periodic evaluations of advances and take account of past loss experience, economic conditions and estimated value of any underlying collateral and are charged to the profit and loss account.

When a loan is deemed uncollectable, it is written off against the related provision for impairments. Subsequent recoveries are credited to the income statement if previously written off.

(h) Cash and cash equivalents

For purposes of presentation of cash flows in the financial statements, cash and cash equivalents consist of balances held in current accounts and term deposit and investments in foreign treasury bills and gold holdings.

(i) Taxation

No provision for tax is made as Section 7 of the Act exempts the Bank from any taxation imposed by law in respect of income or profits. This exemption includes stamp duty in respect of instruments executed by or on behalf of the Bank.

(j) Dividends Payable

Dividends are recognised as a liability in the period in which they are declared. Proposed dividends are disclosed as a separate component of equity.

(k) Comparatives

Where necessary, comparative figures have been adjusted or extended to conform with changes in presentation in the current year.

GAZETTE NOTICE NO. 6386

THE TRADE MARKS ACT
(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 1,500 (local application) or US\$ 75 (foreign application).

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, Kenya Industrial Property Office, Weights and Measures Building, Kapiti Road, off Mombasa Road, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.
