NOTICE is hereby given that the medium-density residential plot, as described in the Schedule hereto, is available for alienation and applications are invited for the direct grant thereof.

2. A small trigonometrical beacon in the form of a concrete pillar is situated close to one boundary of the plot and must not be removed. The beacon will not interfere with the siting of buildings. A plan of the plot may be seen at the office of the District Commissioner, Kisumu.

3. Applications should be submitted to the Commissioner of Lands, Nairobi, through the District Commissioner, Kisumu, and must reach the District Commissioner's office not later than noon on the 13th day of March, 1959.

4. Applications must not be sent direct to the Commissioner of Lands.

5. Applicants must enclose with their application their cheque for Sh. 1,000 drawn on their own banking account (no other cheques will be accepted) as a deposit, which will be dealt with as follows:—

(a) If the applicant is offered and takes up and pays for the plot within a period of seven days as required by General Condition No. 1 below, the deposit will be credited to him.

(b) If the application is unsuccessful the applicant's deposit will be returned to him.

(c) If the application is successful and the applicant fails to take up and pay for the plot offered to him within a period of seven days as required by General Condition No. 1 below, the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto.

(a) General Conditions

1. The allottee of the plot shall pay to the Commissioner of Lands within seven days of notification that his application has been approved, the initial estimated amount for the construction of roads and drains to serve the plot, the assessed stand premium and proportion of annual rent, together with the survey fees, the fees payable in respect of the preparation and registration of the grant (Sh. 220) and the stamp duty in respect of the grant (approximately 2 per cent of the stand premium and annual rent). In default of payment within the specified time the Commissioner of Lands may cancel the allocation and the applicant shall have no further claim to the grant of the plot.

2. The grant will be issued in the name of the allottee as stated in the letter of application.

3. The grant will be made under the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and title will be issued under the Registration of Titles Ordinance. The term of the grant will be 99 years from the first day of the month following the issue of the letter of allotment.

4. No covenant, condition or requirement will be entered into, imposed or made whereby the ownership or occupation of the land or any part thereof is restricted to persons of a particular race or races or class or classes of race, or whereby such persons are excluded from such ownership or occupation.

(b) Special Conditions

1. The grantee shall erect complete for occupation within 24 months of the date of the commencement of the term buildings of approved design on proper foundations constructed of stone, burnt brick or concrete with roofing of tiles or other permanent materials approved by the Commissioner of Lands and shall maintain the same in good and substantial, tenantable repair and condition, including the external paintwork during the continuance of the term.

2. The buildings shall not be erected until plans (including block plans showing the positions of the buildings and a system of drainage for disposing of sewage, surface and sullage water on the land), drawings, elevations and specifications thereof shall have been approved in writing by the Local Authority and the Commissioner of Lands or such other person as he may appoint. Such plans, drawings, elevations and specifications shall be submitted in triplicate to the Local Authority within three months of the date of the commencement of the term.

3. In the event of the grantee failing to comply with any condition herein contained any proceedings that may be necessary will forthwith be instituted for the recovery of the land. Moneys that may have been paid in respect of the plot will be forfeited to the Crown.

4. The grantee shall, at his own expense, duly and suitably connect such drainage system with any town drainage system when, in the opinion of the Local Authority, the latter system is so far completed as to enable the grantee reasonably so to do.

5. Any building erected on the plot shall conform to a building line decided upon by the Local Authority.

6. The land shall be used for private residential purposes only and not more than one private dwelling-house with the necessary offices and outbuildings appurtenant thereto (excluding a guest house) shall be erected on the land.

8. The grantee shall not subdivide the land.

9. The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof or any buildings thereon except with the prior consent in writing of the Governor; no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No. 1 has been performed.

10. The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

11. The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

12. Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

13. The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or the buildings erected thereon, including any contribution or other sum paid by the Governor in lieu thereof.

14. The Governor or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.
