GAZETTE NOTICE NO. 3810

THE INDUSTRIAL COURT

CAUSE NO. 55 OF 1966

Parties:—

Kenya Union of Commercial Food and Allied Workers
and
Nairobi and District Retail Dairymen's Association

Issue in dispute:—

Gratuities for previous services prior to the Government introduction of National Social Security Scheme.

1. The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and Nairobi and District Retail Dairymen's Association shall hereinafter be referred to as the Respondents.

2. The Parties were heard in Nairobi on the 6th day of September 1966, and relied on their written and verbal submissions.

GENERAL BACKGROUND

3. This issue had come up for hearing before the Industrial Court in Cause No. 32 of 1965 between the Parties hereto, in which the Court made the following award:—

"After having gone through the correspondence and arguments put forward by the Parties the Court finds that the Parties have not carried out exactly what the Court had envisaged.

During the first hearing it became apparent that the Parties were talking on different subjects and, therefore, the Court had decided to afford them a further opportunity of sorting out this difference and possibly reach agreement. But this had proved futile and the Parties were still in the same position as before.

In these circumstances in fairness to both the Claimants and the Respondents the Court has decided not to make any award just now. Both Parties are given an opportunity of tabling fresh demands on this subject so that proper and fruitful negotiations may be carried out on clearly defined issues. In the event of non-settlement this issue should come before the Court as a new dispute. The present dispute is, therefore, closed."

After the above Court award, the Parties entered into some correspondence which did not produce satisfactory results and the Claimants threatened to take strike action. The Respondents took no action and their employees went on strike on 5th July 1966. Subsequently at a meeting held at the Ministry of Labour under the chairmanship of the Chief Industrial Relations Officer on 6th July 1966, both Parties agreed as follows:—

- (a) Within a week—enter into negotiations for the establishment of a gratuity scheme in respect of any period prior to the joining of the National Social Security Scheme for employees of the Association.
- (b) That neither party will put pressure for the payout or winding up of the monies involved.
- (c) That the Union will call off the strike immediately.
- (d) That there will be no victimization on either side."

On 11th July 1966, the Parties met to discuss the gratuity scheme and the Claimants demanded three weeks' pay for every completed year of service from the time an employee started working for any member of the Respondents. The Respondents, on the other hand, offered seven days for every year of service with a limit of five years, that is, no employee would be paid for any service rendered prior to 1961. During further discussions the Claimants reduced their demands to two weeks' pay for every completed year of service, but the Respondents could not improve their offer. Eventually, the Parties signed the notification of dispute form to the Industrial Court on 29th July 1966, in accordance with the Trade Disputes Act 1965.

MAIN SUBMISSIONS ON BEHALF OF THE CLAIMANTS

4. The Claimants submitted that, their demand was in line with the agreements reached in other industries in Kenya on this particular item and was consistent with the legislation in Tanzania covering this point. The Claimants argued that, the agreement which was signed in the presence of the Chief Industrial Relations Officer clearly showed that the principle of a gratuity scheme had been accepted. The Claimants maintained that their demand of two weeks' pay for every completed year of service was not excessive for this particular industry as very few employees would be affected because of the various amalgamations of various firms that had recently taken place. The Claimants stated that some of the members of the Respondents were prepared to agree to the demands made by the Claimants but were prevented from doing so by the Respondents. The Claimants pointed out that all the members of the Respondents were well-established dairies and were doing good business; they were, therefore, in a position to meet the extra expenditure involved in creating a gratuity scheme. The Claimants requested the Court to order the gratuity scheme to be effective from the date of each employee's service with the Respondents' members.

MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENTS

5. The Respondents drew the Court's attention to the previous history of this dispute and stated that, the Claimants were concerned with some financial premium which they could cash at the earliest possible opportunity. This view was borne out by the fact that in previous proceedings, the Claimants had rejected the Respondents' offer for the establishment of the pension fund which would make fair provision for the employees' retirement. The Respondents stated that, the value of this offer was that it would allow them to make provision for such a benefit without recourse to current capital where no allowance had been made for expenditure of such a nature. The Respondents pointed out that the Claimants' original intention was to secure a pension fund. The Respondents strongly submitted that, there could be no question at this juncture of their making a lump sum payment to all their employees. They requested the Court, if it approved a gratuity scheme, to lay down specifically that payment should only be made when an employee retired from the service, as in no other circumstances was it financially feasible for a scheme to be introduced.

The Respondents stated that, during negotiations they had proposed that the benefit amount should be one week's pay for each completed year of service up to a maximum of five years. The Respondents requested the Court to keep two issues in mind. The first was that the Claimants had changed their ground; their original demand for a pension fund and non-contributory fund was offered to them by the Respondents. The Claimants had rejected this offer and had sought by coercion to establish a gratuity scheme. The second aspect was the economic position which could be most adequately demonstrated by the price structure over the last 11 years:—

<i>Bulk Milk Purchase Price to Dairies Per Gallon</i>	<i>Maximum Gross Profits</i>
1954—Sh. 2/72 Sh. 1/68
1957—Sh. 2/92 Sh. 1/88
1960—Sh. 3/22 Sh. 1/98
1961—Sh. 3/42 Sh. 1/78
1965—Sh. 3/82 Sh. 1/78

The Respondents stated that, these prices were not open to unilateral variation as retailers in Nairobi were subject to control exercised between the Kenya Dairy Board and the Kenya Co-operative Creameries Limited who were the sole agents of the Board. The Respondents stated that, it was a well-known fact that the basic foodstuffs of life, such as milk and bread were always in every country in the world, subject to a very rigid control and Governments in general adhered to the policy that these basic valuable foodstuffs should be readily available to the community at large at as reasonable a price as was economically feasible. Between the policy of encouraging the primary producer to go in for the production of milk and the policy of the Government to make milk available to as many people as possible, there existed a difficult situation for the retailer. As Government increased the price to the primary user and maintained the maximum wholesale price to the public, the retailer was caused to make ends meet on a narrowing profit margin. In these circumstances the Respondents asked the Court to endorse the offers made by them as being realistic in the circumstances.

AWARD

6. The Court has very carefully considered the submissions made by the Parties and finds that the following gratuity scheme should be awarded in respect of the Respondents' employees:—

- (a) An employee on completion of four years' continuous service with the Respondents shall be entitled to ten days' pay for every completed year of service by way of gratuity to be based on the employee's wages at the time of the termination of his service.
- (b) An employee who is dismissed for misconduct shall not be entitled to gratuity.
- (c) The effective date for the purpose of working out the benefits under this scheme shall be 1st January 1960, i.e. an employee shall not be entitled to any gratuity for services prior to 1st January 1960.
- (d) This scheme shall cease with the implementation of the National Social Security Fund. Employees shall, however, continue to benefit under this award for services rendered up to the date of the implementation of the National Social Security Fund; for example, if an employee who started working in 1963 retires after eight years of service, then he shall be provided for the years of service up to the commencement of the National Social Security Fund on the basis of this award.

Given in Nairobi this 8th day of October 1966.

SAEED R. COCKAR,
President.

A. A. OCHWADA, M.P.,
MOHAMED JAHAZI, M.P.,
Vice-Presidents.

BALANCE SHEET

ACCOUNT OF DEPOSITS AND WITHDRAWALS

1. I have examined the accounts listed above in accordance with section 13 of the Post Office Savings Bank Ordinance. I have obtained all the information and explanations that I have required, and I certify, as the result of my audit, that in my opinion these accounts are correct, subject to the following observations.

REVENUE AND EXPENDITURE ACCOUNT

2. *Interest Credited to Depositors*—£115,000. This has been estimated from total monthly balances standing to the credit of depositors in the Main Ledger for 1965.

3. *Losses of Savings Bank Moneys*—£3,122-2-67.—This amount comprises 271 items and includes:

- (i) Overpayments to the public in 71 cases, amounting to £139-5-78.
- (ii) Forgery and fraudulent alteration of Savings Bank pass books in 191 cases, amounting to £2,096-12-39.
- (iii) Misappropriation, forgery and fraudulent manipulation of Savings Bank accounts by Post Office employees in eight cases, amounting to £256-7-08. Also by a Kenya Government employee in one case, amounting to £629-17-42.

BALANCE SHEET

4. *Balance Due to Depositors*—£4,808,303-14-68.—The comparison of the total amount standing to the credit of individual depositors' accounts with the relevant account in the Main Ledger as at 31st December 1965 is being undertaken but is not yet completed.

5. The known difference by which depositors' accounts exceed the Main Ledger account as at 31st December 1964 after allowing for errors brought to light in 1965, is £10,443-12-38. This is a decrease of £169-17-24 below the difference at the end of the previous year.

6. I have been informed that a considerable number of transaction slips relating to deposits and withdrawals have been mislaid and were not posted to depositors' accounts; and that it has proved impossible to trace these documents.

7. The following deposits and withdrawals, which are included in the Main Ledger account, have not been posted to depositors' accounts because incorrect details were recorded on relevant transaction slips at Post Offices. No allowance has been made for these transactions in arriving at the difference referred to in paragraph 5 above.

KENYA POST OFFICE SAVINGS BANK

During 1965, 35,697 new accounts were opened and 9,579 closed, a net increase over 1964 of 26,118 and the total number of depositors in the bank is now 498,727. However, the average active account holding fell from £12.8 in 1964 to £11.3 in 1965.

The number of transactions processed in 1965 was 939,232 compared with 969,483 in 1964. Deposits totalled £2,217,508 which was £350,661 below the previous year. Withdrawals amounted to £2,628,874 producing a deficiency of £411,366. To meet excess withdrawals investments of investments is reflected in the Revenue and Expenditure Account.

As at 31st December 1965, the total amount standing to the credit of depositors was £4,808,304. This includes interest estimated at £115,000. The reduction in business referred to above and the economies effected at Headquarters have again led to a reduction in operating costs of £16,187 compared with 1964. Compared with 1961 operating costs for 1965 have been reduced by £36,187. The current reduction is reflected in the Revenue and Expenditure account which shows that in spite of a decrease of £20,577 in interest from investments, compared with 1965, the excess of expenditure over revenue has been reduced by £8,041.

Most heads of expenditure show a decrease compared with 1964, the main savings being on Rent of Offices £3,640 which reflects the advantage of the new premises obtained in mid-1964, and Postal Charges £1,940.

At the end of 1965, the conversion to computer working of the accounting routine at Savings Bank Headquarters was completed. The computer working is by Service Bureau facility. The change has improved the accounting efficiency and enables depositors' passbooks to be updated with annual interest and returned with minimum delay. In addition, delay in connexion with the issue of withdrawal warrants has been eliminated. The completion of the conversion has eliminated the need to assess interest manually and for 1966 no overtime has proved necessary for the interest calculation task.

GAZETTE NOTICE No. 3837

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge Notice of Opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

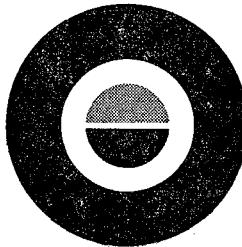

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Offices, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
