10 The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

11 The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of

maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

12 Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard, the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

13 The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged, or assessed by any Government or local authority upon the land or the buildings erected thereon including any contribution or other sum paid by the President in lieu thereof.

THE INDUSTRIAL COURT

CAUSE NO 4 OF 1972

Kenya Electrical Trade Workers' Union

East African Power and Lighting Company Limited

APPLICATION FOR INTERPRETATION

RULING

The Court announced its award in the above dispute on 17th May, 1972 on the 11 issues in dispute

On 25th August, 1972 the Claimants made an application for Court's interpretation on three issues in dispute namely Salary Structure, Travelling Allowance and Day Allowance

The hearing of the application was fixed for 12th October, 1972 On 10th October, the Claimants' General Secretary asked the Court to keep the application pending as the Ministry of Labour had agreed to resolve the misunderstandings between the Claimants and the Respondents

On 4th November, 1972 the Claimants asked the Court to arrange for the hearing of this application and accordingly the hearing was fixed for 22nd January, 1973

The hearing was again postponed at the request of the Claimants because Mr D Akumu, the Secretary General of COTU was asked to appear on their behalf, consequently the hearing of this application took place on 27th February, 1973

ISSUE No 1—SALARY STRUCTURE

Under this issue the Claimants do not accept the conversion table which has been applied by the Respondents in implementing the Court award The Claimants contended that the Court had clearly ruled that in conversion employees will move to next highest point in the scale The Respondents had, however, placed 291 employees at points which had resulted in them being worse off than before the Court award

As an example the Claimants referred to the case of a Meter Inspector who was earning £495 at the time of the Court award Under the old scales he would have received an annual increment of £25 taking him up to £520 whereas now according to the Respondents' conversion he was placed at £502 with effect from 1st January, 1972 and his next increment of £24 due on 1st January, 1973 would take him to £526 He was therefore worse off than before The Claimants submitted that according to the Court's award this man should have been placed on £526 with effect from 1st January, 1972

The Claimants submitted the full details of the conversions which they challenged

The Respondents maintained that this was not a request for interpretation but an attempt to persuade the Court to vary its award

The Respondents said that according to them the Court award could be implemented only in one manner and that is that the employees' old salary shall be converted to the new scale at the point immediately above his old salary Despite this the Respondents had given extra increments to those employees whose benefit was not substantial and these further enhanced adjustments were received by a total of 1,042 employees

The Respondents submitted that it was significant that the lowest increase granted under the revised conversion table is Sh 140 per annum which applied to only 12 employees out of a total of 2,048 Another 20 employees received less than Sh 200 per annum increase when converted to the new scales

The Respondents asked the Court to rule that not only had they interpreted the Court award properly but that they had interpreted it on the generous side

The Court is satisfied that its award on this issue is quite clear but in view of the complaints made by the Claimants that the Respondents have not carried out the conversions in accordance with the Court award, the Court has decided that a sub committee to be chaired by the Vice President of the Court, Mr T Okelo Odongo, with Mr J Mwangi, a member of the Court, and two other members, one to be nominated by each party, should go through the conversion of each of the 291 employees who have complained about their conversions

The Court further directs that the decision of the said sub committee on the question of conversions shall be final and that it should conclude its task within three months of the date of the ruling

ISSUE No 2—TRAVELLING ALLOWANCE

The Claimants stated that in accordance with Clause 47 (a) of the previous agreement the employees were entitled to a night allowance of Sh 4 for every night spent outside from the employee's normal base

They conceded that during conciliation they had agreed to lodging and travelling allowance appearing under one heading, and they had asked the Court to increase this allowance from Sh 4 to Sh 7/50 The Respondents had also not asked the Court for the abolition of this Sh 4 allowance

The Claimants submitted that perhaps the Court had overlooked this point and asked for a ruling that workers were entitled to this allowance in addition to the new "Boarding and Lodging Allowance" awarded by the Court

The Respondent stated that there was no doubt at all that the parties agreed to combine both lodging and travelling allowances and the Court had therefore combined the two allowances previously agreed by the parties and made its award

They submitted that there was no oversight on the part of the Court and that it was illogical for the Claimants to insist that travelling allowances were not consolidated

The Court is satisfied that there was no oversight on this issue The parties had themselves agreed to combine the lodging and travelling allowances and the Court proceeded to make an award on that basis In fact whereas previously the workers were entitled to a lodging allowance of Sh 4 and a travelling allowance of Sh 4 they are now entitled to the following—

	Sh
A D	10
E F	12/50
G H	15

It is quite obvious that the employees in grades A D are better off by Sh 2, E F by Sh 4/50 and G H by Sh 7

Accordingly the Claimants' interpretation is rejected

ISSUE No 3—DAY ALLOWANCE

The Claimants maintained that this allowance was payable to employees who are required to remain on duty away from their locality for a whole day and not if they only cross the Company's geographical areas which were very large indeed

They submitted that if the Respondents' interpretation was accepted then this allowance would become meaningless as no employee would ever benefit from it

The Respondents submitted that the Claimants were now introducing a completely new idea and is quite irrelevant and impracticable as there are several depots within one Company area in fact this was not an interpretation but a direct attempt to persuade the Court to vary its award

The Court is of the view that as the award stands now it would indeed be meaningless and no employee would benefit under it This is so because during the hearing neither the Claimants nor the Respondents clarified the extent of various 'Company areas' The Court feels that in view of the large areas covered within the Company's geographical areas, the Court award should be clarified

The Court rules that its award is to apply to all those employees who are required to be away from their depots for the whole day (returning the same day) provided they travel a distance of more than 15 miles in one direction from their depots

CAUSE NO 28 OF 1972

INTERPRETATION APPLICATION RULING

The Court announced its award in this dispute on 23rd October, 1972. The wage award under 1 (ii) read—

"The workers in Nairobi shall get a wage increase of Sh 40 p m"

The Court also awarded the effective date to be 1st January, 1972 with a duration period of 18 months from that date

On 14th February, 1973 the Claimants applied to the Court for an interpretation of the aforesaid wage award to the Nairobi workers

Both parties indicated that they did not wish to be heard and relied on their written submissions made in this application

The Claimants' interpretation is that the workers were to get a wage increase of Sh 40 p m irrespective of any individual increases that might have been granted by the Respondents of their own volition prior to the announcement of the Court award

The Respondents' interpretation is that those workers who were granted increases by them during the period 1st January, 1972 to 23rd October, 1972 should get only the difference between Sh 40 as awarded by the Court and the increase given by the Respondents

The Court would like to point out that the Respondents did not at any time during the hearing indicate that some workers had been given increases by them. It is also to be noted that the Respondents themselves suggested the effective date to be 1st January, 1972

In view of these two points the Court has no hesitation in finding that the Claimants' interpretation is correct as otherwise the Court would have added the necessary proviso to its award

The Court has repeatedly pointed out that the parties are required to place all the relevant facts before the Court during the hearing to enable it to come to a fair and just solution and if any party neglects to do so then it does so at its own risk
