## THE INDUSTRIAL COURT

CAUSE NO. 8 OF 1975

Parties:—

E.A. Federation of Building and Construction Workers' Union  
and

Sir Lindsay Parkinson and Company Limited

Issue in dispute.—Wrongful dismissal of Mr. Wambua Muoka.

1. The East African Federation of Building and Construction Workers' Union shall hereinafter be referred to as the Claimants and Sir Lindsay Parkinson and Company Limited shall herein-after be referred to as the Respondents.

2. The parties were heard in Nairobi on the 7th day of April, 1975, and relied on their written and verbal submissions. The parties called the following witnesses to give evidence in Court.

Claimants:—

Christopher Keya.  
Wambua Muoka.

Respondents:—

J. Musee.  
John Hart.

**AWARD**

3. The Notification of Dispute Form "A" dated 29th November, 1974, was received by the Court on 30th January, 1975, along with the statutory certificates signed by the Minister for Labour and the Labour Commissioner.

This dispute involves Mr. Wambua Muoka who was the Claimants' shopsteward at the Respondents' undertaking at the material time.

He started working for the Respondents on 31st August, 1971, as an excavator machine operator and on 2nd June, 1973, he was unanimously elected as the Claimants' shopsteward at the site where the Respondents are engaged in important extensions to the Mombasa Harbour.

Mr. John Hart is the Respondents' Deputy Project Manager at the same site and is directly involved in this dispute.

Mr. Muoka's services were summarily terminated by Mr. Hart on 28th November, 1973, after an incident which took place between the two of them at or about 4 p.m. on that day. It is alleged that Mr. Muoka refused to obey a lawful order given to him by Mr. Hart requiring Mr. Muoka to operate and work his machine—the order was repeated about five times and Mr. Muoka displayed a defiant attitude to that order.

The dispute was the subject matter of an investigation by the Ministry of Labour and the findings and recommendations based on the said investigation prompted the Chief Industrial Relations Officer, Ministry of Labour, to write to the parties on 28th October, 1974. It was suggested to the parties by the Chief Industrial Relations Officer that Mr. Muoka was wrongfully dismissed and although reinstatement appeared to be proper keeping in view the interest of all the parties, it was recommended that his dismissal be reduced to normal termination with full terminal benefits and further that he be paid two months' salary by way of compensation for loss of employment.

The Respondents felt that the Investigator had seriously misled himself and they therefore rejected the recommendations by the Chief Industrial Relations Officer.

The Court has before it a submission by the Claimants that an active member of their union who was also their shopsteward has been victimized for his trade union activities and that the Respondents had thereby infringed the relevant I.L.O. Convention and also Kenya Constitution. They also accused the Respondents of being guilty of an unfair labour practice.

The Claimants relied on three incidents which had occurred involving Mr. Muoka and Mr. Hart on 17th and 31st October and 8th November, 1973, in respect of their contention that Mr. Muoka had been victimized for being an active trade union official. These incidents will be gone into hereinafter in the award along with the incident which led to his dismissal on 28th November, 1973.

The Claimants demand his unconditional reinstatement without loss of any benefits and are further claiming a sum of Sh. 10,000 by way of compensation for the hardship that he had suffered under the circumstances.

The Respondents on the other hand maintained that Mr. Muoka was properly dismissed for refusing to obey a lawful order on 28th November, 1973, and that his dismissal had nothing to do whatsoever with his trade union activities.

The three incidents which were referred to by the Claimants are as follows:—

(1) It is alleged that on 17th October, 1973, Mr. Hart called Mr. Muoka into his office and asked him to endorse the warnings which had been entered in the employment cards of various employees. Mr. Muoka refused to do so. It is interesting that Mr. Hart does not deny this incident but explained that there had been a lot of difficulty with the Claimants on the question of a warning system and although he and Mr. Muoka had differed on the procedure and Mr. Muoka had refused to confirm the warnings, he, Mr. Hart, bore no animosity towards him for this incident.

(2) On 31st October, 1973, it is alleged that Mr. Muoka had approached Mr. Hart at about 12.30 p.m. with a view to seeking permission for the workers to line the route and welcome H.E. The President who was scheduled to arrive at Mombasa on that afternoon. Mr. Muoka said that Mr. Hart was very rude and refused to entertain any such request.

Mr. Hart on the other hand stated that he had instructions to strictly operate and carry out his duties in accordance with the laws of the country and that he had never refused permission to the workers to go and welcome the President

whenever he came to Mombasa. On this particular day however, as the President's arrival was expected to be at time when the workers were having their lunch break he did not feel the necessity of giving them permission of any sort.

(3) It is alleged that on 8th November, 1973, when an employee, Mr. Moses Kapase, had been dismissed causing a walkout by all the employees at the site Mr. Hart blamed Mr. Muoka for having invited the Claimants' Mombasa branch officials which had led to the walkout and swore that he would get rid of Mr. Muoka.

Mr. Hart stated that he did no such thing but he asked one of the union officials of the Mombasa branch to shut up and to give him, Mr. Hart, also an opportunity to address the workers.

In addition to these three incidents the Claimants stated that Mr. Hart had never been happy at the election of Mr. Muoka as a shopsteward and was reluctant to accept him as such because Mr. Muoka could not speak English. Mr. Hart admitted that this did cause a certain amount of inconvenience as whenever he had to communicate with Mr. Muoka an interpreter had to be on hand. Although he had put forward his views on these lines in the beginning, after discussing the matter with the Claimants' General Secretary he was quite happy to carry on with Mr. Muoka as the shopsteward.

With this background the Court would now like to come to the incident which led to Mr. Muoka's dismissal. On 28th November, 1973, Mr. Muoka was working directly under a Mr. Stevens and the Court has no doubt that at about 3.45 p.m. he had finished his assignment with Mr. Stevens and he had brought his machine to higher ground where it was to be left for the night. The Court also has no doubt that Mr. Hart, as is his routine, came to the batcher section at that time and found Mr. Muoka and Mr. Christopher Keya, who is Mr. Muoka's assistant, and a couple of other workers talking.

Mr. Hart admitted that finding this group of men together he asked them why they were having this meeting during the company time when they were supposed to be carrying out their duties and he accepted the explanation of Mr. Keya that he had borrowed a cigarette from Mr. Muoka and the other workers on seeing Mr. Hart went about their work.

The parties are in direct conflict as to what happened after that. Mr. Muoka stated that when Mr. Hart asked him what he was doing he told him that he had completed his day's work whereupon Mr. Hart told him that he would be suspended for a week. After that he went on servicing his machine to prepare it for the next day and when he returned to work the following day he was told that he was dismissed.

On the other hand Mr. Hart said that after talking to the group he asked Mr. Muoka to get on to his machine and Mr. Muoka replied that the machine was not working. Thereupon he immediately asked a foreman fitter to check the machine. He found the machine to be normal and capable of working. After that in order to double check he asked Mr. Keates, the foreman fitter, to start the machine and drive it and to prove that there was nothing wrong with it. This Mr. Keates did. He then told Mr. Muoka that a warning was being given to him for being away from his machine and for holding a meeting during working hours upon which Mr. Muoka lost his temper and when Mr. Hart asked him to go back to his machine he stood there defiantly.

Mr. Hart explained that he called Mr. J. Musee to come and convey his order to Mr. Muoka in Kiswahili which Mr. Musee did but this also had no effect on Mr. Muoka. It became evident to Mr. Hart that Mr. Muoka had no intention of obeying the order and he was dismissed.

The Claimants have relied much on the time factor in that they submitted that if according to the Respondents' written submission, Mr. Hart had come to the scene at 4 p.m. and at 4.10 p.m. he had ordered Mr. Muoka to return to his machine and start working then obviously it cannot be true because the conversation which Mr. Hart had with Mr. Keya and Mr. Muoka and the two checks made on the machine by the foreman fitter and Mr. Keates could not have taken 10 minutes. They strongly submitted that Mr. Hart was telling lies.

The Court would have been inclined to give the benefit of doubt to Mr. Muoka in this incident had it not been for the evidence on oath of Mr. J. Musee who is an African gentleman and is working for the Respondents as a foreman steel fixer, a job which he has been doing for eight years on large contracts. Mr. Musee impressed the Court as a truthful witness and the Court accepts his evidence when he says that Mr. Hart called

him at about 4.20 p.m. on 28th November, 1973, when he, Mr. Musee, was on his way to the staff tea cabin and at Mr. Hart's request he talked to Mr. Muoka and told him that Mr. Hart wanted him to start the machine and to work it. Mr. Muoka told him, Mr. Musee, that the machine was not in order and he remained away from the machine.

The Court finds that Mr. Musee's evidence clinches the issue in the Respondents' favour on the incident which led to Mr. Muoka's dismissal. The Court has repeatedly in its awards in the past made it clear that it will not tolerate the victimization of union members and officials but at the same time the Court has stressed in no uncertain terms that the union officials particularly the shop stewards are not exempt from carrying out the lawful orders which are given to them in the course of their employment.

The Court is satisfied that although there was no animosity as such between Mr. Hart and Mr. Muoka, there was no friendship either between them and they just had a bare working relationship between them. The Court has also not discounted the fact that he may not have liked Mr. Muoka for some of the incidents which had taken place between them in the past but the fact remains that on 28th November, 1973, at or about 4 p.m. Mr. Muoka was asked by Mr. Hart to get on to his machine and to work it which Mr. Muoka refused to do.

After a careful consideration of all the submissions the Court is satisfied that Mr. Muoka refused to obey a lawful order and thereby invited a summary dismissal which in the circumstances is fully justified.

The Court would like to add that under the circumstances in which Mr. Muoka found himself if he had felt that Mr. Hart's attitude towards him was most unfair the proper thing for him to do was to obey the order at that time and then to take up the matter officially with Mr. Hart and his superiors so that such unfair treatment was not repeated. The Court has put this in specifically for the guidance in future of the shop stewards in the country so that they will know what to do and how to go about making their complaints in similar circumstances. Disobedience of a lawful order is not the answer and the Court cannot encourage such behaviour.

The Court has come to the conclusion in the present dispute that the circumstances are quite different from the ones in Cause No. 20/1968 to which the Claimants referred in their submissions. Accordingly the Court rejects the Claimants' demand.

#### THE INDUSTRIAL COURT CAUSE NO. 11 OF 1975

##### Parties:—

Kenya Motor Engineering and Allied Workers' Union  
and  
E. Auto Spares Limited

##### Issues in dispute:—

1. Wages.
2. Effective date and duration.

1. The Kenya Motor Engineering and Allied Workers Union shall hereinafter be referred to as the Claimants and E. Auto Spares Limited shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 14th day of April, 1975, and relied on their written and verbal submissions.

##### AWARD

3. The Notification of Dispute Form "A" dated 16th January, 1975, was received by the Court on 11th February, 1975, along with the statutory certificate signed by the Labour Commissioner.

This dispute has arisen because of the Claimants' demand against the Respondents to increase the current wages payable to all their unionizable employees by 50 per cent in view of the high cost of living that has prevailed in the country since 1973. The Claimants want this increase to be backdated to 1st March, 1974, and have asked for the duration period to be for 12 months only.

Currently there is a collective agreement in force between the parties which although concluded on 25th January, 1974, was not signed until 12th June, 1974. This was followed by its registration by the Industrial Court on 29th July, 1974, as RCA. No. 111 of 1974. This agreement became effective from 1st January, 1974, for a period of 12 months.

The Claimants had forwarded their demand for a 50 per cent wage increase to the Respondents on 4th July, 1974, and reported a trade dispute to the Minister for Labour on 25th July, 1974. Due to a change in the Conciliator the parties did not record a deadlock until 15th January, 1975.

During the hearing the Claimants dropped their demand on the backdating of the effective date to 1st March, 1974, and instead asked the Court to award the wage increase with effect from 1st January, 1975, the date when the existing collective agreement expired.

Notwithstanding the Claimants' amendment to their original effective date the Respondents were critical of the tactics employed by the Claimants in that although a valid collective agreement had been executed by the parties and had been duly registered by the Industrial Court the Claimants, while all this was in process, had served their demand for a 50 per cent wage increase on the Respondents.

However, since the position had changed during the hearing the Respondents made an offer which they submitted had taken into account the rise in the cost of living since January, 1974. The result of their offer is an increase ranging between 5.80 per cent to 12.93 per cent for the first year and a similar increase in the second year.

The Claimants referred in their submissions to a point which although not strictly relevant to the dispute is one which is of general interest. They stated that the Respondents had categorized their employees into Africans and non-Africans with the result that many Asian employees doing similar jobs as Africans were earning much higher salaries than the Africans. The Respondents, however, stated that they had based their offers to union members only. The Court is rather disturbed at this state of affairs because the list that was produced during the hearing of these non-African employees clearly shows that a majority of them are unionizable. The Court would like to strongly advise the Respondents that they should discourage this sort of categorization although the Court has noted their submission that these Asian employees are not members of the Claimant union. There is an important principle at stake here because the Court awards are generally applicable to all unionizable employees and the Court has in addition repeatedly stressed that there should be equal remuneration for the workers doing the same job although there can be some variation depending on the length of service and other factors.

The analysis carried out by the Employment Promotion Division shows that the cost of living had gone up by 26 per cent from January, 1974 up to February, 1975, and the wage increases which had been paid to all unionizable employees under the collective agreement amount to Sh. 20 or an average of 8.9 per cent.

After a careful consideration of all the submissions the Court awards a 15 per cent wage increase to all unionizable employees.

The Court awards that these increases shall be effective from 1st January, 1975 and shall remain in force for a period of 18 months from that date.

The Court further directs that the soap allowance of Sh. 5 which is granted to workers every month for washing uniforms should be an additional benefit to the aforesaid wage increase.

Given in Nairobi this 2nd day of May, 1975.

## GAZETTE NOTICE NO. 1519

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.

**THIRD EDITION 1972**

**PUBLISHED BY  
MINISTRY OF COMMERCE  
AND INDUSTRY**

This edition illustrates the pace of progress and industrial advancement which Kenya has made since independence in 1963.

Besides underlining the record of industrial progress in recent years, the Index aims at bringing to the notice of buyers within Africa and overseas the diversity of products available in Kenya and the scope for mutually profitable business opportunities that exist. The Index, therefore, is a standard book of reference on what Kenya can produce and make and should, therefore, be useful to businessmen and students for the valuable information that it contains.
