## MOMBASA INSTITUTE OF MUSLIM EDUCATION

## BURSARIES FOR MUSLIMS

THE Mombasa Institute of Muslim Education, which is now under construction and which when completed will provide courses for Muslim students in a variety of technical subjects, offers three bursaries in 1950 for study in the United Kingdom. These bursaries are for Muslims and the Institute is desirous of giving these facilities for study in the United Kingdom to those candidates who, on the successful completion of their studies, are prepared to return to the Mombasa Institute of Muslim Education to augment the tutorial staff

Candidates for these bursaries must be practising Muslims whose parents or guardians are ordinarily resident in East Africa

The bursaries will be offered for courses of study leading to (a) science degree specializing in physics or mechanics, (b) an electrical engineering qualification, and (c) an accountancy qualification

The tenure of each bursary will depend upon the time required to complete the particular course of study

The value of each bursary will be adjusted to cover all the necessary fees and expenses of each student while he is resident in the United Kingdom, and will include the cost of his travelling to and from the United Kingdom

The actual date on which these bursaries will be taken up will depend upon when the necessary vacancies at the particular institutions to which the students will be sent are available

Candidates must have passed, or secured recognized exemption from, a British School Certificate Examination (e.g., Cambridge School Certificate), or a British Matriculation Examination (e.g., London Matriculation) or, in the case of a bursary for an electrical engineering qualification, have had at least three years practical experience with a major engineering or electrical concern since leaving school. Applications from candidates who though ordinarily resident in East Africa, may have completed their schooling elsewhere, will be accepted provided that the candidates can fulfil the above requirements, and in the case of the bursary for an electrical engineering course can satisfy the selection committee that they have reached a sufficiently high educational standard, and possess sufficient knowledge of English to gain admission to the course proposed

The successful candidates for these bursaries will be required to sign an agreement to serve on the staff of the Mombasa Institute of Muslim Education on completion of their course of study, for a period not less than the tenure of the bursary should they be required to do so by the Board of Governors

Applications for consideration for these three bursaries, written in English in the candidates own handwriting, must be submitted to The Bursar Mombasa Institute of Muslim Education, P O Private Bag, Mombasa, Kenya, so as to reach him not later than 31st October, 1949. Applications should be sent by registered post and must contain the following information and certificates —

- (g) A doctor's certificate to the effect that the candidate is physically fit. If the candidate has had any serious illness since birth the nature of the illness must be stated
- (h) A record of schools attended by the candidate with dates showing the highest standard passed in each school, and in the case of the candidate being in employment, a record of his duties covering the period of employment signed by his employers, must also be forwarded
- (i) A testimonial from the headmaster of the last school attended by the candidate, and in the case of an applicant who is in employment, a testimonial from his employer
- (j) A list of public examinations passed, accompanied by either the original or certified true copies of the certificates obtained, giving the dates on which each examination was taken, the subjects taken and the standard obtained in each subject, i.e., "Pass", "Credit" or "Distinction"

## GOVERNMENT AFRICAN OVERSEAS BURSARIES, 1950

AS it will be extremely difficult to obtain places in United Kingdom universities and colleges in 1950, it is essential that all applications for admission in October, 1950, should be received by the Director of Colonial Scholars in London in December, 1949. It will, therefore be necessary for applications for Government African Overseas Bursaries to be received by the Director of Education by 30th November, 1949. It will not be possible for the Director of Colonial Scholars to secure places for any students who apply after that date. No applications for a bursary received after 30th November, 1949, can, therefore, be considered unless the applicant has already secured admission to a university or college.

Persons wishing to apply for a Government African Overseas Bursary should obtain the necessary forms from either the Director of Education Nairobi or the Senior Education Officers at Kisumu, Nakuru, Nyeri or Mombasa. The completed forms must be returned through the appropriate Senior Education Officer, so as to reach the Director of Education not later than the 30th November, 1949.

It should be noted that no application for a bursary will ordinarily be considered unless the candidate has satisfactorily completed a course of education at Makerere College.
