*Dark-room Assistant Secretary-General's Office*

*Salary scale—TA 1 £520 to £620 p a*

*Closing date—28th June 1965*

It is desirable that applicants should have had not less than four years' practical experience in dark room processes including mixing of chemicals, developing of films, printing and mounting. Knowledge of taking photographs will be an advantage. The post is pensionable and it carries the prospects of promotion.

## THE INDUSTRIAL COURT

CAUSE NO 12 OF 1965

Parties —

The Dockworkers' Union—Claimant

and

EA Cargo Handling Services Limited—Respondent

## Issues in dispute —

## 1 Salary Demand

All Supervisors, Clerks, Checkers and Foremen covered by the Company's recognition agreement with the Dockworkers Union should have a general overall increase of 25 per cent

## 2 Manual Grades

- (a) The basic hourly rate be increased to Sh 1/80 per hour
- (b) The weekly workers' "Fall-back" be increased to 90 per cent of their full weekly earnings
- (c) *Askaris* like other port workers should be on a 43-hour week and if they work the third shift they should be paid at double time and their hourly rate should be raised to Sh 2 per hour
- (d) Battery Attendants should have an annual increment increasing their salary to £516 per annum,
- (e) Battery Hands should be classified as Drivers,
- (f) Workshops labourers rates should be increased to Sh 1/90 per hour but only when they are in the workshops where some skill is required
- (g) Serangs hourly rate to be increased to Sh 3/64 per hour
- (h) Lightermen, Firemen Tug Captains and Engineers should have their salary rate and terms of service revised,
- (i) Drivers' rates should be —
 

Mechanical equipment	Sh 2/33 per hour
Transport	Sh 3/50 per hour,
- (j) Leave—All Manual Grades should be granted 30 days leave per annum,
- (k) All Manual Grades should be granted an annual leave allowance of half a month's salary

## 3 Gratuity (in addition to Provident Fund)

Dockers are aware of the coming National Provident Fund

We do however, wish that in addition to the National Fund, we should have a supplementary gratuity scheme beginning 1965 at a month's salary for every year of service

## 4 Annual Bonus

A demand that every employee should receive an annual bonus of Sh 200 associated with productivity

1 The dispute was heard in Nairobi on 21st and 22nd April 1965, and the parties relied entirely on their written and verbal submissions as no witnesses were called by either side

## GENERAL BACKGROUND

2 An agreement relative to recognition and negotiating procedure exists between the Respondent and the Claimant since 1st April 1964 Prior to the creation of the Respondent five landing and shipping and stevedoring companies used to exist and the Claimant has always represented the interests of the dockworkers The Respondent is a public company duly incorporated under the Companies Act The Respondent acts as contractor to the East African Railways and Harbours for the purpose of shore handling and stevedoring of all cargo, imports and exports passing through the various sea-ports in East Africa administered by the East African Railways and Harbours All the issued share capital of the Respondent is held by the General Manager of the East African Railways and Harbours Administration in his corporate capacity or by his nominees The Respondent under its contract with the Administration is the sole employer of labour for stevedoring and shore handling work and is responsible for the supply of gear and equipment such as fork lift trucks, required for the efficient handling of cargo passing through the ports About five months ago the Claimant put forward various demands, the subject matter of this dispute, to the Respondent who could not see any way of conceding anything on any of the demands On 14th January 1965 at a meeting of the Joint Industrial Council for the Dock Industry deadlock on all these issues was declared There was then some delay due to the Respondent's reluctance to submit the dispute to any of the three alternatives, a Board of Inquiry, Arbitration or the Industrial Court Eventually the Respondent signed the Notification of Dispute Form and the matter has come before the Industrial Court

## MAIN SUBMISSIONS ON BEHALF OF THE CLAIMANT

3 (i) The Claimant submits that the merger of the five port companies into the East African Cargo Handling Services Limited has proved a success and is now a year old The port is generally efficient and relations between the Respondent and workers have been very amicable the only threat to this being the Respondent's negative answers to the Claimant's demands which have been prompted for the following reasons —

- (i) The rising standard of living, particularly since Independence
- (ii) the increase of productivity which should be encouraged by increased wages
- (iii) the fact that the standard of discipline will suffer if the supervisors scale is not revised,
- (iv) the hard working and onerous shifts in the port call for better rewards

(ii) The Claimant states that its members have co-operated with the Respondent to ensure increased productivity which has shown a definite improvement since integration The Claimant urges that the East African Governments are committed to a high wage economy and it is known that the biggest problem facing the three States is to increase the purchasing power of the majority of inhabitants and hence extend local markets The present wage paid to African workers forces them to live from hand to mouth and if only they could earn more they could purchase local products in increasing quantities

The Claimant also put forward the view that failure to grant an increase to workers' wages would have an adverse effect on productivity

4 Salary Demand—The Claimant is quite happy with the system used for the selection of men to train for supervisory posts but the Claimant is however, dissatisfied with the inadequate pay these men are receiving which does not make it possible for them to have confidence in themselves The Claimant demands a revision of the salaries for Foremen and Supervisors A general increase of 25 per cent would boost the morale of these workers who did not get the benefit of a rationalization of rates at the time of integration in 1964

The group of Clerks and Checkers have now been merged, but their duties have been re-organized to such an extent that they no longer work in accordance with their job profiles, and the Claimant suggests the following —

- (a) the checker's grade should be used only as a training ground for people who have not been confirmed in their appointments
- (b) that as clerical duties have been revised clerks should receive a 25 per cent increase

5 (i) Manual Grades—The Claimant submits that dockworking is universally accepted as hard and dangerous The dockers' work is arduous and much of it is dangerous, yet earnings are quite inadequate during slack periods to support a family The weekly workers' fall back is so low that it cannot support a single man A docker leaves his home at 5 or 5:30 a.m. in order to report for duty at 7 a.m. He does not go home for lunch and therefore has to spend money having lunch at the port These hours change with shift duties

(b) Drivers—The Claimant submits that port drivers are grossly underpaid particularly when taking into account that they also work shifts and that their duties have been increased These days a driver who used to work with one gang and/or one crane now works with three gangs and two or three cranes

(c) Askaris—*Askaris* feel that like other port workers they should be on a 43 hour week, and that if they work the third shift they should be paid at double rates, as are their colleagues *Askaris* at the ports of Tanzania are on operational hours It is also unfair to put them on the same rate as manuals because *Askaris* are a disciplined force and are employed on the basis of either their past military or police experience

(d) Battery Hands—The Claimant feels that this group of workers should be classified as M.E. Drivers at Sh 2/33 per hour This is because the group which is primarily engaged in charging batteries is also required to know how to drive machines

(e) Battery Attendants—The present Battery Attendant scale is too short and does not offer opportunity for people going up the scale Young men are told, after two or three increments, that they have reached the top of their scale

(f) Workshop Labour—Workers working in the workshops require extra skill which pool workers do not need They are very often called upon to use a hammer and spanners The Claimant demands 10 cents more per hour when they work in the workshops This should not be difficult as a similar agreement exists for labour working in the cold storage and the Magadi warehouse

(g) Serangs—The Claimant states that a Serang who generally supervises between 24 to 50 men, and in some cases even more, should be entitled to more than the mere Sh 1/90 per hour If the Serang is to exert his influence over labour he should earn more It is also significant to note that the duties of Serang have increased as he no longer has a head of a gang since tindals have been abolished

(h) *Lightermen Firemen Greasers Tug Captains Tug Engineers and Motor-boat Drivers*—The Claimant submits that these are all skilled men who work on lighters. Some have Harbour Certificates, others have learnt the job by experience. The main cause of discontent is that these men's scales are generally related to manual workers.

The Claimant demands that—

- (1) Lightermen should begin at Sh 2 per hour
- (2) Motor-boat Drivers should begin at Sh 2/33 per hour
- (3) Firemen/Greasers should begin at Sh 2/10 per hour,
- (4) Tug Captains should begin at Sh 3/64 per hour,
- (5) Tug Engineers should begin at Sh 3/64 per hour

(i) All the other workers, whose categories are not specifically mentioned above i.e. storemen, watchmen, office messengers, printers, tradesmen etc., have differentials which the Claimant feels should be maintained at the moment. The Claimant therefore, expects 30 cents per hour award from the Court.

(j) The Claimant, therefore, submits that—

- (a) the basic hourly rate be increased to Sh 1/80 per hour
- (b) the weekly workers' "fall back" be increased to 90 per cent of their full weekly earnings,
- (c) Askars like other port workers should be on a 43-hour week and if they work the third shift they should be paid at double time and their hourly rate should be raised to Sh 2 per hour
- (d) Battery Attendants should have an annual increment increasing their salary to £516 per annum,
- (e) Battery Hands should be classified as M.E. Drivers at Sh 2/33 per hour,
- (f) Workshop labourers rates should be increased to Sh 1/90 per hour, but only when they are in the workshops where some skill is required,
- (g) Serang's hourly rate to be increased to Sh 3/64 per hour,
- (h) Lightermen, firemen, greasers, tug captains and engineers should have their salary rate and terms of service revised,
- (i) Drivers' rates should be—

Mechanical equipment	Sh 2/33 per hour
Transport	Sh 3/50 per hour

6 *Leave*—The Claimant demands that all manual grades should be granted 30 days' leave per annum.

The reasons are—

- (a) Port work is hard and needs a longer period of rest for recuperation
- (b) Workers have to travel long distances and three or four days are lost in travelling

7 *Leave Allowance*—The Claimant states that this is to assist workers to have money during their leave. The port had a system of issuing rail tickets but this only benefited a few people who were going far away. The leave allowance sought at present was separate from the one that the Respondent brought out in 1959 when an increase of Sh 13 was granted.

8 *Gratuity*—The Claimant states that Provident Fund alone is not adequate as a retirement benefit and that as supplementary to the incoming National Provident Fund a demand for a gratuity scheme based on a month's wage for every year of service is made.

9 *Annual Bonus for 1964*—This is a demand which the last Joint Disputes Commission left to the parties to settle and they have not been able to do so. This was the sixth time that this item has appeared as an issue in dispute. If it is not granted it will have an adverse effect on productivity.

10 Finally, the Claimant states that as the previous agreement expired on 31st December 1964, any award given should be effective as from 1st January 1965.

#### MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENT

11 The Respondent states that the cost of meeting the Claimant's demand in full would occasion an additional expenditure, on behalf of the Respondent, amounting to £977,945. Expenditure in 1964 on shore handling and stevedoring at the port of Mombasa was £2.6 million. To accede to the Claimant's demand in full would, therefore, cause an increase in the total overall expenditure of some 37 per cent.

In the Respondent's submission it is crucial to have regard to the manner in which the additional costs of acceding to the Claimant's demands must of necessity, be absorbed. The following facts are indisputable—

*Firstly* that the increased costs must be directly transferred to the Authority.

*Secondly* that the cost so transferred must ultimately be reflected in an increase in port charges and freight rates.

Any increase in port charges will have a direct effect on the economy of the country and on the ultimate cost of living of every individual consumer. Broadly, at present, the dockworker as far as wages are concerned, is in a very favourable position, any increase in his wages will, in all probability, lead to demands for increases from wage earners less favourably treated, the effect on the economy will therefore be twofold. Wage differentials between the dockworker and the majority of comparative workers are already disturbingly large and there must be a danger of even greater disparity causing serious unrest. This could well result in a major breakdown in industry and agriculture generally and must tend to undermine the Government's efforts to solve the social problem of unemployment. The Respondent quotes a passage from a report of the Wages Policy Advisory Committee, as follows—

"A wage policy must be such as to reduce unemployment, while at the same time providing a reasonable wage for those in employment. Those workers in better-paid jobs may have to mark time or accept less favourable wage increases than previously in the overall interests of a more equitable distribution of that part of the National Income available for wages and salaries."

12 *Supervisors and Foremen*—In the Respondent's submission the Claimant's demand for an increase of 25 per cent on the salary scales offered by the Company to its supervisory staff is totally unjustified, and furthermore there are no grounds for any alteration whatsoever to these scales which provide fair and reasonable remuneration for a wide field of junior supervisory duties. The salary scale in dispute ranges from £327 per annum to a maximum of £1,340 with numerous incremental stages between these two figures. The Respondent states that virtually the entire local staff presently in the supervisory grade have in fact had significant increases in salary over the past two years, as a direct result of accelerated promotion from more junior posts which command a lower wage. The Respondent cannot accept the Claimant's contention that the present salaries paid to its supervisors are inadequate. In fixing remuneration all the factors normally associated with a satisfactory salary structure have been considered and it is submitted by the Respondent that the salary structure provides fair and reasonable remuneration allied to a rational promotion ladder, supported by effective incremental steps for the employee of limited ability.

13 *Clerks and Checkers*—The Respondent does not accept that there are any grounds for any alteration to its clerical scales which have been evolved over the years from the initial racial scales of 1954 to the present scales in which every post is graded in relation to the skill and training required. The new scales are based upon the Asian higher scales, and the Arab-African lower scales have been abolished. As a result of a recommendation from a Joint Disputes Commission checkers were regarded as a separate body not associated either with clerks or manual grades. By this concession the checker group gained all privileges enjoyed by the clerical staff and in addition moved from a single rate for the job with a weekly fall-back into the present incremental salary scale of Sh 375 to Sh 545 per month. The Respondent is satisfied that the conditions and salaries enjoyed by the clerical staff, offering a high earning potential allied to extensive promotional opportunity, and security of employment are as good as those enjoyed by any comparable staff in Kenya and a great deal better than those of the majority.

14 *Manual Grades*—The Respondent submits that the present wage scales were established by the acceptance by the Claimant and the Respondent of the recommendations of a Disputes Commission in March 1964, on the following terms—

*Wages*—(a) The Commission feels that the present Grade II of Dock Labourer should be abolished and that there should be only one grade. New entrants however, should be required to serve a probationary period of six months during which the rate of pay should be five cents per hour less than the basic rate for dock labourers.

(b) The basic rate for dock labourers should be Sh 1/50 per hour.

(c) Monthly pay should continue to be calculated on the basis of 197 paid hours, i.e. including payment for the 30-minute break period related to the present working hours and shifts.

(d) Differentials should be adjusted proportionately.

In the concluding paragraph of the Commission's Recommendation the following statement was made—

The Commission hopes that the recommendations tabled above will give a period of stability in the Port Industry which will allow both parties to concentrate on increased productivity.

Dockworkers must understand that, there will be little prospect of further improving their terms and conditions of service in the future unless they themselves give their whole hearted support and effort to making the newly formed East African Cargo Handling Services a highly productive unit.

The Respondent submits that in the present state of the country's economy, the dockworker is in receipt of a fair wage and enjoys fair conditions of employment and leads the country with their present wages. Further the source of the dockworkers' wages is provided by the whole community and increased wages would only be justified by increased productivity thus avoiding the necessity for passing on the increased costs to the public. This high productivity has not yet been attained. For these reasons the Respondent submits no increases are justified for any of the manual grades.

The Respondent vigorously rejects the demands made by the Claimant for all the items mentioned in issue 2 (a) to (k).

**15 Gratuity (in addition to Provident Fund)**—The Respondent states that its Provident Fund (5 per cent employer's and employee's contribution) was wound up at the instigation of the Dockworkers Union on 31st August 1963. This was as a result of demands from the Claimant and led to conciliation proceedings under Mr Hallowes' Chairmanship. A settlement was reached on 5th September 1963 whereby the Mombasa Port Manual Grades Provident Fund was wound up as at 31st August 1963, and frozen gratuities were liquidated by the payment to each entitled worker of the balance standing to his credit irrespective of whether or not he had the service qualification required to qualify under normal circumstances for a gratuity. Under the terms of this Agreement the Dockworkers' Union acknowledged that the winding up of the Provident Fund and the payment of the frozen gratuities would relieve the Port Employers Association (and its successors) from any obligation to provide alternative forms of retirement benefits in the future. In these circumstances the Respondent submits that the Claimant should not be allowed to escape its obligations under the Hallowes Agreement.

**16 Annual Bonus**—The Respondent states that it must be stressed that though this payment was referred to as a bonus it was not related to productivity or any other formula related to working conditions but was payment equivalent to approximately Sh 16 per month paid in a lump sum to Tanzania workers as the Kenya workers received in cash their Provident Fund and frozen gratuities. In Mombasa it has not been found possible to create a formula which taking into consideration the innumerable factors affecting cargo movement, provides a sufficiently accurate basis on which a production bonus applicable to all staff can be introduced. The Respondent's productivity indices though showing an improvement over the year from all the time lost of the first few months of the year have not yet reached the 1961 figures and are only now reaching those set in 1963. The Respondent further points out that it seems illogical for the Claimant to demand, on the one hand that wages should increase in direct proportion to higher productivity and on the other hand claim an annual bonus for the same increased productivity. Both these questions are at present, academic as productivity still remains below the 1961 level. The Respondent is, therefore, opposed to this demand.

#### AWARD

17 After most careful consideration of all the points urged by the parties to the dispute the Court finds that in the following issues there shall be a nil award for the period 1st January 1965, to 31st December 1965.—

## GAZETTE NOTICE NO 1784

THE CROWN LANDS ACT  
(Cap 280)

## VOI TOWNSHIP—PLOTS FOR PRIVATE RESIDENCE

THE Commissioner of Lands on behalf of the President of the Republic of Kenya gives notice that plots in Voi Township, as described in the Schedule hereto, are available for alienation and applications are invited for the direct grants thereof

2 A plan of the plots may be seen at the Public Map Office situated in the Lands Department Building, City Square, Nairobi, the Office of the Department of Lands, Treasury Square, Mombasa, the Office of the District Officer, Voi, or may be obtained from the Public Map Office, P O Box 30089, Nairobi, on payment of Sh 3 per copy

3 Applications should be submitted to the Commissioner of Lands, P O Box 30089, Nairobi, through the District Commissioner, Taita, stating the plot required in order of preference

4 Applications must be sent so as to reach the District Commissioner, Taita, not later than noon on 17th June 1965

5 Applicants must enclose with their applications a cheque for Sh 1 000 drawn on the applicant's own banking account in favour of the Commissioner of Lands and no other cheques will be accepted. This sum will be dealt with as follows —

- (a) If the applicant is offered and takes up and pays for a plot within the period of 14 days as requested by General Condition No 1 below the deposit will be credited to him
- (b) If the application is unsuccessful the applicant's deposit will be refunded to him
- (c) If the application is successful and the applicant fails to take up and pay for the plot within a period of 14 days the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto

*General Conditions*

1 The allottee of a plot shall pay to the Commissioner of Lands within 14 days of notification that his application has been approved the assessed stand premium and proportion of annual rent together with the survey fees, the fees payable in respect of the preparation and registration of the grant (Sh 225) and the stamp duty in respect of the grant (approximately 2 per cent of the stand premium and annual rent). In default of payment within the specified time the purchaser shall have no further claim to the grant of the plot

2 The grant will be issued in the name of the allottee as stated in the letter of application

3 The grant will be made under the Crown Lands Act (Cap 280 of the Laws of Kenya) and title will be issued under the Registration of Titles Act. The term of the grant will be 99 years from the first day of the month following the notification of the approval of the grant

*Special Conditions*

1 No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the Local Authority. The Commissioner shall not give his approval unless he is satisfied that the proposals are such as to develop the land adequately and satisfactorily

2 The grantee shall within six months of the commencement of the term submit in triplicate to the Local Authority and the Commissioner of Lands plans (including block plans showing the positions of the buildings and a system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall within 24 months of the commencement of the term complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner

Provided that notwithstanding anything to the contrary contained in or implied by the Crown Lands Act (Cap 280) if default shall be made in the performance or observance of any of the requirements of this condition it shall be lawful for the Commissioner of Lands or any person authorized by him on behalf of the President to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term hereby created shall cease but without prejudice to any right of action or remedy of the President or the Commissioner in respect of an antecedent breach of any condition herein contained

3 The grantee shall maintain in good and substantial repair and condition all buildings at any time erected on the land

4 The grantee shall erect complete for occupation within 24 months of the commencement of the term buildings of approved design on proper foundations constructed of stone, burnt brick or concrete with roofing of tiles or other permanent materials approved by the Commissioner of Lands and shall maintain the same (including the external paintwork) in good and substantial tenantable repair and condition

Provided that should the grantee give notice in writing to the Commissioner of Lands that he/she is/are unable to complete the buildings within the period aforesaid the Commissioner of Lands shall (at the grantee's expense) accept a surrender of the land comprised herein

Provided further that if such notice as aforesaid shall be given (1) within 12 months of the commencement of the term the Commissioner of Lands shall refund to the grantee 50 per centum of the stand premium paid in respect of the land, or (2) at any subsequent time prior to the expiration of the said building period the Commissioner of Lands shall refund to the grantee 25 per centum of the said stand premium. In the event of notice being given after the expiration of the said building period no refund shall be made

5 The buildings shall not be erected until plans (including block plans showing the positions of the buildings and a system of drainage for disposing of sewage, surface and sullage water on the land), drawings, elevations and specifications thereof shall have been approved in writing by the Local Authority and the Commissioner of Lands. Such plans, drawings, elevations and specifications shall be submitted in triplicate to the Local Authority within six months of the commencement of the term

6 Not more than one private dwelling house with the necessary offices and outbuildings appurtenant thereto (excluding a guest house) shall be erected on the land

7 The buildings shall not cover more than 50 per centum of the area of the land or such lesser area as may be laid down by the Local Authority in its by-laws

8 The grantee shall not subdivide the land

9 The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof or any buildings thereon except with the prior consent in writing of the President, no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No 1 has been performed

10 The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid

## THE CROWN LANDS ACT

(Cap 280)

## VOI TOWNSHIP—PLOTS FOR SHOPS (EXCLUDING THE SALE OF PETROL), OFFICES AND FLATS

THE Commissioner of Lands on behalf of the President of the Republic of Kenya gives notice that plots in Voi Township as described in the Schedule hereto are available for alienation and applications are invited for the direct grants thereof

2 A plan of the plots may be seen at the Public Map Office situated in the Lands Department building, City Square, Nairobi, the Office of the Department of Lands, Treasury Square, Mombasa, the Office of the District Officer, Voi, or may be obtained from the Public Map Office, P O Box 30089, Nairobi, on payment of Sh 3 per copy

3 Applications should be submitted to the Commissioner of Lands, P O Box 30089, Nairobi, through the District Commissioner, Taita, stating the plot required in order of preference

4 Applications must be sent so as to reach the District Commissioner, Taita, not later than noon on 17th June 1965

5 Applicants must enclose with their applications a cheque for Sh 1,000 drawn on the applicant's own banking account in favour of the Commissioner of Lands and no other cheques will be accepted This sum will be dealt with as follows —

- (a) If the applicant is offered and takes up and pays for a plot within the period of 14 days, as requested by General Condition No 1 below, the deposit will be credited to him
- (b) If the application is unsuccessful the applicant's deposit will be refunded to him
- (c) If the application is successful and the applicant fails to take up and pay for the plot within a period of 14 days, the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto

*General Conditions*

1 The allottee of a plot shall pay to the Commissioner of Lands within 14 days of notification that his application has been approved the assessed stand premium and proportion of annual rent together with the survey fees, the fees payable in respect of the preparation and registration of the grant (Sh 225) and the stamp duty in respect of the grant (approximately 2 per cent of the stand premium and annual rent) In default of payment within the specified time the purchaser shall have no further claim to the grant of the plot

2 The grant will be issued in the name of the allottee as stated in the letter of application

3 The grant will be made under the Crown Lands Act (Cap 280 of the Laws of Kenya) and title will be issued under the Registration of Titles Act The term of the grant will be 99 years from the first day of the month following the notification of the approval of the grant

*Special Conditions*

1 No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the local authority The Commissioner shall not give his approval unless he is satisfied that the proposals are such as to develop the land adequately and satisfactorily

2 The grantee shall within six months of the commencement of the term submit in triplicate to the local authority and the Commissioner of Lands plans (including block plans showing the positions of the buildings and a system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall within 24 months of the commencement of the term complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner, provided that, notwithstanding anything to the contrary contained in or implied by the Crown Lands Act (Cap 280), if default shall be made in the performance or observance of any of the requirements of this condition, it shall be lawful for the Commissioner of Lands or any person authorized by him on behalf of the President to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term hereby created shall cease but without prejudice to any right of action or remedy of the President or the Commissioner in respect of any antecedent breach of any condition herein contained

3 The grantee shall maintain in good and substantial repair and condition all buildings at any time erected on the land

4 Should the grantee give notice in writing to the Commissioner of Lands that he/she is/are unable to complete the buildings within the period aforesaid, the Commissioner of Lands shall (at the grantee's expense) accept a surrender of the land comprised herein

Provided further that if such notice as aforesaid shall be given (1) within 12 months of the commencement of the term, the Commissioner of Lands shall refund to the grantee 50 per centum of the stand premium paid in respect of the land, or (2) at any subsequent time prior to the expiration of the said building period the Commissioner of Lands shall refund to the grantee 25 per centum of the said stand premium In the event of notice being given after the expiration of the said building period no refund shall be made

5 The land and buildings shall only be used for shops (excluding the sale of petrol), offices and flats

6 The buildings shall not cover more than 75 per centum of the area of the land if used for shop and/or office purposes only or such lesser area as may be laid down by the local authority in its by-laws and not more than 50 per centum of the area of the land if used for the combined purposes of shops, offices and flats or such lesser area as may be laid down by the local authority in its by laws

7 The land shall not be used for the purposes of any trade or business which the Commissioner of Lands considers to be dangerous or offensive

8 The grantee shall not subdivide the land

9 The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof except with the prior consent in writing of the President, no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No 2 has been performed

Provided that such consent shall not be required for the letting of individual shops, offices and flats

10 The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid

11 The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess

12 Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess

13 The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or local authority upon the land or the buildings erected thereon, including any contribution or other sum paid by the President in lieu thereof

14 The President or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignments of main or services pipes or telephone or telegraph wires and electric mains

## GAZETTE NOTICE No 1956

**THE TRADE MARKS ACT**  
(Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may within 60 days from the date of this Gazette, lodge notice of opposition on Form TM No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications received on or after 1st July 1965, in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will give unnecessary delay in examining applications if a full explanation of the circumstances thought to justify such a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant

Where it is stated in the advertisement of the applicant that the mark, upon its registration is to be limited to certain colours the colours are as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Offices, Nairobi

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number

**THE INDUSTRIAL COURT****CAUSE No 16 OF 1964***Parties*

Kenya Chemical Workers' Union (*Claimant*)  
and  
East African Diatomite Syndicate Limited  
(*Respondent*)

*Issues in Dispute*

- 1 Increase in wages
- 2 Shift differential payments
- 3 Increase in annual paid leave
- 4 Travelling allowance on annual leave
- 5 Gratuity Scheme
- 6 Payments where redundancies occur

1 The parties were heard in Nairobi on 10th December 1964 and 6th May 1965 and relied mainly on their written submissions The Respondent called one witness whose testimony was taken on 6th May 1965.

**GENERAL BACKGROUND**

2 The relations between the parties hereto commenced in August 1961 when an agreement on recognition and negotiating procedure was signed The first agreement on terms and conditions of service was concluded on 30th July 1962 effective from 1st October 1961 In August 1962 the Union submitted fresh demands, negotiations on them resulted in an increase to Sh 112 at the bottom level and an increase of Sh 30 for all other employees At the same time it was agreed that no further demands would be submitted until October 1963 When the Claimant submitted new demands in November 1963, the Respondent's economic situation was extremely poor and it could not at this stage consider any increase in the present cost of production, as, to do so, would place the Respondent in a position whereby the Respondent would be unable to operate This state of affairs is due to the Government's policy on trade with South Africa and Portuguese East Africa

The markets lost have not been balanced with fresh markets in other parts of the world Subsequently various stages in the negotiating machinery were passed but no agreement could be reached due to the Respondent's inability to meet any of the Claimant's demands on account of financial difficulties The matter then came to the Industrial Court

**MAIN ARGUMENTS FOR THE CLAIMANT**

3 The Claimant states that since 1961 the Respondent has not shown any compromising spirit and on 7th November 1963 discharged twenty employees The demands which the Claimant has made and which appear in great detail in the Claimant's memorandum are pending since 1961 The Claimant has managed to secure almost double the salary from other employers as compared to Sh 112 being paid by the Respondent in its lowest grade The majority of the workers are in the lowest grade The Claimant elaborated its various demands but the arguments are not reproduced here due to the nature of the award The Claimant would like the Respondent to close its business rather than forego its demands

**MAIN ARGUMENTS FOR THE RESPONDENT**

4 The Respondent states that it has full sympathy with the Claimant's demand but unfortunately is not able to meet any of them due to shortage of finance The Respondent further states that business began to look up in 1961, 1962, 1963, but the trade boycott of South Africa came in October 1963 No new markets have as yet been found and unless some encouraging development takes place very soon the Respondent will have to close down Government assistance is being sought

5 At this stage the Court decided to stand over this dispute until the middle of January 1965, in order to see how far the Respondent succeeded in raising the necessary finance

6 On 15th January 1965 the Court's Executive Officer, Mr Hallowes contacted the various parties interested and as a result of the information obtained the Court decided once again to defer its decision for a few months

7 On 6th May 1965, at the resumed hearing the Respondent called one witness who is Mr Patrick Bell and who told the Court that he had been appointed Receiver/Manager of the Respondent by National and Grindlays Bank Limited since 13th February 1965 He is trying to effect the sale of the Respondent's business and is expecting an offer to be made any day In fact, he has been waiting for an offer for the last six months The only other alternative would be to wind up the business which is deteriorating at present

**AWARD**

8 The Court while sympathising with the demands of the Claimant is constrained in view of the aforesaid delicate situation of the Respondent to make a NIL award in this dispute The parties may, however, at the end of twelve months from the date hereof commence negotiations on the fresh terms and conditions of service

Given at Nairobi this 27th day of May 1965

## GAZETTE NOTICE No 2013

THE INDUSTRIAL COURT  
CAUSE NO 2 OF 1965

## Parties

Kenya Distributive and Commercial Workers' Union  
(Claimant)  
and  
Kenya Farmers' Association (Co-operative) Limited  
(Respondent)

## Issue in Dispute

That the Respondent implements the rates and terms of the Award of the Industrial Court as in Cause No 13 of 1964

1 The hearing of this dispute took place on 10th and 11th March 1965 and on 24th April 1965. The parties in addition to relying on their written and verbal submission called four witnesses—three by the Claimant and one by the Respondent

## GENERAL BACKGROUND

2 The Respondent was a member of the Distributive and Allied Trades Association until January 1964. This is sometime after the Rodger's Report was published and apparently the Respondent's action was as a result of disagreement on the question of the implementation of the Rodger's Report. In spite of the Respondent's resignation from the DATA Group the Respondent felt that it would be wrong if it did not at the same time bring into effect the rates of pay which DATA implemented with effect from 1st October 1963, and 1st January 1964. The Respondent and the Claimant agreed to the effect that the Respondent should continue recognition of the Claimant on an *ad hoc* basis pending the signing of a new agreement on recognition. From then on until September there was an inexplicable delay in the preparation of a new recognition and terms and conditions of service agreement. In September 1964, the Claimant wrote a letter asking for suggestions or amendments that the Respondent would like to make as far as terms of service and recognition are concerned. Further delay occurred due to the Respondent's Managing Director's absence from the country and due to the Respondent examining the idea of using Kenya Federation of Co-operatives as a suitable organization competent to conduct negotiation with the Claimant on behalf of co-operative employer members throughout Kenya.

Accordingly in October 1964, the Respondent asked the Claimant to wait a little longer and in the meantime Respondent would continue recognition on an *ad hoc* basis. Towards the end of November 1964, the position remained the same. In the meantime Cause No 13 of 1964 (DATA) dispute was heard and on 1st December 1964 the Claimant wrote to the Respondent asking for the Respondent to accept the DATA award when announced. The DATA award was made on the 11th day of December 1964. There was also mention of winding up the Provident Fund in letters exchanged between 4th December to 18th December 1964. On 4th January 1965 a letter was received by the Respondent from the Claimant's organization in Nakuru threatening strike action if the Respondent did not implement the DATA award within 14 days from 2nd January 1965. The Respondent wrote to the Claimant asking for a meeting on 11th January 1965, to discuss the situation. A meeting, however, between the parties did take place on 13th January 1965 at 2.30 p.m. At this meeting the Respondent was faced with a blanket demand from the Claimant from which it could not retreat and show willingness to discuss more moderate demands. With this issue between the parties the matter has come to the Court. It should be noted that during the hearing the Respondent put forward proposals giving some increases to various workers but the Claimant did not accept them and persisted in its demand for the implementation of DATA award by the Respondent.

## MAIN SUBMISSIONS BY THE CLAIMANT

3 The Claimant submits that the Respondent was not only a founder member of DATA but was also a very active member of this group, therefore, its withdrawal from the DATA Group is not understood unless it is to escape obligations which it would have had to discharge if it remained a member of this Group. The Respondent has also neglected to enter into a new agreement with the Claimant with the result that the *ad hoc* recognition still continues. In the absence of any new agreement it was under an obligation to implement the DATA award. It appeared that the Respondent had no intention of finalizing its relationship with the Claimant and was unnecessarily playing for time. The Claimant further submits that the Respondent's wages are lower than the Co-operative Societies towards which the Respondent was leaning and with whom the Respondent sought association.

The Claimant further challenges the claim that the Respondent is a co-operative in the true sense of the word and states that the Respondent indulges in retail trade all over the country and is in competition with other shopkeepers. It deals in wool, maize, iron sheets and other hardware materials. Another firm which was much smaller than the Respondent had accepted the DATA award although it was not a member of the group. The Claimant submits that the Europeans in the employ of the Respondent are enjoying immense

privileges and very high salaries out of all proportion to the wages paid to Africans and Asians. The Claimant states that the DATA award in Industrial Court Cause No 13 of 1964, should be imposed on the Respondent and should be with effect from the beginning of 1964 as the Tripartite Agreement did not apply to demands which were in course of negotiation before 23rd January 1964. As this dispute is a continuation of the Rodger's Report and the Respondent is recognizing the Claimant on an *ad hoc* basis this dispute should now be concluded by the Court announcing that the Respondent is bound by the DATA award with effect from 1st January 1964.

## MAIN SUBMISSIONS BY THE RESPONDENT

4 The Respondent submits that it is not a member of the DATA Group and, therefore the DATA award did not automatically apply to it. The Respondent states that it cannot be compared with normal commercial and trading businesses. The Respondent is a Co-operative Society registered as such under the Co-operative Societies Act. It is very closely related to Kenya's Agriculture and its main activities are those of a farmers' supply and marketing organization. It retails to farmers most of their farm requirements. The operating principles of the Respondent are that all profits, after making the necessary reserves, are distributed to members as a bonus on their purchases from the Association. During the last financial year the members got a bonus which is equal to a return of only 4.4 per cent on their investment. The actual trading surplus for the year was only £16,699 and this figure was arrived at after making provisions, which the Association's auditors reported as being inadequate. The cost of the demand from the Claimant that the Respondent should implement the award of the Industrial Court on Cause No 13 of 1964 would amount to £29,400 per annum. Thus the Respondent cannot afford

The Respondent points out that the Claimant has admitted that the Respondent is not a member of DATA. The Respondent submits that awards of the Industrial Court made specifically for a particular industry or a particular company cannot automatically apply to any other industry or company no matter how similar their activities may be. In order to finalize this dispute the Respondent has submitted its new proposals on the terms and conditions and which are set out in its supplementary memorandum. This gives some increases to the workers and the Respondent asks the Court to make an award on these lines. The Respondent states that it has enjoyed a standstill solely through the failure of the Claimant to make demands and negotiate at any time since the beginning of 1964 and it submits that such a standstill of one year was the intention of the Tripartite Agreement. The Respondent employed ten per cent extra staff as required by that agreement. In view of this the Respondent submits that there should be no back-dating in any award as there is no justification for this. The Respondent prays that the award of the Court should come into force from the month in which any such award is made and should remain in force for a period of one year from that date.

## AWARD

5 The Court is satisfied that the Respondent exercised its right of Freedom of Association in resigning from the DATA Group. Once having left the group any award made in a dispute with the group cannot be binding on him. At best the Claimant can use the DATA award for comparative purposes in order to strengthen its case. But it certainly is not entitled as a matter of right to demand the same terms and conditions from the Respondent as in the award in Industrial Court Cause No 13 of 1964.

After the Court has made very careful study of the points urged by both parties it finds that the Respondent's offer as contained in the supplementary memorandum should be slightly increased. The rates awarded by the Court in respect of both clerical and non-clerical employees appear in Appendices "A" and "B", in respect of the other items the award of the Court is given below under its respective head.

## Working Hours in Mombasa

Nil award

## Sick Leave

Nil award

## Travelling Allowance

*Non clerical*—Those employees whose salaries are Sh 300 or less shall get a leave allowance of Sh 75 per annum when proceeding on leave and those employees whose salaries are above Sh 300 shall get Sh 100 per annum when proceeding on leave.

*Clerical*—Those employees whose salaries are Sh 650 or less shall get Sh 100 per annum when proceeding on leave and those employees whose salaries are above Sh 650 shall get Sh 150 per annum when proceeding on leave.

## Probationary Period

Nil award

## Salary Allowance

Nil award

*Maternity Leave*

The Court rules that maternity leave shall be considered as sickness, and the female employees who are on the permanent establishment shall be entitled to the balance of any sick leave given under the current terms and conditions of service and which is unexpired in the year of employment Any further absence from a total of twelve weeks in respect of childbirth shall be without pay The aforesaid female employees shall be entitled to this award after completion of one year of unbroken service

*Set-off Employees Contribution to the Provident Fund against Severance Pay as Redundancy*

(a) Where a Provident Fund Scheme does not operate then an employee shall get severance pay on redundancy at the rate of two weeks' pay for any completed year of service

(b) Where a Provident Fund Scheme is in operation then an employee, on redundancy, shall be entitled to the employers contribution irrespective of the fact whether or not the employee is entitled to the employers contribution

Provided that if the total so arrived at is less than (a) then he shall be entitled to the difference as well so that the employee does not, in any case, get less than his entitlement under (a)

*Date and Period of Agreement*

The Court is satisfied that both parties are responsible for the delay in bringing this dispute to a head after rejection of the Rodger's Report by the D A T A Group These negotiations being clearly outside the Tripartite Agreement the Court awards that the effective date of this award shall be 1st January 1965 and shall be for a duration of twelve months from that date

## GAZETTE NOTICE No 2020

THE CROWN LANDS ACT  
(Cap 280)

## THIKA PLOT FOR BANK PURPOSES

THE Acting Commissioner of Lands gives notice that a bank plot in Thika Township as described in the Schedule hereto, is available for alienation and invites application for the direct alienation thereof.

2 A plan of the plot may be seen at the Public Map Office situated in the Lands Department Building City Square, Nairobi, or at the office of the District Commissioner, Thika, or may be obtained from the Public Map Office, P O Box 30089 Nairobi, on payment of Sh 3 per copy post free.

3 Applications should be submitted to the Commissioner of Lands, Nairobi, through the District Commissioner Thika. Applications must not be sent direct to the Commissioner of Lands.

4 Applications must be sent so as to reach the District Commissioner, Thika, not later than noon on 20th July 1965.

5 Applicants must enclose with their application a cheque for Sh 1,000 drawn on the applicant's own banking account in favour of the Commissioner of Lands, and no other cheque will be accepted. This sum will be dealt with as follows —

- (a) If the applicant is offered and takes up and pays for a plot within the period of 14 days as required by General Condition No 1 below, the deposit will be credited to him.
- (b) If the application is unsuccessful the applicant's deposit will be returned to him.
- (c) If the application is successful and the applicant fails to take up and pay for the plot within a period of 14 days the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto.

*General Conditions*

1 The allottee of a plot shall pay to the Commissioner of Lands within 14 days of notification that his application has been approved the assessed stand premium and proportion of annual rent together with the survey fees, the fees payable in respect of the preparation and registration of the grant Sh 225 and the stamp duty in respect of the grant (approximately 2 per cent of the stand premium and annual rent). In default of payment within the specified time the purchaser shall have no further claim to the grant of the plot.

2 The grant will be issued in the name of the allottee as stated in the letter of application.

3 The grant will be made under the Crown Lands Act (Cap 280 of the Revised Edition of the Laws of Kenya) and title will be issued under the Registration of Titles Act (Cap 281). The term of the grant will be 99 years from the first day of the month following the notification of the approval of the grant.

*Special Conditions*

1 No building shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the Local Authority. The Commissioner shall not give his approval unless he is satisfied that the proposals are such as to develop the land adequately and satisfactorily.

2 The grantee shall within six months of the commencement of the term submit in triplicate to the Local Authority and the Commissioner of Lands plans, including block plans, showing the positions of the buildings and a system of drainage for the disposal of sewage, surface and sullage water, drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall within 24 months of the commencement of the term complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner.

Provided that if default shall be made in the performance of observance of any of the requirements of this condition it shall be lawful for the Commissioner of Lands or any person authorized by him on behalf of the President to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term hereby created shall cease but without prejudice to any right of action or remedy of the President or the Commissioner in respect of any antecedent breach of any condition herein contained.

Provided further that should the grantee give notice in writing to the Commissioner of Lands that he/she is unable to complete the building within the period aforesaid the Commissioner of Lands shall (at the grantee's expense) accept a surrender of the land comprised herein.

Provided further that if such notice as aforesaid shall be given (within 12 months of the commencement of the term) the Commissioner of Lands shall refund to the grantee 50 per centum of the stand premium paid in respect of the land or (2) at any subsequent time prior to the expiration of the said building period the Commissioner of Lands shall refund to the grantee 25 per centum of the said stand premium. In the event of notice being given after the expiration of the said building period no refund shall be made.

3 The grantee shall maintain in good and substantial repair and condition all buildings at any time erected on the land.

4 The land and buildings shall be used for bank purposes only.

5 The buildings shall not cover a greater or lesser area than that laid down by the Local Authority in its by-laws.

6 The grantee shall not subdivide the land.

7 The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof or any building thereon except with the prior consent in writing of the President, no application for such consent (except in respect of a loan required for buildings purposes) will be considered until Special Condition No 2 has been performed.

8 The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

9 The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

10 Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

11 The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or the buildings erected thereon including any contribution or other sum paid by the President in lieu thereof.

12 The President or such other person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.

Dated at Nairobi this 8th day of June 1965
