GAZETTE NOTICE No. 1831

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.

The eight applications appearing hereunder are proceeding in the name of ABB ASEA BROWN BOVERI LIMITED, a Swiss corporation, a joint stock company, of Affolternstrasse 52, 8050 Zurich (Switzerland) Switzerland, and c/o Messrs. Atkinson Cleasby & Satchu, advocates, P.O. Box 90121, Mombasa.

IN CLASS 7—SCHEDULE III

Registration of this trade mark shall give no right to the exclusive use of the letters "A", "B" and "B" each separately and apart from the mark as a whole.

36474.—Machines of all kinds, (in-as-much as included in class 7), machines, installations and their components for power generation, power distribution and energy utilization; machines for the textile, paper, plastics and rubber industry, for the chemical industry, for printing works and the typographical trade, for cement works, for glass-making industries, for the food, beverage and tobacco industries, for mining and metallurgical works as well as for agriculture, forestry and horticulture; equipment and instruments for refineries; machine tools; motors; compressors for supercharging internal-combustion engines; couplings and driving belts; large agricultural equipment; incubators for eggs; presses of all kinds; boilers of all kinds, high-pressure vessels; draw benches; rolling stands; cranes, electrical cranes and hoists, conveyor systems and elevators, shaft hoists for mines, trucks; electric motor ploughs; ore separators; industrial robots; gearings, geared motors; motor drive systems for industrial purposes, electric drives for machines; equipment for producing metal powder; gas and steam turbines, compressors, pumps, generators, electric generators in combination with steam engines, turbines, including water turbines and internal-combustion engines; filtering devices; electromechanical

equipment for processing foodstuffs and beverages; centrifuges; manglers, washing machines, dish-washers, driers; machining tools, in particular cutting tools, grinding tools for metals and other hard materials, drills and saws of all kinds, milling cutters, threading tools, grinding wheels, grindstones, files, chisels; nuclear reactors; as well as components and ancillaries for all above-mentioned products and systems (in-as-much as included in class 7). To be associated with TMA. Nos. 36475 to 36481. 3rd August, 1988.

IN CLASS 9—SCHEDULE III

Registration of this trade mark shall give no right to the exclusive use of the letters "A", "B" and "B" each separately and apart from the mark as a whole.

36475.—Scientific, nautical, geodetic, photographic, cinematographic and optical devices and instruments; electric and electronic apparatuses, devices, instruments, components and systems (in-as-much as included in class 9), including those for power generation, power distribution and energy utilization, for mechanical engineering and traction, for high-frequency, communications and telecommunications engineering; broadcast transmitters, transmitting tubes, antennas; electric and electronic devices and instruments for checking, controlling, measuring, monitoring, signalling, weighing, lifesaving and teaching; automatic vending machines and mechanisms for coin-operated machines; automatic bank note dispensers; intercommunication systems, cash registers, calculating machines; equipment for recording, transmitting and playback of sound and image; computers, microprocessors, electronic data processing equipment, including visual display units and printers, communication devices and systems made of such equipment; magnetic recording charts, computer programs, records; fire extinguishers; thyristors, transistors, diodes, electric converters, electric power converters, transformers; magnets; electric resistors, terminals, switches, contacts and interrupters, electric lines, cables and buses, electric switches and tripping devices, electric switchboards and switchgear, electric relays and insulators as well as enclosures for the same; electric capacitors, synchronous capacitors; surge arresters, electrical contact separating devices, electric reactors, shunt reactors; current collectors, tap changers for electric transformers; electric sockets and bushings; battery chargers and equipment for checking and measuring the battery charge; electric protective relays and systems, electric line and insulating materials, cable terminal boxes, cable junction boxes; electrical fuses, ammeters, measuring instruments and instrument panels, lightning arresters and lightning arrester material, electric signal boxes and their components; acoustic and optical signalling equipment, annunciators, optical staff locating units, telephone systems, equipment and connecting sets for such telephone systems, radio and telephone loudspeakers, radio and central radio sets as well as equipment for the same, accumulators; batteries, fuel cells and batteries; electrical indicating and safety devices; solidstate integrated electronic circuits; optoelectronic equipment and systems; fibre-optic equipment and systems; photocells; high-voltage direct current transmission systems; switchgear and control-gear as well as distribution and auxiliary substations for the transport and distribution of electric power; electronic dynamometers and torque meters, electronic load indicators; electric and electronic devices and instruments for controlling and monitoring plants for the generation, conversion, transport and distribution of electric power, industrial installations and processes, as well as for controlling and monitoring the operation of land, water and aircrafts; electric toasters, irons, vacuum cleaners and floor polishers, electric fans, electric boilers and thermos bottles; solar collectors; as well as components and ancillaries for all above-mentioned products and systems (in-as-much as included in class 9); electronic components; glass fibres and their substitute materials. To be associated with TMA. Nos. 36474 and 36476 to 36481. 3rd August, 1988.

IN CLASS 11—SCHEDULE III

Registration of this trade mark shall give no right to the exclusive use of the letters "A", "B" and "B" each separately and apart from the mark as a whole.

36476.—Lighting, heating, steam generating, cooking, air-conditioning, refrigerating, drying, ventilating and water piping equipment and systems as well as sanitary installations; furnaces of all kinds; district heating pipes; fluidized bed combustions as well as components and ancillaries for all

above-mentioned products and systems (in-as-much as included in class 11). To be associated with TMA. Nos. 36474, 36475 and 36477 to 36481. 3rd August, 1988.

IN CLASS 12—SCHEDULE III

Registration of this trade mark shall give no right to the exclusive use of the letters "A", "B" and "B" each separately and apart from the mark as a whole.

36477.—Vehicles; means of transportation on land, on water and the air, including fork lift trucks, locomotives and motorcoaches, trams, railway coaches trolley-buses; electric motors and drives for land, water and aircrafts; brakes; air-conditioning systems for vehicles; as well as components and ancillaries for all above-mentioned products and systems (in-as-much as included in class 12). To be associated with TMA. Nos. 36474 to 36476 and 36478 to 36481. 3rd August, 1988.

IN CLASS 7—SCHEDULE III

Registration of this trade mark shall give no right to the exclusive use of the letters "A", "B" and "B" *per se*.

36478.—Machines of all kinds, (in-as-much as included in class 7), machines, installations and their components for power generation, power distribution and energy utilization; machines for the textile, paper, plastics and rubber industry, for the chemical industry, for printing works and the typographical trade, for cement works, for glass-making industries, for the food, beverage and tobacco industries, for mining and metallurgical works as well as for agriculture, forestry and horticulture; equipment and instruments for refineries; machine tools; motors; compressors for supercharging internal-combustion engines; couplings and driving belts; large agricultural equipment; incubators for eggs; presses of all kinds; boilers of all kinds, high-pressure vessels; draw benches; rolling stands; cranes, electrical cranes and hoists, conveyor systems and elevators, shaft hoists for mines, trucks; electric motor ploughs; ore separators; industrial robots; gearings, geared motors; motor drive systems for industrial purposes, electric drives for machines; equipment for producing metal powder; gas and steam turbines, compressors, pumps, generators, electric generators in combination with steam engines, turbines, including water turbines and internal-combustion engines; filtering devices; electromechanical equipment for processing foodstuffs and beverages; centrifuges; manglers, washing machines, dish-washers, driers; machining tools, in particular cutting tools, grinding tools for metals and other hard materials, drills and saws of all kinds, milling cutters, threading tools, grinding wheels, grindstones, files, chisels; nuclear reactors; as well as components and ancillaries for all above-mentioned products and systems (in-as-much as included in class 7). **IMPORTANT NOTICE TO SUBSCRIBERS
TO THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain a minimum of alterations.

Particular attention should be paid to the following points:

- (i) Signature must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 41. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m., on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*.

(2) It will facilitate work at the Press if Permanent Secretaries will forward *Gazette* notices to the Government Printer when ready."

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
