GAZETTE NOTICE NO. 2304

THE INDUSTRIAL COURT

CAUSE NO. 85 OF 1985

Parties:

Kenya Union of Domestic, Hotels, Educational Institutions, Hospitals and Allied Workers
and
Social Service League (M.P. Shah Hospital)

Issues in dispute:

Annual Wage Increment.

Medical Treatment.

Long-service Increment.

THE Kenya Union of Domestic, Hotels, Educational Institutions, Hospitals and Allied Workers shall hereinafter be referred to as the claimants and the Social Service League (M.P. Shah Hospital) shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi on 29th April, 1986, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 24th May, 1985, was received by the court on 12th August, 1985. The historical background of the respondents is that they are limited by guarantee and engaged in hospital business. The respondents started as a dispensary called Dynshaw Byramjee first established in 1933.

The present dispute arose from the parties' attempt to renew their collective agreement which expired on 31st March, 1984. The parties held several meetings and later the Ministry of Labour appointed a conciliator but are still deadlocked on the three issues now before the court. The respondents have about 450 total labour force, out of this figure 240 are unionizable staff.

Annual Wage Increment

The claimants demanded that every employee who was in the employment of the respondents as at 1st April, 1984, should receive 20 per cent wage increase for the first year and another wage increase of 20 per cent for the second year with effect from 1st April, 1985. Also they should receive another wage increase of 15 per cent for the third year with effect from 1st April, 1986. The claimants argued very strongly that the employees of the respondents are among the lowly paid workers in the city of Nairobi in comparison with other similar institutions like Nairobi Hospital, and, therefore, they contend that their members deserve the increases as per their demands. They also told the court that the respondents made a lot of money and, therefore, the employees should be compensated adequately.

Medical Treatment

The claimants told the court that the respondents provide free out-patient treatment to their employees and their families, but they are now demanding in-patient treatment as well for their members plus their families. They further informed the court that members of the family means those covered by the Hospital Insurance Fund Act. The claimants also argued that the management members of staff of the same establishment are provided with both in- and out-patient treatment despite the fact that they are highly paid.

Long-service Increment

The claimants submitted that they would like the employees of the respondents especially those who have been there for more than five years for their services to be recognized by being paid a little extra on top of their normal wage increases. The claimants continued to tell the court that this small token of appreciation would raise their morale to work efficiently for the respondents. The claimants' demands are as follows:

- (a) An employee who completes five (5) years' continuous service in the services of the respondents, shall be awarded 10 per cent of his salary per month as long-service increment.
- (b) An employee who completes ten (10) years' continuous service shall be awarded 15 per cent of his salary per month as long-service increment.
- (c) An employee who completes fifteen (15) years' continuous service shall be awarded 20 per cent of his salary per month as long-service increment.

The claimants ended their submissions by telling the court that their demands are genuine and, therefore, request the court to award the same.

The respondents argued their case by requesting the court to take into account the fact that they are non-profit making and only aim at providing medical care to all races in Kenya at minimal cost.

Annual Wage Increment

The respondents stated that they propose to grant a general wage increase as shown in this table for a period of three years:

Groups	1st Year KSh.	2nd Year KSh.	3rd Year KSh.
I	60	65	70
II	60	65	70
III	65	70	75
IV	65	70	75
V	75	80	85
VI	85	90	95
VII	95	100	105
VIII	135	140	150

The respondents submitted that their offer is based on the fact that they had over-compensated on other items particularly housing where for a period of three years, the allowance would go up by 33.3 per cent, giving the employees the following house allowance:

	KSh.
1984	210
1985	230
1986	240

The respondents continued to tell the court that they have had a long tradition of being a poor man's hospital and it was wrong for the claimants to compare them with Nairobi Hospital, Aga Khan and Mater hospitals. The respondents ended their submissions on this item by asking the court to accept their offer.

Medical Treatment

The respondents told the court that the provisions of medical treatment at their hospital to their employees is not a right but a privilege which has to be viewed against the cost of sustaining it. The respondents added that their unionizable employees are two-hundred-and-forty (240) while the hospital has the capacity of only 113 beds. The respondents further told the court that they believe that the number of persons, 240 plus their families can be about 1,000 in total, therefore, to provide all of them with in-patient treatment can ruin their operations financially. The respondents ended their submissions on this item by saying that when an employee is admitted into the hospital, the same employee is allowed to pay the medical bills in instalments. They assured the court that they shall continue providing out-patient treatment to all staff and their families as is the present practice.

Long-service Increment

The respondents asked the court to reject this demand because the longer an employee stays with them he is entitled to more wage increments and for those who are terminated or leave the service, there is a gratuity clause to cater for them which allows those who have served longer to receive much higher terminal benefits. The respondents ended their submissions on this item by telling the court of their inability to raise funds to meet this demand.

The court has carefully considered the submissions by both parties, written and verbal. Before making a ruling, the court has the following observations and remarks. The court notes the fact that the respondents are not a profit-making institution. But all the same, the employees are entitled to certain wage increases because of the rise in the cost of living.

Annual Wage Increase

The court finds that the respondents have agreed to grant the employees an average of 11 per cent for the first year and similar increase of 11 per cent for the second year and a further 9.3 per cent for the third year or a total of 33.3 per cent for the whole period of the agreement.

The respondents' offer of a total average of 33.3 for three (3) years' period of the agreement is slightly less than the employees' entitlement under the wages guidelines which is 41.8 per cent for the three (3)-year period.

The court accordingly awards the employees a wage increase of 13.7 per cent per year. The increases for the second and third year should be calculated after the awarded wage increases have been added to the existing wages.

Medical Treatment

The court rejects the claimants' demand for free in-patient treatment of their employees and their families as the demand is unrealistic under the circumstances.

Long-service Increment

The court has carefully considered this issue and the arguments advanced by the parties and has decided to award those employees who have completed fifteen (15) years of continuous service with the respondents to be paid KSh. 50 per month on top of their wage as long-service increment.

GAZETTE NOTICE NO. 2305

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representation of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B pre-fixed to the official number.
