REPORT OF THE INDEPENDENT AUDITORS TO THE MINISTER FOR FINANCE ON THE FINANCIAL STATEMENTS OF DEPOSIT PROTECTION FUND BOARD

We have audited the financial statements below which have been prepared on the basis of the accounting policies set out below. We obtained all the information and explanations which we considered necessary for the purposes of our audit.

Respective responsibilities of the directors and the independent auditors:

The directors are responsible for the preparation of the financial statements as set out above. Our responsibility is to express an independent opinion on the financial statements based on our audit and to report our opinion to you.

Basis of opinion:

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. It also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

As stated in note 17, the investment of the fund in Consolidated Bank of Kenya Limited is in contravention with the provisions of Section 37 (3) of the Banking Act.

Opinion:

In our opinion, except for the matter referred to in the foregoing paragraph, proper books of account have been kept and the financial statements which are in agreement therewith, give a true and fair view of the state of the financial affairs of the Deposit Protection Fund Board as at 30th June 2005, and of the surplus and the cash flows for the year then ended and comply with International Financial Reporting Standards and the Banking Act in all other respects.

ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below:

a) Basis of preparation

The financial statements have been prepared under the historical cost convention and are in compliance with International Financial Reporting Standards (IFRS).

b) Revenue recognition

Assessed income comprises contributions levied to the contributory institutions and is recognized in the period when they are receivable. Such contributions are assessed at a rate of 0.15% of the average of the institutions' total deposit liabilities during the period of 12 months prior to the date of levy notice.

Interest income is recognized in the period in which it is earned based on the expired portion of the life of the investments it relates to. Interest is primarily earned on treasury bills and bonds and other interest carrying instruments.

Discounts and premiums on acquisition of government securities are amortised over the life of the security and are recognized within interest income.

c) Provisions for payments to depositors

Provisions for payments to protected depositors are recognized in the financial statements in the period the contributory institutions are placed under liquidation. Any payments that exceed the provisions made are taken into account in determining operating profit. Provisions that relate to unclaimed protected deposits are written back to income on expiry of the statutory notice period.

d) Taxation

The fund's income is not subject to tax as it has been granted exemption by the Commissioner of Income Tax. Therefore no provision for current tax or deferred tax is made in the financial statements.

e) Property and equipment

Depreciation on property and equipment is calculated at rates estimated to write off the cost of the assets concerned over their expected useful lives on the reducing balance basis except for computers which are depreciated on the straight line basis.

The annual rates in use are:

	Rate %
Furniture and fittings	12.5
Office and kitchen equipment	20
Motor vehicles	25
Computers	33 1/3

Leasehold buildings are written off over the estimated useful life of the building, or the remaining lease term, whichever is less.

Where the carrying amount of an asset is greater than the estimated recoverable amount, it is immediately written down to its recoverable amount.

Gains and losses on disposal of property and equipment are determined by reference to their carrying amounts and are taken into account in determining operating profit.

f) Financial Instruments

The fund's financial instruments which comprise investment in subsidiary, government securities and purchased receivables fall into the following categories:

Equity investment in the subsidiary company is classified as available for sale and is accordingly carried at fair value.

Government securities are classified as held to maturity and are accordingly carried at amortized cost using the effective interest rate method.

Receivables which comprise debtors and prepayments and amounts due from Central Bank of Kenya are classified as originated loans and receivables and are accordingly carried at amortised cost.

Creditors and accruals, provisions for protected deposit claims and amounts due to Central Bank of Kenya are classified as financial liabilities and are carried at amortised cost.

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. The amount of the impairment losses are taken into account in determining operating profit.

g) Retirement benefit costs

The Fund's employees are eligible for retirement benefits under a defined benefit plan provided through a separate fund. The defined benefit plan is funded by the Fund and the Central Bank, the main sponsor. The retirement benefit asset is wholly recognized in the financial statements of the Central Bank while the Fund recognizes contributions to the fund as if it were a defined contribution scheme by charging them to the profit and loss account in the year to which they relate.

The actuarial valuations of the scheme are performed using the Projected Unit Credit Method and resulting assets or liabilities recognized in the financial statements of Central Bank of Kenya. The Fund staff are seconded from the Central Bank and as such it is not possible to account for their proportionate share of the defined benefit obligation.

The Fund also contributes to a statutory defined contribution Pension Scheme, the National Social Security Fund (NSSF). Contributions are determined by local statute and are correctly limited to KShs. 200 per employee. The contributions are charged to income and expenditure account in the year to which they relate.

h) Employee entitlements

The monetary liability for employees accrued leave entitlement at the balance sheet date was in the prior years recognized as an expense accrual. However from 2004, the leave policy of the fund changed and accordingly no accrual is required.

i) Leases

Leases of assets where a significant proportion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the profit and loss account on a straight-line basis over the period of the lease.

Payments to acquire leasehold interest in land are treated as prepaid operating lease rentals and amortised over the period of the lease.

j) Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

In the opinion of the directors, the additional diminution in value of Kshs.100,000 based on this valuation is not material for recognition in the financial statements. The investment is treated as an available-for-sale investment as the board is in the process of finalising the proposal for disposal of the investment to the Treasury.
