*Note*—The proposed Licence will enable the Applicant to take the place of the East African Power and Lighting Company Limited as licensed bulk supplier of electrical energy in the Coast Province of the Colony and Protectorate of Kenya. The rights now enjoyed by the East African Power and Lighting Company Limited as such bulk supplier were conferred by Bulk Supply Licence No 1 granted on the 21st day of May 1948 but that Company has been advised that it is undesirable for the holder of a Bulk Supply Licence to be also the holder of a Distributing Licence in respect of the same area. The proposed Licence will be for a period co terminus with the existing Bulk Supply Licence No 1. Increase in the cost to consumers of electrical energy should be rendered necessary by the granting of the proposed Licence, and the audited accounts of the Applicant will be published annually for public information as required by the Electric Power Ordinance.
