GAZETTE NOTICE No. 3437

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he

may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.

Special Conditions

No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the local authority. The local authority shall not give approval unless it is satisfied that the proposals are such as to develop the land adequately and satisfactorily.

2. The grantee shall, within six (6) calendar months of the actual registration of the grant, submit in triplicate to the local authority, plans (including block plans showing the positions of the buildings and a system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall, within 24 months of the actual registration of the grant, complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the local authority.

Provided that notwithstanding anything to the contrary contained or implied by the Trust Land Act, if default shall be

made in the performance or observance of any of the requirements of this condition it shall be lawful for the urban council or any person authorized by the urban council to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term created shall cease but without prejudice to any right of action or remedy of the urban council in respect of any antecedent breach of any condition herein contained.

4. Should the grantee give notice in writing to the urban council that she/he/they is/are unable to complete the buildings within the period aforesaid, the urban council shall (at the grantee's expense) accept a surrender of the land comprised herein:

Provided further that if such notice as aforesaid shall be given—

(a) within twelve (12) months of the commencement of the term, the urban council shall refund to the grantee 50 per cent of the stand premium paid in respect of the land;

(b) at any subsequent time prior to the expiration of the said building period, the urban council shall refund to the grantee 25 per cent of the said stand premium; or

5. The land and the buildings shall only be used for the purposes indicated in the schedules.

6. The buildings shall not cover more or lesser area of land than may be laid down by the local authority in its by-laws.

7. The land shall not be used for the purpose of any trade or business which the local authority considers to be dangerous or offensive.

9. Accommodation not exceeding 10 square feet may be provided for a caretaker or night watchman.

10. The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof or any buildings thereon except with the prior consent in writing of the urban council and the Commissioner of Lands. No application for such consent (except in respect of a loan required for building purposes) will be considered until special condition No. 2 has been performed.

11. The grantee shall pay to the local authority, on demand, such sum as the local authority may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven (7) days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

12. The grantee shall from time to time pay to the local authority, on demand, such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the local authority may assess.

13. Should the local authority at any time require the said roads to be constructed to a higher standard, the grantee shall pay to the local authority, on demand, such proportion of the cost of such construction as the local authority may assess.

14. The grantee shall pay such rates, taxes, charges, duties, assessments or out-goings of whatever description as may be imposed, charged or assessed by any Government or local authority upon the land or the buildings erected thereon including any contribution or other sum paid by the local authority or the urban council in lieu thereof.

15. The urban council or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions whether overhead or underground and the grantee shall not construct any building in such a way as to cover or interfere with any existing alignments of main or service pipes, telephone or telegraph wires and electric mains.
