Licence for Wireless Telegraphy.

1. (1) A person shall not establish any wireless telegraph station or instal any apparatus for wireless telegraphy in any place except under and in accordance with a licence granted in that behalf by the Governor.

- (2) Every such licence shall be in such form and for such period as the Governor may determine, and shall contain the terms, conditions and restrictions on and subject to which the licence is granted, and any such licence may include two or more stations or places.
- (3) If any person establishes a wireless telegraph station without a licence in that behalf or installs or works any apparatus for wireless telegraphy without a licence in that behalf, he shall be guilty of an offence under this Ordinance and on conviction he shall be liable to a fine not exceeding one thousand and five hundred Rupees, or to simple imprisonment for a term not exceeding twelve months or to both, and in either case be liable to forfeit any apparatus for wireless telegraphy installed or worked without a licence, but no proceedings shall be taken against any person under this Ordinance except by the order of the Governor.

Where the applicant for a licence proves to the satisfaction of the Governor that the sole object of obtaining the licence is to enable him to conduct experiments in wireless telegraphy, a licence for that purpose shall be granted, subject to such special terms, conditions and restrictions as the Governor may think proper, but shall not be subject to any rent or royalty.

Licence for experimental purposes, &c.
